Subject: RE: [YBDXC_News] USMC Antenna Handbook

OM Prapto … idem kok, di tempat sy bisa dibuka, diunduh
dan disimpan (Save) dg baik dan benar.
(kaya'nya SBLM-nya buku ini sdh prnh diunggah ke group
ini juga, krn seingat sy prnh bbrp bagian sy "uraikan" utk melengkapi bahan
paparan sy ttg HF Emcomm, trtm HF/NVIS, a.l. utk melengkapi Quiz sy: "kenapa
antena whip yg terpasang di panser, tank, Humvee dll selalu dimiringkan (klo
perlu diikat) saat digunakan?")

Ini buku bagus lho (total file size 2+ Mb), apalagi dr "sumber yg layak dipercaya (US
Marine Corps)

OM Hen,

Yg sdh anda unduh bs dibuka nggak?

Di sy yg sy buka pertama bisa diuthak-athik (dan sy convert ke *.docx file) dlm keadaan on-line, tp bgt sy Save “save-save-an”nya ngg bs dibuka (failed/error), makanya lalu sy google dg keywords “USMC Antenna Handbook” … et voilla … I got that tautan <http://www.zerobeat.net/r3403c.pdf> http://www.zerobeat.net/r3403c.pdf ;-)

Klo sy biasanya bilang :”GO HF/NVIS, if else Fails”, KHUSUS utk kasus ini skrng sy bisa bilang:” GO to <http://www.zerobeat.net/r3403c.pdf> http://www.zerobeat.net/r3403c.pdf, IF ELSE FAILS ….

Salam:

[bam]

Untuk yang ngert Ekspedisi IOTA

Baru kita tahu kalau IOTA itu bisa membuat kita kaya
Dapat liburan bersama keluarga,lalu dapat bantuan pemerintah,bisa ajukan proposal kemana-mana,operator nya dapat duit,fasilitas kelas vvip dan pulang dapat oleh2 dan sisa duit bisa untuk dibagi rata.

Koq kita nggak dari dulu ikutin IOTA,bisa cari nafkah juga ternyata disini.

8171. YB9Y DXpedition Orda Papua

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-07-29 00:06:38 UTC
From: Mahfud Alaidin
Topic: 8171 Message: 8171

OM Jimmy n OM Jo

Sungguh hiruk pikuk berita rencana DXpedition
Orda Papua/Orpus YB9Y dengan Budget yang dirupiahkan lebih kurang
1M.dimana cukup banyak yang berkomentar miring dan ada lagi yang
mengait-ngaitkan dengan DXpedition di Nias Island dengan Callsign YB6N
dari orang2 yang merasa ini dengan suksesnya DXpedition di Nias Island
walaupun dengan total QSO yang hanya 5ribuan.

1 Perlu saya
sampaikan bahwa rencana DXpedition Orda Papua/Orpus sebesar 1M tidak
perlu diributkan. karena tidak ada larangan membuat Budget yang sebeser
itu bahkan kalau Budget tsb bisa terealisasai semestinya harus diberikan
Apresiasi bukannya
hujatan.
Dari mana dana tsb
bisa terkumpul oleh team yang dibentuk untuk tujuan tsb itu adalah
urusan mereka. Yang penting kalau terlaksana mereka telah berbuat untuk
Organisasi.
DXpedition dari Pulau-Pulau terluar dari Negara Republik
Indonesia yang Tercinta ini(ada yang berkomentar Republik yang
Menyedihkan?) sudah termasuk dari salah satu Progran Kerja Orari Pusat
hasil Rakerpus/Munassus Thn 2012 di Satui Kalsel yang lalu.
Bagaimanapun kalau DXpedition tsb telah selesai dilaksanakan tentunya akan diikuti dengan
Pertanggungjawaban dari Pelaksana.
Kalu
ada pertanggungjawaban yang tidak bisa dipertanggungjawabkan dan
terjadi Conflict of Interest disana,ada Mekanisme dan Media Controlling
untuk hal tsb.

2.Ada yang mengaitkan dan memperbandingkan
DXpedition YB6N degan YB8Y dan YE0M secara Apple to Apple yang rasanya
kurang tepat karena banyak faktor2 yang harus diperhatikan seperti
kualifikasi Anggota Team,Peralatan yang
dipkai,Duration,Teresterial,Propagation dll.teutama dari segi sumber
dana,karena Sunber dana DXpedition YB6N adalah benar2 dari Swadaya
masing2 Anggota Team dan tidak ada
memakai Dana Orari sepeserpun. Sumber dananya adalah dari YBDXC dan
Anggota2 Orari Daerah 6 yang tergabung dalam Team.
Kami mengakui dari
segi Kualifikasi memang Team DXpedition YB6N masih juah dibawah Team2
DXpedition yang lebih mapan dan jam terbangnya lebih tinggi.tetapi kami
telah mencoba dan telah berbuat untuk Organisasi yang kita cintai.
Bagi
pihak2 yg merasa iri kepada Team DXpedition YB6N hentikanlah
hujatan-hujatan yang tidak beguna dan Mulailah berpikiran Positip.

Salam

YB6CA,Aled
Salah satu Team DXpedition YB6N

From: Jimmy R Winata <yb7knv@...>
To: orari-news@yahoogroups.com
Sent: Sunday, July 28, 2013 8:43 PM
Subject: [orari-news] Re: YB9Y Stasiun DXpedition Orda Papua

OM, Jo,

Saya sependapat dengan anda untuk mendukung apa yang telah digariskan
oleh organisasi kita ini.

Namun saya kira wajar kalau ada anggota yang mengkritisinya, dan itu
bukan berarti mereka yang mengkritisi ekspedisi tsb menentang
pelaksanaan ekspedisi tsb. Sama sekali tidak demikian OM.
Namun mengkritisi karena kita semua "sayang" pada organisasi ini.
Anggota mengkritisi "mungkin", sekali lagi saya bilang "mungkin", karena
pada budget team tsb ada tertulis dana dari organisasi kita dan bukan
hanya dana para peserta ekspedisi pribadi.

Saya yakin teman2 disini sama sekali tidak meragukan kualifikasi dari
personil2 yang terlibat dalam ekspedisi YB9Y sebagai mana anda katakan
mereka personil yang berkompeten dibidangnya, berintegritas yang baik
dan memiliki semangat team work yang baik.
.
Demikian juga perbandingan yang anda sampaikan, saya pikir bukan
perbandingan yang seimbang apple to apple. Terutama besaran nilai dana
yang sangat jauh berbeda dan demikian juga dengan sumber dananya.

Setahu saya YB6N, sumber dananya murni swadana dan dari kantong pribadi
para operator team YB6N (peralatan + akomodasi + transportasi) tidak
menggunakan dana dari pemerintah maupun kas Orari daerah Sumut.

OM Jo,
Saya pikir banyak tolok ukur yang bisa lihat dalam membandingkan sebuah
ekspedisi IOTA (rare, biaya, waktu pelaksanaan, jumlah personil,
propagasi, dsbnya, dsbnya).
Kalau semua nya sebanding, saya pikir itu baru perbandingan yang apple
to apple.

Salam,
Jimmy-YB7KNV

Om Jimmy, sangat fair jika om Jo membandingkan secara apple
to apple antara YE0X dan YE2R. Karena saat CQWW 2012 yang lalu kedua tim ini
QRV di waktu yang sama, QRV di Pulau yang sama yaitu pulau Jawa OC 021, dan QRV sama-sama di 5 band
10,20,15,40 dan 80m band. Dan setiap tim
di perkuat oleh operator operator handal yg sama-sama the dream team.
Tahun 2010 saya memperkuat YE0X ,saat itu YE2R juga ikut di
kategori multi two. Saat itu YE2R unggul dgn hasil sbb:
Indonesia 2010 Multi Two Category CQWW:
YE2R 4,999,390 3584 142 375 (New Indonesia Record)
YEØX 4,516,432 3821 116 323
Saat itu YE0X kalah karena jumlah qso nya di 80m hanya 4 qso
saja. Sehingga jelas-jelas kalah telak di pengumpulan multiplier. Tetapi saya
terhibur karena dari jumlah QSO, YE0X unggul.
Tahun 2011, YE0X tetap konsisten mengikuti kategori Multi
Two. Dan berhasil mengukir New Indoensia Record yang di buat oleh YE2R tahun
2010.
Indonesia 2011 Multi Two Category CQWW
YEØX 7,504,107 5107 137 396 (New Indonesia Record)
YE2S 1,406,095 1558 120 241
YE2R tahun 2011, mengambil kategori Multi Multi dan berhasil
memecahkan record YB0WR yg telah bertahan selama 24 tahun.
Indonesia 2011 Multi Multi Category CQWW
YE2R 7,621,077 4801 153 446 (New Indonesia Record)
YE2S 1,406,095 1558 120 241
Tahun 2012, saya mengundurkan diri dari YE0X, saya mengikuti
CQWW 2012 dgn kategori all band HP. Tahun 2012 ini YE2R dan YE0X bertemu lagi di kategori Multi Multi … Dari
battle tsb di dapatkan hasil sbb:
Indonesia 2012 Multi Multi Category CQWW
YE2R 8,343,880 5361 157 423 (New Indonesia Record)
YEØX 7,704,425 5006 154 421
Menurut saya inilah perbandingan apple to apple yang fair. Tahun 2013 nanti team YE0X yg nantinya bergabung ke YB9Y
akan melakukan dxpedition ke pulau Mapia dan akan kemungkinan besar akan mengikuti
CQWW Contest 2013 dari sana.
 Dari lokasi QRV YB9Y
yg sangat strategis dan merupakan station yg sedang di hunting , maka di atas kertas team YE2R tidak akan bisa
mengungguli lagi… dan saya berharap team
YB9Y bisa menjadi Oceania Leader mengalahkan team team kuat seperti KH7X dan ZM4T (jika team tsb ikut serta juga di cqww contest nanti di kategori yang sama).
Dan semoga bisa memecahkan record Oceania sbb:
MS KH0AA 12,599,064 6872 158 490 02 (jika ikut kategori multi single)

M2 KH0AA 14,109,480 7589 172 488 03 (jika ikut kategori multi two)
MM KH0AM 35,730,600 16309 179 565 90 (jika ikut kategori multi multi)

Subject: [YBDXC_News] YB9Y DXpedition Orda Papua

OM Jimmy n OM JoSungguh hiruk pikuk berita rencana DXpedition
Orda Papua/Orpus YB9Y dengan Budget yang dirupiahkan lebih kurang
1M.dimana cukup banyak yang berkomentar miring dan ada lagi yang
mengait-ngaitkan dengan DXpedition di Nias Island dengan Callsign YB6N
dari orang2 yang merasa ini dengan suksesnya DXpedition di Nias Island
walaupun dengan total QSO yang hanya 5ribuan.1 Perlu saya
sampaikan bahwa rencana DXpedition Orda Papua/Orpus sebesar 1M tidak
perlu diributkan. karena tidak ada larangan membuat Budget yang sebeser
itu bahkan kalau Budget tsb bisa terealisasai semestinya harus diberikan Apresiasi
bukannya hujatan.Dari mana dana tsb bisa terkumpul oleh team yang dibentuk untuk tujuan tsb itu adalah
urusan mereka. Yang penting kalau terlaksana mereka telah berbuat untuk
Organisasi.DXpedition dari Pulau-Pulau terluar dari Negara Republik Indonesia yang
Tercinta ini(ada yang berkomentar Republik yang
Menyedihkan?) sudah termasuk dari salah satu Progran Kerja Orari Pusat
hasil Rakerpus/Munassus Thn 2012 di Satui Kalsel yang lalu.Bagaimanapun kalau DXpedition
tsb telah selesai dilaksanakan tentunya akan diikuti dengan Pertanggungjawaban dari
Pelaksana.Kalu ada pertanggungjawaban yang tidak bisa dipertanggungjawabkan dan
terjadi Conflict of Interest disana,ada Mekanisme dan Media Controlling untuk hal
tsb.2.Ada yang mengaitkan dan memperbandingkan
DXpedition YB6N degan YB8Y dan YE0M secara Apple to Apple yang rasanya
kurang tepat karena banyak faktor2 yang harus diperhatikan seperti
kualifikasi Anggota Team,Peralatan yang
dipkai,Duration,Teresterial,Propagation dll.teutama dari segi sumber
dana,karena Sunber dana DXpedition YB6N adalah benar2 dari Swadaya
masing2 Anggota Team dan tidak ada memakai Dana Orari sepeserpun. Sumber dananya adalah dari YBDXC dan
Anggota2 Orari Daerah 6 yang tergabung dalam Team.Kami mengakui dari segi Kualifikasi
memang Team DXpedition YB6N masih juah dibawah Team2
DXpedition yang lebih mapan dan jam terbangnya lebih tinggi.tetapi kami telah mencoba dan
telah berbuat untuk Organisasi yang kita cintai.Bagi pihak2 yg merasa iri kepada Team
DXpedition YB6N hentikanlah
hujatan-hujatan yang tidak beguna dan Mulailah berpikiran Positip.SalamYB6CA,AledSalah
satu Team DXpedition YB6N

Subject: [orari-news] Re: YB9Y Stasiun DXpedition Orda Papua
OM, Jo, Saya sependapat dengan anda untuk mendukung apa yang telah digariskan oleh organisasi kita ini. Namun saya kira wajar kalau ada anggota yang mengkritisinya, dan itu bukan berarti mereka yang mengkritisi ekspedisi tsb menentang pelaksanaan ekspedisi tsb. Sama sekali tidak demikian OM. Namun mengkritisi karena kita semua "sayang" pada organisasi ini. Anggota mengkritisi "mungkin", sekali lagi saya bilang "mungkin", karena pada budget team tsb ada tertulis dana dari organisasi kita dan bukan hanya dana para peserta ekspedisi pribadi. Saya yakin teman2 disini sama sekali tidak meragukan kualifikasi dari personil2 yang terlibat dalam ekspedisi YB9Y sebagai mana anda katakan mereka personil yang berkompeten dibidangnya, berintegritas yang baik dan memiliki semangat team work yang baik. . Demikian juga perbandingan yang anda sampaikan, saya pikir bukan perbandingan yang seimbang apple to apple. Terutama besaran nilai dana yang sangat
jauh berbeda dan demikian juga dengan sumber dananya. Setahu saya YB6N, sumber dananya murni swadana dan dari kantong pribadi para operator team YB6N (peralatan + akomodasi + transportasi) tidak menggunakan dana dari pemerintah maupun kas Orari daerah Sumut. OM Jo, Saya pikir banyak tolok ukur yang bisa lihat dalam membandingkan sebuah ekspedisi IOTA (rare, biaya, waktu pelaksanaan, jumlah personil, propagasi, dsbnya, dsbnya). Kalau semua nya sebanding, saya pikir itu baru perbandingan yang apple to apple. Salam, Jimmy-YB7KNV > Tulisan ini adalah pendapat pribadi, tidak mewakili siapapun. > > Mengikuti pertukaran pendapat di milis Orari tentang isu ini, saya > tertarik > untuk turut memberi pendapat. > > Saya mengenal hampir semua anggota tim YB9Y dan beberapa personil dari > lembaga pendukungnya. Selain kompeten di bidangnya, mereka adalah > teman-teman dengan integritas individu dan semangat team-working yang > baik. > Motivasi tertinggi
pada mereka adalah untuk memberikan qso 2-arah dengan > stasiun YB9 kepada komunitas DXer dunia secara optimal! > > Yang saya dengar, pemilihan lokasi Kepulauan Mapia, Papua, adalah karena > -sejak jauh hari sebelumnya- ada niat/saran/rekomend > asi dari Orari Daerah > Papua dan instansi-intansi terkait lainnya yang menginginkan pulau terluar > Indonesia tsb diaktifkan. > > Tak adil bila ada yang menuduh anggota tim YB9Y bisa peroleh keuntungan > berupa fasilitas libur -dan bahkan: mendapat uang dari kegiatan YB9Y. Saya > yakin justru merekalah yang HARUS keluar uang dari dompet pribadinya. > Belum lagi ada potensi resiko 'rugi' akibat kehilangan waktu dan tenaga - > atau dipecat dari kantor karena 'bolos' dari kerja :-)) > > Iseng-iseng saya amati statistik dari Club Log di mana terekam sekelumit > data-data dari beberapa stasiun DXpedisi dari YB-land pada 2012-2013. > Maaf, > saya tidak bermaksud untuk membandingkan. Memang, data/analisisnya terlalu
> sederhana dan terbatas, tapi mungkin bisa memberi gambaran kepada pembaca > bahwa 'peningkatan sasaran' bagi stasiun YB9Y merupakan beban yang > profesional - dan karenanya: logis. > > Izin untuk stasiun-stasiun di bawah adalah untuk semua bands/modes amatir > radio. Ringkasannya (tahun, jumlah bands dan all modes/bands QSO): > > YB8Y: 2012, 12, 20344 > YE0M: 2012, 12, 20966 > YB6N: 2013, 5, 5290 > YB0D: 2013, 7(*), 2557 -> (*) direncanakan > > Saya mendukung YB9Y (Oktober 2013) karena kemunculannya akan memberi nama > baik bagi dunia AR Indonesia. http://zl2ham.wikispaces.com/

ViewProp, by ZL2HAM

ViewProp is a tool that allows you to view and analyze propagation in real-time by plotting the geographic location of open paths in DxAtlas as determined from Skimmer and cluster spots. It can help you with planning by providing charts showing a history of activity over the previous day, and it also lets you view and optimize antenna pointing directions.

Incoming spots are mapped in DxAtlas. The colors of the dots are determined by the band of the spot. The size of the dot is based on how many spots resolve to the same lat/lon. You can see details about a spot by hovering the mouse over it.

While ViewProp is running, you can use DxAtlas in all the ways you usually do, including things like grayline and ITU or CQ grids, alternative map projections (rectangular, globe or azimuthal), and Ham CAP.

The screenshot below shows DxAtlas during a contest, centered at my QTH in ZL, with multiple features enabled. The lines and dots are colored by band, with a dot at the distant end of each spot with either the DE or DX side near me (inside the red circle). The green squares with lines above them are all Skimmers that have recently reported to the RBN.

What is the Voodoo Contest Group?
The Voodoo Contest Group is a group of US and UK hams dedicated to winning the CQWorld Wide CW Contest each year. Traditionally this has been from West Africa…. however after nearly 20 years of dusty roads, uncomfortable border crossings, dodgy hotels, huge logistical problems.. but most of all after nearly 20 years of meeting wonderful people, having huge pile-ups and having loads of fun, the Voodoo Contest Group is moving on: the spirit will live on but not necessarily in West Africa.

http://www.ybdxc.net/2013/07/what-is-dxfc_30.html

http://www.dxfc.org/

WHAT IS DXFC?
The ‘F’ in DXFC stands for ‘Feet’: countries in which you have stepped foot. This is for licensed radio amateurs who like travelling. We DXers know all about DXCC so this is just our bit of fun. It works with the same 340 current ‘entities’ as defined at http://www.arrl.org/country-lists-prefixes.You will need to create an account in order to enter your score. Do this by clicking on the Login panel to the right. Once that's done you can enter your DXFC score by clicking on 'Update My DXFC' in the menu above.

Rules
Step foot in a DXCC entity (current at the time of the visit) to count one point, even just on the tarmac or jetty is enough. Staying on board while in transit does not count. You don’t need to pass through immigration. That’s it. No more rules! No confirmation required. There is no FAQ: answer your own questions! It’s not complicated - it’s just fun.Register with your ham radio call-sign and claim your countries by ticking the appropriate boxes. The web-site will even count them up for you. Update whenever you like.

Veni, Vidi, QRV!
There is also a column to score points for being QRV in each entity: preferably a proper operation, but we each have our own rules for this.

IOTA Contest participants included this week
DX World is delighted to announce that a detailed weekly news bulletin, compiled by Bjorn ON9CFG, will be available to download (in PDF format) every Thursday. Included in this bulletin are the following topics:
* Latest traffic / announced DX
* DX News reminders
* IOTA activations
* Special calls
* Upcoming contests
* QSL card previews
We hope you enjoy this added bonus every Thursday!

8186. 3DA0ET, Swaziland DXpedition

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-01 22:44:04 UTC
From: Yb land Dx club
Topic: 8186 Message: 8186

http://swazidx.org/

Welcome to the homepage for the Swaziland 3DA0ET DXpedition, scheduled to run from Monday 18 November to Wednesday 27 November 2013. We're a multi-national team comprising Canadian, American, German and South African operators, who collectively bring a wealth of prior DXpedition experience to the table (see "The Team" page), covering all operating modes.

We're running 4 stations, covering all the HF bands (160 to 10 meters) and 6 meters if we spot any openings, on CW, SSB and RTTY. On the topic of RTTY, we hope to be a little different to many DXpeditions and have a solid focus on maximizing our RTTY QSO count by having a dedicated full-time RTTY station on the air from start to finish. We also won't forget folks running "barefoot" without a linear and QRP stations - our operators will put out special calls for these categories from time to time when working heavy pile-ups.

We'll also be QRV in the CQ World Wide DX CW contest with a multi-two entry.

Above all, we hope to have fun and see you in the pile-ups while we're QRV. And yes - we welcome band-slot chasers! We'll have that progress covered for you with ClubLog.

8187. Fw: [YBDXC_News] ViewProp, by ZL2HAM

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-01 23:10:26 UTC
From: budi santoso
Topic: 8173 Message: 8187

http://zl2ham.wikispaces.com/file/detail/ViewProp+0.97.12.zip

Install
 Edit 0 1…
How to install:

1. Make sure .NET 4 full (not the client one) is installed. You should be able to see that in the Programs and Features control panel in Windows.
2. If you need to install .NET 4, first make sure you've applied all of the latest updates for Windows. I think .NET 4 should be available through optional Windows updates, but if not, here's a link (use the Standalone installer, rather than the Web version):

http://www.microsoft.com/en-us/download/details.aspx?id=17718

3. Install the latest version of DxAtlas (2.3). A trial version is OK, but the trial must be current and not expired.
4. Download the ViewProp installer from the Files section at the Yahoo group, and run it. It should display an error message if you don't have the right version of .NET installed.
5. Run the app using the Desktop icon, which should also start DxAtlas. Click on Setup --> Configure..., then on the User tab, and set your name, call, grid and lat/lon. Click on the qrz.com tab to configure your XML qrz.com subscription account details, if you have one. Click on the Spot Servers tab and configure your preferred spot servers, or just leave the defaults.
6. Click on the green Start button (or File --> Run), and it should start.

If you have trouble after that, have a look at the Troubleshooting page.
73,
Budi

http://www.ybdxc.net/2013/07/viewprop.html

http://zl2ham.wikispaces.com/

ViewProp, by ZL2HAM

ViewProp is a tool that allows you to view and analyze propagation in real-time by plotting the geographic location of open paths in DxAtlas as determined from Skimmer and cluster spots. It can help you with planning by providing charts showing a history of activity over

the previous day, and it also lets you view and optimize antenna pointing directions.

Incoming spots are mapped in DxAtlas. The colors of the dots are determined by the band of the spot. The size of the dot is based on how many spots resolve to the same lat/lon. You can see details about a spot by hovering the mouse over it.

While ViewProp is running, you can use DxAtlas in all the ways you usually do, including things like grayline and ITU or CQ grids, alternative map projections (rectangular, globe or azimuthal), and Ham CAP.

The screenshot below shows DxAtlas during a contest, centered at my QTH in ZL, with multiple features enabled. The lines and dots are colored by band, with a dot at the distant end of each spot with either the DE or DX side near me (inside the red circle). The green squares with lines above them are all Skimmers that have recently reported to the RBN.

Malam om Jonathan

Apa kabar??
Senang ßišª ketemu kemarin waktu di Luwuk dan makan malam bersama di rumahnya om Amir.
Sayang hanya sesaat saja..karna kami harus lanjuti perjalanan ke Palu..
Perjalanan yg sunguh melelahkan heheheh..
Karna sore baru kami tiba di Palu.. 24 jam perjalanan mulai dari Salakan , P.Peleng - Luwuk - Palu..

http://cv5a.cx.uy/

CV5A - Flores Island 2013

South Radiogrupo activated Flores Island (CX-014 RGS / IOTA SA-030 / WLOTA LH-0528) during the 15th, 16th, 17th and August 18th 2013. Besides leaving the insular entity operating for IOTA (Islands on the Air) , it will do with its lighthouse (RGS CX-104 / ARLHS URU-001) as the activation period also coincides with theInternational Weekend Headlights (International Lighthouse Lightship Weekend, ILLW) . Broadcasts will be made with the CV5A indicative and shall be conducted on all bands (160 meters, the short wave, including WARC, and VHF) and in all modes. worth mentioning that this year our institution jointly and simultaneously also activated in Faro Punta Jose the indicative CW5X Ignacio, an operation which can be followed for specific website by clicking here .

Subject: Independence Day of Indonesia contest on HamSphere

Dear operator from Indonesia.

HamSphere proudly presents the "Independence Day of Indonesia" contest that will take place on the 17th of August 2013 starting 00.00 UTC and will continue for 24 hours.

This contest will reward the winners subscription extensions.

Champion 1 wins a 1 year subscription
Champion 2 wins a 6 months subscription
Champion 3 and 4 win three month subscription each.

There will also be awards issued for good achievements.

Here is a link to the contest. You can join in advance.

http://www.hamsphere.com/contest.php?mode=edit&contest_id=226

Trial accounts for Indonesia will be extended so that you can participate in this contest even if your account has expired.

If you forgotten your password, please go here:

Thank you OM Bams...

I just remember when i got my first license YD0OST almost one and half year after applied and took a UNAR test in 2008..during that time i learn to make some QSOs with DX station virtually in Hamsphere and Echolink also CQ100 (2009 - 2010) ..later CQ100 is became paid software and when the trial period is over you could not connected anymore...

The last two.. Hamsphere (HS) and Echolink is became popular among our Indonesian AR while the gateways in many cities growing up since Nusantara iQSO - YB0KLI, Indonesian eQSO - YC0NYO before YB0OO, and lastly ORARI Digital - YC0GIN). I was one of them who were very active in the digital radio. Later on, i started to raise up my wired diapole antenna after got my license ..hi hi...

So it means i really appreciated for this event (and gladly interested with Kelly Lindman efforts to call back the Indonesian AR fellows to HS like years ago) and trying to participate while i get my free time..

I had so many great time getting QSO with them in Hamsphere, and got so many eQSL card from HAM fellows around the world, but unfortunately those cards not eligible as a requirement for upgrading my next level to YC.. Then i decided to became a real DXer and joining the real HF bands..

So how's about you OM Bams? What's your opinion for this kind of event//

Happy incoming Idul Fitri, Minal Aidin Walfaidzin...

The word "Flores" I believe is a Spanish/Portuguese origin, it is a very common last/family names for both men and women in the US, just like my name it's very common in YB land hehehe

Dear All..ARS..
DX ACEH GROUP...

DX ACEH GROUP.....mau bercerita sedikit dan share...dimana sudah lama kami mencari bearing yang cocok untuk masting antenna yang lebih dari 2 inchi dengan ketebalan pipa 4mm (tebal) dengan klas GALVANIZE PIPE FULL MEDIUM 3 inci, dengan kegunaan antennanya yagi yang besar, banyak bearing dengan berbagai macam jenis tapi yang di cari adalah jenis thrust bearing,.kalau menggunakan bearing biasa takut kalau beban vertikal akan pecah dan bearing pun sering jam (macat) , juga sulit untuk membuat cover bearing agar tak masuk air, walau di antisipasi sama cover rubber tapi tak tahan lama,salah salah kerena sering repair antenna rubber kebentur dan pecah, dimana apalagi si penggunna antenna tak tau fisik di atas.

Kali ini kita sudah ketemu bearing tersebut, mungkin di antara teman ARS yang hanya tahu bearing sebagian pada AS mobil atau poros roda depan dan belakang mobil atau TRUK yang sering dijumpai yaitu jenis Horizontal dan V- Horizontal, tetapi ini khusus beraing untuk THRUST yaitu tekanan VERTIKAL sedangkan horizontal hanya sebagai bantalan..
Sementara kalau pakai bearing biasa, susah untuk mendesignnya dimana tekanan atas akan membuat slip base pada bola bola bering terbeban sangat kuat dikarenakan tekanan,maka bola bearing mudah trompol bahkan basenya pecah karena mengunakan beaing jenis horizontal.
Serta salah design base dan bearing gap dengan masting bisa sekali putar al hasil coupling rotator pecah bahkan hingga main gear rotator rusak bahkan ompong....kalau sudah begini rotator beli lagi alhasil uang THR dikorek.
Ingat spesifikasi contoh ROTATOR KR600 dengan beban 600kg putar tapi bukan beban tunpu vertikal...
Sedangkan beban tunpu vertikal Contoh Yagi KLM 40-3L dengan berat total antenna tak lebih 100kg, dan siapa yang menahan itu ? jawabnya Bearing thrust bukan ya Rotator.

New project ini dikerjakan untuk ARS YB6AO - OM Joanes , targer pengerjaan selesai di akhir bulan sebelas selesai dan perhitungkan dengan kekuatan angin di ACEH yang selama ini sangat tidak dapat kompromi..hampir semua rekan ARS di Aceh mengalami ROtatornya pecah bahkan Bearing thrust nya jebol...
Bila menggunakan bearing jenis GS-050 dan G5S-06 kami tidak merekomondasikan untuk Yagi BIG GUN seperti 40M band, kalau untuk yagi 2m band 100% JAMINAN seumur hidup ARS.
Untuk ingin info detail bearing.....ada pada file...
Untuk ORDer resepnya bearing type ....106TKCseries semoga Type bearing ini bermanfaat buat anda yang hobby DX dengan antenna BIG GUN...
Kalau pakai product jadi mahal belum lagi ongkos kirim , kalau bikin dewe hemat luit..
Untuk info detail design yang jadi sesudah di cover pesis seperti bearing THRUST GS-065, bahkan bisa menjadi GS-080 yang pabriknya belon buat...kita sudah buat prototypenya

Semoga bermanfaat ...saran dan masukan via email...tower_siregar@yahoo.co.id

See U on the band

Serta salah design base dan bearing gap dengan masting bisa sekali putar al hasil coupling rotator pecah bahkan hingga main gear rotator rusak bahkan ompong....kalau sudah begini rotator beli lagi alhasil uang THR dikorek.
Ingat spesifikasi contoh ROTATOR KR600 dengan beban 600kg putar tapi bukan beban tunpu vertikal...
Sedangkan beban tunpu vertikal Contoh Yagi KLM 40-3L dengan berat total antenna tak lebih 100kg, dan siapa yang menahan itu ? jawabnya Bearing thrust bukan ya Rotator.

New project ini dikerjakan untuk ARS YB6AO - OM Joanes , targer pengerjaan selesai di akhir bulan sebelas selesai dan perhitungkan dengan kekuatan angin di ACEH yang selama ini sangat tidak dapat kompromi..hampir semua rekan ARS di Aceh mengalami ROtatornya pecah bahkan

Bearing thrust nya jebol...
Bila menggunakan bearing jenis GS-050 dan G5S-06 kami tidak merekomondasikan untuk Yagi BIG GUN seperti 40M band, kalau untuk yagi 2m band 100% JAMINAN seumur hidup ARS.
Untuk ingin info detail bearing.....ada pada file...
Untuk ORDer resepnya bearing type ....106TKCseries semoga Type bearing ini bermanfaat buat anda yang hobby DX dengan antenna BIG GUN...
Kalau pakai product jadi mahal belum lagi ongkos kirim , kalau bikin dewe hemat luit..
Untuk info detail design yang jadi sesudah di cover pesis seperti bearing THRUST GS-065, bahkan bisa menjadi GS-080 yang pabriknya belon buat...kita sudah buat prototypenya

Semoga bermanfaat ...saran dan masukan via email...tower_siregar@yahoo.co.id

See U on the band

QSL OM Iwan..

Thank u so much for response mine....yes i guess the name of Flores is came from somewhere in Spanish either Portuguese territories and been used to call the name of island or place ..such as Trinidad from Trinity ..hi hi...

Have a nice day OM..

http://en.wikipedia.org/wiki/Flores

Flores is one of the Lesser Sunda Islands, an island arc with an estimated area of 14,300 km² extending east from the Java island of Indonesia. The population was 1,831,000 in the 2010 census and the largest town is Maumere. Flores is Portuguese for "flowers". Flores is located east of Sumbawa and Komodo and west of Lembata and the Alor Archipelago. To the southeast is Timor. To the south, across the Sumba strait, is Sumba and to the north, beyond the Flores Sea, is Sulawesi.

http://en.wikipedia.org/wiki/Flores_Island_(Azores)

Flores Island (Portuguese pronunciation: ['floɾiʃ]) is an island of the Western group (Grupo Ocidental) of the Azores. It has an area of 143 km², a population of approximately 3907 inhabitants, and, together with the island of Corvo Island of the western archipelago, lies within the North American Plate. It has been referred to as the Ilha Amarelo Torrado (English: Yellow/Auburn Island) by marketing and from the tradition of poet Raul Brandão, but it is best recognized for its abundance of flowers, hence its Portuguese name of Flores.

http://en.wikipedia.org/wiki/Isla_de_Flores

Isla de Flores is a small island in the Rio de la Plata, 21 miles southeast of Punta Carretas, Montevideo, Uruguay

Flores was named by Sebastián Gaboto, who discovered it on Easter day 1527 (the Spanish expression Pascua Florida or Pascua de Flores, i.e. "Flowery Easter" was the reason for the name "Flores").
It has a historic lighthouse, which was the subject of an 1819 treaty, by which Uruguay lost the Misiones Orientales. This lighthouse, of Portuguese origin, entered service in 1828. It was dubbed "the world's most expensive lighthouse" . The lighthouse is now under the jurisdiction of the Uruguayan Navy. It is 37 meters high and flashes twice every 10 seconds.

Rohadi Siregar YB6AR
Sistim baru Doppler Peiler yang dapat di hubungkan ke google map hunting dan gps dengan sistem analog dan digital, atau kata lain DSP Doppler.
KIT versi Indonesia tersedia dengan dirakit ulang oleh YB6AR yang asalnya dari COMRAD.
Dengan IC Prog PIC dan rangkaian Op-Amp MAX494 dari komponen perusahaan MAXIM tegangan rendah yang berkerja rangkaian 5VDC, yang tidak bahaya terhadap sengatan tegangan...

Harga KIT terangkai...
Harga kit belum terangkai tapi IC sudah di prototype...
hubungi 082164855669
versi youtube kita masih dikerjakan

Doppler Peiler new system that can connect to google maps and gps hunting with analog and digital systems, or other words DSP Doppler.
KIT Indonesian version available with YB6AR reassembled by the origin of COMRAD.
With the PIC and IC Prog Op-Amp circuit MAX494 from MAXIM its components are working a series of low voltage 5VDC, which is not to shock hazard voltage ...

Price KIT strung ...
Kit prices have not strung but already in prototype IC ...
call 082164855669
youtube version we still worked
 — at YouTube HQ.

http://www.qsl.net/gm3woj/dxped3.htm

DXpedition advice from Chris GM3WOJ / ZL1CT

You are a Contester who is going to a rare location for an HF DXpedition.

You have some experience of contest pile-ups, but no experience of an HF DXpedition or DXpedition pile-ups

1. Ideally, your first DXpedition would be with others who have experience of DXpeditioning, but in the following notes I am assuming that you are going on a single-operator DXpedition.

2. Your contest pile-up experience will be a great help during the DXpedition. However a DXpedition pile-up is likely to be much more intense than a contest pile-up, may be spread over many kHz and requires a different approach from a contest pile-up.

3. Plan well in advance - find out as much as you can about your destination - all the obvious things like Accommodation, Visas, Licensing, Inoculations, Food costs, etc, etc. Find out about the likely weather conditions at the time of year you are going, local sources of QRN, availability of internet access, reliability of AC supplies, etc. Often the best way to find out is to ask someone who has been on a DXpedition to where you are going. Ask their advice.

OM Edwin & OM Joy,
Walaupun blm lihat langsung kepiawaian OM Edwin di CW - saya juga pasti salut, karena buat saya skill CW apalagi high speed ditambah lagi receive gambreng dg begitu banyak signal dempetan karena tanpa narrow filter = bukang maing ruarr biasa...!!!

Saya kadang berlatih dg program dari F6DQM speed 15wpm dan delay to answer diturunkan antara 2-1 hasilnya 90-80% benar.
Tapi ketika coba langsung monitor di frequency - langsung bubar, konsentrasi buyar karna waktu latihan itu ketukan per satu karakter. HI.

http://www.ybdxc.net/2013/08/j88hl-st-vincent-and-grenadines.html

http://j88hl.dxing.pl/

* *

<http://j88hl.dxing.pl/wp-content/uploads/icons/j88hl_logo.png>

* *

On the way again <http://j88hl.dxing.pl/hello-world/>

A group of Polish HAM friends decided to organize the next DXpedition. This time we decided to find a place in the Carabbean. After a short research we and some discussions we decided that our next DXpedition target will be St. Vincent & Grenadines. There were no big DXpeditions to J8 last years (rather individual activities), it is easy to reach the place, easy to get a license and finally the place is located in a beautiful part of the World.

It is still not so easy to transport all the gear (transceivers, power amplifiers, power supplies, antennas, feeders etc.) from Europe to Carabbean. It is not a holiday operation. We go there to operate the radio, to be active on all HF bands and to make serious effort on the top band.

We will be active as J88HL during the second half of November. We have already got the license, booked the location on the island and booked air tickets. During the next weeks we will be preparing and testing our transceivers, antennas and other equipment. Please read „Equipment” page to learn what kind of gear we are going to take with us.

VK5CE/P DXpedition to OC-261

IOTA DXpedition to Flinders Island, South Australia OC-261 on August 15 -
21 2013

<http://4.bp.blogspot.com/-cfvjIdmSiqQ/UNEX3Vdn5yI/AAAAAAAAAFQ/5Otfi4DcCmE/s760/header.jpg
>

DXpedition starts soon – no internet will be available on the
island<http://oc261.blogspot.co.uk/2013/08/dxpedition-starts-soon-no-internet-will.html>
Hi everyone, well it’s just a couple of days to go before the DXpedition
starts. I've been informed by the island’s caretaker that internet access
will not be available at my operating position and so please note the
following:

- I won’t be able to see any DX clusters
- I won’t be able to read any email questions
- I won’t be able to upload logs to Club Log until I return to the mainland
- I won’t be able to update the daily blog until I return to the mainland

Considering that I won’t be able to let people know where I’ll be, here is
an indication of my likely operating pattern based on observations of
propagation recently. Remember that I’ll be operating ½ wave vertical
dipoles on 20m and on 15m and a multiband vertical for 10m/12m/17m/30m/40m.
They’ll be mounted on the high tide mark of the beach and with this set up
I won’t need to worry about beam headings.

*Learnings from the 6Y4A CQ WW CW Contest
By Kenny Silverman, K2KW and Tom Schiller, N6BT *

"You're using verticals for your contest expedition - you're not serious are you!??

That was a typical response when people heard we were going to use verticals on all bands in the 1997 CQ WW CW 6Y4A M/M effort. And frankly, I think most people wrote us off as serious competitors based on this information.

The choice of verticals didn't come easy, and countless hours of research went into antenna predictions on the computer, propagation predictions (using CAPMAN and Mini Prop Plus), field testing to calibrated receivers, 6Y4A group discussions, and discussions with other well-known antenna specialists. We also had the recent experience of the 1997 ARRL DX Contest at 6Y4A to help us in our analysis. While the antenna strategy for 6Y4A was specifically tailored to that QTH, much of what we learned can be used in all vertical antenna installations.

OM Hendro,

Bisa dicoba LCWO (Learn CW Online).

http://lcwo.net/

Nanti kalau sudah register, silakan coba "copying in the head" pada menu Plain Text Training. Speed bisa disesuaikan, jangan khawatir.

Hi Om Ricky,

Apa kabar Om? Terakhir kita QSO di 20M yaa mode CW? Kalo ga salah inget waktu itu sy lagi di CW QRP calling channel di 14.060 Mhz.. Tar ak cek di log book.. Klo saya keliru mhn maaf Om Ricky, maklum dah tue tapi call sign anda looks very familiar.. Maklum jaman dulu sama temen2 sering toast XO.. Hehehe..

Salam,
JOY/YB0NSI.

Dear OM Joy,

Kabar baik OM, terima kasih.
Semoga demikian juga dengan Anda di Jakarta.
Ya OM Joy, menurut LoTW QSO confirmed 2012-08-02 20m CW.
Jadi sudah setahun yang lalu gak terasa. Betul saya inget Anda lagi operating QRP saat itu. Dan 599 di Balikpapan.

Saya sering di 20m, kebanyakan CW. Calling CQ atau chat dengan temen-temen DX yg CW ragchewers. Kalo call CQ di Phone jarang, hampir tidak pernah. Di phone kebanyakan RC (Rag Chewing).

Yah, betul OM. Kalo denger XO yang teringat lebih dulu pasti liquor hehehe. Tapi ada juga yang ngartiin XO=Executive Officer biasanya di military. Namundemikian saya senang karena pengejaan Inggris dan Idonesia sama nyebutnya [eks - oh].

Kalau ada waktu kita QSO lagi di CW ya OM Joy.

Regards,
Ricky, YB7XO.

Topic: 8245 Message: 8245
Attachments: 1 described; binary payloads are missing from this source WARC

http://www.oceaniadxcontest.com/ocdxc12-results-summary-7.pdf

Congratulations to all the winners and thank you to everyone who participated in the 2012 Oceania DX (OCDX) Contest, even if it was only to make one or two QSOs.

Conditions were not as good as in the 2011 contest. The reduced solar flux on the PHONE weekend meant that there was less PHONE activity on 10M, and the disturbed conditions associated with a geomagnetic storm on the CW weekend resulted in a significant reduction in CW activity. As a consequence, the overall number of logs received also reduced - from 1259 in the 2011 contest to 1205 in 2012.

The contest committee was pleased to see a substantial increase in the number of PHONE logs from Australian and Indonesian stations. This additional activity from Oceania stations is encouraging, as growing the Oceania participation is critical for attracting more participation from stations outside Oceania.

On the other hand, it was disappointing to see a decrease in the number of logs received from North America in both the PHONE and CW sections. The reduced CW participation can be attributed to the disturbed conditions but the reason for the reduced PHONE participation is less obvious.

NEWS

August 14, 2013
I will be in Palestine again, signing E44PM in late August. I will be using my K2/100 and wire verticals. Logs will be uploaded daily both onto LoTW and Clublog.

April 23, 2013
My E44PM license has been renewed. It is likely that I will show up from Palestine again later this year.

The Pileup BULLY LID Problem Explained
Guest post by Rick, K6VVA

I coined the term Pileup “BULLY LID” which others have acknowledged in direct emails as being absolutely appropriate for the issue at hand.

To put things in perspective, in the non-radio World, “BULLY” behavior among youth has tragically resulted in many suicides. This is a sad commentary on the human condition. Before becoming a College Professor, my father was a school Superintendent and Principal. He did NOT tolerate “BULLY” behavior of any kind in the school, or on the school grounds. I do not tolerate ”BULLY LID” behavior in my Expedition pileups. It is as simple as that.

Halo teman,

Mungkin sudah tahu, atau belum ?

Berapa tarif pos ke luar negeri?
Ada yang pukul rata per amplop 10 ribu,
Ada yang beda-beda per continent.
Yang betul yang seperti di file terlampir.

Jadi tambah mahal? Atau tambah murah?

Mohon maaf kalau sudah tahu, dan email ini malah mengganggu.
Semoga bermanfaat.

FEATURE NICK HENWOOD, G3RWF & BOB WHELAN, G3PJT OCTOBER 2010 ♦ RADCOM

Working DX should be fun – shouldn’t it?
How we can all improve our operating for the benefit of other amateurs

DXpedition to French Polynesia 2010 – VE2TZT, FO5JV, F6BEE & FO8RZ. Photo: G3TXF.

“….The desire to work DX is high, and that makes one eager to find ways to build a station as efficient and competitive as possible. It doesn't have to be ‘megabig’ to be successful. Above all, good operating practice delivers the key to success”. Mark, ON4WW

CHASING DX.
Working DX is for many people one of the most fascinating aspects of our hobby. Despite global telephone systems and the internet there is still a thrill in contacting someone far, far away or in some unusual place, using just your own skills as an operator. It isn’t for everyone – but then part of the magic of amateur radio is that you can choose the activity that interests you. Here we would like to reflect on one aspect – chasing and ‘working’ distant and rare stations on the HF bands, known as DXing.
Over the years, the DX scene has changed greatly. In the 1960s, for example, you might expect regularly to work operators living and working in some remote spot for whom amateur radio was a unique way of ‘talking home’. These days there is a far more focussed approach – more competitive, more technically advanced and more accessible – supported by both mobile phones and the internet.
For many, DXing remains absorbing because it tests skills: the most successful DXers are great operators who have also optimised their stations and antennas.
The challenge today is to still get the maximum of fun and interest out of our hobby. But something has changed.

8273. DX pileups

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-15 09:40:12 UTC
From: Yb land Dx club
Topic: 8273 Message: 8273

http://www.ybdxc.net/2013/08/dx-pileups.html

http://www.dxuniversity.com/audio/

Audio Studies

The audio files listed on this page illustrate various situations that are often heard in DX pileups. They are excerpts from real pileups recorded directly off the air in MP3 format. The files are recorded in STEREO with the DX station on one channel, and the pileup on the other. For best results listen in stereo with stereo headphones or ear buds. While you listen, imagine tuning the pileup looking for the station the DX operator is working. Studying these recordings could help you to gain an advantage.

Other than length, no editing of any sort has been done. The text included with each button may explain what is contained in the recording, or it may simply allow the listener to determine for him/herself what is happening. Additional recordings will be added from time to time. You can make and study your own recordings with relatively simple equipment.

Ada kenaikan yg lumayan dan sepertinya sudah tidak ada pembedaan antara surat biasa dengan barang cetakan/printed matter.

Kalo kita menggunting ujung amplop sedikit, apakah hal tersebut masih ada gunanya untuk meringankan biaya (masuk kategori kartu pos).
Untung pengiriman kartu ucapan hari raya sudah gak model lagi, diganti sms, facebook dll.

Tarip utk berat surat maksimal 20 gram yg kira2 = amplop berisi 1 lb.QSL card + 1 lb.SAE + GS/IRC.

	LAMA	BARU
ASPAC	4000 - 5500	5000 - 7000
AFRICA	5000 - 5500	8000
EUROPE	7500	9000
AMERICA	8000	10000

Fellow DXers,

Dari USA sekarang sudah dipermudah
dengan satu tarif untuk keseluruh dunia, sama saja, dulu kalau ke Mexico
dan Canada berbeda, sekarang sama saja, yaitu

USD 1.10 untuk 1 oz. kira-kira 28 gram yang bisa muat sampai 9 kartu, atau
satu kartu plus SASE/GS/IRC
malahan kalau ke Canada dan Mexico (NA) boleh 2oz (56gram) tarifnya sama US
1.10

Saya membeli banyak Global Forever Stamp dengan harga 1.10 karena kalau
tahun depan ada kenaikan lagi sudah punya perangkonya,
tidak usah beli tambahan bbrp sen biasanya.

8284. Bls: Bls: [YBDXC_News] Tarif Surat Pos Udara International

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-16 03:44:07 UTC
From: hendro s.joedho
Topic: 8269 Message: 8284

OM,
Tarip lama utk postcard ke USA = Rp. 3.500,- sedangkan tarip baru sesuai info OM Busan/OM Adhi = Rp. 10.000,-
Kalau lihat tarip baru, untuk postcard dan amplop tertutup tarifnya sama = Rp 10.000,-
jadi saran saya untuk kirim QSL card sebaiknya dlm amplop saja - karena siapa tahu rekan yg menerima QSL card kita juga filateli, hobby koleksi perangko juga, kecuali koleksi QSL card.
Melepas perangko dari QSL card dapat merusak QSL card/cacat.

Korupsi walaupun kecil2an jangan dikasih peluang, sepertinya (maaf curiga) pegawai pos itu sudah "mencuri" dari 2 pihak.
Dari OM Widy dia ambil Rp. 1500,- lalu dari negara Rp 1.500,- karena dia yg terima stempel lalu gabung utk dikirim - yah dg Rp 2.000,- sampai juga ke tujuan.
Sebaiknya perangko kita stock di rumah, saat mau kirim ditempel sesuai ketentuan dan serahkan ke kantor pos.

http://www.ybdxc.net/2013/08/the-2013-cq-world-wide-dx-contest.html

Summer is almost winding down and this brings about the new contest season as well as the new CQWW rules

The basic rules didn’t experience huge changes. The highly debated single Op Unassisted and Single Op Assisted merger didn’t happen. SO and SO (A) will keep staying separate categories, at least for this year editions.

The Xtreme category, initially introduced in 2010 as an experiment, had been cutted off due to an apparent lack of interest in the partecipants. This, indeed, does not mean remote operations are prhoboted. In fact, if you remotely control your station (that has to comply with the contest rules) you will still be able to compete for the top ranks of your chosen category. Remote receivers or transmitters exceeding the 500 m diameter rule are indeed NOT allowed.
For the first time the CQWW comittee introduced two new overlay categories. For those of you that way not be aware that the overlay categories within the contest. They are, in fact, a sort of sub categories in which the competitors might operate still competing in the main one. These two add ons will be the “Classic” and “Rookie” overlays.
In the classic one only one operator, one radio and no assistance is permetted. Moreover, in this category, only the first 24 hours will be counted for the scoring purposes (you can still operate for more time but the extra hours worked won’t be counted).
In the Rookie overlay, indeed, will be eligible all hamradio operators that got their first hamradio operators that got their first hamradio licence within 3 years from the contest date.
Logs deadline (5 days) and submission procedures are unchanged.
One of the major change regards the actions that the contest comittee can take. Red and Yellow cards have been removed. The only possible action that the CC might enforce is the pure disqualification.
New certificates have been added as well as electronic, printable certificates for all entrants.
This was just a little recap of the most important changes to CQWW rules. More information, as well as the original rules can be found at: http://www.cqww.com/rules.htm

Hi Om Hen n Rekan2 DXers,

MERDEKA !!

Ekspedisi YB0D dirancang dengan bbrp Misi/missions. Selain untuk merayakan HUT Jakarta, misi utama lain nya adalah untuk me-eratkan hubungan lokal dan anggota nya se DKI, membagi-bagi pengalaman dan ilmu para DXers di YB land dan memperkenalkan dunia DXing kepada rekan2 pemula sbb;

1. ada bbrp rekan "pemula" yg kami sempet bimbing dan mereka sekarang dah sering meng DX secara berdikari..

2. Ada juga rekan2 yg belum pernah di mode digital, mereka dapat pelajaran singkat dari pakarnya, yaitu Om Dicky YB0JZS. Bbrp rekan yg belum pernah operate dengan mode CW sangat terkesan dengan operator2 CW mahir seperti Om Handry YB0NCS, YL Ina YD1NAA dan OM Edwin YD1DBB dan sekarang ada bbrp rekan2 tsbt telah mulai menekuni ilmu CW yg diajari oleh YL Ina.

3. yg rekan2 baru belajar DX dapat melihat langsung pakar DXer seperti Om Budi, YB1AR dan Om Ferry, YB0AR beraksi dan lihat langsung bagaimana mereka menghandle huge pile up yg luar biasa padatnya. Om Ferry melakukan nya dengan cara membuat Call List n memerintah rekan2 yg agak bandel dengan kata2 tegas, "u r not in the list !!", atau "u r in the list, plse st by".. Seru juga.. Hehehe.. Gaya membuat List ini boleh ditiru oleh rekan2 yg suka DX n mengalami huge pile up..disamping itu, kita dapat juga menyimak Om Iwan YE1WNZ dengan gaya multi-lingual nya saat meresponse sebuah kontak dengan bahasa Spanyol, Russia dan Italiano.. Grazie Om Iwan, hehehe.

4. Rekan2 yg tidak terlalu mahir secara teknis dapat melihat langsung rekan2 yang "jago" membuat antena, balun dll seperti yg dilakukan oleh Om Jeffry, YC0LOU dan Om Syaiful YB0PUL dimana mereka mendirikan sistem antena, membuat balun secara sederhana tapi sangat efektif, dll., dan

5. Yang penting bagaimana rekan2 yg bergabung di tim YB0D dengan latar belakang yg sangat bervariasi dapat bekerja sama dengan baik, alias very very good Team Work. Tidak ada istilah boss atau anak buah tapi semuanya rata n bekerja sebagai tim work yg efektif dengan tujuan yang sama, yaitu mengibarkan Bendera Merah Putih kepada mata n telinga diseluruh Dunia.

Walaupun propagasi tidak terlalu kondusif, namun YB0D dapat menghasilkan kontak sebanyak 2500an stsn di HF dan 2 meter, ALL mode. Komentar2 yg kita simak di cluster semuanya positif dengan pujian yg positif terhadap operator2 YB0D.

Demikian Om Hen n rekan2 sekilas laporan kegiatan YB0D yg saya dapat berikan.

YB0D adalah suatu ekspedisi yg dirancang oleh pemimpin dan penanggung jawab ekspedisi, yaitu Om Rashid YC0SGA dan dibantu oleh Om Fachmi YB0MF yg juga WLOTA checkpoint officer

tuk Oceania dan di eksekusi dengan baik oleh Tim Leader, Om Fabian YC0NHR dan anggota2 Orari se DKI dengan tujuan bukan hanya mau dapat kontak dengan 10,000 stsn, tapi yg lebih penting menunjukan SOLIDARITAS antara rekan2 di seluruh YB Land dari yg pemula sampai yg dah duluan. Kalau menurut saya, di hobi ini tidak ada istilah senior atau junior. Istilah ini yang sering digunakan oleh salah satu rekan kita dari call area 6 dan sepertinya beliau ini sangat n sering keliru, hehehe. Semua anggota di Welcome oleh panitia YB0D n yg penting rekan2 yg ikut di YB0D dan rekan2 yg berhasil kontak dengan YB0D are all Very Happy !! QSL card is on the way.

Mudah-mudahan ekspedisi YB0D dapat berkesan selama-lamanya di kenangan para partisipan.

Terima kasih kepada seluruh rekan2 crew YB0D, terutama kepada Logistic Leader Om Toto YB0OXL yg memastikan semua tim member dan radio equipment selamat dan kepada Om Yanto YB0ORR yg memastikan ekspedisi ini dapat eksposure yg baik dengan video, photo, T-Shirt dan spanduk nya yg menarik. Terima kasih juga kepada tim support lain nya, Om Ade YC0OHG, Om Tito YB0OKR dan Om Ozu YC0OZU dan rekan2 support crew lain nya yg dapat mendirikan n menurunkan sistim antena dengan cepat n mulus dan memutar-mutarkan tujuan yagi antena sesuai kemauan operator alias sebagai human rotator, hehehe.

Terutama saya mewakili tim YB0D ingin mengucapkan Terima Kasih kepada seluruh rekan2 yg telah berpartisipasi dan atas Dukungan dan Doa nya. Semoga YB0D bisa mendapatkan gelar the Best WLOTA Expedition in the World tuk tahun 2013.

Salam Merdeka !!

73, de JOY/YB0NSI

Ssssstttt OM Joy,

Kalo YB1AR khan OM Yana,
Kalo OM Busan - YF1AR,
Kalo OM Iwan - YE1NZ, bukan YE1WNZ

Kalo saya YC0QR
sekalilagi selamat atas susksesnya YB0D

Dari: Tarunodjojo <yc0nsi@...>
Kepada: "YBDXC_News@yahoogroups.com" <YBDXC_News@yahoogroups.com>
Dikirim: Sabtu, 17 Agustus 2013 11:48
Judul: Re: Bls: [YBDXC_News] WLOTA Validation Expedition - WLOTA Validation card.

Hi Om Hen n Rekan2 DXers,

MERDEKA !!

Ekspedisi YB0D dirancang dengan bbrp Misi/missions. Selain untuk merayakan HUT Jakarta, misi utama lain nya adalah untuk me-eratkan hubungan lokal dan anggota nya se DKI, membagi-bagi pengalaman dan ilmu para DXers di YB land dan memperkenalkan dunia DXing kepada rekan2 pemula sbb;

1. ada bbrp rekan "pemula" yg kami sempet bimbing dan mereka sekarang dah sering meng DX secara berdikari..

2. Ada juga rekan2 yg belum pernah di mode digital, mereka dapat pelajaran singkat dari pakarnya, yaitu Om Dicky YB0JZS. Bbrp rekan yg belum pernah operate dengan mode CW sangat terkesan dengan operator2 CW mahir seperti Om Handry YB0NCS, YL Ina YD1NAA dan OM Edwin YD1DBB dan sekarang ada bbrp rekan2 tsbt telah mulai menekuni ilmu CW yg diajari oleh YL Ina.

3. yg rekan2 baru belajar DX dapat melihat langsung pakar DXer seperti Om Budi, YB1AR dan Om Ferry, YB0AR beraksi dan lihat langsung bagaimana mereka menghandle huge pile up yg luar biasa padatnya. Om Ferry melakukan nya dengan cara membuat Call List n memerintah rekan2 yg agak bandel dengan kata2 tegas, "u r not in the list !!", atau "u r in the list, plse st by".. Seru juga.. Hehehe.. Gaya membuat List ini boleh ditiru oleh rekan2 yg suka DX n mengalami huge pile up..disamping itu, kita dapat juga menyimak Om Iwan YE1WNZ dengan gaya multi-lingual nya saat meresponse sebuah kontak dengan bahasa Spanyol, Russia dan Italiano.. Grazie Om Iwan, hehehe.

4. Rekan2 yg tidak terlalu mahir secara teknis dapat melihat langsung rekan2 yang "jago" membuat antena, balun dll seperti yg dilakukan oleh Om Jeffry, YC0LOU dan Om Syaiful YB0PUL dimana mereka mendirikan sistem antena, membuat balun secara sederhana tapi sangat efektif, dll., dan

5. Yang penting bagaimana rekan2 yg bergabung di tim YB0D dengan latar belakang yg sangat bervariasi dapat bekerja sama dengan baik, alias very very good Team Work. Tidak ada istilah boss atau anak buah tapi semuanya rata n bekerja sebagai tim work yg efektif dengan tujuan yang sama, yaitu mengibarkan Bendera Merah Putih kepada mata n telinga diseluruh Dunia.

Walaupun propagasi tidak terlalu kondusif, namun YB0D dapat menghasilkan kontak sebanyak 2500an stsn di HF dan 2 meter, ALL mode. Komentar2 yg kita simak di cluster semuanya positif dengan pujian yg positif terhadap operator2 YB0D.

Demikian Om Hen n rekan2 sekilas laporan kegiatan YB0D yg saya dapat berikan.

YB0D adalah suatu ekspedisi yg dirancang oleh pemimpin dan penanggung jawab ekspedisi, yaitu Om Rashid YC0SGA dan dibantu oleh Om Fachmi YB0MF yg juga WLOTA checkpoint officer tuk Oceania dan di eksekusi dengan baik oleh Tim Leader, Om Fabian YC0NHR dan anggota2 Orari se DKI dengan tujuan bukan hanya mau dapat kontak dengan 10,000 stsn, tapi yg lebih penting menunjukan SOLIDARITAS antara rekan2 di seluruh YB Land dari yg pemula sampai yg dah duluan. Kalau menurut saya, di hobi ini tidak ada istilah senior atau junior. Istilah ini yang sering digunakan oleh salah satu rekan kita dari call area 6 dan sepertinya beliau ini sangat n sering keliru, hehehe. Semua anggota di Welcome oleh panitia YB0D n yg penting rekan2 yg ikut di YB0D dan rekan2 yg berhasil kontak dengan YB0D are all Very Happy !! QSL card is on the way.

Mudah-mudahan ekspedisi YB0D dapat berkesan selama-lamanya di kenangan para partisipan.

Terima kasih kepada seluruh rekan2 crew YB0D, terutama kepada Logistic Leader Om Toto YB0OXL yg memastikan semua tim member dan radio equipment selamat dan kepada Om Yanto YB0ORR yg memastikan ekspedisi ini dapat eksposure yg baik dengan video, photo, T-Shirt dan spanduk nya yg menarik. Terima kasih juga kepada tim support lain nya, Om Ade YC0OHG, Om Tito YB0OKR dan Om Ozu YC0OZU dan rekan2 support crew lain nya yg dapat mendirikan n menurunkan sistim antena dengan cepat n mulus dan memutar-mutarkan tujuan yagi antena sesuai kemauan operator alias sebagai human rotator, hehehe.

Terutama saya mewakili tim YB0D ingin mengucapkan Terima Kasih kepada seluruh rekan2 yg telah berpartisipasi dan atas Dukungan dan Doa nya. Semoga YB0D bisa mendapatkan gelar the Best WLOTA Expedition in the World tuk tahun 2013.

Salam Merdeka !!

73, de JOY/YB0NSI

Hallo Om Ricky

Apa kabar ??
Sayang ya kalo tidak YB68RI,,
Padahal banyak yg siap laksanakan tugas untuk memperingati HUT Kemerdekaan RI ke 68..

http://www.ybdxc.net/2013/08/domodedovo-amateur-festival-in-2013.html

http://www.hamradio.ru/domodedovo/index.asp

Dear friends!

Amateur Radio Union of Russia jointly with the club amateur radio travelers 'Russian Robinson " invites you on 19-22 September 2013 at the Domodedovo amateur festival in 2013, which is traditionally held in the House of Rest "Moskvich" Domodedovo urban district, Moscow region.

The doors of comfortable holiday homes are open to both amateurs as well as for their families. Comfortable 2-3-bedroom rooms are in the 10-year and 20-room cottage, located in the bedroom of a holiday home.

Participants of the festival offers an extensive program where everyone can find something for your taste. The festival will be held: RRC forum and definition of Robinson, the video presentation and IOTA DX expeditions, 2012-2013, as a youth forum, VHF forum football match IOTA vs DXCC, VHF mini-test, DX-IOTA-Contest QUIZ, «Hunting fox, "amateur Fair, etc.

If you have any suggestions on organizing fun activities at the festival, we are happy to consider your suggestions. Please send suggestions to the Organizing Committee hamfest2013@... .

If you have processed a photo or video presentation that you want to speak to the participants of the festival, you must go to Yuri Zaruba UA9OBA hamfest2013@srr.ru and provide photo / video materials for preview.

http://www.ybdxc.net/2013/08/amateur-radio-exam-practice.html

http://aa9pw.com/

Welcome!

This site allows you to take practice tests in preparation for the United States Amateur Radio (Ham radio) and Commercial Radio licensing exams. The questions and answers used in these practice exams are the official questions provided by the FCC and are organized to mimic the actual written tests as closely as possible.

Amateur Radio Exam Practice

Welcome to the AA9PW Amateur Exam practice pages. This site helps you practice for the any of the three written examinations required to obtain a US Amateur Radio license. If you are asking “What is Amateur (Ham) Radio?!”, the ARRL has a great site to show you what this is all about:http://www.hello-radio.org/.

Using this site you can take a full practice test by using the form on the top left of this page – pick an exam to try and click ‘Take Exam‘. Alternatively, you can visit the Technician, General or Extralicense pages where you can pick and choose the topics to practice so you can build up to a complete exam.

Once you are up to speed, to obtain your license you will have to take the exam at a testing session run by an accredited Volunteer Exam Coordinator. For more information on this process and to find a testing session near you, try these pages at the Amateur Radio Relay League (ARRL):

ARRL: About Amateur Radio
ARRL: Exam testing in your area

Support AA9PW.com

If you find the resources on this site useful, please consider joining many of your fellow Ham radio operators by making a small donation to help offset the website hosting costs.

8301. Materi Ujian Amatir Radio

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-17 20:50:10 UTC
From: Yb land Dx club
Topic: 8301 Message: 8301

https://www.facebook.com/groups/orari.indonesia/doc/10150512258047930/
http://amatirradio-indonesia.blogspot.com/p/lisensi-amatir-radio.html

Bagaimana menjadi Amatir Radio ?

Beberapa posting menanyakan tentang bagaimana caranya menjadi Anggota ORARI.
Mudah-mudahan tulisan ini bisa memberikan informasi.

BAGAIMANA MENJADI AMATIR RADIO ?
Menjadi amatir radio tidaklah sulit, semua tergantung pada kemauan dan tekad anda sendiri.
Untuk menjadi amatir radio, anda wajib mengikuti Ujian Negara Amatir Radio yang
diselenggarakan oleh Pemerintah.

Materi ujian Amatir Radio terdiri dari :
- Pengetahuan Pancasila
- Teknik Elektronika Dasar
- Peraturan Perudang-undangan mengenai Keamatirradion

Untuk ujian kenaikan tingkat, materi sama dengan diatas dan ditambah :
- Kode Morse
- Bahasa Inggris
- Teknik Elektronika tingkat Lanjut.

Selanjutnya untuk menanyakan informasi dan jadwal penyelenggaraan ujian negara amatir
radio di tempat anda silahkan menghubungi ORARI Daerah/Lokal terdekat (
http://www.orari.or.id/orda.php) .

Untuk panduan Materi Ujian Amatir Radio silahkan lihat di:
http://www.orari.or.id/referensi.php
http://opensource.telkomspeedy.com/wiki/index.php/Panduan_Amatir_Radio
(tnx to YC0MLC)

Download Bank Soal Ujian Amatir Radio (siaga/penggalang/penegak) :
http://amatirradio-indonesia.blogspot.com/p/lisensi-amatir-radio.html

Bagi yang ingin mencoba ujian amatir radio dapat mengikuti

Simulasi Online Ujian Amatir Radio (siaga/penggalang/penegak) :

http://yb1za.ampr.org/quiz/

(tnx to YB1LZ)
KELAS/TINGKATAN LISENSI AMATIR RADIO :
Amatir Radio di Indonesia dibagi dalam kelas/tingkatan lisensi, sebagai berikut :

- TINGKAT PEMULA
Ujian tingkat Pemula meliputi Pengetahuan Pancasila, Elektronika Radio Dasar, dan
Peraturan Perundang-undangan Keamatirradioan. Amatir tingkat Pemula hanya diperkenankan

bekerja VHF (2m) dan UHF (70cm). Daya pancar yang diperkenankan maksimal 50 watt. Amatir Radio tingkat Pemula akan diberi nama panggilan / callsign dengan kode awalan (prefix) : YH. Lisensi tingkat Pemula berlaku untuk 2 tahun.

- TINGKAT SIAGA
Ujian tingkat Siaga meliputi Pengetahuan Pancasila, Elektronika Radio Dasar, dan Peraturan Perundang-undangan Keradioamatiran. Amatir Siaga diperkenankan bekerja di band HF (80m, 40m, 15m, 10m), VHF (2m) dan UHF (70cm). Khusus band 15m dan 10m hanya mode telegrafi dan digital. Daya pancar yang diperkenankan maksimal 100 watt pada band HF dan 75 watt di band VHF/UHF. Callsign tingkat Siaga ditandai dengan prefix : YD atau YG. Lisensi tingkat Siaga berlaku selama 3 tahun.

- TINGKAT PENGGALANG
Amatir radio tingkat siaga yang telah memegang lisensinya sekurang-kurangnya 6 bulan dapat mengikuti ke-naikan tingkat ke Penggalang. Materi ujian sama dengan tingkat siaga yang diberi bobot lebih, dan ditambah uji bahasa Inggris dan kode morse 5 WPM (word per minute). Amatir Penggalang diperkenankan bekerja pada seluruh band radio amatir, kecuali band 30m, 20m, 17m dan 12m. Daya pancar maksimal 500 watt (HF) dan 200 watt (VHF/UHF). Callsign Amatir Radio tingkat Penggalang ditandai dengan prefix : YC atau YF. Lisensi tingkat Penggalang berlaku selama 5 tahun.

- TINGKAT PENEGAK
Amatir tingkat Penggalang yang telah memegang lisensi sekurang-kurangnya 1 tahun dapat mengikuti kenaikan tingkat ke Penegak. Materi ujian sama dengan tingkat Penggalang dengan bobot tingkat lanjut (advanced), dan uji kode morse 8 WPM.
Amatir Radio tingkat Penegak memiliki hak-hak penuh sebagai amatir radio, dan dibenarkan bekerja di seluruh band amatir radio dengan seluruh moda komunikasi yang tersedia. Daya pancar maksimal 1000 watt (HF) dan 500 watt (VHF/UHF). Callsign untuk tingkat Penegak ditandai dengan prefix : YB atau YE. Lisensi tingkat penegak berlaku untuk 5 tahun.

8305. Propagasi malam ini 18/08/2013

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-18 16:42:17 UTC
From: hendro s.joedho
Topic: 8305 Message: 8305

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh.
Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

Om Hendro emang mantap,,

Tadi malam asyik ikut SARTG RTTY bagian 3 di 15M..

Saya berharap ßišª dapat QSO dengan OX5YL ..
Stn langka tuu om Hendro ,, kebetulan YL op dari Greenland belum saya punya..

Lain kali kalo dgr CE6WNM tolong kabarin ya,, lewat milist ybdxc.
Kebetulan YL op dari Chile juga belum punya..

Senang rasa jika jika ßišª kumpulin YL DXCC om Hendro.. Xiixixixi

Subject: [YBDXC_News] Propagasi malam ini 18/08/2013

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh.
Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

Selamat Ulang Tahun OM Hen, semoga selalu sehat dan sukses....
Senang bisa sama-sama "hunting" dengan OM Hen semalam. Faktor keberuntungan lebih berpihak ke saya semalam, band ke -3 dengan CE yang saya dapat setelah 15 dan 17 m. Surprise juga bisa dengar CE di 10m.
Sekali lagi selamat ulang tahun ya OM Hen....

Mbak Endang ,,,

Kalo propagasi tiap hari bagus,,
Saya yakin om Hendro pasti akan awet muda,, hehhehe

Oh ya!! Sedikit meleceng dari topik dan ucapan HBD ,,
Mohon tanya apakah QSL card yg saya kirim ke box Lokal ,,
Sudah diterima atau belum??
Saya kirim dalam 1 amplop bersamaan dengan YC0MEI ...
Sudah cukup lama juga.. Tidak lama setalh kita QSO pada kontes kebayoran tahun lalu..
Mohon infonya mbak,,

DXCC COUNTRY/ENTITY REPORT
According to the AR-Cluster Network for the week of Sunday, 11th-August, through Sunday, 18th-August there were 221 countries active. Countries available: 3A, 3B8, 3B9, 3V, 3W, 3X, 4J, 4L, 4O, 4S, 4U1I, 4X, 5A, 5B, 5H, 5R, 5T, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, E6, E7, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FK, FM, FO, FR, FS, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, H40, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J7, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ4, PJ7, PY, PZ, R1FJ, S2, S5, SM, SP, ST, SU, SV, SV5, SV9, T7, TA, TF, TG, TI, TK, TL, TN, TR, TT, TU, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VP2E, VP2V, VP8, VP8/h, VP9, VR,
VU, XE, XU, XW, XZ, YA, YB, YI, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZC4, ZD7, ZD8, ZF, ZL, ZP, ZS, ZS8
* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).
2013 MOST WANTED SURVEY (Now available on the DX Publishing Web site)
Carl, N4AA, editor of "QRZ DX" and "The DX Magazine", reports that by popular demand many countries have been added to the survey for this year. Deadline for entry is October 15, 2013. To participate, fill out the survey form at:
http://dxpub.com/survey/survey2013.html
The results are usually published in the January-February 2014 issue of "The DX Magazine", and the world-wide results will be posted to the Web site around January 15th, 2012, as well. The breakdown by mode/Low Bands will be published in the Mar/Apr 2014 issue of the magazine.
3D2, FIJI (Also T33A News)
Jay, AA4FL, announced on QRZ.com this past week [edited]: "I will be arriving in Fiji on October 30, 2013, in route to Tarawa with the final destination to Banaba Island for the

T33A DX- pedition. I will also have a day to operate on the return leg, info to be posted. 3D2FL has been issued and I will have an ICOM IC-7000 with me. Operation will be 100w, most likely PSK31. See www.t33a.com for information about the Banaba DXpedition. On Banaba Island, I will also be providing dental (teeth) extractions for the local residents. Thank you to the Medical Amateur Radio Council (MARCO) www.marco-ltd.org and its charitable arm Medishare www.medishare.org, for support of this effort. Hope to work you!.... 73, Jay"

OC-108. Reports indicate that Anambas Island will take place during mid-September after the YE5S activity (see OPDX.1121) .

OC-197. (Update) Adhi (Bimbo), YB3MM, will be active as YB3MM/p from Bawean Island between August 24-25th. Operations may be post- poned or cancelled depending on the weather. Activity will be on 20 and 15 meters using a Kenwood TS-450 into monobander beams. QSL via IZ8CCW, direct or PayPal. For updates, watch his Web Blog page at:

http://dokufunk.org/amateur_radio/personalities/

Legends of Amateur Radio - Biographies, Expeditions, Picture Galleries
03.10.11
Who is a "prominent" radio operator? A king, a state president, prime minister, or sultan? A pop-singer, Nobel-prize-winner, or jazz musician? A polar explorer or a DXpeditioner? And who decides what "prominence" means? We present, on this pages, a random number of personalities - of fame or shame. Judge yourself.

A gallery of legendary operators
compiled by Mike Manafo, K3UOC & WH2D, of the Marianas ARC, is to be found at ext. Link

The "Hall of Fame"
ext. Link a semi-official virtual pantheon of amateur radio, initiated by CW Magazine, assembles the most outstanding personalites of their era - or those who once were considered to be the big guns of their time. Some of them are really unforgotten, the glory of others faded, and a few real pioniers never made it to that list - but such things happen whenever a jury has to decide.

The "Original Famous Hams and ex-Hams List"
one of the most comprehensive of its kind, was compiled by N2GJ & W2SG ext. Link

Inventors with ham background
Presented by the Highfields Amateur Rasdio Club - ext. Link

Subject: [YBDXC_News] Propagasi malam ini 18/08/2013

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh.
Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

Rekan-rekan anggota ORARI yg saya cintai,

Saya mengucapkan terima kasih atas semua ucapan dan doa yg disampaikan oleh rekan-rekan untuk saya & keluarga pada HUT saya hari ini.

Semoga segala kebaikan juga terlimpah kepada semua rekan ORARI dan semoga kita semua senantiasa dalam bimbingan dan lindungan Allah SWT. Aamin, Allahuma aamiin.

wassalam

Bung Joni,
Mohon maaf (mumpung masih bulan Syawal, stock maaf pastinya masih numpuk ya) saya belom terima, mungkin masih masih nyangkut...

Coba nanti saya cek lagi ya.
saya juga mau tanya itu balasan atau kiriman? Kalo kiriman harus segera dibalas dong ya..
Sekali lagi ma'aaaaaf banget...

Salam dari Jakarta/Bintaro

Mbak Endang ,,,

Kalo propagasi tiap hari bagus,,
Saya yakin om Hendro pasti akan awet muda,, hehhehe

Oh ya!! Sedikit meleceng dari topik dan ucapan HBD ,,
Mohon tanya apakah QSL card yg saya kirim ke box Lokal ,,
Sudah diterima atau belum??
Saya kirim dalam 1 amplop bersamaan dengan YC0MEI ...
Sudah cukup lama juga.. Tidak lama setalh kita QSO pada kontes kebayoran tahun lalu..
Mohon infonya mbak,,

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh.
Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi

kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

Oh, saya gak tahu kalo ada YL DXCC.
Sepertinya sih semalam itu OX5YL juga CE6WNM pile up gak terlalu berat dan signalnya juga bagus saya terima, tapi koq saya lebih tertarik ke mbak Dina - CE6WNM ini.

Sayangnya saya koq gak sempat terrfikir infokan dan minta bantuan rekan2 melalui milis, khan kalo banyak yg panggil dari YB-land ada kemungkinan dia akan bearing kesini. HI.

Mengenai pengarahan/bearing antenna - saya agak rancu dengan beberapa pendapat.
Selama ini saya menggunakan data yg diberikan oleh DXWatch atau QRZ.com untuk arah antenna ke stasiun radio yg akan kita tuju.

Contohnya utk CE6WNM ini, dari QRZ.com diperoleh data :Lookups 1614 (1833)
QRZ Admin CE6WNM
Last Update 2011-10-22 19:28:42
Latitude -39.282820 (39° 16' 58'' S)
Longitude -72.230019 (72° 13' 48'' W)
Grid Square FF30vr
Geo Source User supplied
Bearing 180.0° S (from YC0QR)
Distance 9296.5 mi (14961.3 km)

Kalo data dari DXWatch - CE6WNM = 181 deg dari QTH saya tapi dari YB1UUN arah terbaiknya 60deg. seperti yg disarankan ke saya, yg setelah saya coba justru mbak Dina melemah.

Apakah posisi OI33kt di Jakarta Pusat dan OI33hr di Serpong penyimpangannya sampai jauh begitu.
Tolong dong pencerahan dari yang mengerti mengenai hal ini.

73 es tnx

Om Hendro emang mantap,,

Tadi malam asyik ikut SARTG RTTY bagian 3 di 15M..

Saya berharap ßišª dapat QSO dengan OX5YL ..
Stn langka tuu om Hendro ,, kebetulan YL op dari Greenland belum saya punya..

Lain kali kalo dgr CE6WNM tolong kabarin ya,, lewat milist ybdxc.
Kebetulan YL op dari Chile juga belum punya..

Senang rasa jika jika ßišª kumpulin YL DXCC om Hendro.. Xiixixixi

Mbak Endang,,

QSL tsb saya kirim ke box lokal kebayoran,,
Karna saya lihat nomor box nya sama yg di qrz.com punya mbak Endang dan om Meizon,
Makanya saya kirim dalam 1 amplop saja..

Mungkin ga sampai QSL saya..

Ok,, besok saya kirim ulang sekali lagi..

Tnx
Salam hormat buat keluarga

OM Hen, semalam saya juga sudah putar2 antena kesana kemari, yang paling besar ada di 60 derajat dan di arah itulah saya bisa memanggil CV5A dan CE6WNM dalam tenggang waktu hanya terpaut 2,5 jam (CV5A worked di 15m, CE6NWM di 10m). Padahal biasanya kalau malam hari Long Path cenderung lebih bagus.....

Distance 9296.5 mi (14961.3 km)

Kalo data dari DXWatch - CE6WNM = 181 deg dari QTH saya tapi dari YB1UUN arah terbaiknya 60deg. seperti yg disarankan ke saya, yg setelah saya coba justru mbak Dina melemah.

Apakah posisi OI33kt di Jakarta Pusat dan OI33hr di Serpong penyimpangannya sampai jauh begitu.
Tolong dong pencerahan dari yang mengerti mengenai hal ini.

73 es tnx
hen-yc0qr

Kalo data dari DXWatch = 181 deg.

Om Hendro emang mantap,,

Tadi malam asyik ikut SARTG RTTY bagian 3 di 15M..

Saya berharap ßišª dapat QSO dengan OX5YL ..
Stn langka tuu om Hendro ,, kebetulan YL op dari Greenland belum saya punya..

Lain kali kalo dgr CE6WNM tolong kabarin ya,, lewat milist ybdxc.
Kebetulan YL op dari Chile juga belum punya..

Senang rasa jika jika ßišª kumpulin YL DXCC om Hendro.. Xiixixixi

Om Hendro,
Wah saya juga kurang beruntung, keasikan main RTTY di 17m.
Jadi ga dapat mbax Dina.
73 de Zen

OM Joni,
Saya akan coba juga koleksi YL - maksudnya mau cari QSO dg YL station.

Tapi QSO saya dg mbak Jilly - YB1JYL sepertinya not in her log, karena sampai terakhir mbak Jilly upload log-nya ke LoTW kemarin (18/08/2013) - blm muncul di saya. :-(

Om Edwin,

Mudah mudahan Om.. Hehehe..

Klo menurut email dari WLOTA pusat, sepertinya tuk Oceania, ekspedisi YB0D kemungkinan besar akan meraih the best place in Oceania tapi tuk the best in the World harus menunggu keputusan yg akan dibuat diawal th depan.. Just hope for the best bro Edwin n banyak Berdoa..

Thanks for your support bro..

Hello Om Hen,

Happy Birthday bro ! Semoga Panjang Umur, Sehat n Sejahtera selalu. Kapan ngundang nih?? Hehehe

Wah rupa nya saya keliru callsign Om Budi dengan Om Yana.. Mhn maaf sebesar besarnya kepada Om Budi YF1AR dan Om Yana YB1AR. Mhn maaf juga kepada om Iwan YE1NZ.

Enjoy DX yaa Om Hen, terutama di hi-band.. Malam ini saya rencana mau buka warung di 15M n cari NA stations..

Salam,
JOY/YB0NSI.

OM Joni,
Alhamdulillah akhirnya sampai juga si TOTOD yah ? HI
Saya terima QSL TO2D pada Nov.2012 dari Switzerland, 5T0SP via LoTW saja sedangkan TX5K juga sedang tunggu - katanya besok akan diantar oleh tukang pos (hahaha cuma bikin senang hati saja).

Tapi yang pasti payah yah.... CQ Magazines yg sejak Juni 2013 sampai saat ini gak jelas nasibnya.

Subject: [YBDXC_News] Propagasi malam ini 18/08/2013

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh.
Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

>Walaupun propagasi tidak terlalu kondusif, namun YB0D dapat menghasilkan kontak sebanyak 2500an stsn di HF dan 2 meter, ALL mode. Komentar2 yg kita simak di cluster semuanya positif dengan pujian yg positif terhadap operator2 YB0D.
>
>
>Demikian Om Hen n rekan2 sekilas laporan kegiatan YB0D yg saya dapat berikan.
>
>
>YB0D adalah suatu ekspedisi yg dirancang oleh pemimpin dan penanggung jawab ekspedisi, yaitu Om Rashid YC0SGA dan dibantu oleh Om Fachmi YB0MF yg juga WLOTA checkpoint officer tuk Oceania dan di eksekusi dengan baik oleh Tim Leader, Om Fabian YC0NHR dan anggota2 Orari se DKI dengan tujuan bukan hanya mau dapat kontak dengan 10,000 stsn, tapi yg lebih penting menunjukan SOLIDARITAS antara rekan2 di seluruh YB Land dari yg pemula sampai yg dah duluan. Kalau menurut saya, di hobi ini tidak ada istilah senior atau junior. Istilah ini yang sering digunakan oleh salah satu rekan kita dari call area 6 dan sepertinya beliau ini sangat n sering keliru, hehehe. Semua anggota di Welcome oleh panitia YB0D n yg penting rekan2 yg ikut di YB0D dan rekan2 yg berhasil kontak dengan YB0D are all Very Happy !! QSL card is on the way.
>
>
>Mudah-mudahan ekspedisi YB0D dapat berkesan selama-lamanya di kenangan para partisipan.
>
>
>Terima kasih kepada seluruh rekan2 crew YB0D, terutama kepada Logistic Leader Om Toto YB0OXL yg memastikan semua tim member dan radio equipment selamat dan kepada Om Yanto YB0ORR yg memastikan ekspedisi ini dapat eksposure yg baik dengan video, photo, T-Shirt dan spanduk nya yg menarik. Terima kasih juga kepada tim support lain nya, Om Ade YC0OHG, Om Tito YB0OKR dan Om Ozu YC0OZU dan rekan2 support crew lain nya yg dapat mendirikan n menurunkan sistim antena dengan cepat n mulus dan memutar-mutarkan tujuan yagi antena sesuai kemauan operator alias sebagai human rotator, hehehe.
>
>
>Terutama saya mewakili tim YB0D ingin mengucapkan Terima Kasih kepada seluruh rekan2 yg telah berpartisipasi dan atas Dukungan dan Doa nya. Semoga YB0D bisa mendapatkan gelar the Best WLOTA Expedition in the World tuk tahun 2013.
>

Mbak Endang,,

QSL tsb saya kirim ke box lokal kebayoran,,
Karna saya lihat nomor box nya sama yg di qrz.com punya mbak Endang dan om Meizon,
Makanya saya kirim dalam 1 amplop saja..

Mungkin ga sampai QSL saya..

Ok,, besok saya kirim ulang sekali lagi..

Tnx

Mbak Endang ,,,

Kalo propagasi tiap hari bagus,,
Saya yakin om Hendro pasti akan awet muda,, hehhehe

Oh ya!! Sedikit meleceng dari topik dan ucapan HBD ,,
Mohon tanya apakah QSL card yg saya kirim ke box Lokal ,,
Sudah diterima atau belum??
Saya kirim dalam 1 amplop bersamaan dengan YC0MEI ...
Sudah cukup lama juga.. Tidak lama setalh kita QSO pada kontes kebayoran tahun lalu..
Mohon infonya mbak,,

Selamat Ulang Tahun OM Hen, semoga selalu sehat dan sukses....
Senang bisa sama-sama "hunting" dengan OM Hen semalam. Faktor keberuntungan lebih berpihak ke saya semalam, band ke -3 dengan CE yang saya dapat setelah 15 dan 17 m. Surprise juga bisa dengar CE di 10m.
Sekali lagi selamat ulang tahun ya OM Hen....

Subject: [YBDXC_News] Propagasi malam ini 18/08/2013

Propagasi malam ini utk 15M seperti lumayan, menurut QRZ.com day/night utk 17/15M = GOOD, sedangkan 12/10M day/night = FAIR/GOOD.
Sudah beberapa hari/minggu ini propagasi utk 15M dan 10M gak mengasyikkan, tapi malam ini....??

Monitor dan patroli di 15M, beberapa sta W-land CQing juga terdengar OX5YL dxped yg operatornya YL sedang dipileup, signalnya lumayan kuat - tapi utk 15M saya sudah confirmed dengan OX3KQ (LoTW).
Lihat di DXWatch ada stasiun YL Chile - CE6WNM di 10M - langsung switch antenna ke 10M juga IC-718 dan menemukan CE6WNMsedang CQing dan pileup yang ada sepertinya gak terlalu heboh. Surprised - baru malam ini bisa dengar stasiun dari Chile, langsung ancang2 dan coba panggil. Masuk juga YB1UUN yg mencoba peruntungan malam ini.

Sempat terdengar mbak Dina (CE6WNM) panggil YB1..., lalu YB1UUN dg excited memanggil tapi gagal dan dia QSO dg stasiun lain. YB1UUN memberi kesempatan YC0QR utk coba, tapi dia gagal juga.
Akhirnya dari beberapa panggilan kembali YB1UUN dapat kans, gagalnya sempat bikin sakit

hati juga karena mbak Dina sudah panggil YB1UU... karakter ketiga salah terus dan lewat lagi kesempatan itu.

Saya sarankan utk mengganti fonetik "November" dg "Nicaragua" - dan kembali YB1UUN naik panggung utk mencoba nembak mbak Dina, dengan "Nicaragua" = Nih cara gua.
Akhirnya pinangan OM Uun diterima mbak Dina dg sukacita (sempat terdengar ketawa kecilnya) ketika dia ngerti karakter yg tadi dia salah tangkap lagi adalah "NOVEMBER".

WORKED.

Saran OM Uun agar "diplesetin" udah saya coba dari tadi tetap gagal, akhirnya terdengar juga OM Yongki (YB0COU) masuk kancah.
Sayang sampai akhirnya mbak Dina tak terdengar, mungkin QRT karna capek atau propagasi kembali suram - YC0QR dan YB0COU gagal utk meminang mbak Dina - mungkin karna sudah keburu jatuh cinta dengan OM Uun.

Selamat yah OM Uun.

Perbedaannya antara bulan dan matahari ya...
Iya Steve, itu yg aq kejar, kalo lagi monitor bening2 di 20m rasanya pengen join, tapi terbatas bandnya.. He he..

Dapet salam, dari temen lama..

Hello Om Steve,

QSL baru mau otw Om.. Mudah mudahan sblm akhir bln sdh tiba di WLand, hihi..

Semalam sy beserta Om Firdaus YB8SI/0 buka warung di 15M selama 2 jam lebih dari puluk 21:15 WIB.. Lumayan mendapat 40an stasiun dari NA, kebanyakan dari Mid West ke East Coast. Kali ini tdk dapat kontak dengan West Coast karna mungkin msh terlalu pagi. Sayangnya menjelang tengah malam propagasi sdh mulai menutup dan Eropa mulai terdengar.. Saya QRT n Om Firdaus msh lanjut dengan Eropa.

Will try again tonight.. Siapa tau bisa dpt SD, ND n Nebraska, hihi..

Salam,
JOY/YB0NSI

iPhone is Cool !

>>
>> Hi Om Hen n Rekan2 DXers,
>>
>> MERDEKA !!
>>
>> Ekspedisi YB0D dirancang dengan bbrp Misi/missions. Selain untuk merayakan HUT Jakarta, misi utama lain nya adalah untuk me-eratkan hubungan lokal dan anggota nya se DKI, membagi-bagi pengalaman dan ilmu para DXers di YB land dan memperkenalkan dunia DXing kepada rekan2 pemula sbb;
>>
>> 1. ada bbrp rekan "pemula" yg kami sempet bimbing dan mereka sekarang dah sering meng DX secara berdikari..
>>
>> 2. Ada juga rekan2 yg belum pernah di mode digital, mereka dapat pelajaran singkat dari pakarnya, yaitu Om Dicky YB0JZS. Bbrp rekan yg belum pernah operate dengan mode CW sangat terkesan dengan operator2 CW mahir seperti Om Handry YB0NCS, YL Ina YD1NAA dan OM Edwin YD1DBB dan sekarang ada bbrp rekan2 tsbt telah mulai menekuni ilmu CW yg diajari oleh YL Ina.

>>
>> 3. yg rekan2 baru belajar DX dapat melihat langsung pakar DXer seperti Om Budi, YB1AR dan Om Ferry, YB0AR beraksi dan lihat langsung bagaimana mereka menghandle huge pile up yg luar biasa padatnya. Om Ferry melakukan nya dengan cara membuat Call List n memerintah rekan2 yg agak bandel dengan kata2 tegas, "u r not in the list !!", atau "u r in the list, plse st by".. Seru juga.. Hehehe.. Gaya membuat List ini boleh ditiru oleh rekan2 yg suka DX n mengalami huge pile up..disamping itu, kita dapat juga menyimak Om Iwan YE1WNZ dengan gaya multi-lingual nya saat meresponse sebuah kontak dengan bahasa Spanyol, Russia dan Italiano.. Grazie Om Iwan, hehehe.
>>
>> 4. Rekan2 yg tidak terlalu mahir secara teknis dapat melihat langsung rekan2 yang "jago" membuat antena, balun dll seperti yg dilakukan oleh Om Jeffry, YC0LOU dan Om Syaiful YB0PUL dimana mereka mendirikan sistem antena, membuat balun secara sederhana tapi sangat efektif, dll., dan
>>
>> 5. Yang penting bagaimana rekan2 yg bergabung di tim YB0D dengan latar belakang yg sangat bervariasi dapat bekerja sama dengan baik, alias very very good Team Work. Tidak ada istilah boss atau anak buah tapi semuanya rata n bekerja sebagai tim work yg efektif dengan tujuan yang sama, yaitu mengibarkan Bendera Merah Putih kepada mata n telinga diseluruh Dunia.
>>
>> Walaupun propagasi tidak terlalu kondusif, namun YB0D dapat menghasilkan kontak sebanyak 2500an stsn di HF dan 2 meter, ALL mode. Komentar2 yg kita simak di cluster semuanya positif dengan pujian yg positif terhadap operator2 YB0D.
>>
>> Demikian Om Hen n rekan2 sekilas laporan kegiatan YB0D yg saya dapat berikan.
>>
>> YB0D adalah suatu ekspedisi yg dirancang oleh pemimpin dan penanggung jawab ekspedisi, yaitu Om Rashid YC0SGA dan dibantu oleh Om Fachmi YB0MF yg juga WLOTA checkpoint officer tuk Oceania dan di eksekusi dengan baik oleh Tim Leader, Om Fabian YC0NHR dan anggota2 Orari se DKI dengan tujuan bukan hanya mau dapat kontak dengan 10,000 stsn, tapi yg lebih penting menunjukan SOLIDARITAS antara rekan2 di seluruh YB Land dari yg pemula sampai yg dah duluan. Kalau menurut saya, di hobi ini tidak ada istilah senior atau junior. Istilah ini yang sering digunakan oleh salah satu rekan kita dari call area 6 dan sepertinya beliau ini sangat n sering keliru, hehehe. Semua anggota di Welcome oleh panitia YB0D n yg penting rekan2 yg ikut di YB0D dan rekan2 yg berhasil kontak dengan YB0D are all Very Happy !! QSL card is on the way.
>>
>> Mudah-mudahan ekspedisi YB0D dapat berkesan selama-lamanya di kenangan para partisipan.
>>
>> Terima kasih kepada seluruh rekan2 crew YB0D, terutama kepada Logistic Leader Om Toto YB0OXL yg memastikan semua tim member dan radio equipment selamat dan kepada Om Yanto YB0ORR yg memastikan ekspedisi ini dapat eksposure yg baik dengan video, photo, T-Shirt dan spanduk nya yg menarik. Terima kasih juga kepada tim support lain nya, Om Ade YC0OHG, Om Tito YB0OKR dan Om Ozu YC0OZU dan rekan2 support crew lain nya yg dapat mendirikan n menurunkan sistim antena dengan cepat n mulus dan memutar-mutarkan tujuan yagi antena sesuai kemauan operator alias sebagai human rotator, hehehe.
>>
>> Terutama saya mewakili tim YB0D ingin mengucapkan Terima Kasih kepada seluruh rekan2 yg telah berpartisipasi dan atas Dukungan dan Doa nya. Semoga YB0D bisa mendapatkan gelar the

Best WLOTA Expedition in the World tuk tahun 2013.
>>
>> Salam Merdeka !!
>>

Terima kasih OM Ndut.

Saya ingat awal (th. 2003) diajak teman makan siang di soto betawi Bang Tata di Tamansari, biasanya jaman masih dinas saya paling malas makan keluar karna jalan yg macet di jakarta. Tapi waktu itu sekali nyoba di Bang Tata, saya ketagihan dan selalu nambah - sampai sepulang dari makassar saya kangen dan ajak keluarga makan disana - obat kangen.

Ternyata yg jual sekarang isterinya dan rasanya juga sudah gak asyik lagi, apalagi si isteri ini orangnya latahan dan sering keluar kata2 mutiara, bikin tambah hilang selera.

Tinggal nyoba Haji Iyus ini blm - sapa tahu bisa jadi ganti Bang Tata Tamansari.
Kalo lihat OM Anton-YB5QZ dan OM Joni-YB9WZJ sampe gobyos keringetan sih... mantap mentong tuh.

hen

Om Hendro,,

Bukan hanya itu saja,,
Sehabis dari tiki kemarin,,
Kita sempat ketemu om Hotang di rumah sakit Cikini..
Kebetulan beliau ada disana,,
Kakak beliau sedang dirawat karna jatuh dari atap..
Habis dari ketemu om Hotang,,
Kembali om Ndut jamu kami dengan bubur Cikini ,, mantap banget juga om .. Hehehehe

Ternyata yg jual sekarang isterinya dan rasanya juga sudah gak asyik lagi, apalagi si isteri ini orangnya latahan dan sering keluar kata2 mutiara, bikin tambah hilang selera.

Tinggal nyoba Haji Iyus ini blm - sapa tahu bisa jadi ganti Bang Tata Tamansari.
Kalo lihat OM Anton-YB5QZ dan OM Joni-YB9WZJ sampe gobyos keringetan sih... mantap mentong tuh.

hen

Om Hendro yg terhormat... Selamat Ulang Tahun ... Semoga sukses dan selalu di berikan kesehatan dan di jauhkan dari marabahaya.

Kapan om Hendro mau ngobrol sambil makan Soto di Haji Iyus.. ??? Kita SKED aja..
Hahhahhahahahaha..

Regards:

Ndut

OM Ndut,
Saya belum sempat coba kehebatannya Haji Iyus, partomuan sudah keburu selesai/bubar tuh.
Perlu ada acara ulang tuh. HI

Pagi tadi QSL card saya sudah jalan ke W2FB.
Dengan perhitungan tarip baru yg dapat dari OM Adhi/OM Busan ke USA = Rp. 10.000/20gram, saya cek stock prangko di kotak saya, adanya pecahan Rp 2.000,- berarti terlalu rame kalo 5 perangko baris berendeng dg gambar yg sama.

Mampir ke kantor pos, tanya "apakah tarip pos sudah naik" - petugas jawab "belum, masih yg lama".
Saya serahkan amplop isi 1 QSL card utk ditimbang (biasanya sdh tertempel perangko), beratnya cuma 5 gram, petugas ngebet catatan tarifnya - saya langsung bilang "Delapan ribu".
Wah sudah hafal ya..., saya serahkan uang 50 ribuan.

Ternyata stock perangko di kantor pos yg ada cuma tinggal pecahan 2500.
Kalo tempel 3 lbr = 7500 brarti kurang gopek - akhirnya yah tempel 4x2500 = 10 ribu.

Jadi lucu, tarif belum naik ke USA masih 8000, tapi perangko adanya pecahan 2500 - so akhirnya yah pake tarif baru juga = ceban (10 ribu) HI.

Hello Om Steve,

QSL baru mau otw Om.. Mudah mudahan sblm akhir bln sdh tiba di WLand, hihi..

Semalam sy beserta Om Firdaus YB8SI/0 buka warung di 15M selama 2 jam lebih dari puluk 21:15 WIB.. Lumayan mendapat 40an stasiun dari NA, kebanyakan dari Mid West ke East Coast. Kali ini tdk dapat kontak dengan West Coast karna mungkin msh terlalu pagi. Sayangnya menjelang tengah malam propagasi sdh mulai menutup dan Eropa mulai terdengar.. Saya QRT n Om Firdaus msh lanjut dengan Eropa.

Will try again tonight.. Siapa tau bisa dpt SD, ND n Nebraska, hihi..

Salam,

Om Hendro,,

Bukan hanya itu saja,,
Sehabis dari tiki kemarin,,
Kita sempat ketemu om Hotang di rumah sakit Cikini..
Kebetulan beliau ada disana,,
Kakak beliau sedang dirawat karna jatuh dari atap..
Habis dari ketemu om Hotang,,
Kembali om Ndut jamu kami dengan bubur Cikini ,, mantap banget juga om .. Hehehehe

Om Hendro ,,

Hahhaah akhirnya bubur cikini.. Emang sudah malam juga sih,, habis itu kita diantar ke hotel Atlantic oleh om Ndut,,

Pokoknya kuliner om Ndut jagonya,, emang ga salah dipanggil Gendut,, hahahaha

Pernah juga diajak makan nasi uduk di kebun kacang daerah Tanah Abang.. mantap juga om.. Hahaha

OM Hen,

Itulah kantor pos di sini, beda kantor pos bisa beda tarif.
Waktu saya mau kirim QSL Card di kantor pos BSD saya jelas2 ditunjukkan daftar tarif barunya, tapi koq bisa di kantor pos OM Hen masih pakai tarif lama?
Yang aneh lagi tarifnya naik tapi tidak didukung oleh tersedianya pecahan perangko yang ada, sehingga mau tidak mau harus pembulatan ke atas...

Ya, rupanya yang disini belum dapat pemberitahuan dan copy tarif barunya.
Atau mungkin karna yg disini dekat rumah saya itu "Kantor Pos Pembantu" jadi tarifnya dimurahkan karna utk PRT xixixixixi just kidding.

Daftar yg dipegang itupun masih yg lama yg dulu saya pinjam untuk difotocopy.
Saya gak tahu apakah perangko pecahan 1500 itu masih ada di kantor pos pusat, karna selalu tidak tersedia di kantor pos sini, walopun gambar/jenis yg nominal 2000 dan 2500 seringkali ganti.

OM Uun sudah dapat Palestine di 15M ?
Saat ini 12.38 Z masih ada di 21.276MHz - alhamdulillah saya sudah worked tadi juga OM Arief-YB0NFL saya monitor OK.

Dear All,

One of the most interesting ways to use Club Log is to join your clubs, so that you can participate in your own leagues against friends. Also, if you are interested in joining in the HF or LF challenges organised by CDXC, then you can join these contests in Club Log and have your score automatically calculated by Club Log.

Note: members must add themselves to this club. Instruct them to click 'Settings' and then go to the 'Clubs' tab to join. This method allows users to opt-out (by default) of leagues and DXpedition charts. The opt-in principle is how Club Log is intended to work.

PS: Only YBDXC registered member who got the number membership will be approved.

http://www.clublog.org/edituser.php goes to settings, goes to clubs, thick YBDXC, goes to join clubs

OM Uun,
Kalo mikir 80M memang bikin agak pesimis ya, yg saya pernah lihat antenna yaginya YB0WR untuk 80M.
Saya lihat di foto dokumentasi instalasinya orang yg masang berdiri di boomnya, kebayang aja beratnya antenna, besarnya rotator dsb.

Utk Palestine saya yg sudah confirmed QSO dengan E40VB di 10M, jadi lumayan juga dengan E44PM di 15M masih new entitity.
Barusan 17.30Z di 28.450MHz, sayup terdengar lagi Chile-CE2SQE, saya coba panggil masih gak terdengar sayangnya waktu saya putar2 rotator, malahan hilang sama sekali.

Ya, rupanya yang disini belum dapat pemberitahuan dan copy tarif barunya.
Atau mungkin karna yg disini dekat rumah saya itu "Kantor Pos Pembantu" jadi tarifnya dimurahkan karna utk PRT xixixixixi just kidding.

Daftar yg dipegang itupun masih yg lama yg dulu saya pinjam untuk difotocopy.
Saya gak tahu apakah perangko pecahan 1500 itu masih ada di kantor pos pusat, karna selalu tidak tersedia di kantor pos sini, walopun gambar/jenis yg nominal 2000 dan 2500 seringkali ganti.

OM Uun sudah dapat Palestine di 15M ?
Saat ini 12.38 Z masih ada di 21.276MHz - alhamdulillah saya sudah worked tadi juga OM Arief-YB0NFL saya monitor OK.

Subject: ARRL: Free Gift for Logbook of the World Users

There has never been a better time to join ARRL. Enjoy NEW benefits and get a free gift!
Join Now>
As an ARRL Logbook of the World (LoTW) user, you've demonstrated a special commitment to being an active ham—operating your radio to contact hams in far away and nearby places. Maybe you also enjoy the competitive spirit of Amateur Radio contesting and award hunting. Your participation in LoTW contributes to everyone's enjoyment of radio sport.

Take the next step. Join ARRL and get ARRL's 2012 Periodicals on DVD. There's no better way to enjoy Amateur Radio to the fullest than by becoming an ARRL Member, today! ARRL memberships have funded the development of LoTW – and your membership will fund future enhancements to LoTW as well as the addition of new contests and awards. Your ARRL membership entitles you to several benefits. You may choose to receive ham radio's most popular magazine, QST—delivered to your mailbox each month. Each issue is filled with articles devoted entirely to Amateur Radio: the latest news, projects, trusted product reviews, radiosport and events, and more! Members have access to members-only features on the ARRL web site – www.arrl.org – including access to decades of QST via ARRL's online digital archive. And there's so much more! Join Now>

NEW ARRL Membership Benefits: Digital Edition of QST! All ARRL members now have access to the digital edition of QST. You can read QSTon nearly any device, including desktop or laptop computer, smartphone, tablet, and e-book reader. There's even a dedicated app for Apple iOS devices--iPad, iPhone and iPod touch. Enjoy enhanced content, convenient access, and a more interactive experience. Exclusively for ARRL members! Join Now>

Membership in ARRL for international and Canadian hams is $39 (digital QST only). Delivery of monthly QST via mail is $62 for international members and $49 for Canadians. Join Now>

JOIN ARRL
To join ARRL, please use the links in this message to visit ARRL's secure online membership form.
Or, call our Membership Team toll-free in the US 1-888-277-5289,
Monday through Friday from
8 AM to 5 PM Eastern time [Outside US telephone (860) 594-0355].

http://www.ppk-kp3k.kkp.go.id/direktori-pulau/index.php/public_c/menu_info/1

Informasi PPK

Pengertian pulau kecil menurut Undang-Undang 27 Tahun 2007 adalah pulau dengan luas lebih kecil atau sama dengan 2.000 Km2 (dua ribu kilometer persegi) beserta kesatuan ekosistemnya. Di samping kriteria utama tersebut, beberapa karakteristik pulau-pulau kecil adalah secara ekologis terpisah dari pulau induknya (mainland island), memiliki batas fisik yang jelas dan terpencil dari habitat pulau induk, sehingga bersifat insular; mempunyai sejumlah besar jenis endemik dan keanekaragaman yang tipikal dan bernilai tinggi; tidak mampu mempengaruhi hidroklimat; memiliki daerah tangkapan air (catchment area) relatif kecil sehingga sebagian besar aliran air permukaan dan sedimen masuk ke laut serta dari segi sosial, ekonomi dan budaya masyarakat pulau-pulau kecil bersifat khas dibandingkan dengan pulau induknya.

Subject: [YBDXC_News] Palestine E44PM

OM Uun,
Kalo mikir 80M memang bikin agak pesimis ya, yg saya pernah lihat antenna yaginya YB0WR untuk 80M.
Saya lihat di foto dokumentasi instalasinya orang yg masang berdiri di boomnya, kebayang aja beratnya antenna, besarnya rotator dsb.

Utk Palestine saya yg sudah confirmed QSO dengan E40VB di 10M, jadi lumayan juga dengan E44PM di 15M masih new entitity.
Barusan 17.30Z di 28.450MHz, sayup terdengar lagi Chile-CE2SQE, saya coba panggil masih gak terdengar sayangnya waktu saya putar2 rotator, malahan hilang sama sekali.

http://www.ybdxc.net/2013/08/daftar-pulau-terluar-indonesia.html

http://id.wikipedia.org/wiki/Daftar_pulau_terluar_Indonesia

Daftar pulau terluar Indonesia

Halaman ini memuat daftar 92 pulau terluar Indonesia berdasarkan Peraturan Presiden Nomor 78 Tahun 2005. Peraturan Presiden tersebut ditandatangani oleh Presiden Republik IndonesiaSusilo Bambang Yudhoyono pada 29 Desember 2005. Sebanyak 92 pulau di wilayah Indonesia berbatasan langsung dengan negara tetangga di antaranya: Malaysia (22), Vietnam (2), Filipina(11), Palau (7), Australia (23), Timor Leste (10), India (13), Singapura (4) dan Papua Nugini (1). Ke-92 pulau tersebut tersebar di 18 provinsi Indonesia yaitu Nanggroe Aceh Darussalam (6),Sumatera Utara (3), Kepulauan Riau (20), Sumatera Barat (2), Bengkulu (2), Lampung (1), Banten (1), Jawa Barat (1), Jawa Tengah (1), Jawa Timur (3), Nusa Tenggara Barat (1), Nusa Tenggara Timur (5), Kalimantan Timur (4), Sulawesi Tengah (3), Sulawesi Utara (11), Maluku Utara (1), Maluku (18), Papua (6) dan Papua Barat (3).

12 Pulau Terluar (TERDEPAN) Indonesia

Indonesia adalah negara terbesar 1 di kawasan Asia tenggara, memiliki garis pantai terpanjang no2 di dunia, setelah Kanada-AS, Serta memiliki jumlah populasi penduduk terbesar no 4 dunia, setelah China, India, dan AS.

Indonesia juga memiliki lebih dari 17ribu pulau. Melalui konsep wawasan nusantara yang kemudian di adaptasi dalam ketentuan Hukum Laut Internasional UNCLOS 1982, Indonesia sebagai negara Kepulauan berhak atas kedaulatan wilayah negara kepulauan.

Terkait dengan hal tersebut, keberadaan pulau-pulau terluar sangat penting sebagai tapal batas NKRI. Sayangnya saat ini banyak sekali warga Indonesia yang tidak sadar betapa pentingnya keberadaan pulau-pulau nan mungil dan terpencil tersebut.

Berikut saya share sedikit pengetahuan mengenai keberadaan ke 12 pulau terluar tersebut. Semoga kita semua sebagai generasi muda Indonesia akan menjadikan ke-12 pulau tersebut menjadi pulau TERDEPAN bangsa Indonesia..

https://hamstudy.org/

Tips to Ensure Victory over the Technician, General, or Extra exams
Passing FCC Element 2, 3, or 4 is easier than ever. Thanks to the removal of the Morse Code requirement, full access to the test material, and study sites like this one, you'll be a licensed amateur operator in no time.
These study tips will keep you focused and ensure success on your testing day. Use them as a guideline -- you know how you learn better than anyone else, so adapt these tips to suit your needs:
* Set a deadline for taking the test
* Learn the math, memorize the rest
* Use multiple modes of learning
* Study the correct answers, not distractors
* Limit your study
See also FCC.gov: Morse Code Statement
The Technician exam is Element 2, the General exam is Element 3, and the Amateur Extra is Element 4. Element 1 was Morse code, which is no longer required.

Waduuuuhhh.....!!!???

Saya kirim sih "baru" tgl. 10 Januari 2013 - tapi parah juga nih.
Apakah tidak sampai ke yankee bravo sierra (ybs) karna dikutil oleh petugas pos atau orang jahat di guyana - atau memang gak mau balas.

Kalo CO6LC sempat dibully di cluster dan dianggap pemburu dollar saja - ternyata katanya memang banyak QSL card yg gak sampai ke dia dan akhirnya menggunakan jasa manager di spain-EA5GL.
Untuk QSL di 15M saya sudah terima dari CO6LC tapi yg di 10M sampai hari ini masih N1HIL.

Waduuuuhhh.....!!!???

Saya kirim sih "baru" tgl. 10 Januari 2013 - tapi parah juga nih.
Apakah tidak sampai ke yankee bravo sierra (ybs) karna dikutil oleh petugas pos atau orang jahat di guyana - atau memang gak mau balas.

Kalo CO6LC sempat dibully di cluster dan dianggap pemburu dollar saja - ternyata katanya memang banyak QSL card yg gak sampai ke dia dan akhirnya menggunakan jasa manager di spain-EA5GL.
Untuk QSL di 15M saya sudah terima dari CO6LC tapi yg di 10M sampai hari ini masih N1HIL.

Waduuuuhhh.....!!!???

Saya kirim sih "baru" tgl. 10 Januari 2013 - tapi parah juga nih.
Apakah tidak sampai ke yankee bravo sierra (ybs) karna dikutil oleh petugas pos atau orang jahat di guyana - atau memang gak mau balas.

Kalo CO6LC sempat dibully di cluster dan dianggap pemburu dollar saja - ternyata katanya memang banyak QSL card yg gak sampai ke dia dan akhirnya menggunakan jasa manager di spain-EA5GL.
Untuk QSL di 15M saya sudah terima dari CO6LC tapi yg di 10M sampai hari ini masih N1HIL.

http://www.youtube.com/watch?v=2qzmHeCNw1o

Ketinggian Spider beam 34 meter dari permukaan tanah , dengan hitungan dari 3 lantai pertokoan 12 meter, di tambah tower Guyed 16 meter dan ditambah masting 4 meter. Dipasang secara confisional tanpa Kren KATO 40.....di kerjakan oleh DX Aceh Group.

Dulu Om Adhi YB3MM/6 dan Om Budi YF1AR pernah menginap di Hotel 61 - Banda Aceh , persis didepan hotel tersebut....tower lama sudah di kilokan....
40M Yagi Mono Bander 4 Element dengan dual driven under contruction...
Semua material di design dengan elastis element guna menyesuaikan kekuatan angin yang ada di Aceh....mudah- mudahan bukan Taufan atau Puting beliung...

See U on the band , Dance with me on the air .....

info : YB6AR... coment via direct email...without GROUP...

8402. Bls: [YBDXC_News] co6lc via EA5GL

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-21 15:52:51 UTC
From: hendro s.joedho
Topic: 8262 Message: 8402

Betul OM Arief,

Untuk QSO di 15M, saya kirim QSL tgl.21/05/2012 ke EA5GL, sudah terima balasan tgl. 18/07/2012 (gak sampe 2 bln) dan tgl. stempel pos 11/07/2012 - jadi pengiriman dari kantor pos spain sampai ke rumah saya hanya 7 hari kalender.

Yang 10M, manager (EA5GL) bilang sudah terima dari saya dan sudah balas - tapi rupanya gak sampe ke rumah.
Lalu saya kirim biaya pos via PayPal sesuai sarannya - masih blm datang juga.

Semoga besok deh ya, OM Arief - Mr.Postman bunyikan klakson lagi di depan pagar rumah. (ngarep).

OM Uun,
Semoga peruntungannya kali ini baik deh ya.
Saya tunggu aja dulu deh - semoga bukan waiting for godot.

Waduuuuhhh.....!!!???

Saya kirim sih "baru" tgl. 10 Januari 2013 - tapi parah juga nih.
Apakah tidak sampai ke yankee bravo sierra (ybs) karna dikutil oleh petugas pos atau orang jahat di guyana - atau memang gak mau balas.

Kalo CO6LC sempat dibully di cluster dan dianggap pemburu dollar saja - ternyata katanya memang banyak QSL card yg gak sampai ke dia dan akhirnya menggunakan jasa manager di spain-EA5GL.
Untuk QSL di 15M saya sudah terima dari CO6LC tapi yg di 10M sampai hari ini masih N1HIL.

Alhamdulillah,
Hari ini juga saya terimanya QSL dari TX5K/Clipperton Isl. - cuma koq sendirian.
Maksud saya, khan pak pos "harusnya" juga antar QSL card dari CO6LC, 8R1Z, CQ Magazines (June,July, Augt) dan QST Mag. (Sept).

Maunya sih...!
Gimana nih rekan2 lainnya yg mungkin juga sedang nunggu kedatangan QSL card.

8426. FCC exam in YB land

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-08-23 08:50:16 UTC
From: w7nz
Topic: 8426 Message: 8426

Hi everybody,

We are the first and only ARRL VE Team in Indonesia that will conduct FCC exams for ham radio in the coming months. Anyone interested in obtaining an amateur radio license from the FCC (United States) needs to register for the exam with us now (at this time walk-ins are not allowed due to limited exam supplies). The fee is $15 per try (Upgrading after successful completion of the lower class exam is free. Repeat exam will cost you another $15). The fee is payable at the door, only US Dollar is accepted, and no Rupiah. We don't have change, so please bring the exact amount.

On the exam day, you are required to bring photocopies of 2 identification (ID) documents (1 ID must include your picture while the other may or may not include a photo. You may use your bank statement, electric bill, etc for example). You must also bring the $15 fee (exact change).

Also, please bring your own writing supplies: pencil #2B, eraser, pen and calculator.

For those who are upgrading their licenses, you also need to bring a photocopy of your license and a photocopy of your CSCE.

Time and place of exam will be determined at a later day, most likely will be over the weekend (or public holidays) in the West Java area. The VE Team will have to get together first to find the convenient time and place of exam.

No cell phones, I-pads, notepads and any other electronic aids will be permitted in the exam room, except those which are approved by the VE Team at the exam session, i.e. a calculator with the memory that has been erased.

Smoking is also prohibited in and/or around exam area.

No cheating of any kinds will be tolerated, if you're caught cheating you're exam will be automatically disqualified/terminated and a possible banning you to re-exam at any further dates.

The strict rules that adhere to FCC and/or ARRL rules will be observed, no exception.

Exam entirely will be conducted in English, no translation service is available and the exam fee will subject to change as per FCC regulation. Any other rules, regulations and/or requirements that are not posted here right now, will be announced at a later day and/or at the exam

session.

Thank you very much for your interest in obtaining a US ham license.

Sincerely the Indonesian's ARRL VE Team,

Syarif - AK4HW

Ketut - KC8PPD

Iwan - W7NZ

PS: The purpose of this announcement is to make a public exposure as required by the ARRL, that the FCC test is now available here locally and also to give you ample of time to prepare yourself before the test date.

Subject: [YBDXC_News] FCC exam in YB land

Hi everybody,

We are the first and only ARRL VE Team in Indonesia that will conduct FCC exams for ham radio in the coming months. Anyone interested in obtaining an amateur radio license from the FCC (United States) needs to register for the exam with us now (at this time walk-ins are not allowed due to limited exam supplies). The fee is $15 per try (Upgrading after successful completion of the lower class exam is free. Repeat exam will cost you another $15). The fee is payable at the door, only US Dollar is accepted, and no Rupiah. We don't have change, so please bring the exact amount.

On the exam day, you are required to bring photocopies of 2 identification (ID) documents (1 ID must include your picture while the other may or may not include a photo. You may use your bank statement, electric bill, etc for example). You must also bring the $15 fee (exact change).

Also, please bring your own writing supplies: pencil #2B, eraser, pen and calculator.

For those who are upgrading their licenses, you also need to bring a photocopy of your license and a photocopy of your CSCE.

Time and place of exam will be determined at a later day, most likely will be over the weekend (or public holidays) in the West Java area. The VE Team will have to get together first to find the convenient time and place of exam.

No cell phones, I-pads, notepads and any other electronic aids will be permitted in the exam room, except those which are approved by the VE Team at the exam session, i.e. a calculator with the memory that has been erased.

Smoking is also prohibited in and/or around exam area.

No cheating of any kinds will be tolerated, if you're caught cheating you're exam will be automatically disqualified/terminated and a possible banning you to re-exam at any further

dates.

The strict rules that adhere to FCC and/or ARRL rules will be observed, no exception.

Exam entirely will be conducted in English, no translation service is available and the exam fee will subject to change as per FCC regulation. Any other rules, regulations and/or requirements that are not posted here right now, will be announced at a later day and/or at the exam session.

Thank you very much for your interest in obtaining a US ham license.

Sincerely the Indonesian's ARRL VE Team,

Syarif - AK4HW

Ketut - KC8PPD

Iwan - W7NZ

PS: The purpose of this announcement is to make a public exposure as required by the ARRL, that the FCC test is now available here locally and also to give you ample of time to prepare yourself before the test date.

OM Joy,

Silakan di coba practice test nya di qrz.com or AA9PW.com (sudah pernah di posting di milis ini oleh YF1AR)kalo bisa jawab semua itu dgn baik, pasti bisa lulus :)

Karena anda belum pernah punya US callsign, maka ujian harus melewati kelas yg terendah dulu, boleh naik tingkat pada hari ujian yg sama ... of course you have to pass the lower class license dulu hehe

Bagaimana dengan persyaratan "harus memiliki alamat korespondensi di USA" seperti yg diungkapkan seorang kawan?

dan juga memiliki FRN?

Mohon informasinya...

OM Irsan,

It's OK ..:)
Sebetul nya OM Steve juga punya andil juga dalem acara ini, beliau bersedia menyediakan alamatnya untuk di pakai buat yg ngga punya alamat di US.
(alamat di US boleh punya temen, sodara, etc buat yg bener2 ngga punya, baru di pinjam kan alamat OM Steve, thanks to his generousity, but you still have to pay him for mailing your license back to YB land)

Anda kalo mau ikut daftar juga boleh, tidak di ambil biaya pendaftaran, biaya dan persyaratan akan di ambil at the door pada waktu ujian.

73,

Iwan

From: w7nz
Topic: 8426 Message: 8440

OM Wowok,

Don't worry, we will take care of that. Also, don't worry about FRN :)
Yg penting kalo anda mau ikut ujian nya silakan daftar dulu saja dan segala persyaratan akan di collect at the door pada hari ujian nya.

Untuk daftar hanya perlu nama and callsign ...ngga punya callsign ORARI pun boleh ikut, masih umur 10 tahun kalo sanggup ya boleh ikut juga.

Peserta ujian akan di batasi kali ini, karena supply materi ujian nya terbatas dan juga personel yg qualifikasi untuk mengadakan ujian sangat terbatas pula.
So, kali ini first come first serve dulu

Iwan

Om Iwan,

Ok om thanks, tinggal cari waktu tuk belajar lagi alias back to school again..Hehehe..

Salam,
Joy/YB0NSI..

iPhone is Cool !

24 August 2013                                          A.R.I. DX Bulletin
                                  No 1164
                          ============================
                          *** 4 2 5  D X  N E W S ***
                          ****  DX  INFORMATION  ****
                          ============================
                           Edited by  I1JQJ & IK1ADH
                         Direttore Responsabile  I2VGW

3B8    - Darren, G0TSM will  be  active  holiday  style  as  3B8/G0TSM  from
         Mauritius Island (AF-049) on 18-28 September. He hopes  to  operate
         SSB, CW and RTTY for 2-3  hours  a  day,  running  100  watts  into
         simple wire antennas on 40-10 metres and  a  2-element  quad  on  6
         metres. The log will be uploaded to LOTW and Club  Log  during  the
         holiday. As for QSLling, please  use  the  OQRS  on  Club  Log  for
         bureau or direct cards, and refrain from sending paper  QSLs.  Also
         requests for bureau cards can be made via email  (daz[@]g0tsm.com).
         [TNX G0TSM]

YB     - Reportedly Kadek, YB9BU might be  active  as  YB9BU/8,  along  with
         YB8RW/p and YC8TM/p, from Gangga Island (OC-236) between 30  August
         and 2 September.
YB     - The schedule for a few forthcoming IOTA operations  from  Indonesia
         looks a bit fluid.
         * On 17 August JN6RZM reported that after the operations  from IOTA
         groups OC-122 (YE5T, 28 August - 1 September) and OC-109 (YE5S, 4-8
         September) [425DXN 1162],  YB5NOF  had  plans  to  be  active  from
         Anambas Island (OC-108) around mid-September.
         * On 20 August Imam, YB4IR reported on qrz.com  that  he and a team
         from  ORARI will  be active as YE5R from Anambas Island (OC-108) on
         15-20 September.
         * On 23 August YB5NOF told  JN6RZM  that,  owing to  transportation
         issues, the new itineary should be OC-122, then OC-108  followed by
         OC-109.
         Keep an eye on JN6RZM's blog (http://jn6rzm.cocolog-nifty.com/) and
         on the DX cluster!
YB     - Look for YF1AR/9, YB0AI/9 and YB3MM/9  to  be  active  from  Kimaam
         Island (aka Pulau Yos Sudarso, Pulau Dolok,  Pulau  Dolak,  Kolepom
         Island and Frederik Hendrik Island), claimed  to  qualify  for  the
         Irian Jaya's Coastal Islands  South  group  (OC-275,  new  one  for
         IOTA) on 10-16 September. They will operate  SSB,  CW  and  digital
         modes on 40-10 metres, with two stations running 100 watts and  one
         station running 1 kW. QSL YF1AR/9 via N2OO, QSL  YB0AI/9  via  home
         call (direct), QSL YB3MM/9  see  qrz.com.  Further  information  at
```

DX Bulletin No. 1125
BID: $OPDX.1125
August 26, 2013
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)
Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q & W1AW, NG3K & ADXO, W3UR & The Daily DX, N4AA & QRZ DX, N4VA, KH6BZF, N7QT, WX7E, K8GI, K8YSE, W8GEX & 60m News, K9EL, W9ILY, W0GXA, 9M2PJU, 9M6DXX, AT International, DK8JB & The DX News Letter, DL1SBF, DxCoffee.com, DX-World.Net, E73Y, F5NQL, F6AJA & Les Nouvelles DX, F6FQK, HP1AC, I1JQJ/IK1ADH & 425 DX News, I2MQP & DX Italia News, OZ6OM & 50 MHz DX News, Pete's DX-Newsdesk, RN1CW, RSGB IOTA Web Site, Sixitalia Weekly, VA3RJ & ICPO and the VHF-DX-Portal (MMMonVHF) for the following DX information.
DXCC COUNTRY/ENTITY REPORT
According to the AR-Cluster Network for the week of Sunday, 18th-August, through Sunday, 25th-August there were 224 countries active. Countries available: 3A, 3B8, 3B9, 3DA, 3V, 3W, 4J, 4L, 4O, 4S, 4X, 5A, 5B, 5H, 5R, 5T, 5U, 5V, 5W, 5Z, 6W, 6Y, 7Q, 7X, 8P, 8R, 9A, 9H, 9J, 9K, 9M2, 9M6, 9N, 9Q, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C2, C3, C5, C9, CE, CE0Z, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, E6, E7, EA, EA6, EA8, EA9, EI, EK, EL, ER, ES, EU, EX, EY, F, FG, FH, FJ, FK, FM, FO, FR, FS, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, H40, HA, HB, HB0, HC, HC8, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J6, J8, JA, JD/o, JT, JW, JY, K, KH0, KH2, KH6, KH9, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ4, PY, PY0F, PZ, S2, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T5, T7, TA, TF, TG, TI, TJ, TK, TL, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9N, VP2E, VP2V, VP6,
VP8, VP8/h, VP9, VR, VU, XE, XU, XW, XZ, YA, YB, YI, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZD7, ZD8, ZL, ZP, ZS, ZS8
* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).
3B8, MAURITIUS
A few sources report that Darren, G0TSM, will be active as 3B8/G0TSM from between September 18-28th. Darren will be there on holiday, so activity will be limited to 2-3 hours per day on 40-6 meters using CW, SSB and RTTY. His equipment is an IC-7000 with wire antennas for 40-10m and a 2 element Quad on 6m. Participation in the CQWW DX RTTY Contest (September 28-29th) will be very limited due to his return flight time. Darren states [edited], "Please do not send me any paper QSL cards, either direct or via the Bureau. Please use the OQRS feature on ClubLog to request Bureau or direct cards. Also, requests for Bureau QSL cards can be made via E-mail. The log will be uploaded to LoTW and ClubLog during the holiday."

OC-108. It has now be confirmed that a DXpedition to Anambas Island will take place between September 15-20th, after the YE5S/YE5T activity (see OPDX.1121). No other details have been provided.

OC-197. The plans of YB3MM/P from Bawean Island on August 24-25th has been CANCELLED due to weather problem (no ship).

OC-275. (New IOTA) Operators Budi/YF1AR, Fan/YB0AI, Bimbo/YB3MM and Joppy/YB8XM will be active as homecall/9, while operators YC9XOZ, Joni/YB9WZJ and Lucky/YD9RQX will be signing homecall/p from Kimaan Island (ARLHS IDO-148) in the South Papua Coastal IOTA group between September 10-16th. This island has never been activated before. Activity will be on 40-10 meters using mainly SSB, but with some CW and the Digital modes. A special QSL card will be designed. QSL YF1AR/9 via N2OO. QSL all others via their home callsign. For more details and updates, see:

OC-108. It has now be confirmed that a DXpedition to Anambas Island will take place between September 15-20th, after the YE5S/YE5T activity (see OPDX.1121). No other details have been provided.

OC-197. The plans of YB3MM/P from Bawean Island on August 24-25th has been CANCELLED due to weather problem (no ship).

OC-275. (New IOTA) Operators Budi/YF1AR, Fan/YB0AI, Bimbo/YB3MM and Joppy/YB8XM will be active as homecall/9, while operators YC9XOZ, Joni/YB9WZJ and Lucky/YD9RQX will be signing homecall/p from Kimaan Island (ARLHS IDO-148) in the South Papua Coastal IOTA group between September 10-16th. This island has never been activated before. Activity will be on 40-10 meters using mainly SSB, but with some CW and the Digital modes. A special QSL card will be designed. QSL YF1AR/9 via N2OO. QSL all others via their home callsign. For more details and updates, see:
http://www.yf1ar.com/2013/08/oc-275-south-papua-coastal-new-iota.html

* ARRL HandbookThe 2014 ARRL Handbook
ARRL Centennial Edition
-- Book with CD-ROM
Softcover and Personalized Hardcover Editions Available.Order Now >
Order Now • Find a Dealer • Shop
100 Years of Advancing the Art and Science of Radio
This 91st edition of The ARRL Handbook for Radio Communications marks a milestone: the 2014 ARRL Centennial. For 100 years, ARRL has been at the forefront of promoting technical advancement and improvements in radio operating practices. And since 1926, The ARRL Handbook has defined the latest innovations in the field of applied electronics and communications. The Handbookis written by radio amateurs…for radio amateurs, experimenters, engineers and students.
Commemorative hardcover edition:
* Gold foil/embossed hardcover
* Personalized with your NAME and CALL SIGN
* Each copy is imprinted with a serial number
* Major new edition: components, new projects, latest technology
* CD-ROM included—a fully searchable digital edition
Always Revised! This edition has been extensively updated and revised.
New Projects
* A one- or two-tube linear amp for beginning builders
* VHF and UHF signal sources
* QSK controllers for amplifiers (analog and digital)
New Information
* MOSFET design for power amplifiers
* Telemetry and navigation data including GPS
* Oscillators and synthesizers
* Current battery technology
* The new Codec2 software for HF digital voice
* New material on microwave techniques
* Annual transceiver model review
…and more!
CD-ROM Inside — includes all of the fully searchable text and illustrations in the printed book, as well as expanded supplemental content, software, PC board templates and other support files.

TIA,
[bam]
Amatir Rdo penggiat Rdo Amatir sejak 1968

Kepada Yth.
Bpk. Gatot S. Dewa Broto, Ka Pus. Informasi dan Humas Kem.Kominfo
==========
Nr. : 2208/01/bam
Hal :Siaran Pers
No. 64/PIH/KOMINFO/8/2013 tentang Uji Publik RPM Perubahan Atas PM No. 33/PER/M.KOMINFO /08/2009 tgl. 19 Agustus 2013.
Dengan
hormat,
I. MENANGGAPI Siaran Pers No. 64/PIH/KOMINFO/8/2013 tersebut di pokok surat, perkenankanlah kami melalui surel ini menyampaikan tanggapan kami – terutama tentang penggunaan istilah RADIO AMATIR dan AMATIR RADIO – dengan merujuk kepada Pasal
I -Beberapa Ketentuan dalam Peraturan Menteri Komunikasi dan Informatika Nomor 33/PER/M.KOMINFO/08/2009 tentang Penyelenggaraan Amatir Radio dst. ...
yang berbunyi sebagai berikut:
Pasal 1
Dalam Peraturan Menteri ini yang
dimaksud dengan :
1 Penyelenggaraan
Telekomunikasi Khusus adalah penyelenggaraan telekomunikasi yang dst. …
2 Komunikasi Radio
adalah telekomunikasi dengan mempergunakan gelombang radio;
3 Komunikasi
Amatir Radio adalah komunikasi radio
untuk tujuan penyelenggaran amatir
radio;
4 Kegiatan
Amatir Radio adalah kegiatan latih
diri, saling berkomunikasi dan penyelidikan teknik radio yang dilakukan oleh para amatir radio dan diselenggarakan oleh organisasi dan tidak untuk tujuan komersial;
5 Amatir
Radio adalah setiap orang yang
memiliki hobi dan bakat dibidang teknik elektronika radio dan komunikasi tanpa maksud komersil;

6 Stasiun Radio
adalah satu atau beberapa perangkat pemancar atau perangkat penerima dst. …
7 Stasiun
Amatir Radio adalah stasiun radio
yang dioperasikan untuk
menyelenggarakan kegiatan amatir radio;
8 Perangkat
Amatir Radio adalah sekelompok alat
telekomunikasi yang memungkinkan penyelenggaraan kegiatan amatir radio;
9 Dst. .....

II. Sebagai
TANGGAPAN, perkenankan kami MENGUSULKAN pembakuan penggunaan
istilah RADIO AMATIR dan AMATIR RADIO sebagai berikut:
1 Kegiatan
RADIO AMATIR adalah kegiatan latih
diri, saling berkomunikasi dan penyelidikan teknik radio yang dilakukan oleh
para Amatir Radio, dan yang diselenggarakan di bawah koordinasi
Organisasi dan tidak untuk tujuan mencari keuntungan finansiil/komersiil.
2 AMATIR
RADIO adalah setiap orang yang
memiliki hobi dan bakat dibidang teknik elektronika radio dan komunikasi dan
ikut serta dalam menyelenggarakan kegiatan RADIO AMATIR tanpa
maksud untuk mendapatkan keuntungan finansiil/komersiil bagi dirinya sendiri.
3 Stasiun
Radio Amatir adalah stasiun radio
yang dioperasikan untuk menyelenggarakan kegiatan Radio Amatir.
4 Perangkat
Radio Amatir adalah sekelompok alat
telekomunikasi yang memungkinkan penyelenggaraan kegiatan Radio Amatir.

atau singkatnya istilah RADIO AMATIR
dikaitkan dengan KEGIATAN-nya, sedang istilah AMATIR RADIO dikaitkan dengan
individu/pelaku/penggiat kegiatan RADIO AMATIR.
III.
Pertimbangan/Rujukan Dalam penyelenggaraan kegiatan Radio Amatir (Ham Radio) selama
ini kita di Indonesia (dan juga sebagian besar pelaku/penggiat di seluruh
dunia) selalu berkaca atau merujuk kepada hal-hal terkait yang berlaku di AS –
khususnya di lingkungan ARRL/The American Radio Relay League Inc.– yang dapat
dianggap sudah menjadi kiblat bagi kegiatan Radio Amatir global/mondial. Dari
beberapa sumber seperti www.hello-radio.org (ARRL) dan Wikipedia
sedikit kami kutip dan sunting (quote and editing a bit)
“deskripsi“ (bukan “Definisi“ an sich) Radio Amatir dan Amatir Radio
sebagai berikut:
Ham radio is the use of designated
radio frequency spectrum for purposes of private recreation (others might say hobby), non-commercial exchange of
messages, wireless experimentation, self-training, and emergency communication.
The term amateur is used to specify persons interested in radio technique, solely with
a personal aim and without direct pecuniary interest, and to differentiate it
from commercial broadcasting, public safety (such as police and

fire), or professional two-way radio services (such as maritime,
aviation, taxis, companies, security services etc.). Also known as Amateur
Radio – it is a popular hobby and a service in which
licensedparticipants operate communications equipment with a deep appreciation
of the radio art.
Although hams get involved for many
reasons, they all have in common a basic knowledge of radio technology and operating
principles, and pass an examination for the license to operate on radio
frequencies known as the Amateur Bands. These bands are radio
frequencies reserved for use by hams from just above the AM broadcast band all
the way up into extremely high microwave frequencies. Some radio
amateurs (= hams, the persons) are
attracted by the ability to communicate across the country, around the globe,
or even with astronauts on space missions. Others might like to build
and experiment with electronics. Computer hobbyists enjoy using Amateur Radio's
digital communications opportunities. Those with a competitive streak enjoy DX
contests, where the object is to see how many hams in distant
locations they can contact.
[silah lihat juga halaman Ham Radio, the hobby dan sub-halaman Why Ham Radio pada laman
www.unclebam-yb0ko.com]
Dari kutipan (dan suntingan) di atas,
dengan mengacu ke Hukum DM (Diterangkan Menerangkan) yang berlaku
dalam pembentukan kosa kata bahasa Indonesia, maka tak ada pilihan selain
menggunakan kata RADIO AMATIR sebagai terjemahan dari Amateur
Radio (kegiatannya); dan AMATIR RADIO sebagai
terjemahan dari Radio Amateur (the person/pelaku/penggiatnya)
IV.
Konsekuensi Dapat dibayangkan seandainya usulan ini bisa diterima maka akan
harus dilakukan sekian banyak revisi, amandemen dan sejenisnya terhadap
berbagai produk hukum (misalnya istilah-istilah pada sebuah Peraturan
Menteri/PerMen, seperti yang tersebut pada Pasal 1 yang dikutip di atas), Forms
untuk berbagai urusan, stationary/RTK mis. Kop Surat Organisasi di berbagai
strata/tingkatan, Papan Nama dan sebagainya, yang tentunya akan menimbukan
dampak samping terkait biaya/cost dan waktu. Untuk ini pada RKM
Perubahan Atas PM No. 33/PER/M.KOMINFO /08/2009 tersebut di atas dapat
dimasukkan sebuah PASAL PERALIHAN yang kurang lebih berbunyi sebagai berikut:
==========
Pasal II
1 Peraturan Menteri
ini mulai berlaku pada tanggal diundangkan.
2 Berbagai istilah
yang berlaku SEBELUM diundangkannya Peraturan Menteri ini dapat tetap dipakai
pada produk hukum, dokumen, barang cetakan dan sebagainya yang pada saat ini
sedang dan sudah beredar, tetapi bagi produk hukum, dokumen, forms, RTK, Papan
Nama dan sebagainya yang dibuat/dicetak BARU berlaku istilah-istilah yang
disebutkan di Pasal 1 Peraturan Menteri ini.
3 Agar semua fihak
yang berkepentingan mengetahuinya, memerintahkan pengundangan Peraturan Menteri
ini dengan penempatannya dalam Berita Negara Republik Indonesia.

==========
Demikian kami
sampaikan, dan atas perhatian, tanggapan balik dan tindak lanjut seperlunya
sebelum dan sesudahnya kami menyampaikan terima kasih.
Bogor, 22 Agustus 2013 Bambang Soetrisno, YBØKO NRI
75063315 Anggota DPP ORARI Pusat Masa Bakti 2011-2016 unclebam@...; www.unclebam-yb0ko.com
Catatan:
Berbahagialah
para Amatir Radio Indonesia karena sejak dini para founding fathers telah
cukup jauh melihat kedepan dalam mengantisipasi ihwal pelurusan ini, yang bisa
diamati pada keputusan yang dibuat pada MUNAS ke II ORARI tahun 1971 yang
merubah singkatan nama Organisasi dari semula ORGANISASI RADIO AMATIR REPUBLIK
INDONESIA menjadi ORGANISASI AMATIR RADIO INDONESIA, di samping untuk
menghilangkan sebutan REPUBLIK INDONESIA pada nama sebuah organisasi/ institusi
Non-Pemerintah, juga untuk menuruti fakta bahwa “Organisasi“ ini adalah
organisasinyapara Amatir Radio, yaitu para pelaku atau penggiat kegiatan Radio
Amatir.

TIA,
[bam]
Amatir Rdo penggiat Rdo Amatir sejak 1968

Kepada Yth. Bpk. Gatot S. Dewa Broto, Ka Pus. Informasi dan Humas Kem.Kominfo
==========
Nr. : 2208/01/bam
Hal :Siaran Pers No. 64/PIH/KOMINFO/8/2013 tentang Uji Publik RPM Perubahan Atas PM No. 33/PER/M.KOMINFO /08/2009 tgl. 19 Agustus 2013.
Dengan hormat,
I. MENANGGAPI Siaran Pers No. 64/PIH/KOMINFO/8/2013 tersebut di pokok surat, perkenankanlah kami melalui surel ini menyampaikan tanggapan kami – terutama tentang penggunaan istilah RADIO AMATIR dan AMATIR RADIO – dengan merujuk kepada Pasal I -Beberapa Ketentuan dalam Peraturan Menteri Komunikasi dan Informatika Nomor 33/PER/M.KOMINFO/08/2009 tentang Penyelenggaraan Amatir Radio dst. ... yang berbunyi sebagai berikut:
Pasal 1
Dalam Peraturan Menteri ini yang dimaksud dengan :
1 Penyelenggaraan Telekomunikasi Khusus adalah penyelenggaraan telekomunikasi yang dst. …
2 Komunikasi Radio adalah telekomunikasi dengan mempergunakan gelombang radio;
3 Komunikasi Amatir Radio adalah komunikasi radio untuk tujuan penyelenggaran amatir radio;
4 Kegiatan Amatir Radio adalah kegiatan latih diri, saling berkomunikasi dan penyelidikan teknik radio yang dilakukan oleh para amatir radio dan diselenggarakan oleh organisasi dan tidak untuk tujuan komersial;
5 Amatir Radio adalah setiap orang yang memiliki hobi dan bakat dibidang teknik elektronika radio dan komunikasi tanpa maksud komersil;
6 Stasiun Radio adalah satu atau beberapa perangkat pemancar atau perangkat penerima dst. …
7 Stasiun Amatir Radio adalah stasiun radio yang dioperasikan untuk menyelenggarakan kegiatan amatir radio;
8 Perangkat Amatir Radio adalah sekelompok alat telekomunikasi yang memungkinkan penyelenggaraan kegiatan amatir radio;
9 Dst. .....

II. Sebagai TANGGAPAN, perkenankan kami MENGUSULKAN pembakuan penggunaan istilah RADIO AMATIR dan AMATIR RADIO sebagai berikut:
1 Kegiatan RADIO AMATIR adalah kegiatan latih diri, saling berkomunikasi dan penyelidikan teknik radio yang dilakukan oleh para Amatir Radio, dan yang diselenggarakan di bawah koordinasi Organisasi dan tidak untuk tujuan mencari keuntungan finansiil/komersiil.
2 AMATIR RADIO adalah setiap orang yang memiliki hobi dan bakat dibidang teknik elektronika radio dan komunikasi dan ikut serta dalam menyelenggarakan kegiatan RADIO AMATIR tanpa maksud untuk mendapatkan keuntungan finansiil/komersiil bagi dirinya sendiri.
3 Stasiun Radio Amatir adalah stasiun radio yang dioperasikan untuk

menyelenggarakan kegiatan Radio Amatir.
4 Perangkat Radio Amatir adalah sekelompok alat telekomunikasi yang memungkinkan penyelenggaraan kegiatan Radio Amatir.

atau singkatnya istilah RADIO AMATIR dikaitkan dengan KEGIATAN-nya, sedang istilah AMATIR RADIO dikaitkan dengan individu/pelaku/penggiat kegiatan RADIO AMATIR.
III. Pertimbangan/Rujukan Dalam penyelenggaraan kegiatan Radio Amatir (Ham Radio) selama ini kita di Indonesia (dan juga sebagian besar pelaku/penggiat di seluruh dunia) selalu berkaca atau merujuk kepada hal-hal terkait yang berlaku di AS – khususnya di lingkungan ARRL/The American Radio Relay League Inc.– yang dapat dianggap sudah menjadi kiblat bagi kegiatan Radio Amatir global/mondial. Dari beberapa sumber seperti www.hello-radio.org (ARRL) dan Wikipedia sedikit kami kutip dan sunting (quote and editing a bit) “deskripsi“ (bukan “Definisi“ an sich) Radio Amatir dan Amatir Radio sebagai berikut:
Ham radio is the use of designated radio frequency spectrum for purposes of private recreation (others might say hobby), non-commercial exchange of messages, wireless experimentation, self-training, and emergency communication.
The term amateur is used to specify persons interested in radio technique, solely with a personal aim and without direct pecuniary interest, and to differentiate it from commercial broadcasting, public safety (such as police and fire), or professional two-way radio services (such as maritime, aviation, taxis, companies, security services etc.). Also known as Amateur Radio – it is a popular hobby and a service in which licensedparticipants operate communications equipment with a deep appreciation of the radio art.
Although hams get involved for many reasons, they all have in common a basic knowledge of radio technology and operating principles, and pass an examination for the license to operate on radio frequencies known as the Amateur Bands. These bands are radio frequencies reserved for use by hams from just above the AM broadcast band all the way up into extremely high microwave frequencies. Some radio amateurs (= hams, the persons) are attracted by the ability to communicate across the country, around the globe, or even with astronauts on space missions. Others might like to build and experiment with electronics. Computer hobbyists enjoy using Amateur Radio's digital communications opportunities. Those with a competitive streak enjoy DX contests, where the object is to see how many hams in distant locations they can contact.
[silah lihat juga halaman Ham Radio, the hobby dan sub-halaman Why Ham Radio pada laman www.unclebam-yb0ko.com]
Dari kutipan (dan suntingan) di atas, dengan mengacu ke Hukum DM (Diterangkan Menerangkan) yang berlaku dalam pembentukan kosa kata bahasa Indonesia, maka tak ada pilihan selain menggunakan kata RADIO AMATIR sebagai terjemahan dari Amateur Radio (kegiatannya); dan AMATIR RADIO sebagai terjemahan dari Radio Amateur (the person/pelaku/penggiatnya)
IV. Konsekuensi Dapat dibayangkan seandainya usulan ini bisa diterima maka akan harus dilakukan sekian banyak revisi, amandemen dan sejenisnya terhadap berbagai produk hukum (misalnya istilah-istilah pada sebuah Peraturan Menteri/PerMen, seperti yang tersebut pada Pasal 1 yang dikutip di atas), Forms untuk berbagai urusan, stationary/RTK mis. Kop Surat Organisasi di berbagai strata/tingkatan, Papan Nama dan sebagainya, yang tentunya akan menimbukan dampak samping terkait biaya/cost dan waktu. Untuk ini pada RKM Perubahan Atas PM No. 33/PER/M.KOMINFO /08/2009 tersebut di atas dapat dimasukkan sebuah PASAL PERALIHAN yang kurang lebih berbunyi sebagai berikut:
==========
Pasal II
1 Peraturan Menteri ini mulai berlaku pada tanggal diundangkan.
2 Berbagai istilah yang berlaku SEBELUM diundangkannya Peraturan Menteri ini dapat tetap dipakai pada produk hukum, dokumen, barang cetakan dan sebagainya yang pada saat ini sedang dan sudah beredar, tetapi bagi produk hukum, dokumen, forms, RTK, Papan Nama dan sebagainya yang dibuat/dicetak BARU berlaku istilah-istilah yang disebutkan di Pasal 1 Peraturan Menteri ini.
3 Agar semua fihak yang berkepentingan mengetahuinya, memerintahkan pengundangan Peraturan Menteri ini dengan penempatannya dalam Berita Negara Republik Indonesia.

==========
Demikian kami sampaikan, dan atas perhatian, tanggapan balik dan tindak lanjut seperlunya sebelum dan sesudahnya kami menyampaikan terima kasih.
Bogor, 22 Agustus 2013 Bambang Soetrisno, YBØKO NRI 75063315 Anggota DPP ORARI Pusat Masa Bakti 2011-2016 unclebam@...; www.unclebam-yb0ko.com
Catatan:
Berbahagialah para Amatir Radio Indonesia karena sejak dini para founding fathers telah cukup jauh melihat kedepan dalam mengantisipasi ihwal pelurusan ini, yang bisa diamati pada keputusan yang dibuat pada MUNAS ke II ORARI tahun 1971 yang merubah singkatan nama Organisasi dari semula ORGANISASI RADIO AMATIR REPUBLIK INDONESIA menjadi ORGANISASI AMATIR RADIO INDONESIA, di samping untuk menghilangkan sebutan REPUBLIK INDONESIA pada nama sebuah organisasi/ institusi Non-Pemerintah, juga untuk menuruti fakta bahwa "Organisasi" ini adalah organisasinyapara Amatir Radio, yaitu para pelaku atau penggiat kegiatan Radio Amatir.

Iya, itu kalo YB1XFO malahan ditambah CWer deh...
Kalo homebrew RX saya belum pernah karena dulu pake RXnya Toshiba laptop, lalu paling cuma restorasi CR kuno BC348Q, pasang PSAnya, pasang mata meong S-meter, lumerin wax di coil2nya utk ganti wax baru.

Blm pernah coba mbangun RX apalagi TRX.

Dear temen2 ORARI atau pun SIAPA SAJA (bukan anggota ORARI) yang ingin membeli kaos souvenir YE2R.
mengacu pada YE2R yang akan ber-partisipasi pada kegiatan kontes CQWW-SSB 26-27 Oktober 2013 yad,
maka kami berinisiatif untuk menjual kaos souvenir YE2R sebagai pembiayaan operasional Swadana team YE2R,
dimana kami Tidak Pernah meminta anggaran ke suatu instansi manapun untuk kegiatan ini.
dan kami sangat berterima kasih sekali apabila ada yang dalam bentuk donasi.

Detail kaos YE2R sbb:
Harga Kaos @ Rp. 125.000 / lembar (Sudah termasuk ong-kir ke seluruh Indonesia)
jadwal kirim maksimal minggu pertama Oktober 2013,
pemesanan ditutup per tanggal 31 Agustus 2013,

alamat transfer :
BCA , no. rek : 785-0132-032 , a/n Martinus Jap

CARA PEMESANAN :
Email ke yb2lsr@...
* Nama lengkap
* CS (bila ada)
* Alamat kirim + no.HP.
* Qty Kaos
* Ukuran kaos
* Bukti Transfer

terima kasih atas dukungan untuk team YE2R

Saya sklg turut mendoakan, semoga OM Bun cepat sembuh dan bisa bergabung & berkiprah lagi didunia Radio Amateur.

Saya saluut dengan semangatnya utk bersilaturahmi dg rekan-2, bahkan harus naik motor bebek ke Solo bbrp th yll, dan sempat nginap digubuk saya.

Dear Rekan-rekan,

Mohon doa utk kesembuhan Rekan kita Pak Buntoro YB3PXF yang saat ini sedang koma di RS Adi Husada Surabaya, dan semoga keluarga beliau mendapatkan ketabahan.
Berita sedih ini kami dapat dari OM Adhi, YB3MM

YB3PXF adalah salah satu DX-er dan Contester Internasional Indonesia.

August 28, 2013Editor: Ward Silver, NØAX
Contest Update Archive
Contest Calendar
ARRL Home Page
IN THIS ISSUE
* Hop-Skip-Jump in the CW Open
* On Your Marks, Get Set, Sprint!
* 22 Years for K7RA
* UA9QCQ and Friends
* K4ZW on ET3AA
* Canada Contests Cataloged
* RBN As Propagation Watcher
* Irons and Drivers and Bear(ings) - Oh My!
* Expand Your Comfort Zone
NEW HF OPERATORS - THINGS TO DO
Two medium-to-low speed CW contests are on the calendar - Labor Day Sprint and the Straight Key Party - along with the higher speed NS Sprint that happens each Thursday evening and the really higher speed North American CW Sprint on the evening of Saturday, Sep 7th. Think of these as aerobic classes for the CW operator. Yes, you'll sweat, but it will be a good sweat!
BULLETINS
There are no bulletins in this issue.
BUSTED QSOS
Art W6XD spotted a typo in the previous issue's CQ WW CW item in which the editor had "80" on his mind - the anniversary will be the 90th of the first Transatlantic two-way amateur contact. If any French or U.S. stations are interested in operating with those historic call signs mentioned last time, please let your editor know!

Mantap!!!!! OM Yongki YB0COU

"YB" yang Sejati,,, Mesti ada Clubnya,, Wong Penuh Tantangan untuk jadi member,,

Jadi yang di YBDXC Pokoknya ASLI,,, BEST OF THE BEST,,

Memang Banyak Tiruannya sih,,, Yang masih di ragukan ke_Aslian_nya

Jadi yang belum Gabung ke YBDXC buruan deh,,, Gabung

Maksud saya Biar jadi Komunitas Asli,, bukan "abal abal" hehe,,

Dan yang Masih Berjuang,, Saya Percaya Beliau beliaupun Tak Kalah hebat hanya perlu waktu membuktikannya,,

Bagi yang biasa biasa saja dan men_Suppot keberadaan YBDXC
Kamipun angkat topi untuk itu,,

Dan Bagi yang malas tau,, ya memang sudah Kudratnya,,
Apalagi punya sifat menjatuhkan yang lain dengan cara tidak Sehat
Kita Perlu menyayangi Mereka,, Karena Sejatinya Rohaninya SAKIT

Warm Regards

Pas Hamfest di Yogja? Mungkin maksud anda di Kaliurang, di acara Saptohudayan-nya YL Yani Saptohudoyo YB2BMM

(wkt itu yg □ngejajain □ dg spesial buka □lapak□ □ OM Gigie YBØGG dan cak Bonek YB1TC kan?)

Wkt itu sy juga ada di sktr situ, pindah-pindah dr lapaknya OM Jeffrey YCØLOU, OM Tatang YB1MS (Mr 6M ato the Six mtr Man), dan spent □cukup□ banyak waktu di ruang sarasehan (sm2 OM John YB2NG(SK) dan OM Arman YBØKLI).

Yup, itulah edisi (□setengah resmi□) Call Book Nasional TERAKHIR, dan sejak itu sekian bnyk usaha & upaya (trmsk proposal dr brbagai fihak) utk mmbuat versi □dijital□ yg up-to-date dan bisa dijadikan data base induk bagi keanggotaan ORARI di lingkup nasional sll harus menempuh □Jalan tak ada ujung□ (judul novel Mochtar Lubis, a.k.a. : A Road with no End) dr □masa-ke-masa□

;-)

Om Bam,, REAKHIR

Callbook Nasional yg saya punya tahun 2005,,

Saya tidak tahu apakah setelah itu ada terbit lagi atau tidak ??

Callbook ini saya beli 50rb waktu itu , pak ke Hamfest di Jogja..

Om Bam

benar sekali,
Saya ada masuk sebentar ke ruang sarasehan,
Cuma masih persiapan oleh om Arman YB0KLI
Maaf om Ban , saya tidak menyalami om,
Maklum orang dari hutan baru keluar jadi banyak yg tidak kenal.
Berarti om bersama om John YB2NG sk dan om Pardi YB2DD juga.

YB0GG dan kawan-kawan DKI pake kenderaan dari jkt.

Waktu itu saya diijemput oleh YB2VTO dan ke lokasi bersamanya.
Tapi saya tidak nginap dilokasi.
Saya nginap di wisma UGM

Waktu itu saya pertama kali ketemu saudara Ricky YB7XO.

Juga ada orang Italy hadir.
saya lupa namanya,
beliau malah ada ikut antar ke airpot waktu saya balik ke jkt.

Kalo ODJ dulu (dan beberapa ORDA lain) juga sudah menerbitkan callbook, lalu untuk tambahan2 callsign baru atau perubahan/revisi diterbitkan dalam bentuk Suplemen.

Dengan lebih majunya sistim komputerisasi/internet semoga mempermudah penyusunan callbook ini.

OM Joni,
Saya masih inget dia (si itali) kita ber-2 nyobain keyer buatanya OM Budi, YB2UJY. Trus saya ketemu juga sama YB0NCS, beliau nawarin ele-keyer ke saya.

Mengenai kolbuk, saya wkt itu ngindent jadi gak ngambil di tempat. Mereka kirim ke Balikpapan sampai sekarang saya masih punya. Tebel n berat, mungkin kita2 yg suka versi buku suka buka2 iseng liat2 isinya. versi cdrom musti on laptop/pc dulu :)

kapan-kapan ada waktu n sehat2 eyeball lagi ya OM Joni.

regards,
Ricky

Dear All,
Callbook hard copy terakhir dibuat tahun 2005 (kebetulan saya terlibat komulasi data) dengan source dari http://cari.orari.org (situs sudah di off kan), tahun 2006 dibuat dalam bentuk cd yang di beri security agar tidak bisa di copy (security dibuat oleh orang dari Jogja (non amatir)) setelah itu tidak ada lagi. hasil munas di bali (kalau tidak salah) direncanakan pembuatan callbok nasional, tapi sampai saat ini tidak kunjung jadi. untuk orda jabar sejak 4 tahun lalu membuat callbook online dengan http://tb1za.ampr.org/callbook (saat ini ada error, lagi upgrade OS server) dan http://yb1za.ampr.org/mobile (versi text) dan versi android tapi hanya bekerja di versi Froyo (agak males meningkatkan versi).
Dengan proses perijinan yang ditarik ke Pusat, seharusnya ORARI Pusat lebih mudah membuat Callbook Nasional, sebab semua data KTA ada di sana, yang jadi pertanyaan..., berapa exemplar akan dicetak dan berapa exemplar akan laku..? callbook tahun 2005 aja belum balik modal (silahkan tanya YB0GG).
sekedar sharing aja.

Nah, itu memang masalahnya.
Walaupun ada sponsor/pemasang iklan tentunya gak cukup utk menutup biaya produksi.
Kalo dulu jumlah anggota banyak sekali dan anggota barupun bisa dipastikan akan membeli suplemen yg ada nama/callsignnya - kecuali juga ybs ingin punya data anggota keseluruhan.

Callbook internasional bersampul gambar kuda terbang yg dikeluarkan ARRL (??) puin laku, saya pernah punya satu copy - walopun nama saya tercetak salah disitu. HI.

Mungkin itu juga ya salahsatu pertimbangan blm terbitnya callbook - yang terbitan tahun 2005 blm balik modal.

Sayang yg induknya sudah hilang dan beberapa suplemen gak tahu kemana.
Yang callbook internasional setebal buku telpon, juga yg khusus W-land juga gak tahu karena sejak saya pindahan gak keurus termasuk logbook yg sebenarnya sekarang ini diperlukan lagi.

Mungkin seperti yg OM Seno-YB2LSR bilang - sedikit yang akan beli.
ORPUS belum memproduksi karna takutnya biaya produksi gak bisa tertutup karena sedikit yg beli. Apalagi dgn QRZ.com datanya bisa kita lihat lebih lengkap termasuk foto.

Mumpung juga memuat data kita di QRZ.com dan ada satu lagi (maaf lupa) masih gratis sebaiknya dihimbau saja semua anggota ORARI utk mengisi datanya disitu.
Atau sekretaris di masing2 Lokal menjadi admin account QRZ.com anggota di lokalnya yg blm memasukkan data.

Sayang yg induknya sudah hilang dan beberapa suplemen gak tahu kemana.
Yang callbook internasional setebal buku telpon, juga yg khusus W-land juga gak tahu karena sejak saya pindahan gak keurus termasuk logbook yg sebenarnya sekarang ini diperlukan lagi.

Mungkin seperti yg OM Seno-YB2LSR bilang - sedikit yang akan beli.
ORPUS belum memproduksi karna takutnya biaya produksi gak bisa tertutup karena sedikit yg beli. Apalagi dgn QRZ.com datanya bisa kita lihat lebih lengkap termasuk foto.

Mumpung juga memuat data kita di QRZ.com dan ada satu lagi (maaf lupa) masih gratis sebaiknya dihimbau saja semua anggota ORARI utk mengisi datanya disitu.
Atau sekretaris di masing2 Lokal menjadi admin account QRZ.com anggota di lokalnya yg blm memasukkan data.

OM Hen,

Tahun 2004 datanya se Indonesia dan di gabungkan jadi callbook hard copy 2005, sejak 2009 sudah ga ngurusin data Nasional, jadi tinggal data ORDA Jabar aja, dan data saat ini valid, kecuali yang baru perpanjangan kita edit per bulan.
ORDA lain ada yang punya OM, ORDA Sumsel dan bbrp ORDA, cuman kalau ORPUS mau bikin callbook on line nasional ga sulit, sebab pengurusan KTA dan pengalokasian Callsign di kelola ORPUS. jadi yang belum tinggal apa.....? KEMAUAN AJA...! (jangan di tambah huruf "L" ya hi..hi..)

Wah sayang ya OM Gun,
Tapi kalo khusus ORDA JABAR masih di maintain sih masih lumayanlah begitu juga kalo ORDA lain melakukan yg sama - masing2 ORDA.

Yah semoga sudah masuk program/rencana kerja - cuma mungkin masuk prioritas akhir saja. (ssssstttt.....joyok ah..!)

Judul: Re: [YBDXC_News] Callbook

Dear All,
Callbook hard copy terakhir dibuat tahun 2005 (kebetulan saya terlibat komulasi data) dengan source dari http://cari.orari.org (situs sudah di off kan), tahun 2006 dibuat dalam bentuk cd yang di beri security agar tidak bisa di copy (security dibuat oleh orang dari Jogja (non amatir)) setelah itu tidak ada lagi. hasil munas di bali (kalau tidak salah) direncanakan pembuatan callbok nasional, tapi sampai saat ini tidak kunjung jadi. untuk orda jabar sejak 4 tahun lalu membuat callbook online dengan http://tb1za.ampr.org/callbook (saat ini ada error, lagi upgrade OS server) dan http://yb1za.ampr.org/mobile (versi text) dan versi android tapi hanya bekerja di versi Froyo (agak males meningkatkan versi).
Dengan proses perijinan yang ditarik ke Pusat, seharusnya ORARI Pusat lebih mudah membuat Callbook Nasional, sebab semua data KTA ada di sana, yang jadi pertanyaan..., berapa exemplar akan dicetak dan berapa exemplar akan laku..? callbook tahun 2005 aja belum balik modal (silahkan tanya YB0GG).
sekedar sharing aja.

Regards,

73 Gunarso - YB1LZ

☐bli Ketut YB9BWN/KC8PPD,

Prnh sy tulis (a.l. di m-ORARI dan booklet SEJARAH ORARI edisi 2/2011):

==========

Dari koleksi QSL antik di situs Tom Roscoe K8CX
http://hamgallery.com/QSL/Antiqua dapat diamati beberapa QSL cards dari era
NIVIRA .... Menarik juga adalah dipakainya prefix JZ (yang pasca 1968
dipakai rekan-rekan RAPI/KRAP) di lingkungan amatir radio pada era itu.

Catatan: Prefix PK (dari PKA~POZ) merupakan alokasi prefix untuk
Indonesia sejak zaman Hindia Belanda. Huruf P pada prefix tersebut
menunjukkan ☐kaitan☐ dengan negeri Belanda (prefix PAA~PIZ), seperti juga
yang dipakai beberapa negara bekas koloni Belanda lainnya, misalnya Kep.
Antilles (PJA~PJZ) dan Suriname (PZA~PYZ).

==========

BTW, penyusuran mutakhir (bertarikh HARI INI Jum☐at 30/08/2013) di laman Tom
Roscoe K8CX tsb di atas menemukan QSL cards dr JZ-ers berikut:

JZØDA OP Harry Diemont (= W2CTN, sdh ngga☐ bs ditlusuri lg di
QRZ.com), QTH Hollandia Airstrip Netherlands New Guinea, QSO dd 26/2/☐60

JZØHA = JZØDA di atas, QSO dd 15/10/58

JZØKF OP Henry J Schrier ex PAØGF, QSO dd 21/8/☐53

JZØPH OP J. S. Hesp, QTH Biak, QSO dd 2/5/☐61

JZØPC OP Eamonn Welsh (also VK5AB), QTH Biak, QSO dd 2/2/☐57

JZØML OP Mike Leahy, QTH Merauke, QSO dd 26/7☐62

JZØPS OP Bill (= W1PHO, sdh ngga☐ bs ditlusuri lg di QRZ.com), QSO
dd 18/4/☐56

==========

Laman tsb mengkategorikan QSL cards tsb berasal dari ☐Deleted Country☐, yg
secara eksplisit disebutkan sbg JZØ - Netherlands New Guinea, OCEANIA ☐ DX
Zone 28, ITU 51.

==========

Jd, sedikit koreksi pd posting sy sebelumnya ☐ Prefix JZ (doang, mestinya
pake Ø) dipake sampe sekitar thn 50-an gitu (mestinya sampai AWAL 60☐an)

73,

[bam]

PS:

Posting ini sy tulis dlm format pseudo html, yg lalu sy Cc kan ke bbrp japri krn khawatir bakal berantakan diterimanya di milis orari-news yg cuma bs terima mssg dlm format Plain Text doang ..

Beberapa kali lihat di DXWatch ada yang spotting callsign JZ1BL dan secara otomatis yg muncul adalah bendera NKRI - sang saka merah-putih.
Sayangnya follower yg spot juga menuliskan (mungkin juga di lognya) JZ1BL.

Setelah saya perhatikan dengan seksama, karena memang sekilas dia menyebut "Japan Zulu One Bravo Lima" - ternyata YL itu adalah sta dari Saudi Arabia dg CS = 7Z1BL dan pengucapan "SEVEN" nya terdengar seperti "JAPAN".

Saat ini juga 7Z1BL sedang CQing di 21.260MHz - tapi sudah gak ada yg salah spot lagi.

OM,
Baru saja saya posting kesalahan receive callsign 7Z1BL - menjadi JZ1BL.
Ada di DXWatch lagi nih....!
 SP2OFR A92HK 21220.0 [AS-002] tnx 1234z 30 Aug
EA4LO JZ1BL 21260.0 1232z 30 Aug

Judul: Bls: [YBDXC_News] JZ QSL cards

Beberapa kali lihat di DXWatch ada yang spotting callsign JZ1BL dan secara otomatis yg muncul adalah bendera NKRI - sang saka merah-putih.
Sayangnya follower yg spot juga menuliskan (mungkin juga di lognya) JZ1BL.

Setelah saya perhatikan dengan seksama, karena memang sekilas dia menyebut "Japan Zulu One Bravo Lima" - ternyata YL itu adalah sta dari Saudi Arabia dg CS = 7Z1BL dan pengucapan "SEVEN" nya terdengar seperti "JAPAN".

Saat ini juga 7Z1BL sedang CQing di 21.260MHz - tapi sudah gak ada yg salah spot lagi.

Om Ricky

Semoga ada kesempatan dalam waktu dekat untuk kita eyeball QSO.

Foto kita bersama YB2VTO dan YC8TAF masih ada saya simpam.
Ada juga foto bersama si bule di rumahnya YB2UDH.

Nanti saya kirim ke om Ricky.

Subject: RE: [orari-news] Re: callsign di qrz.com

‘bli Ketut YB9BWN/KC8PPD,

Prnh sy tulis (a.l. di m-ORARI dan booklet SEJARAH ORARI edisi 2/2011):

==========

Dari koleksi QSL antik di situs Tom Roscoe K8CX
http://hamgallery.com/QSL/Antiqua dapat diamati beberapa QSL cards dari era NIVIRA .... Menarik juga adalah dipakainya prefix JZ (yang pasca 1968 dipakai rekan-rekan RAPI/KRAP) di lingkungan amatir radio pada era itu.

Catatan: Prefix PK (dari PKA~POZ) merupakan alokasi prefix untuk Indonesia sejak zaman Hindia Belanda. Huruf P pada prefix tersebut menunjukkan “kaitan” dengan negeri Belanda (prefix PAA~PIZ), seperti juga yang dipakai beberapa negara bekas koloni Belanda lainnya, misalnya Kep. Antilles (PJA~PJZ) dan Suriname (PZA~PYZ).

==========

BTW, penyusuran mutakhir (bertarikh HARI INI Jum’at 30/08/2013) di laman Tom Roscoe K8CX tsb di atas menemukan QSL cards dr JZ-ers berikut:

JZØDA OP Harry Diemont (= W2CTN, sdh ngga’ bs ditlusuri lg di QRZ.com), QTH Hollandia Airstrip Netherlands New Guinea, QSO dd 26/2/’60

JZØHA = JZØDA di atas, QSO dd 15/10/58

JZØKF OP Henry J Schrier ex PAØGF, QSO dd 21/8/’53

JZØPH OP J. S. Hesp, QTH Biak, QSO dd 2/5/’61

JZØPC OP Eamonn Welsh (also VK5AB), QTH Biak, QSO dd 2/2/’57

JZØML OP Mike Leahy, QTH Merauke, QSO dd 26/7’62

JZØPS OP Bill (= W1PHO, sdh ngga’ bs ditlusuri lg di QRZ.com), QSO dd 18/4/’56

==========

Laman tsb mengkategorikan QSL cards tsb berasal dari “Deleted Country”, yg secara eksplisit disebutkan sbg JZØ - Netherlands New Guinea, OCEANIA – DX Zone 28, ITU 51.

==========

Jd, sedikit koreksi pd posting sy sebelumnya – Prefix JZ (doang, mestinya pake Ø) dipake sampe sekitar thn 50-an gitu (mestinya sampai AWAL 60’an)

73,

[bam]

PS:

Posting ini sy tulis dlm format pseudo html, yg lalu sy Cc kan ke bbrp japri krn khawatir bakal berantakan diterimanya di milis orari-news yg cuma bs terima mssg dlm format Plain Text doang ..

Hallo Om Micky,

Apa kabar??

Iya om tahun 2000 di Menado Beach Hotel , waktu acara all sulawesi Hamfest.
Pertama kali ketemu teman-teman DX dari 8 area. Seperti YC8TXW , YB8RW (waktu itu YC8RSW) , YB8HZ , YB8NA sk , YB8NLF , dll.. Termasuk Ketum ORARI YF0AL.
Tak rasa waktu lewat gitu aja.. Sudah 13 tahun yg lalu.

Mudah-mudahan ada kesempatan jalan-jalan ke Balikpapan,
Kebetulan Ketua DPP lokal sorong punya keluarga di Samarinda.
Sering beliau kesana,
Nanti kalo ada kesempatan saya bareng beliau..heheeh

Hello, I am Pedro EA5GL and I would like to ask you for a favour. I know you don´t want a QSL manager, but I would like to know if you have any acquaintance who could be searching for one. If that is the case, it would be great if he could contact me.
I am the manager of more than 200 stations and I've got a lot of experience on this. I would pay for all costs. I would pay the consignments and the QSL cards on full colour, special made and unique for all of them. All of it will be totally done at no cost.
You can find further information on my website of QRZ.COM http://www.qrz.com/db/ea5glor
you can send me an email on ea5gl@...
I would like to thank you for your help and if you need anything from me, do not hesitate in asking.
Regards,

Ya alhamdulillah worked, saya juga sempat dengar OM Hans-YB2DX masuk juga.
Sepertinya dia juga pririta skan untuk JA-station, tapi wajarlah.

Alhamdulillah.
Tapi bikin kaget aja tadi, saya lagi monitor di freq.nya 9X0ZM 28.495MHz ada yg masuk
signalnya kuat tapi lupa pencet tombol SPLIT.
Untung langsung sadar, ya... HI

Langsung sadar sepertinya, karena belum selesai nyebut callsign udah off.
Baru juga Yankee Bravo Zero Mike.....Whiskey.....

Sampe saat ini signalnya 9X0ZM masih kuat saya terima, rekan2 lain apa sudah pernah dapat atau masih ada acara dengan keluarga ya.

Hahahaha....,
Tadi dengar juga ada XX9.. CQing - kirain OM Joy..
OM Seno YB2LSR, YB1LZ, YB0MZI/4 juga worked - alhamdulillah.

Jadi kapan OM Seno QRV di P5 ? Kita tunggu dengan harap2 cemas.
Saya ingat waktu ke Korea (HL) dulu, guidenya tanya "Siapa Presiden Korsel ?"

Iseng ajah saya jawab : "Kim Il Sung", dia bilang salah, saya jawab lagi : "Kim Jong Il".
Marah dia, cemberut truz karena tahu saya sengaja salahin jawabnya. Hahahaha...

QSL Manager,

Mengingat tarif pos sudah naik, lama-lama butuh juga untuk cari QSL Manager.
Biasanya persyaratannya apa ya, dan bagimana mengenai Apply Awardnya.

Mungkin teman2 ada yang tahu bisa dishare..!

Tnx de Zen

oM Seno,
Kalo 1M rasanya gak ada alokasinya/band plan - kalo 2M gak bisa DX karena itu VHF, mungkin cuma P5 ke HL aja, xixixixi.

Hahahaha....,
Tadi dengar juga ada XX9.. CQing - kirain OM Joy..

OM Seno YB2LSR, YB1LZ, YB0MZI/4 juga worked - alhamdulillah.

Jadi kapan OM Seno QRV di P5 ? Kita tunggu dengan harap2 cemas.
Saya ingat waktu ke Korea (HL) dulu, guidenya tanya "Siapa Presiden Korsel ?"

Iseng ajah saya jawab : "Kim Il Sung", dia bilang salah, saya jawab lagi : "Kim Jong Il".
Marah dia, cemberut truz karena tahu saya sengaja salahin jawabnya. Hahahaha...

ayooo..... ,

kalo ada fasilitas 2M(.. angkok) atau paling tidak 1M (..angkok) ok lah..
sekalian aku mau ajak ko joni dan om hen-qr sekalian kesana,
pokoknya nanti kita prioritaskan YB-land
ko joni running ssb, om hen-qr specialist running 10m, aku running cw.
gimana?

heheh....

ayooo..... , kalo ada fasilitas 2M(.. angkok) atau paling tidak 1M (..angkok) ok lah..
sekalian aku mau ajak ko joni dan om hen-qr sekalian kesana, pokoknya nanti kita prioritaskan YB-land ko joni running ssb, om hen-qr specialist running 10m, aku running cw.
gimana? heheh....
seno

HHahahahaha...., mbak Endang...

Kalo ngobrol sama OM Har - YB0MWM soal DXing nanti akan sampe dia bilang/cerita soal WARC band yg (untuk sementara ini) cuma boleh untuk Penegak.

Dia manasin saya, bisa QSO banyak di 30M/17M/12M dan terus mendorong2 saya utk ikut ujian ke Penegak, biar bisa icip2 semua band.
All (band) you can use/work, kata OM Har.

Om Hendro ,

Tapi kalo banyak pantang makan ,
rugi juga rasanya jika "all can you eat"

Sama halnya kalo antena cuma punya di 15m atau 40m saja. Padahal "all can you work" ..
Percuma ya om hahahaha

Ah, ada yg YL koq..... xixixi
Ah, masak sih ditinggal - yakin deh terus akan dibimbing & membimbing.

Insya Allah mbak, saya mempersiapkan diri dulu deh - biar lebih percaya diri, lebih mantap majunya.
Takut juga kalo gagal - dijitak sama pengujinya - YB0ECT.

tnx

OM Joni,
Nah bener tuh.....setuju 100% plus 30dB.
Hayo mbak Endang, mulai lagi dong - antenna kalo gak salah sudah dibenahin, rig sudah OK.
Waktunya ya, yg terbatas - sibuk nyambut gawe.
Yah pas Minggu khan hari libur, dijenguk2lah HF.

Selamat pagi sahabatku semuanya,,

Sabtu nanti dalam AA test , saya rencana ikut SOSBLP.
Rencana di band 80M atau 20M.
Kontes sekalian mau hunting prefecture JA. Hehehehe..

Bagaiamana dengan sahabatku??
Rencananya ikutnya kategori apa??
Mari kita saling berbagi kategori sesuai izin dan stasiun yg kita mikiki :)

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).
3B9, RODRIGUEZ ISLAND (Just A Reminder)
By the time you read this, members of the Verona DX Team will be active as 3B9EME from Rodriguez Island (AF-017) until September 13th. They will have 2 stations on at the same time on the HF bands, with an emphasis on 160/80/40/30/17/12 meters, using CW, SSB, RTTY, JT65hf and PSK31. Also, some EME activity on 144 and 432 MHz. See OPDX.1122 for suggested frequencies. For more details and the QSL route, visit the 3B9EME Web site at:
http://www.ari.verona.it/veronadxteam/3b9_2013.htm

```
 31 August 2013                                          A.R.I. DX Bulletin
                     No 1165
                         ============================
                         *** 4 2 5  D X  N E W S ***
                         ****  DX  INFORMATION  ****
                         ============================
                          Edited by  I1JQJ & IK1ADH
                        Direttore Responsabile  I2VGW

A2      - WB6OJB as A25JK  and  K5LBU  as  A25CF  will  be  active  with  two
          stations from  Botswana  on  5-12  September.  Look  for  A25JK  to
          operate SSB on 20-10 metres (possibly with some 40 and 80m),  while
          A25CF "will be doing some PSK on what ever bands might be open  and
          A25JK is not on". QSL via home calls. [TNX NG3K]

YB      - Adhi, YB3MM is active as YB3MM/p from the Kangean Islands  (OC-217)
          until 31 August. He is QRV on 20 and 15 metres SSB and CW.  QSLling
          instructions on qrz.com [TNX W2FB]
YB      - YB8S is the callsign that YB9BU, YB8RW, YC8TM and  others  will  be
          using during their operation from Gangga  Island  (OC-236)  [425DXN
          1164]. They will be QRV from 30 August to 1 September.  QSL  direct
          to YB9BU.
YB      - The YE5T (OC-122) and YE5S (OC-109) operations [425DXN  1164]  have
          been postponed until further  notice  owing  to  a  serious  family
          problem of one of the team members. The YE5R activity from  Anambas
          (OC-108) will likely continue since it is organized by a  different
          team. Announced dates for YE5R are 15-20 September. [TNX W2FB]
YB      - Four more operators will be joining the 10-16 September  DXpedition
          to Kimaam Island (aka Pulau Yos Sudarso and Pulau  Dolok)  (OC-275,
          new one for IOTA) [425DXN 1164]. The  team  now  includes  YB0AI/9,
          YB3MM/9, YB8XM/9, YB9WZJ/p, YC9XOZ/p, YD9RQX/p  and  YF1AR/9.  They
          will operate SSB,  CW  and  digital  modes  on  40-10  metres.  QSL
          YF1AR/9 via N2OO, QSL YB3MM/9 see qrz.com,  others  via  operator's
          instructions. Further information at www.yf1ar.com

OM Joni,
Insya Allah saya juga mau memulung sta JA utk prefektur yang blm ada.
Masa rumah saya di WAJA - tapi gak punya award WAJA..., kasihan khan.

Iya kalo bisa saling berbagi sehingga tidak terjadi All Indonesian Final - seperti badminton, dan membuka peluang All YB Station #1.
....sesuai izin dan stasiun yg kita mikiki.....!!! (mentang2 lawan tangguhnya Hawaii dimiripin dg Waikiki)..hahaha - becanda OM Joni..

Selamat pagi sahabatku semuanya,,

Sabtu nanti dalam AA test , saya rencana ikut SOSBLP.
Rencana di band 80M atau 20M.
Kontes sekalian mau hunting prefecture JA. Hehehehe..

Bagaiamana dengan sahabatku??
Rencananya ikutnya kategori apa??
Mari kita saling berbagi kategori sesuai izin dan stasiun yg kita mikiki :)

Saya masih banyak kurang : Ibaraki, Tochigi, Yamanashi - Tottori - Nagasaki - Aomori - kenapa huruf terakhir "I" semua ?
Ada lagi koq Kagawa, Oita, Kagoshima - lho huruf akhir "A" semua.

Yang di atas itu ada yg blm work ada juga yg blm confirm, padahal baru untuk 15M saja.

Semoga aja di AA besok terpenuhi semuanya. Aamiin.

Itu sepertinya OM Seno becanda tuh om Joni...

TOP-1 WAJA emangnya sponsornya TOP-1 merek Oli ....hahahaa :-)

OM Joni, kalo saya ikutan sih tetap di band 15M aja ..SOSBLP
Ga ada target menang apapun, pokoknya tahun ini 2013 saya belajar
kontesting..

dan belajar DX-ing.....sampe polll....

OM,
Di 15M (21.290MHz) ada VU2SMN dipileup, tapi ada beberapa yg spotting di DXWatch menyangka itu adalah XX9LT.

Padahal beberapa AR sudah nulis/spot di 21.290MHz itu = VU2SMN dan ada yg menegaskan bahwa XX9LT ada di 20M dan itu adalah VU2SMN.

Bahkan akhirnya XX9LT sendiri nulis :

```
XX9LT   XX9LT    21290.0     I am not on 15m   1522z   03 Sep
DL5FU   VU2SMN   21290.0     again:NOT XX9LT   1521z   03 Sep
```

From: yb7xo
Topic: 8589 Message: 8601

Ada dua kata kunci penting dari VU2GMN yang perlu diperhatikan:
1. Excessive power
2. Excessive bandwidth

Beberapakali terdengar di 40m stasiun dengan excessive bandwidth (ban lebaar) dan power gde, udah boring karena QSOnya itu-itu aja, kemudian muter lagu. Mereka ini sudah pasti orong-orong (non licensed), atau ORARONG (ORARI Orong-orong).

Kalo emang kepengen banget broadcast urus aja izin mancar terus dirikan stasiun AM atau FM, terus mainkan aja lagu favouritenya: campursari, heavymetal, hiphop dangdut etc.. Lebih banyak yang denger dan kasih pujian.

Surat komplain dari VU2GMN ini sudah cukup jelas dan keras. Bukan koplain yang pertama tentunya.

Untuk rules dan keterangan lengkap AADX contest dapat ditemukan di

http://www.jarl.or.jp/English/4_Library/A-4-3_Contests/2013AA_rule.htm
bagi yang mau pakai cabrillo format dapat merujuk kepada alamat berikut ini

http://www.jarl.or.jp/English/4_Library/A-4-3_Contests/AADX_Cabrillo.htm

Semoga berhasil mencapai yang di inginkan

Yang menarik adalah seolah olah VU2GMN sudah tahu bahwa pelaku di 7100 adalah unlicensed.
Apakah beliau dapat informasi dari salah seorang directornya (yang dari YB Land) ?

Stop unlicensed radio operations.....
Including the transmission of fishermen from boats originating from the VU land hi hi...
they are using tamilian langguage well of course there are also Sri lankan who spoke tamil
(probably that's what they are going to say to argue).

□
(ganti topik yaaaa, tapi agak mirip siiiih)

Dear All,

Mohon dukungan teman-teman semuanya untuk kegiatan membuka IOTA baru OC-275.
Membuka IOTA baru adalah tantangan yang sangat sangat besar, membutuhkan waktu, tenaga, uang dan segalanya.
Tapi itu tidak akan menjadi masalah dengan restu dan dukungan dari teman-teman semua.
Silahkan lihat website http://www.yf1ar.com/ untuk lebih detailnya.

Team yg berdedikasi tinggi untuk amatir radio ini bertekad dan ingin membuktikan, bahwa tanpa dana MILYARan pun, kegiatan IOTA masih bisa dilakukan.
Agar team ini bisa sukses dalam mengharumkan nama Amatir Radio Indonesia, kami mohon doa restu dan dukungan dari anda semuanya.
Silahkan hubungi japri ke Busan YF1AR (yf1ar@...) atau Taufan YB0AI (taufan_yb0ai@...) untuk lebih detailnya.

Semangat terus YF1AR, YB0AI, YC9XOZ, YB9WZJ, YD9RXQ, YB8XM, YB4IR !!!

Ayo berbagi ilmu CW OM Seno,,
Yang dulu waktu Siaga sudah DX dengan CW mode

Sungguh merngagumkan,
walau terkesan bandel tapi sisi positifnya banyak,

Kali dengan ini pula keberadaan Siaga seprti sekarang ini di permudah band
plan nya untuk dapat DXing,, hihi

KALAU BOLEH SAYA MENGATAKAN UNTUK TEAM DX_PEDITION IOTA OC 275

ANDA ADA UNTUK MELAKUKAN YANG TERBAIK BAGI BANGSA INI
SEKECIL APAPUN YANG DI KERJAKAN AKAN MEMBAWA HAL BESAR BAGI NEGRI TERCINTA
INI
MENGGENGGAM DUNIA DI JARI JARI YANG KOKOH
MENYATUKAN NUSANTARA DI TANGAN ANDA
KARENA ANDA ADA SEBAGAI ORANG YANG TERPILIH

SELAMAT BERJUANG
SUKSES MENANTI,,,

BID: $OPDX.1126
September 2, 2013
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)
Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NC1L, NJ1Q & W1AW, NG3K & ADXO, W3UR & The Daily DX, N4AA & QRZ DX, W5UE, K8GI, K8YSE, NL8F, W8GEX & 60m News, W9ILY, AT International, DK8JB & The DX News Letter, DL1SBF, DxCoffee.com, DX-World.Net, E21EIC, ES1CW, F5NQL, F6AJA & Les Nouvelles DX, H44RK, HA0HW , I1JQJ/IK1ADH & 425 DX News, I2MQP & DX Italia News, JA1TRC, OZ6OM & 50 MHz DX News, Pete's DX-Newsdesk, RSGB IOTA Web Site, Sixitalia Weekly, VA3RJ & ICPO, the VHF-DX-Portal (MMMonVHF), VK4WR, XV4Y and YB5NOF for the following DX information.
DXCC COUNTRY/ENTITY REPORT
According to the AR-Cluster Network for the week of Sunday, 25th-August, through Sunday, 1st-September there were 229 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 3X, 4J, 4L, 4O, 4S, 4W, 4X, 5A, 5B, 5N, 5R, 5T, 5W, 5Z, 6W, 6Y, 7P, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C5, C9, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, E7, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, F, FG, FH, FK, FM, FO, FR, FS, FY, G, GD, GI, GJ, GM, GU, GW, H4, H40, HA, HB, HB0, HC, HC8, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J3, J6, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH8, KH9, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ4, PY, PZ, S2, S5, S7, S9, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, TA, TF, TG, TI, TJ, TK, TL, TN, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE,
VK, VK9N, VP2E, VP8, VP8/h, VP9, VQ9, VR, VU, XE, XU, XW, XX9, YA, YB, YI, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZD7, ZD8, ZD9, ZF, ZL, ZL7, ZP, ZS
* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).
3B9, RODRIGUEZ ISLAND (Just A Reminder)
By the time you read this, members of the Verona DX Team will be active as 3B9EME from Rodriguez Island (AF-017) until September 13th. They will have 2 stations on at the same time on the HF bands, with an emphasis on 160/80/40/30/17/12 meters, using CW, SSB, RTTY, JT65hf and PSK31. Also, some EME activity on 144 and 432 MHz. See OPDX.1122 for suggested frequencies. For more details and the QSL route, visit the 3B9EME Web site at:
http://www.ari.verona.it/veronadxteam/3b9_2013.htm

8628. pirates di FB

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-09-07 02:44:58 UTC
From: hendro s.joedho
Topic: 8628 Message: 8628

Ada 2 stasiun DX yang SANGAT meragukan, panggil saya di FB padahal saya gak CQing HI HI :

1.
Favour Sambo
Halo, nama saya mendukung, saya seorang gadis kesepian muda yang cantik. saya melihat profil Anda hari ini dan ingin menjadi teman Anda, Anda dapat menulis kepada saya langsung ke email saya (favoursambo@...m) sehingga saya akan mengirimkan gambar saya dan memberitahu lebih lanjut tentang diri saya (favoursambo@...m)

Hello, my name is favour,i am a young lovely lonely girl. i saw your profile today and like to be your friend,You can write to me direct to my email(favoursambo@...) so that i will send you my pictures and tell you more about myself (favoursambo@...m).

2.
Grace David
This message is no longer available because it was identified as abusive

Yang nomor 2 sudah diidentifikasi balmon FB = pirate alias penipu.

Buat rekan yg terima message semacam ini jangan dilayani, begitu juga permintaan pertemanan di FB terutama dari LN/DX yang gak jelas.
BERBAHAYA.

Dear fellow ham radio operators and contesters.

I would like to invite you to the WAEDC SSB 2013!

The next Worked All Europe DX Contest SSB part starts Saturday September 14th 0000 UTC till Sunday 15th 2359 UTC.

There have been some minor changes in the rules, so please take some time to review the rules here: www.darc.de/referate/dx/contest/waedc/en/rules/ or alternatively check out the recording of the WAEDC seminar here: wwrof.org/category/webinar-archive/

You also find us on Facebook here: https://www.facebook.com/groups/453972741287450/

73 and good dx!

Helmut Müller DF7ZS (WAEDC Manager)

P.S.: Be ready for the QTCs

8639. cuma cerita

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-09-12 12:49:30 UTC
From: hendro s.joedho
Topic: 6669 Message: 8639
Attachments: 1 described; binary payloads are missing from this source WARC

Tanggal 23 Mei 2013 sekitar jam 06.00Z saya scanning di 15M dan 10M juga ngintip di dx cluster, kali2 ada DX station yg bisa dan perlu dihubungi.
Ternyata sepi, kecuali ada sekelompok orang yg sedang ragchewing di 28.443MHz (10M), ya sudah berhenti saja monitor AR dari South Africa ngobrol, ngerti-gak ngerti deh.

Sambil monitor, saya buka email, FB dan bila perlu komentar2 kecil disana - sampai terdengar sepertinya kelompok itu akan mengakhiri ragchew nya.
Setelah sepi, saya gak lantas putar dial tapi tetap asyik dg email/FB sampai mendadak saya dengar di frequency itu ada yg CQing, suaranya seperti salahsatu yg tadi ragchewwing disitu juga dan : "CQ CQ CQ this is ZS8Z - Marion Island yg sudah beberapa hari saya cari.
Karena masih sepi, walaupun bukan station pertama - saya mudah diterima ZS8Z.

Beberapa hari di minggu2 ini mencoba panggil V63DDD-Micronesia yg saya blm pernah dapat, padahal hampir semua rekan YB land sudah berhasil.
Susah karena JA station banyak, signalnya V63DDD agak lemah serta QRV yg singkat, padahal OM Busan bilang gampang, malahan beliau wkd di 80M.

Tadi siang sekitar jam 07.00Z kejadiannya sama.
Setelah QSO dengan YF1AR/9 sejam sebelumnya - saya monitor satu ragchewing beberapa station JA dalam bahasa Jepang. Sudah pasti gak ngerti apa yg dibicarakan, kecuali yg monitor itu YB8BRI, YB1FWO,YB3MM,YC3XHL,YB7XO dan banyak yg lain yg mengerti bahasa Jepang. Walaupun gak ngerti sama sekali tapi saya tertarik dengan kadang munculnya kalimat "DELTA DELTA DELTA" atau "*** DELTA" asterik = bahasa Jepang, mungkin "Triple"
Setelah bubaran, ternyata betul ada V63DDD disitu yg gak lama kemudian CQing.
Akhirnya worked juga di 15M dengan V63DDD - alhamdulillah.

Cuma cerita itu saja koq, karena lihat milis YBDXC kosong...! HI

Barusan juga lihat di CQ Mag. August 2013 walopun paling kecil score & jml entrynya tapi masih terbaca nama YB Land DX Club di "2013 CQ WW 160M Contest Club Scores".

OM Eko,
Ada yg pules bobonya jangan berisik, kalo mau QSO pake digital aja (RTTY-PSK) jangan pake CW.
Kalo pake digimode yg bobo bisa tenang gak bangun, tapi kalo dengar CW yg bobo langsung mencelat ke depan radionya dan : "QRZ...?" langsung diketuk.

Kok sepi WAEDC nya? Pada ngga dapet propagation semua nih? Dari Bandung ngga denger apa2 di semua band, dari start tadi sampe sekarang masih nomer 001, parah nih.
Jadi DX biasa aja dari tadi, lumayan dapet HC8/G8OFQ, V6G, V63LU, FG5FR and T88TV di SSB, RTTY and CW hehe

Good luck buat semua nya yg ikutan contest :)

Iwan

Sip om ,,
Berarti log kontes WAE sudah berisi data..
Saya belum mulai sama sekali,
Hanya andalkan propagasi kondisi stn saya saat ini.
Semoga bagus nanti nalam.
Biasa setelah 12z.

Good luck om Iwan.

Susah WAE test tidak ada single band Pemenang nya cuma 3
1.Soab low
2.Soab hi
3.Multi op
Jadi susah klo cuma di 40m aja,krn tetap di adukan dg all band.

QST - October 2013
Special DXing Issue.....!!!

----- Pesan yang Diteruskan -----
Dari: ARRL Web site <memberlist@...>
Kepada: hsjoedho@yahoo.com
Dikirim: Jumat, 13 September 2013 20:42
Judul: October 2013 QST Digital Edition

October 2013 QST Digital Edition - Now Available

Go to this link and start reading: October 2013 QST.

Special DXing Issue

Enjoy Content You Won't See in the Print Edition...

• Watch video overviews of the Rigol DS1052E and Tektronix TBS1042 oscilloscopes, as well as the Anytone AT-5888UV Dual Band FM transceiver.
> Every issue of QST is filled with the news and features you need to keep active in Amateur Radio. Enjoy this issue!

Download the QST App for Apple mobile device users. The app is free in Apple's App Store. Users with Android devices should use the enhanced web version of QST which is optimized to automatically recognize Android phones, tablets and e-book readers.

What is a digital edition?
The digital edition of QST is an electronic form of the journal. All ARRL members have access to the digital edition of QST...a way to read and interact with the current issue of QST anytime, anywhere. Each issue includes unique, digital-edition-only content such as video, audio features and extra content. Members can also access the digital archive for access to previous issues.

How do I access the digital edition?
QST can be read online or downloaded onto some devices. Members must have a valid ARRL website login to access this benefit. You can always find a link to the current digital edition and archives at www.arrl.org/qst. Apple iOS device users (iPhone, iPad and iPod touch) can also access the digital edition from a dedicated QST app. The app is free in Apple's App Store.
To login or register, go to www.arrl.org/myarrl.
Forgot password? Go to www.arrl.org/forgot-password to reset your password.
Not a member? Join today and get access to the current digital edition, now.
Need help? Visit the digital edition help page for frequently asked questions.
Need more help? Contact Member Services by telephone
860-594-0200 or 888-277-5289 (US only) or email circulation@....

Go Green! Go Digital-Only.
You can choose to opt-out* of the mailed, print edition
of QST at any time. Complete our online opt-out form. Due to the lead time required to prepare QST for mailing, you may receive one last printed issue. * Disclaimer: Choosing to opt-out of the print edition of QST is voluntary and will not result in a refund or reduction of ARRL membership dues. Any savings will be used to extend the ARRL's reach in the areas of public service, education, advocacy, technology and membership.

About this email
You are subscribed to receive monthly notification of
the digital edition of QST. If you have an ARRL website user account, you can manage all of your e-mail preferences at www.arrl.org/myarrl.

Dari: "yc9wzj@..." <yc9wzj@...>
Kepada: Ybdxc <YBDXC_News@yahoogroups.com>
Dikirim: Sabtu, 14 September 2013 22:05
Judul: [YBDXC_News] QTC

Tadi waktu kirim QTC 1/10 ke RC6U

Sudah terkirim 8
Ketika yg ke 9 eee mati lampu.
Akhirnya 2 yg ketinggalan.

Ketika lampu nyala, RC6U dah pindah..

Kira-kira bagaimana ya??
Mohon petunjuk ini hehehe

Subject: Oceania DX Contest News

Dear 2012 Oceania DX Contest entrant

2012 OCDX CONTEST RESULTS

Thank you for your participation in the 2012 Oceania DX (OCDX) Contest. The results of the 2012 event are published at http://www.oceaniadxcontest.com/2012_Results.htm .

Certificates have been awarded to the top scoring station in each category for each continent and country. Additionally, a participation certificate identifying the number of successful QSOs has been awarded to each station that participated in the contest.. The certificates are available on-line at http://www.oceaniadxcontest.com/2012_Results.htm for downloading and printing by individual entrants at their convenience.

Note: The Contest Committee will only post printed certificates in response to written requests from entrants who won a category in their country and made more than 10 QSOs in that category. Such requests should be emailed to the contest committee at info@oceaniadxcontest.com by 14 October 2013.

Entrants in the 2012 contest who wish to view a copy of their log checking report may do so by sending an email request to the Contest Committee at info@oceaniadxcontest.com. Each log checking report provides detailed information about the calculation of the entrant’s final score, along with a list of the QSOs that have been removed from the score calculation and the reasons for their removal.

2013 OCDX CONTEST

The 2013 Oceania DX contest is now only a few weeks away, with the Phone SSB section on the first weekend in October and the CW section on the second weekend in October. This will be another great opportunity to work a lot of DX stations in the Oceania region, as well as giving your station a test drive for the new DX contest season and the CQ WW contest events later in the year. We are expecting a good turn out from VK, ZL and YB stations, as well as stations from some of the rarer Pacific entities.

Here is brief summary of the rules for the 2013 contest:

PHONE: 08:00 UTC Saturday 5 October to 08:00 UTC Sunday 6 October
CW: 08:00 UTC Saturday 12 October to 08:00 UTC Sunday 13 October

Oceania stations can work other Oceania and non-Oceania stations.
Non-Oceania stations can only work Oceania stations.

Bands: 160M to 10M (excluding WARC bands).
Exchange: RS(T) + serial number.
QSO points: 20 points per QSO on 160M; 10 points on 80M; 5 points on 40M; 1 point on 20M; 2 points on 15M; and 3 points on 10M.

Final Score: The sum of the QSO points multiplied by the number of prefixes worked (the same prefix can be counted once on each band).

Entry Categories:
Single Operator All Band Low Power (max 100W)
Single Operator All Band High Power
Single Operator Single Band Low Power (max 100W)
Single Operator Single Band High Power
M1 - Multiple Operators and Single Transmitter (only one transmitted signal at any time)
M2 - Multiple Operators and Two Transmitters (no more than two transmitted signals at any time and on different bands)
MM - Multiple Operators and Multiple Transmitters (no more than one transmitted signal at any time on each band)
Shortwave Listener (receive only) All Band

A range of trophies and plaques will be awarded as listed on the web site at http://www.oceaniadxcontest.com/trophies.htm. Certificates will be awarded to the winning stations in each of the categories above - for each continent and country. A participation certificate will also be awarded to every station that makes at least one valid QSO.

The contest committee is pleased to announce that four new plaques will be available for winners of the following categories in the 2013 contest:
- The local New Zealand NZART Branch, DX club, or contest group with the greatest number of single operator entries that each make at least 50 valid QSOs (sponsored by Phil Holliday ZL3PAH)
- Top entrant from South Australia (VK5) in the PHONE Single Operator ALL Band LOW Power category (sponsored by the Adelaide Hills Amateur Radio Society)
- Top entrant from South Australia (VK5) in the CW Single Operator ALL Band LOW Power category (sponsored by the Adelaide Hills Amateur Radio Society)
- Top entrant from outside Oceania in the PHONE SWL category (sponsored by Patrick Marteville F-59706)

Log Submission Deadline: All logs must be emailed or postmarked NO LATER than 31 October 2013.

More information about the contest, including the detailed rules, is available from the Oceania DX Contest web site at http://www.oceaniadxcontest.com/ .

73 and we look forward to seeing you in the pile ups!

Oceania DX Contest Committee

<http://1.bp.blogspot.com/-bqNwSgdRl1w/UjgM3wyF8cI/AAAAAAAAEEo/R8WvVPLj3J8/s1600/folding.jpg>

The design

The folding beam is a 2-element directive antenna for five amateur bands (20/17/15/12/10m band, 6m band optional). It consists of wire elements attached to a support structure in a concentric way. The center post carries the support cords and is a coaxial feeder for the drivers. The driver/reflector arrangements are fixed to the fibreglass spreaders.

2013 OCDX CONTEST

The 2013 Oceania DX contest is now only a few weeks away, with the Phone SSB section on the first weekend in October and the CW section on the second weekend in October. This will be another great opportunity to work a lot of DX stations in the Oceania region, as well as giving your station a test drive for the new DX contest season and the CQ WW contest events later in the year. We are expecting a good turn out from VK, ZL and YB stations, as well as stations from some of the rarer Pacific entities.
===

Now VK, ZL, and YB.
In the past there was no mentioning of YB on the OCDX test ad or rules. Only VK and ZL and other OC countries. This is an acknowledgement that YB contesters are 'needed' to cheer up the contest. Maybe YB contesters have grown to a significant number each year.

Okay matey. No worries, we'll be there mate, cheers!

http://www.ybdxc.net/2013/09/scandinavian-activity-contest-2013.html

http://www.sactest.net/blog/rules/

Rules
Rules for all participants
1. Aim of the contest
The aims of the contest are to promote amateur radio activity within Scandinavia as well as to encourage amateur radio communications between Scandinavian and non-Scandinavian amateur radio stations. Scandinavian stations will try to work as many non-Scandinavian stations as possible and vice versa.
Scandinavian stations are defined by prefixes as follows:
Svalbard and Bear Island JW
Jan Mayen JX
Norway LA – LB – LG – LJ – LN
Finland OF – OG – OH – OI
Aland Islands OFØ – OGØ – OHØ
Market Reef OJØ
Greenland OX – XP
Faroe Islands OW – OY
Denmark 5P – 5Q – OU – OV – OZ
Sweden 7S – 8S – SA – SB – SC – SD – SE – SF – SG – SH – SI – SJ – SK – SL – SM
Iceland TF
All other legal prefixes according to the ITU definition of Scandinavian prefixes are good for the contest and multipliers as well.

Dear Budi,

Could you help us in the SAC committee by forwarding this contest invitation to Indonesian contesters, for example through the YBDXC e-mail reflector and the YB Land DX Club blog? That would be very helpful to us in getting the word out. Please confirm to me if you are able to do so.

Thanks and hope to see you in SAC this year!

73
Kim OH6KZP

Dear YL/OM,

The Scandinavian Activity Contest (SAC) Committee extends to you a warm invitation to participate in SAC 2013. SAC has been organized since 1959 and has grown into a large contest, with the number of submitted logs (> 2000 for CW+SSB) now being on par with other major events such as the Worked All Europe DX Contest.

This year, up to 400 Scandinavians will be actively engaged in their annual friendly battle for country and glory. That provides you with a great opportunity to have fun by working the multitude of fluttery signals emanating from the Arctic region and to emerge victorious!

CW: 21 - 22 September, 12:00 UTC - 11:59 UTC
SSB: 12 - 13 October, 12:00 UTC - 11:59 UTC

* Non-Scandinavians work Scandinavians
* Bands: 3.5 - 28 MHz (no WARC)
* Categories: Single op., Single op. assisted, Multi op. single TX
* Exchange: RST + serial number
* Multipliers: Scandinavian prefix-number regions per country

* Full rules: http://www.sactest.net/blog/rules/
* Propagation planning: http://www.sactest.net/blog/propagation/
* Database of results and records (1999-2012):
http://www.sactest.net/blog/result/searchscore.php

Wah sayang,
Tadi lihat di DXwatch, ada spot dari OM Roos - YF1CRR - lalu saya monitor.

Yang awal signalnya lemah, saya mau panggil malahan hilang sama sekali.
Tapi seperti biasa saya tetap di frequency itu dengerin noise - sampai akhirnya dia check frequency apakah digunakan - kesempatan saya nih.

Gotcha, saya yg awal masuk dan masih simplex signalnya Zorro-san juga lebih kuat.
Saya infokan di milis YBDXC & ORARI tapi sepertinya gak muncul, saya ulang deh ternyata terlambat saja munculnya.
Sempat juga saya monitor YL station (YC) yg masih simplex dan akhirnya split dan worked, yg ternyata YC0UI dan banyak lagi yg lain seperti YB8TK,YB0COX dll.

Sekarang signalnya XZ1Z makin lemah saya terima dan terakhir ini tak terdengar sama sekali.

Untuk rekan YL yang tadi panggil XZ1Z di 21.290MHz (simplex) - silahkan dicoba ulang
panggil XZ1Z lagi - split karena dia monitor di range 21.295 -21.300MHz.

Propagasi sedang sangat menguntungkan bagus.

Om Hen,

Makasih, kebetulan aja propagasi baik, jadi sekali panggil diterima.

Tks om Hen

OM Joni,
Dari dulu koq ya Falkland (VP8LP), St.Helena (ZD7FT), dll sering muncul di DX Watch tapi saya masih belum berhasil dengar suaranya.

Sementara info saja bahwa CQ bl. Agustus & September 2013 saya sudah terima, tapi Juni & Juli 2013 tetap nihil - tapi saya dikirimi yg versi digitalnya.

Hello Budi

Yes, I will be in Moscow for 4 days from tomorrow.

On the basis of the material provided for your Kimaam Island operation we can confirm the issue of IOTA OC-275 for Irian Jaya's Coastal Islands South group. We will accept cards for credit that have the island name printed on them. This covers YF1AR/9, YB0AI/9 and YD9KQX/P. Congratulations on your operation which I am sure is appreciated by the whole IOTA community.

Best regards

Roger

Jangan lupa karena XZ1Z mengaktifkan pelayanan Online QSL Request Service, maka permintaan akan QSL Card stasiun ini dapat diminta secara online dihttp://www.qrz.com/db/xz1z . Untuk pengiriman via buro adalah gratis, sedangkan pengiriman direct ke rumah Kita adalah sebesar USD3. Kontrak OQRS dpt dilihat pada link berikut ini:
http://clublog.freshdesk.com/support/articles/54921-oqrs-online-qsl-requests (di copy paste sendiri kalau tidak bisa diklik langsung)

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

Hello Budi

Yes, I will be in Moscow for 4 days from tomorrow.

On the basis of the material provided for your Kimaam Island operation we can confirm the issue of IOTA OC-275 for Irian Jaya's Coastal Islands South group. We will accept cards for credit that have the island name printed on them. This covers YF1AR/9, YB0AI/9 and YD9RQX/P. Congratulations on your operation which I am sure is appreciated by the whole IOTA community.

Best regards

Roger

OM Joni,
Sementara tadi yg saya dengar sudah dipanggil oleh XZ1Z adalah YB0MWM dan YB1UUN.
Signalnya XZ1Z saya terima kuat 59+10dB, nampol banget kata anak betawi.

Tadi pulang melayat saya dengar sudah rame dan lumayan serak saya panggil, sampe tergoda utk terus berusaha lupa mandi dan lupa kewajiban shalat.
Untung blm terlambat jadi saya tinggal dulu mandi & shalat - begitu selesai shalat saya panggil 1-2 panggilan langsung didengar. Alhamdulillah.

Sampai saat ini adzan magrib di wwilayah DKI (10.51Z) masih 10dB saya terima - 339 derajat NW/N.

OM Uun,
Saya perhatikan beberapa DXpedition ada yg demikian QSL policy nya, yg direct, OQRS langsung QSL di LoTW sementara yg cuma nunggu via LoTW ada yg lama tapi ada juga yg gak muncul. Payah deh ah... HI HI
Tapi kalo dipikir2 khan mereka keluar biaya utk expedition ini, jadi kalo bisa yah "kolek2 dikit", tapi kalo kita merasa perlu sih.

Saya so kirim utk yg 15M pake IRC yg udah agak bau (exp.date 31.12.2013).

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

OM Uun,

Don't worry, nanti juga keluar di Club log, either mereka yg slow upload or Club log nya yg lagging.
Saya juga kemaren pikir yg 30m saya ngga ke log, tapi setelah beberapa jam kemudiankeluar juga di Club log nya.

73,

Iwan

OM Uun,
Saya perhatikan beberapa DXpedition ada yg demikian QSL policy nya, yg direct, OQRS langsung QSL di LoTW sementara yg cuma nunggu via LoTW ada yg lama tapi ada juga yg gak muncul. Payah deh ah... HI HI
Tapi kalo dipikir2 khan mereka keluar biaya utk expedition ini, jadi kalo bisa yah "kolek2 dikit", tapi kalo kita merasa perlu sih.

Saya so kirim utk yg 15M pake IRC yg udah agak bau (exp.date 31.12.2013).

OM Hen, saya sudah kirim via OQRS kenanya USD6 (kalau nggak salah USD3 nya utk donasi), dan keesokan harinya langsung masuk di LoTW saya konfirmasi QSO nya.
Apakah yg kirim via OQRS yg akan di upload ke LoTW atau bagaimana saya kurang tahu juga.

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

OM Har,
Kalo semacam ini gak bisa dibilang serakah, karna seberapa banyak slot kita bisa dapat dengan QSO - gak akan mengurangi "jatah" orang lain. HI HI

Saya nyoba CW di 15M dengan XZ1Z - hararese euy... QSB..!!

Iya ya...?

Padahal saat itu suasana sedang aman tentram kerta raharja - XZ1Z baru saja QRX sekitar 10 menit, mungkin pee.
Setelah cek frequency "Is this frequency in used?" beberapa kali, langsung "QRZ, this is XZ1Z" dan saya yg sudah ancang2 langsung masuk - masih simplex dan worked.

Mungkin waktu entry suffix saya terpengaruh oleh prefix Yankee CHARLIE, jadilah suffixnya Queen Charlie. Ooohhhh.... ROMEO ku tertukar oleh Charlie.
Udah gitu yg salah yg di 15M, yang sudah saya kirim direct per pos.

Iya ya...?

Padahal saat itu suasana sedang aman tentram kerta raharja - XZ1Z baru saja QRX sekitar 10 menit, mungkin pee.
Setelah cek frequency "Is this frequency in used?" beberapa kali, langsung "QRZ, this is XZ1Z" dan saya yg sudah ancang2 langsung masuk - masih simplex dan worked.

Mungkin waktu entry suffix saya terpengaruh oleh prefix Yankee CHARLIE, jadilah suffixnya Queen Charlie. Ooohhhh.... ROMEO ku tertukar oleh Charlie.
Udah gitu yg salah yg di 15M, yang sudah saya kirim direct per pos.

Om Hendro,
Wah itu sih harus contack lg, kalau mau minta koreksi lewat email.
tapi biasanya dia masih sibuk, paling habis expedition baru dijawab.
Mending worked lagi aja, kalau masih bisa.
Sebab diupload LOTW ya YC0QCDe Zen

OM Uun,
Saya perhatikan beberapa DXpedition ada yg demikian QSL policy nya, yg direct, OQRS langsung QSL di LoTW sementara yg cuma nunggu via LoTW ada yg lama tapi ada juga yg gak muncul. Payah deh ah... HI HI
Tapi kalo dipikir2 khan mereka keluar biaya utk expedition ini, jadi kalo bisa yah "kolek2 dikit", tapi kalo kita merasa perlu sih.

Saya so kirim utk yg 15M pake IRC yg udah agak bau (exp.date 31.12.2013).

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

OM Har,
Saya salah di log 15M ditulis callsignya YC0QC.
Semalam kebetulan ada lagi di 15M, cuma banyak yg panggil dia di freq. TXnya terutama dari EU, udah gitu teman2 yg negur malah bikin freq. gak bisa dimonitor.

Kalo muncul lagi di 15M saya mau coba lagi peruntungan saya.
Lihat di daftar slot yg disediakan sepertinya gak ada 6M.

QSO di 80M dan 12M tgl berapa & jam berapa - lihat aja di on line log - terakhir upload sampae tgl berapa jam berapa.

Pagi ini bisa 59 +10dB di 28.490MHz.

Bukan main, masih simplex - sepi.

Iya OM Uun,
Sepertinya typo error dia, xixixi nasib.
Mangkanya saya mau coba lagi kalo dia muncul di 15M, kalo yg 10M sudah OK.

OM Uun,
Saya perhatikan beberapa DXpedition ada yg demikian QSL policy nya, yg direct, OQRS langsung QSL di LoTW sementara yg cuma nunggu via LoTW ada yg lama tapi ada juga yg gak muncul. Payah deh ah... HI HI
Tapi kalo dipikir2 khan mereka keluar biaya utk expedition ini, jadi kalo bisa yah "kolek2 dikit", tapi kalo kita merasa perlu sih.

Saya so kirim utk yg 15M pake IRC yg udah agak bau (exp.date 31.12.2013).

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

Iya OM Uun,
Sepertinya typo error dia, xixixi nasib.
Mangkanya saya mau coba lagi kalo dia muncul di 15M, kalo yg 10M sudah OK.

OM Uun,
Saya perhatikan beberapa DXpedition ada yg demikian QSL policy nya, yg direct, OQRS langsung QSL di LoTW sementara yg cuma nunggu via LoTW ada yg lama tapi ada juga yg gak muncul. Payah deh ah... HI HI
Tapi kalo dipikir2 khan mereka keluar biaya utk expedition ini, jadi kalo bisa yah "kolek2 dikit", tapi kalo kita merasa perlu sih.

Saya so kirim utk yg 15M pake IRC yg udah agak bau (exp.date 31.12.2013).

Thanks OM,

Kalo gak salah juga beliau ini LoTW user dan log akan diupload ke LoTW, tapi masalahnya saya sudah kirim direct dengan IRC.
Masalah lainnya nampaknya Zorro-san masih lama di Myanmar sedangkan IRC saya akan "kandas" validitasnya (expired) pada 1.12.2013.

Dengan OQRS sebenarnya lebih enak walaupun bayar 3 USD , karna kalopun langsung kirim, kita harus isi lampiran QSL dg 2 USD, lalu biaya perangko.
Dengan OQRS lebih cepat, lebih aman gak kuatir QSL kita hilang dijalan.

Coba juga yang di 10M dong mbak Hani.
Biasanya di 28.490MHz dan signalnya juga lumayan kuat - tadi pagi saya terima 10dB.
OM Arif, saya sekarang sudah ada di Log online XZ1Z utk 10M & 15M.

OM Har,

Belon bayar hehehe.... biasa nya sih OQRS ngga pernah bayar, soalnya minta di kirim ke W7 bureau.
Kalo LoTW harus bayar dulu keterlaluan dong ... musti protest :)

XZ1Z skrng di 21265 up 5 katanya yang belum dapat
silahkan dicoba

OM Hen, saya sudah kirim via OQRS kenanya USD6 (kalau
nggak

salah USD3 nya utk donasi), dan keesokan harinya langsung

masuk di LoTW saya konfirmasi QSO nya.

Apakah yg kirim via OQRS yg akan di upload ke LoTW atau

bagaimana saya kurang tahu juga.

Om Iwan

ZS3Y net control kuat signalnya.
Tapi ZS8Z ga terdengar.

OM Joni,

Iya ZS3Y nya kuat banget, ZS8Z nya di saya 55-57 naik turun, saya keterima 55 di sana nya
,,
Saya beaming short path, tapi USA masuk besar2 sampe 59+

YB8TK salah contact, ciontact Volker nya ZS3Y, pas di panggil lagi sama ZS3Y suruh contact sama ZS8Z ngga jawab YB8TK nya.
Di cluster YB8TK bilang thank you for big signal, padahal belon contact sama ZS8Z nya ... ngga dengerin dulu sih, main panggil aja hehe

OM Uun,
Kapan tuh di 15M, kalo yg di 10M keberuntungan saya mirip waktu dg XZ1Z di 15M.
Pas yg pertama, karena awalnya saya monitor stasiun2 ZS lagi ngerumpi, ragchewwing - lalu selesai ragchew - ZS8Z CQing di frequency itu.

OM Uun,
Kapan tuh di 15M, kalo yg di 10M keberuntungan saya mirip waktu dg XZ1Z di 15M.
Pas yg pertama, karena awalnya saya monitor stasiun2 ZS lagi ngerumpi, ragchewwing - lalu selesai ragchew - ZS8Z CQing di frequency itu.

Om Hendro,,

Ke ZS8 dari sumatra dan jawa tentu lebih mudah..
Kalo sked nanti NCS pengganti ZS3Y..
Pasti lebih efektif..
Tapi jika NCS nya ZS3Y juga ok..
Stn kuat dari africa selatan.

Saya pikir tadinya sih sistim list langsung di ZS8Z, jadi dia yg panggil stasiun dari YBland satu per satu sesuai list - seperti panggilan utk nyoblos di KPPS. HI.

Jadi ingat dulu ada rekan yg sked dengan Vatican - tapi pada hari yg ditentukan propagasi kurang bagus atau yang di Vaticannya berhalangan - padahal nunggu sampai subuh. Kayaknya waktu itu OM Yongki-YB0COU juga sudah listed.

OM Joni,
PCMIYH apa tuh baru denger - yg suka denger sih PCMCIA, HI HI.

Kalo dihubungkan dengan kalimat lainnya, apakah.... Please Call Me If You Heard..?
Kayaknya pas tuh.

Kalo yg cerita pake list itu jaman dulu dan saya juga sudah confirmed, tapi tgl. 26/03/2013 kemarin khan di 15M muncul HV0A.

Saya pikir tadinya sih sistim list langsung di ZS8Z, jadi dia yg panggil stasiun dari YBland satu per satu sesuai list - seperti panggilan utk nyoblos di KPPS. HI.

Jadi ingat dulu ada rekan yg sked dengan Vatican - tapi pada hari yg ditentukan propagasi kurang bagus atau yang di Vaticannya berhalangan - padahal nunggu sampai subuh. Kayaknya waktu itu OM Yongki-YB0COU juga sudah listed.

hahhaa,
2 jempol besar = 2 jempol bengkak.
Dulu di dekat rumah ada pabrik accu mereknya torpedo lalu jadi tornado.
iklannya lelaki pegang accu jempolnya gedhe..

Jadi waktu itu sekitar bukan Maret 2013, OM Joni gak sempat monitor HV0A.
Saya "perasaan" berhasil tetapi ternyata "not in the log" - mungkin waktu itu ada yang menyamar sebagai HV0A panggil callsign saya. HI HI
Have a nice sunday.

OM Joni,
PCMIYH apa tuh baru denger - yg suka denger sih PCMCIA, HI HI.

Kalo dihubungkan dengan kalimat lainnya, apakah.... Please Call Me If You Heard..?
Kayaknya pas tuh.

Kalo yg cerita pake list itu jaman dulu dan saya juga sudah confirmed, tapi tgl. 26/03/2013 kemarin khan di 15M muncul HV0A.

Saya pikir tadinya sih sistim list langsung di ZS8Z, jadi dia yg panggil stasiun dari YBland satu per satu sesuai list - seperti panggilan utk nyoblos di KPPS. HI.

Jadi ingat dulu ada rekan yg sked dengan Vatican - tapi pada hari yg ditentukan propagasi kurang bagus atau yang di Vaticannya berhalangan - padahal nunggu sampai subuh. Kayaknya waktu itu OM Yongki-YB0COU juga sudah listed.

WADAH TUNGGAL AMATIR RADIO

Konstruksi pasal 4 Anggaran Dasar (AD) ORARI: “ORARI adalah Organisasi tunggal bagi segenap Amatir Radio di Indonesia, bersifat mandiri dan non politik.”

Pasal 4 ini mengacu pada bagian Mukadimah AD alinea 4: “Dengan rahmat Tuhan Yang Maha Esa dan didorong oleh keinginan luhur untuk berbakti kepada bangsa dan negara demi pengembangan dan pembangunan, maka atas dasar Peraturan dan Perundang-undangan Pemerintah Republik Indonesia berdirilah wadah tunggal Amatir Radio.”

Jadi “Organisasi tunggal” ataupun “wadah tunggal amatir radio”, sebagaimana ditegaskan dalam Pasal 4 dan Alinea 4 Mukadimah AD, dibentuk berdasarkan peraturan dan perundang-undangan RI. Tentu saja mengandung konsekuensi Organisasi Wadah Tunggal Amatir Radio HARUS BERJALAN SELARAS DAN TIDAK BOLEH BERTENTANGAN DENGAN ATURAN PERUNDANG-UNDANGAN RI.

Oleh sebab itu, mari kita selidiki perundang-undangan yang memberikan pengaturan sejauhmana makna organisasi tunggal/wadah tunggal amatir radio. Kita gunakan penafsiran gramatikal terlebih dahulu, sekedar melihat bagaimana tata bahasa yang digunakan dalam rumusan tersebut. Kita selidiki kronologi RIWAYAT PENGATURANNYA.

Regulasi yang khusus mengatur tentang radio amatir di Indonesia pada mulanya PP 21/1967 TENTANG RADIO AMATIRISME DI INDONESIA, yang payung hukumnya adalah UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU. Kehendak Pemerintah dalam PP ini telah mengatur bahwa:
• SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR LOKAL/REGIONAL (Pasal 3), dan
• MASING-MASING ORGANISASI RADIO AMATIR LOKAL/REGIONAL HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR NASIONAL (Pasal 4).

Pada 9 Juli 1968 berdirilah ORARI yang saat itu kepanjangannya ORGANISASI RADIO AMATIR REPUBLIK INDONESIA, dan sekarang menjadi ORGANISASI AMATIR RADIO INDONESIA.

Pada 1980, PP ini mengalami perubahan dan penambahan menjadi PP 20/1980 tentang PERUBAHAN DAN TAMBAHAN ATAS PP 21/1967, dimana payung hukum PP ini juga mengalami penambahan dengan memasukkan juga UU 11/1967 tentang PENGESAHAN KONVENSI TELEKOMUNIKASI INTERNASIONAL (ITU) MALAGA TORREMOLINOS sebagai dasarnya. Namun ketentuan “organisasi” sebagaimana dalam Pasal 3 dan 4 PP terdahulu tetap dipertahankan dalam PP ini.

Pada 1981, terbit pelaksanaan dari PP di atas, yakni Keputusan Dirjen Postel No: 39/DIRJEN/1981 tentang Persyaratan Izin dan Teknik Radio serta Radio Amatir, dan Keputusan Dirjen Postel No: 104/DIRJEN/1981 tentang Pedoman Pelaksanaan Ujian Amatir Radio.

Pada 1986, terbit Keputusan Menteri Parpostel No: KM.65/HK.2207/MPPT - 86 Tentang Pelaksanaan Kegiatan Amatir Radio. Kepmen ini memberi batasan makna organisasi. ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO (Pasal 1 Angka 5).

Kepmen Parpostel ini juga sudah mendasarkan pada UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Konvensi ini mengakui otoritas administrasi telekomunikasi di Negara masing-masing untuk mengatur telekomunikasi di negaranya.

Pada 1987 terbit pedoman pelaksanaannya, yakni Kep Dirjen Postel No: 42/DIRJEN/1987 Tentang Pedoman Pelaksanaan Kegiatan Amatir Radio dengan mempertegas aspek legalitas apa yang dimaksud dengan Organisasi Amatir Radio, yakni “ORGANISASI, IALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO” (Pasal 1 huruf m).

Pada 1998 terbit Kep Dirjen Postel No: 027/Dirjen/1998 Tentang Ketentuan Pelaksanaan Kegiatan Amatir Radio, dimana pada Pasal 1 angka 10 menegaskan bahwa ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Pada 1989, terbit Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi dengan menyatakan tidak berlaku UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU.

Pada 1999, terbit UU 36/1999 tentang Telekomunikasi dengan menyatakan tidak berlaku Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi.

Perlu saya sampaikan disini, bahwa UU 36/1999 ini tidak mencabut UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Artinya materi UU UU 11/1985 tersebut, termasuk juga bagian lampirannya yakni RADIO REGULATIONS yang telah diratifikasi Indonesia tetap berlaku efektif sebagai hukum positif di Indonesia.

Pada 2000, terbit salah satu peraturan pelaksanaan UU 36/1999 tentang Telekomunikasi, yakni PP 52/2000 tentang Penyelenggaraan Telekomunikasi, dimana PP ini menyatakan tidak berlaku PP 21/1967 tentang Radio Amatirisme di Indonesia jo. PP 20/1980 tentang Perubahan dan Tambahan Atas PP 21/1967 tentang Radio Amatirisme di Indonesia.

Pada 2002 terbit Kepmenhub No. 049/2002, dimana Pasal 1 angka 13 menyatakan: ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Pada 2009 terbit Permen 33/2009, Pasal 1 angka 14 menyatakan ORGANISASI ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI), serta Pasal 47 menegaskan ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU), dan Pasal 49 menegaskan kembali ketentuan yang diatur sejak PP 21/1967 hingga Kepmenhub No. 049/2002, yakni SETIAP AMATIR RADIO INDONESIA WAJIB MENJADI ANGGOTA ORGANISASI.

Dari panjangnya kronologi di atas, mari kita analisis secara sederhana:

Sejak 1967 kehendak Pemerintah MENGHARUSKAN amatir radio untuk tergabung dalam ORGANISASI RADIO AMATIR LOKAL, REGIONAL, dan NASIONAL.

Sejak 1986, sudah ditunjuk syarat legalitas organisasi, yakni ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Sejak 1987, dipertegas lagi dengan ditambahkan kata “Indonesia”, sehingga organisasi tersebut adalah ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO. Implikasi dari cakupan dari ketentuan ini, adalah:
• mempertegas PP 21/1967 jo. PP 20/1980, sehingga menjadi dibaca SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH dan MASING-MASING ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA PUSAT.
• Organisasi yang mewadahi amatir radio Indonesia tersebut adalah organisasi amatir radio Indonesia yang diakui dan disahkan Pemerintah RI.
• Organisasi dijalankan oleh organ organisasi yakni Pengurus, sehingga sudah barang tentu yang diakui dan disahkan adalah KEPENGURUSANNYA.
• Konsekuensi berikutnya adalah seandainya terjadi kepengurusan ganda sebagaimana fenomena dinamika politik yang bisa terjadi pada organisasi sosial-politik, maka yang diakui adalah organisasi yang kepengurusannya diakui dan disahkan Pemerintah.

Namun secara eksplisit regulasi tentang amatir radio hingga pada 1987 belum menunjuk organisasi ORARI. Dinyatakan sebagai ORGANISASI AMATIR RADIO INDONESIA masih menimbulkan penafsiran ganda:
• apakah itu organisasi radio amatir secara umum yakni organisasi amatir radio Indonesia yang diakui dan disahkan oleh Pemerintah, atau
• apakah itu menunjuk pada organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA yang disingkat ORARI.

Sejak 2002, kehendak Pemerintah ini lebih dipertegas secara eksplisit, yakni sudah menunjuk secara eksplisit organisasi yang mana, dan syarat legalitasnya, yang dirumuskan menjadi ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Maknanya sudah jelas:
• organisasi yang wajib diikuti amatir radio di Indonesia adalah organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH, ini dari kacamata penafsiran gramatikal.
• Sedangkan dalam interpretasi “ argumentum a contrario”, organisasi yang ditunjuk adalah organisasi tidak selainnya ORARI, artinya ya sudah jelas Pemerintah HANYA menunjuk ORARI saja.
• Sedangkan makna legalitasnya adalah bilamana terjadi kepengurusan ganda sehingga tampak sebagai dobel organisasi yang sama, maka organisasi yang ditunjuk adalah organisasi ORARI yang kepengurusannya diakui Pemerintah.
• Sedangkan peran organisasi apalah itu disebut sebagai WADAH ataukan WADAH RESMI, itu adalah bagian dari retorika bahasa tidak membawa pada perbedaan substansi WADAH.

Sejak 2009, ada tambahan frasa “MERUPAKAN SATU-SATUNYA WADAH” dalam konstruksi Pasal 47 Permen 33/2009 yang menyatakan “ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU)”.

ini adalah retorika sebagai bagian dari dinamika, karena makna dan syarat legalitasnya tetap seperti pada 2002 sebagai diurai di atas. Namun perlu dicatat bahwa keanggotaan ORARI dalam IARU yang sudah sejak 1977 ini dipertegas lagi pada 2009, dengan menyatakan secara eksplisit hanya organisasi ORARI lah yang ditunjuk Pemerintah SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU).

Kehendak Pemerintah RI bahwa setiap amatir radio di Indonesia wajib menjadi anggota organisasi ini, menjadi ketentuan yang tidak tergoyahkan sejak 1967 hingga sekarang.

Berkaitan dengan soal ORGANISASI, hal yang baru dalam regulasi Permen 33/2009, yang belum pernah diatur dalam regulasi sebelumnya adalah adanya pengaturan secara eksplisit mengenai ORGANISASI AMATIR RADIO dalam Bab tersendiri. Dalam Bab ini, Permen ini mengaturnya:
• Organisasi merupakan satu-satunya wadah bagi Amatir Radio di Indonesia yang diakui oleh Pemerintah dan sebagai anggota International Amateur Radio Union (IARU) (Pasal 47 ayat (1)).
• Ketentuan mengenai susunan Organisasi ditetapkan oleh para Amatir Radio dalam AD/ART yang disahkan dalam Munas (ayat (2)).
• Pengurus Organisasi dilarang merangkap sebagai pengurus organisasi lain yang menangani komunikasi khusus perorangan (ayat (3)).
• Organisasi menetapkan dan menjalankan kode etik Amatir Radio bagi para anggotanya Pasal 48 ayat (1)).
• Organisasi wajib memberikan pembinaan, pelatihan, dan pengawasan bagi anggotanya (ayat (5)).
• Setiap Amatir Radio Indonesia wajib menjadi anggota Organisasi (Pasal 49).

Dengan adanya pengaturan ini, terjawablah sudah kehendak Pemerintah RI, mengapa setiap amatir radio Indonesia wajib menjadi anggota ORARI:
• Pemerintah RI telah memberikan atau mendelegasikan kewenangan pembinaan, pelatihan, dan pengawasan amatir radio kepada Organisasi ORARI.
• Pemerintah RI telah menjamin organisasi tersebut benar-benar menfasilitasi ASPIRASI KEPENTINGAN AMATIR RADIO (dalam memperoleh dan menggunakan hak-hak amatir radio), dengan cara anggota ORARI lah yang menetapkan susunan organisasi ORARI tersebut berdasarkan AD/ART yang disahkan dalam Munas.
• Disinilah fungsi FASILITASI yang diemban organisasi ORARI. KE BAWAH menfasilitasi kepentingan Pemerintah untuk mengadakan pembinaan, pelatihan, dan pengawasan kepada amatir radio. KE ATAS, memfasilitasi kepentingan amatir radio dalam memperoleh dan menggunakan hak-hak amatir radio dari Pemerintah.

Dalam penelusuran di atas, yang dimaksud “Organisasi tunggal” atau “Wadah tunggal Amatir Radio” adalah dalam bentuknya sebagai wadah ORGANISASI yang formal, artinya yang memenuhi syarat formalitas organisasi.

Dalam pergaulan masyarakat amatir radio, di samping ORGANISASI FORMAL ORARI yang telah mereka ikuti, ada fenomena meningkatnya partisipasi sekumpulan amatir radio yang berhimpun dalam wadah komunitas informal, seperti kumpulan, kelompok, grup, club, arisan, atau apalah nama bentuk dan jenisnya. Ada komunitas penggemar marine-radio, penggemar military-radio, komunitas penggemar radio bodol, peminat ARDF, penggemar DX-ing, arisan radio HF, komunitas pemerhati regulasi radio, komunitas homebrewer, komunitas power besar, komunitas power kecil, komunitas CW. Singkat cerita, hari gini apapun seluk-beluk dan tetek-bengek bidang keamatirradioan serta produk ikutannya, semua ada komunitasnya. Media mereka bisa melalui reg-chewing pada frekuensi radio tertentu pada band amatir radio, eye-ball QSO, atau sekarang yang sangat mudah melalui jejaring sosial online.

Jika konteksnya adalah “organisasi tunggal”, komunitas ini bukanlah organisasi sebagaimana yang dimaksud dalam hukumnya tentang penyelenggaraan amatir radio.
Jika konteksnya adalah pembidangan dalam struktur organisasi ORARI, semua minat-minat dalam komunitas ini semua sudah terbagi habis dalam bidang-bidang yang diurusi di keorganisasian ORARI.

Saya melihatnya fenomena itu sebagai bagian dari perkembangan zaman. Jika keberadaan komunitas informal itu justru menyuburkan tradisi amatir radio yang bersendikan pada kode etik amatir radio, mengapa tidak kita apresiasi dan kita pandang itu sebagai tanda meningkatnya partisipasi? Partisipasi anggota yang tinggi justru meringankan Pengurus untuk mencapai tujuan organisasi, begitu pula sebaliknya.

Sebaliknya, jika komunitas tersebut bertujuan untuk menyimpangi regulasi keamatiran radio, seperti transmisi tanpa identitas di luar peruntukan bandplan amatir radio, atau bentuk penyimpangan lainnya, nah itu tugas kita semua untuk sebisa-bisa menginformasikan kepada Pengurus, dan juga menjadi kewenangan Pengurus semua tingkatan untuk membina dan melarang anggotanya melakukan aktivitas yang bertentangan dengan regulasi keamatirradioan.

> WADAH TUNGGAL AMATIR RADIO
>
> Konstruksi pasal 4 Anggaran Dasar (AD) ORARI: “ORARI adalah Organisasi tunggal bagi segenap Amatir Radio di Indonesia, bersifat mandiri dan non politik.”
>
> Pasal 4 ini mengacu pada bagian Mukadimah AD alinea 4: “Dengan rahmat Tuhan Yang Maha Esa dan didorong oleh keinginan luhur untuk berbakti kepada bangsa dan negara demi pengembangan dan pembangunan, maka atas dasar Peraturan dan Perundang-undangan Pemerintah Republik Indonesia berdirilah wadah tunggal Amatir Radio.”
>
> Jadi “Organisasi tunggal” ataupun “wadah tunggal amatir radio”, sebagaimana ditegaskan dalam Pasal 4 dan Alinea 4 Mukadimah AD, dibentuk berdasarkan peraturan dan perundang-undangan RI. Tentu saja mengandung konsekuensi Organisasi Wadah Tunggal Amatir Radio HARUS BERJALAN SELARAS DAN TIDAK BOLEH BERTENTANGAN DENGAN ATURAN PERUNDANG-UNDANGAN RI.
>
> Oleh sebab itu, mari kita selidiki perundang-undangan yang memberikan pengaturan sejauhmana makna organisasi tunggal/wadah tunggal amatir radio. Kita gunakan penafsiran gramatikal terlebih dahulu, sekedar melihat bagaimana tata bahasa yang digunakan dalam rumusan tersebut. Kita selidiki kronologi RIWAYAT PENGATURANNYA.
>
> Regulasi yang khusus mengatur tentang radio amatir di Indonesia pada mulanya PP 21/1967 TENTANG RADIO AMATIRISME DI INDONESIA, yang payung hukumnya adalah UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU. Kehendak Pemerintah dalam PP ini telah mengatur bahwa:
> • SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR LOKAL/REGIONAL (Pasal 3), dan
> • MASING-MASING ORGANISASI RADIO AMATIR LOKAL/REGIONAL HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR NASIONAL (Pasal 4).
>
> Pada 9 Juli 1968 berdirilah ORARI yang saat itu kepanjangannya ORGANISASI RADIO AMATIR REPUBLIK INDONESIA, dan sekarang menjadi ORGANISASI AMATIR RADIO INDONESIA.
>

> Pada 1980, PP ini mengalami perubahan dan penambahan menjadi PP 20/1980 tentang PERUBAHAN DAN TAMBAHAN ATAS PP 21/1967, dimana payung hukum PP ini juga mengalami penambahan dengan memasukkan juga UU 11/1967 tentang PENGESAHAN KONVENSI TELEKOMUNIKASI INTERNASIONAL (ITU) MALAGA TORREMOLINOS sebagai dasarnya. Namun ketentuan “organisasi” sebagaimana dalam Pasal 3 dan 4 PP terdahulu tetap dipertahankan dalam PP ini.
>
> Pada 1981, terbit pelaksanaan dari PP di atas, yakni Keputusan Dirjen Postel No: 39/DIRJEN/1981 tentang Persyaratan Izin dan Teknik Radio serta Radio Amatir, dan Keputusan Dirjen Postel No: 104/DIRJEN/1981 tentang Pedoman Pelaksanaan Ujian Amatir Radio.
>
> Pada 1986, terbit Keputusan Menteri Parpostel No: KM.65/HK.2207/MPPT - 86 Tentang Pelaksanaan Kegiatan Amatir Radio. Kepmen ini memberi batasan makna organisasi. ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO (Pasal 1 Angka 5).
>

CQWW 2013 Rules Review Webinar
Posted about 1 min ago | 0 comment
The World Wide Radio Operators Foundation (WWROF) is pleased to present Randy Thompson, K5ZD, Director of the CQWW DX Contest for a review of the 2013 contest rules. Questions will be taken from the audience following the presentation. Use this opportunity to get prepared for the world's biggest DX contest.
Title: CQWW Rules Review
Date: Sunday, October 6
Time: 19:00 UTC

SPECIAL NOTE FROM EDITOR (Just A Reminder/Update)
"Things seem to be back to normal. I was experiencing some E-mail problems over the last few weeks, especially with kb8nw@... address. The arrl.net address has been very erratic (bounces and delays), so only use as a last resort. I have added a new E-mail address kb8nw@hotmail.com to be used before the arrl.net address, if the kb8nw@barf80.nshore.org address does not work. I hope this will help the problem of mail getting to me.... 73 de Tedd KB8NW"
DXCC COUNTRY/ENTITY REPORT
According to the AR-Cluster Network for the week of Sunday, 15th-September, through Sunday, 22nd-September there were 222 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 4J, 4L, 4O, 4S, 4U1I, 4X, 5A, 5B, 5R, 5T, 5W, 5Z, 6W, 6Y, 7X, 8P, 8Q, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9V, 9X, 9Y, A3, A4, A5, A6, A7, A9, AP, BV, BY, C2, C3, C6, CE, CE0Y, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, E6, E7, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FK, FM, FO, FP, FR, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HC8, HI, HK, HL, HP, HR, HS, HZ, I, IS, J2, J6, J7, J8, JA, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P4, PA, PJ2, PJ4, PJ7, PY, PZ, S2, S5, SM, SP, ST, SU, SV, SV5, SV9, T5, T7, T8, TA, TF, TG, TI, TJ, TK, TN, TR, TU, TZ, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V7, V8, VE, VK, VK9N, VP2E, VP8, VP8/h, VP9,
VQ9, VR, VU, XE, XT, XW, XX9, XZ, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, Z3, Z8, ZA, ZB, ZD7, ZD8, ZF, ZL, ZP, ZS, ZS8
* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).
3W2/XV4, VIETNAM (IOTA Op)
Mike, N0ODK, states that he will once again be active from Ho Chi Minh City, but this time as 3W2DK (not 3W6DK - Vietnam has changed their districts) between October 17-24th. He will then travel to Phu Quoc Island (AS-128) and be active as XV4MN between October 24-29th. His activity will be on 20/17/15/10 meters from both locations. Also, look for him to be in the

CQWW DX SSB Contest (October 26-27th) as a Single-Op/Low-Power entry. After his Phu Quoc Island oper- ation, he will return to Ho Chi Minh City and will be active until November 2nd. Mike mentions that during his operations he will be asking for stand- bys for NA Zeros often to get into the midwest. QSL via N0ODK, direct, by the Bureau or LoTW. He states on QRZ.com, "If you have different contacts with me as 3W6DK, 3W2DK, XV4MN, or N0ODK, please QSL in one package to save you time and money and I can QSL all in one time. I collect QSL cards so if we QSL, please QSL even if you do not need my QSL card. I will QSL if in logbook."

WADAH TUNGGAL AMATIR RADIO

Konstruksi pasal 4 Anggaran Dasar (AD) ORARI: “ORARI adalah Organisasi tunggal bagi segenap Amatir Radio di Indonesia, bersifat mandiri dan non politik.”

Pasal 4 ini mengacu pada bagian Mukadimah AD alinea 4: “Dengan rahmat Tuhan Yang Maha Esa dan didorong oleh keinginan luhur untuk berbakti kepada bangsa dan negara demi pengembangan dan pembangunan, maka atas dasar Peraturan dan Perundang-undangan Pemerintah Republik Indonesia berdirilah wadah tunggal Amatir Radio.”

Jadi “Organisasi tunggal” ataupun “wadah tunggal amatir radio”, sebagaimana ditegaskan dalam Pasal 4 dan Alinea 4 Mukadimah AD, dibentuk berdasarkan peraturan dan perundang-undangan RI. Tentu saja mengandung konsekuensi Organisasi Wadah Tunggal Amatir Radio HARUS BERJALAN SELARAS DAN TIDAK BOLEH BERTENTANGAN DENGAN ATURAN PERUNDANG-UNDANGAN RI.

Oleh sebab itu, mari kita selidiki perundang-undangan yang memberikan pengaturan sejauhmana makna organisasi tunggal/wadah tunggal amatir radio. Kita gunakan penafsiran gramatikal terlebih dahulu, sekedar melihat bagaimana tata bahasa yang digunakan dalam rumusan tersebut. Kita selidiki kronologi RIWAYAT PENGATURANNYA.?

Regulasi yang khusus mengatur tentang radio amatir di Indonesia pada mulanya PP 21/1967 TENTANG RADIO AMATIRISME DI INDONESIA, yang payung hukumnya adalah UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU. Kehendak Pemerintah dalam PP ini telah mengatur bahwa:?
• SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR LOKAL/REGIONAL (Pasal 3), dan?
• MASING-MASING ORGANISASI RADIO AMATIR LOKAL/REGIONAL HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR NASIONAL (Pasal 4).?

Pada 9 Juli 1968 berdirilah ORARI yang saat itu kepanjangannya ORGANISASI RADIO AMATIR REPUBLIK INDONESIA, dan sekarang menjadi ORGANISASI AMATIR RADIO INDONESIA.

Pada 1980, PP ini mengalami perubahan dan penambahan menjadi PP 20/1980 tentang PERUBAHAN DAN TAMBAHAN ATAS PP 21/1967, dimana payung hukum PP ini juga mengalami penambahan dengan memasukkan juga UU 11/1967 tentang PENGESAHAN KONVENSI TELEKOMUNIKASI INTERNASIONAL (ITU) MALAGA TORREMOLINOS sebagai dasarnya. Namun ketentuan “organisasi” sebagaimana dalam Pasal 3 dan 4 PP terdahulu tetap dipertahankan dalam PP ini.

Pada 1981, terbit pelaksanaan dari PP di atas, yakni Keputusan Dirjen Postel No: 39/DIRJEN/1981 tentang Persyaratan Izin dan Teknik Radio serta Radio Amatir, dan Keputusan Dirjen Postel No: 104/DIRJEN/1981 tentang Pedoman Pelaksanaan Ujian Amatir Radio.

Pada 1986, terbit Keputusan Menteri Parpostel No: KM.65/HK.2207/MPPT - 86 Tentang Pelaksanaan Kegiatan Amatir Radio. Kepmen ini memberi batasan makna organisasi. ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO (Pasal 1 Angka 5).?

Kepmen Parpostel ini juga sudah mendasarkan pada UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Konvensi ini mengakui otoritas administrasi telekomunikasi di Negara masing-masing untuk mengatur telekomunikasi di negaranya.

Pada 1987 terbit pedoman pelaksanaannya, yakni Kep Dirjen Postel No: 42/DIRJEN/1987 Tentang Pedoman Pelaksanaan Kegiatan Amatir Radio dengan mempertegas aspek legalitas apa yang dimaksud dengan Organisasi Amatir Radio, yakni “ORGANISASI, IALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO” (Pasal 1 huruf m).

Pada 1998 terbit Kep Dirjen Postel No: 027/Dirjen/1998 Tentang Ketentuan Pelaksanaan Kegiatan Amatir Radio, dimana pada Pasal 1 angka 10 menegaskan bahwa ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Pada 1989, terbit Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi dengan menyatakan tidak berlaku UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU.

Pada 1999, terbit UU 36/1999 tentang Telekomunikasi dengan menyatakan tidak berlaku Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi.

Perlu saya sampaikan disini, bahwa UU 36/1999 ini tidak mencabut UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Artinya materi UU UU 11/1985 tersebut, termasuk juga bagian lampirannya yakni RADIO REGULATIONS yang telah diratifikasi Indonesia tetap berlaku efektif sebagai hukum positif di Indonesia.

Pada 2000, terbit salah satu peraturan pelaksanaan UU 36/1999 tentang Telekomunikasi, yakni PP 52/2000 tentang Penyelenggaraan Telekomunikasi, dimana PP ini menyatakan tidak berlaku PP 21/1967 tentang Radio Amatirisme di Indonesia jo. PP 20/1980 tentang Perubahan dan Tambahan Atas PP 21/1967 tentang Radio Amatirisme di Indonesia.?

Pada 2002 terbit Kepmenhub No. 049/2002, dimana Pasal 1 angka 13 menyatakan: ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.?

Pada 2009 terbit Permen 33/2009, Pasal 1 angka 14 menyatakan ORGANISASI ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI), serta Pasal 47 menegaskan ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU), dan Pasal 49 menegaskan kembali ketentuan yang diatur sejak PP 21/1967 hingga Kepmenhub No. 049/2002, yakni SETIAP AMATIR RADIO INDONESIA WAJIB MENJADI ANGGOTA ORGANISASI.

Dari panjangnya kronologi di atas, mari kita analisis secara sederhana:

Sejak 1967 kehendak Pemerintah MENGHARUSKAN amatir radio untuk tergabung dalam ORGANISASI RADIO AMATIR LOKAL, REGIONAL, dan NASIONAL.

Sejak 1986, sudah ditunjuk syarat legalitas organisasi, yakni ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Sejak 1987, dipertegas lagi dengan ditambahkan kata “Indonesia”, sehingga organisasi tersebut adalah ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO. Implikasi dari cakupan dari ketentuan ini, adalah:
• mempertegas PP 21/1967 jo. PP 20/1980, sehingga menjadi dibaca SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH dan MASING-MASING ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA PUSAT.?
• Organisasi yang mewadahi amatir radio Indonesia tersebut adalah organisasi amatir radio Indonesia yang diakui dan disahkan Pemerintah RI.?
• Organisasi dijalankan oleh organ organisasi yakni Pengurus, sehingga sudah barang tentu yang diakui dan disahkan adalah KEPENGURUSANNYA.
• Konsekuensi berikutnya adalah seandainya terjadi kepengurusan ganda sebagaimana fenomena dinamika politik yang bisa terjadi pada organisasi sosial-politik, maka yang diakui adalah organisasi yang kepengurusannya diakui dan disahkan Pemerintah.?

Namun secara eksplisit regulasi tentang amatir radio hingga pada 1987 belum menunjuk organisasi ORARI. Dinyatakan sebagai ORGANISASI AMATIR RADIO INDONESIA masih menimbulkan penafsiran ganda:?
• apakah itu organisasi radio amatir secara umum yakni organisasi amatir radio Indonesia yang diakui dan disahkan oleh Pemerintah, atau?
• apakah itu menunjuk pada organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA yang disingkat ORARI.

Sejak 2002, kehendak Pemerintah ini lebih dipertegas secara eksplisit, yakni sudah menunjuk secara eksplisit organisasi yang mana, dan syarat legalitasnya, yang dirumuskan menjadi ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK

IZIN AMATIR RADIO.?

Maknanya sudah jelas:?
• organisasi yang wajib diikuti amatir radio di Indonesia adalah organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH, ini dari kacamata penafsiran gramatikal.
• Sedangkan dalam interpretasi " argumentum a contrario", organisasi yang ditunjuk adalah organisasi tidak selainnya ORARI, artinya ya sudah jelas Pemerintah HANYA menunjuk ORARI saja.?
• Sedangkan makna legalitasnya adalah bilamana terjadi kepengurusan ganda sehingga tampak sebagai dobel organisasi yang sama, maka organisasi yang ditunjuk adalah organisasi ORARI yang kepengurusannya diakui Pemerintah.?
• Sedangkan peran organisasi apalah itu disebut sebagai WADAH ataukan WADAH RESMI, itu adalah bagian dari retorika bahasa tidak membawa pada perbedaan substansi WADAH.?

Sejak 2009, ada tambahan frasa "MERUPAKAN SATU-SATUNYA WADAH" dalam konstruksi Pasal 47 Permen 33/2009 yang menyatakan "ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU)".

ini adalah retorika sebagai bagian dari dinamika, karena makna dan syarat legalitasnya tetap seperti pada 2002 sebagai diurai di atas. Namun perlu dicatat bahwa keanggotaan ORARI dalam IARU yang sudah sejak 1977 ini dipertegas lagi pada 2009, dengan menyatakan secara eksplisit hanya organisasi ORARI lah yang ditunjuk Pemerintah SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU).

Kehendak Pemerintah RI bahwa setiap amatir radio di Indonesia wajib menjadi anggota organisasi ini, menjadi ketentuan yang tidak tergoyahkan sejak 1967 hingga sekarang.

Berkaitan dengan soal ORGANISASI, hal yang baru dalam regulasi Permen 33/2009, yang belum pernah diatur dalam regulasi sebelumnya adalah adanya pengaturan secara eksplisit mengenai ORGANISASI AMATIR RADIO dalam Bab tersendiri. Dalam Bab ini, Permen ini mengaturnya:
• Organisasi merupakan satu-satunya wadah bagi Amatir Radio di Indonesia yang diakui oleh Pemerintah dan sebagai anggota International Amateur Radio Union (IARU) (Pasal 47 ayat (1)).
• Ketentuan mengenai susunan Organisasi ditetapkan oleh para Amatir Radio dalam AD/ART yang disahkan dalam Munas (ayat (2)).
• Pengurus Organisasi dilarang merangkap sebagai pengurus organisasi lain yang menangani komunikasi khusus perorangan (ayat (3)).
• Organisasi menetapkan dan menjalankan kode etik Amatir Radio bagi para anggotanya Pasal 48 ayat (1)).
• Organisasi wajib memberikan pembinaan, pelatihan, dan pengawasan bagi anggotanya (ayat (5)).
• Setiap Amatir Radio Indonesia wajib menjadi anggota Organisasi (Pasal 49).

Dengan adanya pengaturan ini, terjawablah sudah kehendak Pemerintah RI, mengapa setiap amatir radio Indonesia wajib menjadi anggota ORARI:
• Pemerintah RI telah memberikan atau mendelegasikan kewenangan pembinaan, pelatihan, dan pengawasan amatir radio kepada Organisasi ORARI.
• Pemerintah RI telah menjamin organisasi tersebut benar-benar menfasilitasi ASPIRASI KEPENTINGAN AMATIR RADIO (dalam memperoleh dan menggunakan hak-hak amatir radio), dengan cara anggota ORARI lah yang menetapkan susunan organisasi ORARI tersebut berdasarkan AD/ART yang disahkan dalam Munas.?

• Disinilah fungsi FASILITASI yang diemban organisasi ORARI. KE BAWAH menfasilitasi kepentingan Pemerintah untuk mengadakan pembinaan, pelatihan, dan pengawasan kepada amatir radio. KE ATAS, memfasilitasi kepentingan amatir radio dalam memperoleh dan menggunakan hak-hak amatir radio dari Pemerintah.

Dalam penelusuran di atas, yang dimaksud “Organisasi tunggal” atau “Wadah tunggal Amatir Radio” adalah dalam bentuknya sebagai wadah ORGANISASI yang formal, artinya yang memenuhi syarat formalitas organisasi.
?

WADAH TUNGGAL AMATIR RADIO

Konstruksi pasal 4 Anggaran Dasar (AD) ORARI: “ORARI adalah Organisasi tunggal bagi segenap Amatir Radio di Indonesia, bersifat mandiri dan non politik.”

Pasal 4 ini mengacu pada bagian Mukadimah AD alinea 4: “Dengan rahmat Tuhan Yang Maha Esa dan didorong oleh keinginan luhur untuk berbakti kepada bangsa dan negara demi pengembangan dan pembangunan, maka atas dasar Peraturan dan Perundang-undangan Pemerintah Republik Indonesia berdirilah wadah tunggal Amatir Radio.”

Jadi “Organisasi tunggal” ataupun “wadah tunggal amatir radio”, sebagaimana ditegaskan dalam Pasal 4 dan Alinea 4 Mukadimah AD, dibentuk berdasarkan peraturan dan perundang-undangan RI. Tentu saja mengandung konsekuensi Organisasi Wadah Tunggal Amatir Radio HARUS BERJALAN SELARAS DAN TIDAK BOLEH BERTENTANGAN DENGAN ATURAN PERUNDANG-UNDANGAN RI.

Oleh sebab itu, mari kita selidiki perundang-undangan yang memberikan pengaturan sejauhmana makna organisasi tunggal/wadah tunggal amatir radio. Kita gunakan penafsiran gramatikal terlebih dahulu, sekedar melihat bagaimana tata bahasa yang digunakan dalam rumusan tersebut. Kita selidiki kronologi RIWAYAT PENGATURANNYA.

Regulasi yang khusus mengatur tentang radio amatir di Indonesia pada mulanya PP 21/1967 TENTANG RADIO AMATIRISME DI INDONESIA, yang payung hukumnya adalah UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU. Kehendak Pemerintah dalam PP ini telah mengatur bahwa:
• SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR LOKAL/REGIONAL (Pasal 3), dan
• MASING-MASING ORGANISASI RADIO AMATIR LOKAL/REGIONAL HARUS TERGABUNG DALAM ORGANISASI RADIO AMATIR NASIONAL (Pasal 4).

Pada 9 Juli 1968 berdirilah ORARI yang saat itu kepanjangannya ORGANISASI RADIO AMATIR REPUBLIK INDONESIA, dan sekarang menjadi ORGANISASI AMATIR RADIO INDONESIA.

Pada 1980, PP ini mengalami perubahan dan penambahan menjadi PP 20/1980 tentang PERUBAHAN DAN TAMBAHAN ATAS PP 21/1967, dimana payung hukum PP ini juga mengalami penambahan dengan memasukkan juga UU 11/1967 tentang PENGESAHAN KONVENSI TELEKOMUNIKASI INTERNASIONAL (ITU) MALAGA TORREMOLINOS sebagai dasarnya. Namun ketentuan “organisasi” sebagaimana dalam Pasal 3 dan 4 PP terdahulu tetap dipertahankan dalam PP ini.

Pada 1981, terbit pelaksanaan dari PP di atas, yakni Keputusan Dirjen Postel No: 39/DIRJEN/1981 tentang Persyaratan Izin dan Teknik Radio serta Radio Amatir, dan Keputusan Dirjen Postel No: 104/DIRJEN/1981 tentang Pedoman Pelaksanaan Ujian Amatir Radio.

Pada 1986, terbit Keputusan Menteri Parpostel No: KM.65/HK.2207/MPPT - 86 Tentang Pelaksanaan Kegiatan Amatir Radio. Kepmen ini memberi batasan makna organisasi. ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO (Pasal 1 Angka 5).

Kepmen Parpostel ini juga sudah mendasarkan pada UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Konvensi ini mengakui otoritas administrasi telekomunikasi di Negara masing-masing untuk mengatur telekomunikasi di negaranya.

Pada 1987 terbit pedoman pelaksanaannya, yakni Kep Dirjen Postel No: 42/DIRJEN/1987 Tentang Pedoman Pelaksanaan Kegiatan Amatir Radio dengan mempertegas aspek legalitas apa yang dimaksud dengan Organisasi Amatir Radio, yakni “ORGANISASI, IALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO” (Pasal 1 huruf m).

Pada 1998 terbit Kep Dirjen Postel No: 027/Dirjen/1998 Tentang Ketentuan Pelaksanaan Kegiatan Amatir Radio, dimana pada Pasal 1 angka 10 menegaskan bahwa ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Pada 1989, terbit Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi dengan menyatakan tidak berlaku UU 5/1964 tentang PENETAPAN PERPU 6/1963 TENTANG TELEKOMUNIKASI MENJADI UU.

Pada 1999, terbit UU 36/1999 tentang Telekomunikasi dengan menyatakan tidak berlaku Undang-undang Nomor 3 Tahun 1989 tentang Telekomunikasi.

Perlu saya sampaikan disini, bahwa UU 36/1999 ini tidak mencabut UU 11/1985 tentang Pengesahan Konvensi Telekomunikasi Internasional Nairobi 1982. Artinya materi UU UU 11/1985 tersebut, termasuk juga bagian lampirannya yakni RADIO REGULATIONS yang telah diratifikasi Indonesia tetap berlaku efektif sebagai hukum positif di Indonesia.

Pada 2000, terbit salah satu peraturan pelaksanaan UU 36/1999 tentang Telekomunikasi, yakni PP 52/2000 tentang Penyelenggaraan Telekomunikasi, dimana PP ini menyatakan tidak berlaku PP 21/1967 tentang Radio Amatirisme di Indonesia jo. PP 20/1980 tentang Perubahan dan Tambahan Atas PP 21/1967 tentang Radio Amatirisme di Indonesia.

Pada 2002 terbit Kepmenhub No. 049/2002, dimana Pasal 1 angka 13 menyatakan: ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Pada 2009 terbit Permen 33/2009, Pasal 1 angka 14 menyatakan ORGANISASI ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI), serta Pasal 47 menegaskan ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU), dan Pasal 49 menegaskan kembali ketentuan yang diatur sejak PP 21/1967 hingga Kepmenhub No. 049/2002, yakni SETIAP AMATIR RADIO INDONESIA WAJIB MENJADI ANGGOTA ORGANISASI.

Dari panjangnya kronologi di atas, mari kita analisis secara sederhana:

Sejak 1967 kehendak Pemerintah MENGHARUSKAN amatir radio untuk tergabung dalam ORGANISASI RADIO AMATIR LOKAL, REGIONAL, dan NASIONAL.

Sejak 1986, sudah ditunjuk syarat legalitas organisasi, yakni ORGANISASI, IALAH ORGANISASI AMATIR RADIO YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Sejak 1987, dipertegas lagi dengan ditambahkan kata “Indonesia”, sehingga organisasi tersebut adalah ORGANISASI AMATIR RADIO INDONESIA YANG DIAKUI DAN DISAHKAN OLEH PEMERINTAH REPUBLIK INDONESIA SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO. Implikasi dari cakupan dari ketentuan ini, adalah:
• mempertegas PP 21/1967 jo. PP 20/1980, sehingga menjadi dibaca SETIAP RADIO AMATIR DI INDONESIA HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH dan MASING-MASING ORGANISASI AMATIR RADIO INDONESIA LOKAL/DAERAH HARUS TERGABUNG DALAM ORGANISASI AMATIR RADIO INDONESIA PUSAT.
• Organisasi yang mewadahi amatir radio Indonesia tersebut adalah organisasi amatir radio Indonesia yang diakui dan disahkan Pemerintah RI.
• Organisasi dijalankan oleh organ organisasi yakni Pengurus, sehingga sudah barang tentu yang diakui dan disahkan adalah KEPENGURUSANNYA.
• Konsekuensi berikutnya adalah seandainya terjadi kepengurusan ganda sebagaimana fenomena dinamika politik yang bisa terjadi pada organisasi sosial-politik, maka yang diakui adalah organisasi yang kepengurusannya diakui dan disahkan Pemerintah.

Namun secara eksplisit regulasi tentang amatir radio hingga pada 1987 belum menunjuk organisasi ORARI. Dinyatakan sebagai ORGANISASI AMATIR RADIO INDONESIA masih menimbulkan penafsiran ganda:
• apakah itu organisasi radio amatir secara umum yakni organisasi amatir radio Indonesia yang diakui dan disahkan oleh Pemerintah, atau
• apakah itu menunjuk pada organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA yang disingkat ORARI.

Sejak 2002, kehendak Pemerintah ini lebih dipertegas secara eksplisit, yakni sudah menunjuk secara eksplisit organisasi yang mana, dan syarat legalitasnya, yang dirumuskan menjadi ORGANISASI AMATIR RADIO ADALAH ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH DIAKUI OLEH PEMERINTAH SEBAGAI WADAH RESMI PARA PEMILIK IZIN AMATIR RADIO.

Maknanya sudah jelas:
• organisasi yang wajib diikuti amatir radio di Indonesia adalah organisasi tertentu yakni ORGANISASI AMATIR RADIO INDONESIA (ORARI) YANG BERKEDUDUKAN DI PUSAT DAN DI DAERAH, ini dari kacamata penafsiran gramatikal.
• Sedangkan dalam interpretasi “ argumentum a contrario”, organisasi yang ditunjuk adalah organisasi tidak selainnya ORARI, artinya ya sudah jelas Pemerintah HANYA menunjuk ORARI saja.

• Sedangkan makna legalitasnya adalah bilamana terjadi kepengurusan ganda sehingga tampak sebagai dobel organisasi yang sama, maka organisasi yang ditunjuk adalah organisasi ORARI yang kepengurusannya diakui Pemerintah.
• Sedangkan peran organisasi apalah itu disebut sebagai WADAH ataukan WADAH RESMI, itu adalah bagian dari retorika bahasa tidak membawa pada perbedaan substansi WADAH.

Sejak 2009, ada tambahan frasa “MERUPAKAN SATU-SATUNYA WADAH” dalam konstruksi Pasal 47 Permen 33/2009 yang menyatakan “ORGANISASI MERUPAKAN SATU-SATUNYA WADAH BAGI AMATIR RADIO DI INDONESIA YANG DIAKUI OLEH PEMERINTAH DAN SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU)”.

ini adalah retorika sebagai bagian dari dinamika, karena makna dan syarat legalitasnya tetap seperti pada 2002 sebagai diurai di atas. Namun perlu dicatat bahwa keanggotaan ORARI dalam IARU yang sudah sejak 1977 ini dipertegas lagi pada 2009, dengan menyatakan secara eksplisit hanya organisasi ORARI lah yang ditunjuk Pemerintah SEBAGAI ANGGOTA INTERNATIONAL AMATEUR RADIO UNION (IARU).

Kehendak Pemerintah RI bahwa setiap amatir radio di Indonesia wajib menjadi anggota organisasi ini, menjadi ketentuan yang tidak tergoyahkan sejak 1967 hingga sekarang.

Berkaitan dengan soal ORGANISASI, hal yang baru dalam regulasi Permen 33/2009, yang belum pernah diatur dalam regulasi sebelumnya adalah adanya pengaturan secara eksplisit mengenai ORGANISASI AMATIR RADIO dalam Bab tersendiri. Dalam Bab ini, Permen ini mengaturnya:
• Organisasi merupakan satu-satunya wadah bagi Amatir Radio di Indonesia yang diakui oleh Pemerintah dan sebagai anggota International Amateur Radio Union (IARU) (Pasal 47 ayat (1)).
• Ketentuan mengenai susunan Organisasi ditetapkan oleh para Amatir Radio dalam AD/ART yang disahkan dalam Munas (ayat (2)).
• Pengurus Organisasi dilarang merangkap sebagai pengurus organisasi lain yang menangani komunikasi khusus perorangan (ayat (3)).
• Organisasi menetapkan dan menjalankan kode etik Amatir Radio bagi para anggotanya Pasal 48 ayat (1)).
• Organisasi wajib memberikan pembinaan, pelatihan, dan pengawasan bagi anggotanya (ayat (5)).
• Setiap Amatir Radio Indonesia wajib menjadi anggota Organisasi (Pasal 49).

Dengan adanya pengaturan ini, terjawablah sudah kehendak Pemerintah RI, mengapa setiap amatir radio Indonesia wajib menjadi anggota ORARI:
• Pemerintah RI telah memberikan atau mendelegasikan kewenangan pembinaan, pelatihan, dan pengawasan amatir radio kepada Organisasi ORARI.
• Pemerintah RI telah menjamin organisasi tersebut benar-benar menfasilitasi ASPIRASI KEPENTINGAN AMATIR RADIO (dalam memperoleh dan menggunakan hak-hak amatir radio), dengan cara anggota ORARI lah yang menetapkan susunan organisasi ORARI tersebut berdasarkan AD/ART yang disahkan dalam Munas.
• Disinilah fungsi FASILITASI yang diemban organisasi ORARI. KE BAWAH menfasilitasi kepentingan Pemerintah untuk mengadakan pembinaan, pelatihan, dan pengawasan kepada amatir radio. KE ATAS, memfasilitasi kepentingan amatir radio dalam memperoleh dan menggunakan hak-hak amatir radio dari Pemerintah.

Dalam penelusuran di atas, yang dimaksud “Organisasi tunggal” atau “Wadah tunggal Amatir Radio” adalah dalam bentuknya sebagai wadah ORGANISASI yang formal, artinya yang memenuhi syarat formalitas organisasi.

73,
Budi

http://vk9mt.com/

Planning continues for the previously announced Mellish Reef DX-pedition scheduled for late March – early April, 2014.

Landing Authority:
Australia's "Commonwealth Marine Reserve Operations Department" reviewed our DX-pedition project plan and requires that we follow their documented environmental protection regulations. Effective July 1, 2014 Mellish Reef becomes part of Australia's new Coral Sea Marine Reserve proposal which implements additional restrictions to further protect the area's ecology; we appreciate the Australian government's cooperation and spirit of partnership in making this DX-pedition possible.

Experiences & Conclusions – the other side of the Pile-up
Guest post by Christian, EA3NT

Just arrived home from a 2-week tour of six IOTAs in Panama, and with pile-ups still fresh in my memory, I would like to share with amateur radio operators my conclusions on the most effective ways to conduct a pile-up, or work a DX station in a pile-up, where the expedition operator and thousands of callers must cooperate to achieve the highest number of QSOs.

Thousands of callers are looking for 1 QSO while the DX-operator looks for the highest possible QSO rate.

Needless to say that SPLIT operation is mandatory for pileups. So DX stations will be working in split mode from the very first CQ. Therefore, all callers should work split “by default”, without trying first their luck on calling the DX in simplex…as the usual response will be someone else answering “UP UP”….and this will create useless QRM which could be exponentially increased by police operators, LID, jokers and tuners.

A second kind of LID who breaks a good QSO rate are those TUNING on either the RX or TX freqs of the split. Please be aware that tuning on a clean frequency nearby will be equally effective and definitely will not cause QRM to either the other callers or even the DX station.

Please, CHECK YOUR VFO BEFORE TUNING !!!! (unless you are one of those who enjoys making deliberate QRM for any still-unknown reason)

The QSO rate obviously depends a lot on the operator’s skill to pick-up stations among many other callers. Usually, the easiest catch is the strongest station, and those stations calling lonely in a particular frequency of the split.

Sometimes though, the pile-up is so intense that it is difficult to pick-up anything at all…in such case one “trick” is calling “blindly” to a particular prefix that you know for sure will be calling…for example DL6, F4, JH1, IZ8, IT9…to say a few…

What I realised on this particular trip is that just calling “DL6”, or “F4”, or “IT9” was not enough….the people kept calling and calling,….so the only way to make people stop calling compulsively and listen was saying “59(9)”.

Whenever a report is given, 80% of callers stand by, while there is usually 20% still calling because they have not heard the report. This way the pileup clears out and one station can be picked up easily.

Returning to the QSO rate, not only the operator skills work, it is also the caller going through the pileup who must help. Too many times stations repeat their callsign, two or three times, and even say the DXpedition callsign, ending with TNX, 73 or something else. Please, first of all: There is absolutely NO NEED to mention the DXpedition callsign. The

operator already knows it very well !!!

Also, if you hear your callsign clearly DO NOT REPEAT YOUR CALLSIGN AGAIN ! A simple direct 59(9)…or “QSL, 59, TNX” “R 5NN TU” is more than enough !

Only in case you are not sure your callsign has been picked-up correctly, then you can repeat it. Even the DX-operator may ask you to repeat again if there is QRM/QSB….but if you hear it clearly and you repeat it, you will only lose time and even create confusion to the operator, as he will think there is something not correct.

Please, the stations working CW with a computer, remove the callsigns from your MACROS !!! CW uses much shorter messages than digi modes, and many info is unwanted and unnecessary for an expedition.

Something I wanted to try if it was effective on CW was working a pile-up by numbers…and the conclusion is NEVER EVER AGAIN !!!!!
While an average pileup rate allowing any station to call can go from 150 to 220 QSOs/hour, working by numbers reduced the rate down to 75-80 QSOs/hour, and this “modality” may even make the callers more nervous, because the operator must repeat constantly which number he wants, otherwise any number will keep calling and calling.

As proof see 1 spot showing how inefficient working by numbers really is:

US4EI 10126.8 HP0INT/9 CW by numbers poor op …. 0627 15 Sep

So my comment to US4EI is: “ Sorry, I was testing this method, and obviously it is very slow…patience is a virtue ! ”

I would extend the “operating by numbers” technique is equally inefficient for SSB, because it may prevent some areas with a currently opened DX window to get the contact, while perhaps at their “turn” the window might already be closed, making it unfair. While, in the end, the key to get a high QSO rate is being fair to everybody, letting anyone try to make the QSO.

Perhaps, someone will be missing the word “discipline”. Well, it not my not intention to give a lesson to anyone, but simply share among the readers all my impressions during and after the pileups, and how I would have liked them to be. It is a fact that a high QSO-rate keeps the QRMers away, and the callers pay more attention to what the operator is saying, so there is less option to be QRMed. I think the most important fact is the cooperation between callers and dx-operator. So, if a particular callsign or group of letters is asked, nobody else, except the OM holding those letters should answer. Sometimes it happens ! but some other times the mess takes a while to disappear….I suggest to keep calling to the same station until the QSO is finalised, and let the callers (lids) realise that you will not continue calling anyone else until the QSO is done. Eventually, I even QRT for a while and let everybody relax for a few minutes…this turns out to
work well!

Also, something I use to do whenever I have to repeat the callers callsigns and the 599 many times is monitoring my TX frequency. I often realise that there is someone making intentional QRM…well, in that case I use to QSY a few Kcs down/up so that I can be clear of any intentional QRM….I would keep moving up/down till my TX freq is clear and QSO rate is already good.

I am sure many experienced expeditioneers will have their own tricks for the pileups to run smoothly. But despite all, COOPERATION, CALM and COURTESY are key for a successful expedition.

Good DX and see you in the pileup !

http://www.ybdxc.net/2013/09/fiji-and-rotuma-islands-dxpedition.html

http://www.3d2gc.com/

Between 20 September and 15 October 2013

VITI LEVU ISLAND NADI, FIJI REPUBLIC IOTA OC-016 RH82QF as 3D2GC & 3D2DD

Stan - LZ1GC Andy - LZ2HM Rocky - 3D2DD
will be QRV on 160-6m bands, using ALL MODES

ROTUMA ISLAND
IOTA OC-060
as 3D2GC/P ,3D2RA
3D2DD/P

Your small donation

is more than welcome!

See you on the bands!

It is very expensive DX Pedition for me with total cost more than $7000. I was a part from 3D2R team in 2011.The main idea to be back to Rotuma island is to give a chance and QSO's to those of You who need this rare country on the bands! I'll QRV on CW & SSB on all HF bands!

See You on the bands !

73! Stan, LZ1GC (also 3D2GC & 3D2GC/P)

OM Busan,
Menarik sekali apa yg ditulis Christian-EA3NT tentang pengalamannya sewaktu ikut DXpedition HP0INT ini.

Ada (H)POINT yg bisa diambil oleh DXpedioners lainnya juga hal2 yg seharusnya menjadi perhatian callers (DX Hunters), supaya semuanya bisa berjalan sukses.

Beberapa hal yg masih sering terjadi, yg saya perhatikan a.l :

- Ketika DXped working split, masih ada yg tidak monitor dulu dan langsung panggil di freq. TXnya. Yang tuning di frequency ini juga banyak.

- Kadang station2 lain yg berusaha menginfokan justru mengganggu dan menjadi QRM sehingga monitoring tambah sulit, karena banyak dan akhirnya saling tindih juga.

- Blind call. Saya pernah monitor ada satu YL station dari VU yg sepertinya mengguna-kan RF amp memanggil DX yg sedang sibuk menhandle pileup, tanpa henti. Ketika dia di-persilahkan malahan diam/gak mendengar - mungkin dia cuma lihat dari DX Cluster.

- Call by number, by area sebenarnya bisa memudahkan buat kita/caller - tapi kadang opt dxped seringkali gak konsisten.
  Ketika by number sampai di number 7, ada yg panggil dengan number 5, masih dilayani dan sedihnya kadang number 0 (zero) karna paling akhir sering terlupakan.
  By area saya sering memanfaatkan posisi Indonesia, jadi ketika dipersilahkan station dari ASIA, saya akan coba atau dari OC/Pacific saya juga coba. Cuma kadang beberapa opt DX bilangnya OC dengan VK/ZL saja. HI

- Utk meningkatkan rate QSO memang gak perlulah kita berbasa-basi dg menginfokan nama, QTH kecuali callsign kita dan report. Ini bukan cuma di dxped tapi juga saat CQing dari rumah sendiri - seperti yg dilaksanakan OM Ndut-YB0NDT beberapa hari yll. HI QRZ ??? Apalagi juga antrian sudah panjang, yg lain masih nunggu giliran.

Tapi EA3NT buka trick/rahasia yang bahaya juga nih :
quote :.....….so the only way to make people stop calling compulsively and listen was saying “59(9)”.

Whenever a report is given, 80% of callers stand by, while there is usually 20% still calling because they have not heard the report. This way the pileup clears out and one station can be picked up easily.
unquote.

Setelah tahu trick ini, gimana kalo prosentase yg stand by setelah "59/599" menurun jadi 20% dan malahan jumlah yg tetap memanggil (kept calling & calling) naik jadi 80% ?
Tapi kalo diperhatikan station yg bandel2 ini memang kebanyakan dari EU, ya ?

73 es tnx fer the article

Experiences & Conclusions – the other side of the Pile-up
Guest post by Christian, EA3NT

Just arrived home from a 2-week tour of six IOTAs in Panama, and with pile-ups still fresh in my memory, I would like to share with amateur radio operators my conclusions on the most effective ways to conduct a pile-up, or work a DX station in a pile-up, where the expedition operator and thousands of callers must cooperate to achieve the highest number of QSOs.

Thousands of callers are looking for 1 QSO while the DX-operator looks for the highest possible QSO rate.

Needless to say that SPLIT operation is mandatory for pileups. So DX stations will be working in split mode from the very first CQ. Therefore, all callers should work split “by default”, without trying first their luck on calling the DX in simplex…as the usual response will be someone else answering “UP UP”….and this will create useless QRM which could be exponentially increased by police operators, LID, jokers and tuners.

A second kind of LID who breaks a good QSO rate are those TUNING on either the RX or TX freqs of the split. Please be aware that tuning on a clean frequency nearby will be equally effective and definitely will not cause QRM to either the other callers or even the DX station.

Please, CHECK YOUR VFO BEFORE TUNING !!!! (unless you are one of those who enjoys making deliberate QRM for any still-unknown reason)

The QSO rate obviously depends a lot on the operator’s skill to pick-up stations among many other callers. Usually, the easiest catch is the strongest station, and those stations calling lonely in a particular frequency of the split.

Sometimes though, the pile-up is so intense that it is difficult to pick-up anything at all…in such case one “trick” is calling “blindly” to a particular prefix that you know for sure will be calling…for example DL6, F4, JH1, IZ8, IT9…to say a few…

What I realised on this particular trip is that just calling “DL6”, or “F4”, or “IT9” was not enough….the people kept calling and calling,….so the only way to make people stop calling compulsively and listen was saying “59(9)”.

Whenever a report is given, 80% of callers stand by, while there is usually 20% still calling because they have not heard the report. This way the pileup clears out and one station can be picked up easily.

Returning to the QSO rate, not only the operator skills work, it is also the caller going through the pileup who must help. Too many times stations repeat their callsign, two or three times, and even say the DXpedition callsign, ending with TNX, 73 or something else. Please, first of all: There is absolutely NO NEED to mention the DXpedition callsign. The operator already knows it very well !!!

Also, if you hear your callsign clearly DO NOT REPEAT YOUR CALLSIGN AGAIN ! A simple direct 59(9)…or "QSL, 59, TNX" "R 5NN TU" is more than enough !

Only in case you are not sure your callsign has been picked-up correctly, then you can repeat it. Even the DX-operator may ask you to repeat again if there is QRM/QSB….but if you hear it clearly and you repeat it, you will only lose time and even create confusion to the operator, as he will think there is something not correct.

Please, the stations working CW with a computer, remove the callsigns from your MACROS !!! CW uses much shorter messages than digi modes, and many info is unwanted and unnecessary for an expedition.

Something I wanted to try if it was effective on CW was working a pile-up by numbers…and the conclusion is NEVER EVER AGAIN !!!!!
While an average pileup rate allowing any station to call can go from 150 to 220 QSOs/hour, working by numbers reduced the rate down to 75-80 QSOs/hour, and this "modality" may even make the callers more nervous, because the operator must repeat constantly which number he wants, otherwise any number will keep calling and calling.

As proof see 1 spot showing how inefficient working by numbers really is:

US4EI 10126.8 HP0INT/9 CW by numbers poor op …. 0627 15 Sep

So my comment to US4EI is: " Sorry, I was testing this method, and obviously it is very slow…patience is a virtue ! "

I would extend the "operating by numbers" technique is equally inefficient for SSB, because it may prevent some areas with a currently opened DX window to get the contact, while perhaps at their "turn" the window might already be closed, making it unfair. While, in the end, the key to get a high QSO rate is being fair to everybody, letting anyone try to make the QSO.

Perhaps, someone will be missing the word "discipline". Well, it not my not intention to give a lesson to anyone, but simply share among the readers all my impressions during and after the pileups, and how I would have liked them to be. It is a fact that a high QSO-rate keeps the QRMers away, and the callers pay more attention to what the operator is saying, so there is less option to be QRMed. I think the most important fact is the cooperation between callers and dx-operator. So, if a particular callsign or group of letters is asked, nobody else, except the OM holding those letters should answer. Sometimes it happens ! but some other times the mess takes a while to disappear….I suggest to keep calling to the same station until the QSO is finalised, and let the callers (lids) realise that you will not continue calling anyone else until the QSO is done. Eventually, I even QRT for a while and let everybody relax for a few minutes…this turns out to
work well!

Also, something I use to do whenever I have to repeat the callers callsigns and the 599 many times is monitoring my TX frequency. I often realise that there is someone making intentional QRM…well, in that case I use to QSY a few Kcs down/up so that I can be clear of

any intentional QRM….I would keep moving up/down till my TX freq is clear and QSO rate is already good.

I am sure many experienced expeditioneers will have their own tricks for the pileups to run smoothly. But despite all, COOPERATION, CALM and COURTESY are key for a successful expedition.

Good DX and see you in the pileup !

DX Code Of Conduct

I will listen, and listen, and then listen again before calling.
I will only call if I can copy the DX station properly.
I will not trust the DX cluster and will be sure of the DX station's call sign before calling.
I will not interfere with the DX station nor anyone calling and will never tune up on the DX frequency or in the QSX slot.
I will wait for the DX station to end a contact before I call.
I will always send my full call sign.
I will call and then listen for a reasonable interval. I will not call continuously.
I will not transmit when the DX operator calls another call sign, not mine.
I will not transmit when the DX operator queries a call sign not like mine.
I will not transmit when the DX station requests geographic areas other than mine.
When the DX operator calls me, I will not repeat my call sign unless I think he has copied it incorrectly.
I will be thankful if and when I do make a contact.
I will respect my fellow hams and conduct myself so as to earn their respect.

#1 I will listen, and listen and then listen again before calling.
  This seems so obvious but it is the most vital thing to do. Careful listening rather than rushing to transmit will get the DX into your log. You must listen to find out whether the DX is working split and if so, where is he listening? Then you need to listen to the calling stations in order to determine what the DX station is doing. For example, he may be working gradually up or down the pile-up frequency range – and you need to find the best spot to call. And it may be time to ask yourself: “Do I really need to work this bit of DX, right now? Can I wait a while for the pile-up to subside?”

#2 I will only call if I can copy the DX station properly.
  You also need to listen carefully to determine how well you can hear the DX station to be sure you will hear his reply to your call and to avoid causing interference by transmitting at the wrong time. It is extremely frustrating for a DX station to return a call to a station that is unable to hear him, thereby causing incessant QRM.

#3 I will not trust the Cluster and will be sure of the DX station’s callsign before calling.
  Cluster spots often show the wrong call sign. Before you log a station, you should hear the station’s callsign on the air – don’t trust spotting networks. The DX operator should send his call sign at regular intervals. Unfortunately, not all operators do this!

#4 I will not interfere with the DX station or anyone calling and will never tune up on the DX frequency or in the QSX slot.
  Sadly, this covers a multitude of operators, employing poor operating practices. We are

frequently afflicted with “Policemen,” people who repeatedly jump in to tell callers that “the DX is listening up” – often adding a gratuitous insult. The rule is quite simple: never, ever transmit on the DX frequency for any purpose whatsoever.

#5 I will wait for the DX station to end a contact before calling.
If you transmit before a QSO is over, you are likely to interfere with the exchange of information, lengthening the QSO and slowing the process. It may seem clever to “nip in” as the previous contact is ending but many DX stations don’t like it, as such operating may break the pattern of the operator, which is what helps everyone to know when to transmit.

#6 I will always send my full call sign.
This is essential for CW and SSB, because incomplete calls lead to an extra transmission, slowing the operator’s progress with the pileup. If the operator is responding to partial call signs, it may appear that you should call with only several letters. Generally, this is not the case. Always use your full call sign.

#7 I will call and then listen for a reasonable interval. I will not call continuously.
Continuous calling is selfish and arrogant. With a computer or memory keyer, it is easy to send continuously. Unfortunately, it prevents you from listening and knowing what is taking place. In addition, it raises the QRM floor greatly, making life difficult for the DX station and everyone else.

#8 I will not transmit when the DX operator calls another callsign, not mine.
Perhaps this is intuitively obvious, but it is a common occurrence. If it is clear that the station is not calling you, do not transmit.

#9 I will not transmit when the DX Operator queries a call sign, not like mine.
In life outside amateur radio it would simply be considered rude to answer when someone else is asked a question! How do you know if the station is calling you? Perhaps the DX operator has a partial version of your call. Is it me? “The timing is right!” Yes, the timing may seem right, but it may also be “right” for many other stations. If the DX is actually calling you and hears nothing, he will call you again. Then you can call. Only one letter from your call sign is NOT enough, however. Calling when not being addressed raises the floor level of QRM and slows progress dramatically.

#10 I will not transmit when the DX operator requests geographic areas other than mine.
You must recognise and accept that when an operator is calling for a specific geographic area (e.g. NA for North America, AS for Asia), you must not call until the operator’s instructions change. Even if his choice appears incorrect, you must follow his instructions. The DX operator is in control. Here’s an important point: If a DX operator is working, some area, perhaps North America , and he fails to say so between QSOs, do not begin calling immediately. Call only when it is clear that the operator’s instructions have changed. To do otherwise is impolite and simply slows the process.

#11 When the DX operator calls me, I will not repeat my callsign unless I think he has copied it incorrectly.
If you repeat your call sign, the DX station may think that he has your call sign wrong. He might then listen very carefully – again – thus slowing the process. A DX operator will generally log what he has if you say nothing further.

#12 I will be thankful if and when I do make a contact.
There should certainly be a pride of accomplishment when you get a QSO with a guy in a far-away entity. But before you start basking in the glow of accomplishment, think about

the help you received from your partners, perhaps Mr. Icom, Mr. Alpha, and Mr. Force 12. If your ego still feels a need to take ALL the credit, try again. But this time turn off your amplifier and connect your rig barefoot to a dipole. If you get through the pile up this time, then YOU, as the operator, can take more of the credit.

You should also acknowledge that you would not have had the contact without the skill of the operator at the other end who undoubtedly made sacrifices to be there for you. So be thankful for all this help you received.

#13 I will respect my fellow hams and conduct myself so as to earn their respect.

Respect is about behaving well toward others. DXing is very competitive. If you operate otherwise, you may acquire a bad reputation. DXing will be the most fun for everyone if we all behave with politeness, mutual respect and even a bit of humility!

DXpeditioners' Code of Conduct

This DXpeditioners' Code is to help maximize the fun for all participants. As the DX operator, you play a critical role in pileups: you are "in charge". Dealing with an unruly pileup of discourteous operators who have forgotten about ethical behavior is NOT fun. So it makes sense to plan and train ahead of time on how best to deal with the situation.

Good operators at the DX end and courteous behavior at the other end of the QSO can greatly increase the total number of QSOs logged. It has been demonstrated that pileups can be kept reasonably under control if the DX operator follows certain 'rules'. Luckily, some top operators have given us the benefit of their experience. Please peruse these suggestions.

It is also important that you tell the thousands of hams who want a QSO that you expect them to operate ethically in accordance with the DX Code of Conduct. If your DXpedition has a website or just a page at QRZ.com, please consider posting a notice on your website.

As a starter, consider posting our mascot with a link to this site. You may be as creative as you like. You might consider posting the Code itself on your website, just copy and paste . Whatever suits you. For further assistance, click here. For an example of how this might look, click here.

We also hope that you will tell us that you have linked to us so and we can publish your DXpedition and website at this site. More important, we hope that this initiative will play a positive role in making sure that you enjoy your trip.

NOTE: This page is organized as a Table of Contents. Click on each topic to go to a section of the document that explains it further. Some sections have links to a third page with even more details and links to various resources we think may help. Enjoy!

Do your Homework
Keep the DX community informed
Check TX frequency AND the RX range before starting up
You are the Boss and You are in Charge
Announce Your Callsign Frequently
Use Split Operation
Establish and Maintain a Rhythm
Work and log dupes, it's quicker
Give QSY/QRT information before leaving the pile-up
Establish a "Friendship" with the Pileup

Avoid working by numbers, continents are OK
Repeat corrected callsigns so everyone is sure of being safely logged
Be a role model

#1 Do your homework
Edison famously said, "Genius is one percent inspiration and ninety-nine percent perspiration. In DXpeditioning, success is ninety percent preparation.

Before traveling, read "DXpeditioning Basics ” by N7NG.This freely available publication is a must read for every DXpeditioner. Another good resource is "DX-peditioning Behind the Scenes" by Neville Cheadle, G3NUG & Steve Telenius-Lowe, G4JVG. You can order directly from the author by clicking on the title.

Study the propagation before you travel. There are three important population centers in the world: Europe, North America and Asia . From wherever you are, two are likely to be easy. The third one is the most difficult to work from your destination location so it becomes your “target area.” Make sure that you work the target area any time any band is open to that area.

Practice your QSO technique. Pick out the weaker stations. Provide training to your less-experienced operators in the finer points of both SSB and CW operating.

#2 Keep the DX community informed
The DX community appreciates a well organized website, some of which are works of art. If your operation is smaller and you do not plan to have a "full service" website, at least set up a QRZ.com page that states your location, dates of operation, and QSL information. Even with a complete website, a QRZ.com page with a link to your main website makes you easier to find.

#3 Check TX frequency AND the RX range before starting up
Always check for a clear TX frequency and find a clear RX range before starting up on a band. As a DXpeditioner, you have powerful tools to control the frequencies you use. If you have previously announced your frequencies, try to stick with them. However, conditions might demand a change. You may have to select your pileup RX place in a spot other than the busiest part of the band.

#4 You are the Boss and You are in Charge
In order to maintain control of the pileup you must operate in such a manner as to make control possible. It is easy to lose control of a pileup, and if you do, it may be your fault. Maintain good QSO mechanics. Use the same general pattern for every QSO. Select a callsign from the pile and stay with it until a satisfactory QSO results. If it is not possible to finish a QSO, solicit QSOs again. NEVER select another callsign without soliciting QSOs – QRZ, CQ, etc.

Issue clear instructions to the pileup and stick to them – always. For example, if you catch only part of someone’s call and give the partial out, do not work anyone else until you have completed with that station. If you call “NO EU,” DO NOT work any European callers. Ignore rude callers. Breaking your own rules just creates chaos. Stay in charge, but never shout to nor lecture the crowd.

#5 Announce Your Callsign Frequently, like (almost) every QSO
You should give you callsign often enough so that no one has to ask. If you don't give

your call often enough, some callers will just log whatever callsign was last spotted on a DXcluster (right or wrong) and some will ask for your call. That wastes time, interrupts your flow, and energizes the ever present frequency cops. Once per QSO is not too often.

If you are blessed with a real long callsign such as SV9/ON4ZZZZ/P, that's a lot to mention after every QSO so just be alert. If you hear someone asking “QRZ” or “What’s the DX?” on your TX frequency, you have waited too long.

#6 Use Split Operation

Assuming that you have gone to some relatively rare entity, you can start out by assuming that you will be dealing with a pileup. Don't wait until you have a large number of callers. Start out by operating split immediately. As soon as you are spotted on a DXcluster, the whole world will descend on you and you might as well be ready.

#7 Establish and Maintain a Rhythm

Standardize your transmitted messages as much as possible. For instance send a QSL or TU message at the end of every QSO and maintain a consistent pattern to help callers synchronize with you. That reduces the amount of out-of-turn calling. This is a well established technique for controlling a pileup. It gives the callers solid guidance in determining when and when not to call.

#8 Work and log dupes, it’s quicker

Work and log dupes: it is quicker than telling the duplicate callers that they are dupes, and it may be that they were unsure of a previous QSO. Use your website to announce your policy on duplicates, for example “Please work us only once on each band/mode slot to give others a chance for a new one.”

#9 Give QSY/QRT information before leaving the pileup

When you are about to leave the pileup, say what you are doing. Announce if you will QSY to another band/mode, perhaps giving out your new TX frequency. If you are going QRT for a while, give out your QSL information and website address. Don’t say, “QRX 5” unless you definitely are going to come back within 5 minutes as this just extends the band pollution unnecessarily.

if you don’t know how long you will be, it is better to say, “QRT,” but then come back on later when you are ready. When you get tired, slow down and take extra care over accuracy. If you start making too many mistakes, take a break and maybe a short sleep, whatever suits your body’s natural rhythm.

#10 Establish a “Friendship” with the Pileup

This is called the conversational style of pileup operating. This is perhaps one step beyond being friendly and not lecturing. It helps control the nature of the situation. Rather than have a group of antagonistic hounds, you put the callers at ease, and in the end give them confidence that you are fully interested in making a QSO with each of them. This style of operating is NOT a substitute for poor operating procedure, however.

Also remember the many operators who are not regular CW operators. They want a QSO too but may be able to copy code at, say, 20 wpm. DXpedition operators are sometimes whizzing along at 40 wpm. So keep an ear out for the guy who is calling at 20 wpm and respond to him at a speed he can copy easily. You will make another grateful friend.

Also remember that many operators have 100 watts and wire antennas. After the big guns all have their QSOs, work these guys because they are the backbone of the amateur radio

community.

#11 Avoid working by numbers, continents are OK

When possible, try to avoid subdividing a pileup by numbers. Depending on propagation, try working a whole continent or several continents, or NOT working a particular continent. At times only working by numbers will work, however. Whatever method you choose, be sure to inform the pileup after every QSO.

Don't break your own rule by working your pals in NA if you are asking for "Eu."

#12 Repeat corrected callsigns so everyone is sure of being correctly logged

A valid QSO is when both stations have copied content and have logged it correctly. It is unrealistic to think that you will copy 100% of all callsigns the first time. On CW do not send a “question mark,” as in “ABC?” when returning to a partial callsign. For some obscure reason many (undisciplined) pileup callers take a 'question mark' as the sign to start transmitting again, although the partial callsign does not resemble their callsign.

So when you respond to a call with a partial as “ABC 5nn” and W5ABC responds, “W5ABC W5ABC 5nn TU,” it is proper that you respond “W5ABC QSL TU” That way W5ABC knows he is in the log and does not have to call again later to make sure.

If you made a mistake with someone’s call, he may keep calling you. Repeat his call or work them again, using “TU”, “QSL”, “CFM” or “You’re in the log” to let them know for sure that they are safely logged. This is even more important if you do not have an online log with daily updates.

#13 Be a role model

Standardize your transmitted messages as much as possible. For instance send a QSL or TU message at the end of every QSO and maintain a consistent pattern to help callers synchronize with you. That reduces the amount of out-of-turn calling. This is a well established technique for controlling a pileup. It gives the callers solid guidance in determining when and when not to call.

Conclusion

A number of people contributed to this document. It is thus a compendium of the work of others, here presented in a format that hopefully has included the best of what experienced DXpeditioners have had to say about this topic.

In the end, if DXpeditioners are better prepared, insist on good operating behavior from those calling them, and if those at the other end adhere to the DX Code of Conduct, everyone will have more fun. And that’s what it’s about.

Contesters' Code of Conduct

• The primary aim of a contest QSO is to exchange only the essential QSO information (normally callsigns, reports and contest-specific information such as zones number, state or serial number) as efficiently (meaning quickly and yet accurately) as possible. In most contests, anything further (greetings, QTH or station details etc.) is superfluous, slows down the QSO rate and reduces the achievable score

• If you hear a contest in progress and want to join in, look up the contest rules to find out what information to
send and whether you are eligible to participate. Check out the contest calendar and links to contest websites at http://www.hornucopia.com/contestcal/weeklycont.php

• Listen carefully before calling a contest station, ensuring that you have their callsign correct and haven’t already worked them. There are good logging programs that will help eliminate duplicate QSOs that waste valuable time.

• Consciously avoid causing interference, for example by transmitting an over modulated signal or CQing on a
frequency that is already in use Remember, listen first and listen hard and try calling "QRL?" before operating.
Don’t operate ‘split’ unless it is absolutely necessary.

• Call a contest station that is CQing at just the right instant, giving your full callsign once. That is usually enough. Most stations leave only a few brief seconds between their CQ calls so it is important to synchronize your call with their listening periods. Good stations get a rhythm going and it will help if you get in tune with that rhythm.

• Stand by for a moment if they go back to someone else. You shouldn’t have to wait very long. If they are really busy, make a note of their frequency and spend a few minutes hunting for other stations to work, then come back for another call.

• If they send your correct callsign plus a report and contest information, respond with just a report and contest information. However, if they send your callsign incorrectly, hesitate briefly just in case they are working someone else, but if you are certain they are working you, respond by sending just your full callsign again, once or twice but with no report until they get your callsign correctly.

• Do your level best to log their callsign and exchange information accurately, and to ensure they have all your
information correct (e.g. - repeating the essential information if conditions are marginal). Sometimes several
repeats are needed to complete the QSO but this is necessary to claim the points and avoid penalties.

• Having met the primary aim, you will both be grateful for the efficient QSO and points. It is polite for the CQ station to send “Thank you“ or “TU” to confirm the QSO has been logged. This reduces unnecessary duplicate QSOs due to not knowing whether the QSO was complete, and is the cue to move on to the next QSO.

• Remain courteous at all times, even when you are stressed or tired. If another station encroaches onto the
frequency you are using, use your filters, turn your antenna, ask them politely to move a little HF or LF as
appropriate and/or shift your frequency a little to reduce mutual interference, or take this as an opportunity to go searching for new QSOs on the same or another band.

• Respect other amateurs who are not in the contest, for instance by obeying ‘contest-preferred' frequencies and avoiding frequencies used by beacons, nets, DXpeditions and other modes. Keep the WARC bands a contest-free safe haven for those who do not enjoy contests.

• If you are using a club or another amateur’s station for the contest, be a good guest, for example by being
careful with the equipment, tidying up afterwards and not annoying other people in the house.

• Play fair. For example, if you are using DX Cluster to find new multipliers, spot multipliers for other contestants too.

• Comply fully with the rules of the contest both in letter and in spirit. Don’t even bend them.

• Take as much pride in your station and operating techniques as in the contest certificates and plaques hanging on your shack wall. Learn to take advantage of the propagation and make the effort to listen for weak callers.

Most of all, be polite, efficient and friendly and stick to the rules to earn the respect of your fellow amateurs.

The Code of Conduct for Using the DXcluster

• The clue is in the name. Only ‘spot’ genuine DX, ie relatively rare or exotic calls on that band, mode and time.

• ‘Spot’ DX stations that are ‘lonely’ but don’t ‘spot’ those who have been found the "proper" way, by operators who actually listen for DX. Give them a chance to get their QSO because the mob will decend on them as soon as they are spotted.

• Dont 'spot' stations that are already very busy or struggling to control their pile-ups – give them a break! Real DXers will probably be in the pile-up, if not in the log already. Repeatedly spotting’ huge pile-ups is showing off and merely encourages yet more QRM from those who are too lazy or incompetent to find DX for themselves.

• Avoid ‘spotting’ stations that have just been ‘spotted’ by someone else, unless you have useful additional information to pass on. Definitely don’t ‘spot’ a station that has just been ‘spotted’ by a million others, no matter how excited you are.

• It is impolite to ‘self-spot’ (‘spot’ your own callsign) unless you are desperately trying to start activity on an open but quiet band – and even then it is preferable to ‘spot’ a real DX station with a comment to the effect that the band is open.

• Never ‘self-spot’ in a contest; that is definitely cheating. Posting the ‘spot’ under a friend’s callsign or a fake call doesn’t make it any more ethical.

• Please do not ‘spot’ the exact QSX frequency for DX stations operating split – it just makes the pile-up on that frequency even more difficult for them to handle. It is also unnecessary; “Up” or “Down” is reminder enough because real DXers will of course listen first!

• Get the DX call and frequency right, double-check the information before ‘spotting’ and treblecheck
after ‘spotting’. Correct your mistakes promptly and apologetically, and learn the lesson.

• Respect the DX station’s wishes regarding ‘spotting’ if they indicate (whether on the air or on their QRZ page or website) that they do, or do not, want to be ‘spotted’.

• Use your own call (remembering that your IP address is logged automatically) and be polite.

• Never insult anyone via DXcluster; it is only a hobby – and we know your IP address.

• Do not post pseudo-spots begging for QSOs, QSYs, new modes or whatever. DXcluster is not e-mail. Assume the DX is either not monitoring the cluster, or is too busy to respond.

• Do not post lame ‘non-spots’ saying you cannot hear someone. Nobody but you really cares. (Telling us that you cannot hear the DX on your 18 element 160 metre yagi at 600 feet is fine though because we will all be laughing at you for playing ‘chequebook radio’.)

• Do not post brag spots (“Worked with 3mW!”, “Yipeee!!”, “Easy on my 24 ele quad” and “Thanks for DXCC#678”).

• Do not create and ‘spot’ fake callsigns just to test your software; ‘spot’ the station TE1ST as the DXcluster network doesn’t circulate spots with that call. (Definitely avoid ‘spotting’ fake calls starting with exotic prefixes (such as P5) as that is guaranteed to excite those who have DXcluster alarms set for their last few DXCC countries.)

• Do not try to make, complete or arrange DX QSOs via DXcluster. It is unsporting, cheating even.

• Do post helpful comments eg IOTA reference, QSL information etc.

• Configure the DXcluster filters appropriately. If you get annoyed at VHF spots, ANN/ALL announcements or beacon spots, just cut out the QRM using the DXcluster filtering facilities.

• Hint: while you may enjoy the challenge of mastering the DXcluster’s somewhat obscure and limited filtering commands, software such as VE7CC’s CC User and logging programs such as Logger32 make spot filtering much easier and more flexible. Another excellent program is DX Monitor at http://ve3sun.com/

http://www.dxuniversity.com

Best Practices for DXpedition Operating

"The nature of a DXpedition pileup mirrors the skill of the DXpedition operator" - OH2BH. A carefully managed pileup will run with little disruption to the band and lots of fun for the DXers. Here are some suggestions that will help you make the most of the pileups. (Click the link for more information.)

1. Check transmit and receive frequencies before starting.
2. Use split operation from the beginning.
3. Maintain a rhythm of regular transmissions – no long silences.
4. Do not use excessive speed on CW. Slow down when signals are weak.
5. Reduce speed further on CW to pass information to the pileup.
6. Sign our call sign at least every minute.
7. Issue calling instructions after every QSO, for example 'UP5 EU' on CW or 'NA UP 5-10' on SSB.
8. Minimize Pileup Width: Suggest Max 5-8 kHz CW and 10-15 kHz SSB.
9. Move receive frequency in a generally regular pattern.
10. Repeat corrected call signs so everyone is confident of being correctly logged.
11. Work and log dupes, it’s quicker.
12. Don't leave the pile-up hanging. Keep the callers informed about QRT/QSY, etc.
13. Maintain a moderate, but “in-charge” attitude.

Best Practices for Courteous and Efficient DXing

1.Know the DX callsign and the location of the pileup by listening carefully to the DX station and the pileup before calling.
2.Beware of erroneous spots: Copy the DX station’s call sign yourself.
3.Be careful never to transmit on the DX frequency – learn how to use your radio properly.
4.Never interfere with an existing exchange of information.
5.Always send your full callsign.
6.Call once and then listen. Then call again, if appropriate. Try not to call during an existing QSO.
7.Respond only if the DX operator calls you. One letter or number of your call is NOT enough reason to call.
8.If the DX operator has sent your call correctly, do not repeat it unless required by licensing regulations.
9.Do not call if the DX operator asks for other geographic areas.
10. To encourage the most courteous and efficient operation, operate in the way that you would expect others to operate.

8831. So you want to go on a DXpedition?

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-09-26 02:14:56 UTC
From: Yb land Dx club
Topic: 8831 Message: 8831

http://n6pse.wordpress.com/2013/09/25/so-you-want-to-go-on-a-dxpedition/

So you want to go on a DXpedition?

I'm often asked, how does one get invited to join a Dxpedition? That's a good question and one that I pondered myself for some time before I decided to mount my own Dxpedition.

When I was asking that question, I was given some good and some poor advice. I was told that I must send/receive CW at 40WPM. Well I can't do that. I was told that I must win a major contest. Well, as much as I love DXing, I'm not one to operate continuously for 24-36 hrs at a stretch. My QTH is not in any way competitive for contesting, so I've not tried.

The best way to get invited to join a Dxpedition is to conduct one's self as a solid, mature and disciplined operator. It's good to attend IDXC at Visalia or the Hamvention in Dayton and rub elbows with those in the Dxpeditioning circles. Let them know who you are and what you can do.

Some of the major DXpeditions are seeking fast rate or elite operators. DXpeditions to less rare locations are seeking collaborative team members who want to have fun and make thousands of contacts. This is probably the best place to start.

http://n6pse.wordpress.com/2013/08/18/is-pileup-behavior-getting-worse/

Is pileup behavior getting worse?

Pileup behavior is often being discussed by hams these days. Many of us (but not all of us) are growing more and more concerned at what we perceive as a rapid erosion of civility/decorum on the bands.

This reduces the fun and enjoyment of this hobby that we otherwise enjoy. Some notable Dxers attest that a proper operator can control or manage any pileup and that the behavior of the pileup is a direct reflection on the operator's skill.

I think this statement was truer some years ago when there was more civility on the bands but someone making that statement today makes me think that they have not operated from a rare and highly sought after DX location in a long time!

8832. Eastern Island, Chile 2013

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-09-26 02:27:21 UTC
From: Yb land Dx club
Topic: 8832 Message: 8832

http://www.ybdxc.net/2013/09/eastern-island-chile-2013.html

http://easterisland2013.com/

A team consisting CX4CR, CX3AN, CX2AM, CX3CE, CX8FB, CX2FR,CX4AAJ, CE0YHO, EA7FTR , EA5HPX and LU2NI will be operating from Hanga Roa, Easter island between November 1-7, 2013.

They will run 3 stations simultaneously – 160m-6m CW/SSB/DIGI.

Easter Island (Rapa Nui: Rapa Nui, Spanish: Isla de Pascua) is a Polynesian island in the southeastern Pacific Ocean, at the southeasternmost point of the Polynesian Triangle. Easter Island is famous for its 887 extant monumental statues, called moai, created by the early Rapa Nui people. In 1995, UNESCO named Easter Island a World Heritage Site, with much of the island protected within Rapa Nui National Park.

Polynesian people settled on Easter Island in the first millennium CE, and created a thriving culture, as evidenced by the moai and other artifacts. However, human activity, the introduction of the Polynesian rat and overpopulation led to gradual deforestation and extinction of natural resources, which caused the demise of the Rapa Nui civilization. By the time of European arrival in 1722, the island's population had dropped to 2,000–3,000 from a high of approximately 15,000 just a century earlier. In recent times the island has served as a warning of the cultural and environmental dangers of exploitation. Diseases carried by European sailors and Peruvian slave raiding of the 1860s further reduced the Rapa Nui population, down to 111 in 1877.

Easter Island is one of the most remote inhabited islands in the world. The nearest inhabited land (50 residents) is Pitcairn Island at 2,075 kilometres (1,289 mi), and the nearest continental point lies in central Chile, at 3,512 kilometres (2,182 mi).

Easter Island is a special territory of Chile that was annexed in 1888. Administratively, it belongs to the Valparaíso Region and more specifically, is the only commune of the Province Isla de Pascua. According to the 2012 census, it has about 5,800 residents, of which some 60% are descendants of the aboriginal Rapa Nui.

DXFUN Cluster | Improvements, upgrades, help desk…

SEARCH CRITERIA

Time to time search function must be improved due the new callsigns options and other minor database modifications so we must put an eye into this.
Spots database is growing, so search criteria must be accurate.
After some major improvements that you already know, we have focused to speed up search function and correct some minor errors.
One of the major improvements that we can announce is that the search criteria has been modified and when you try to search for:
LW1EB
You will be able to view on the search results, spots from the following callsigns:
LW1EB
LW1EB/XXX
Note that other callsigns like: LW1EBX, LW1EBY, LW1EBX/YYZ will not be on the search results.

Kapan ya Pemerintah mendorong adanya "transceiver murah" - jangan mobil murah saja.
Kalo mobil murah banyak yg beli, jalanan bisa macet - tapi kalo transceiver murah khan satu orang punya 10 transceiver yang dipake sliweran di udara paling cuma satu.

Anggota keluarga lainnya belum tentu punya IAR. HI

Wah.. Wah.. Puxing juga yaaa mo cari HT made in China di Mirusa tapi Lupax mereknya. Yg so pasti harga radio amatir impor dah pada naik mengikuti kurs US$-Rp.. :(

Awal tahun lalu, saya beli HT Bao Feng yg kecil model UV-3 cuma 2 Watt dan dual bander. Beli di VR Land /Hong Kong cuma Rp350an tapi waktu kurs masih Rp9500 per US$..

Sampai sekarang masih bunyi tuh..hehehe..

http://www.papays.com/opdx1130.1.html

OPDX Bulletin 1130.1 September 27, 2013
The Ohio/Penn Dx PacketCluster
DX Bulletin No. 1130.1
BID: $OPDX.1130.1
September 27, 2013
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)
Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, IK8YFU, VE1RGB and WA4DAN for the following DX information.
CY0, SABLE ISLAND (Update/Dates)
The following was posted September 26th [edited]:
"As of today, 26th September, a potential 'show-stopper' regarding total DXpedition costs nearly halted the group in its tracks, one of them (Murray) being at the top of a 2,000 foot tower at the time. Fortunately, through the cooperation of a couple of Canadian government agencies (Environment Canada and Parks Canada), a very suitable arrangement was been made that resolved the financial barriers to going to Sable on 30th September. The only change to the trip now is its duration. Rather than returning on 11th October, for a number of safety (wx) and cost consider- ations, the return date will be on either 7th, 8th, or 9th October.
>All required gear has been mustered except for the personal hand luggage that Murray and Rick, who are making their ways separately from NC and NM, respectively, will be bringing. Early weight estimates show us to be roughly 50-75 pounds below the 1,400 pound safety limit.
>All freight for the Britten-Norman-Island will be transported to the departure point by Rick and me, weighed, then loaded on the aircraft on Sunday night in time for an early departure on Monday morning.
>Operation will be on 160M 10M on CW and SSB. Unfortunately, due to equipment limitations, there will be no RTTY operation.
>On a lighter note, Rick, AI5P, was making threatening noises about staying home if I could not locate Dr. Pepper soda for him to have on Sable. The XYL here, Bev, finally found a case on sale for $3 and change, a near give-away because Canadians won’t drink the wretched stuff.
>A note only to small station owners (little pistols). Please do not ignore trying to work us just because propagation conditions seem to provide discouraging numbers. We conducted a “test” with a station nearly identical to one of the ones going to CY0P, using 100 CW and wires, during a ten-day period in September. We chose the calendar period that represented what we should see 27 days later in October on Sable. Playing in the CQ Marathon competition but being only moderately active, the test station worked 45 countries in 24 CQ Zones. Contacts were made from Halifax to all points of the globe. The largest quantity and most impressive contacts were on 17M and included ASIA, and PAC. Since listening conditions should be better on CY0 in all respects than where the test was conducted, this empirical data suggests that if you can hear us, then you should try to work CY0P no matter how weak

you think your signal may be. One of the CY0P CW operators is
a small-station operator himself and has a distinct fondness for his 100W and wire counterparts elsewhere in the world, and he will try very hard to work the deserving typical small-time operator with limited station resources. He also likes the QRP copy challenge.
>Our long wait and much planning is almost over. Wish us good weather and safety in our flight from the mainland of Canada to Sable Island. If all goes well, we should be QRV, late Monday in the early evening.
>73, Gary, VE1RGB"

Subject: Christmas Island Operation
Date: Wed, 3 Jul 2013 19:38:32 +1030

Hi Hen
Christmas Island was a rush trip with very little time to plan. I will be going back, however this will not happen until next year. Thanks for the email. I will respond to all contacts ASAP. Thanks for the information you provided. From October 14th I will be going to Lord Howe Island where I will be using VK9DAC again. I will send the details as soon as plans are finalised. My callsign on the mainland is VK3DAC.
Regards
Fred

Mbak Jilly dapat kiriman gambar porono dari manforce's foto.

Seperti beberapa waktu yll saya juga terima gambar sejenis dan segera diinformasikan oleh OM Yongkie-YB0COU.
Ternyata ada akun FB teman sma yg dihacked dan nyebar kemana2.

Segera saja di unfollow mbak Jilly.

NH0J, Tinian I.

NH0J from Tinian Island
Oct.17 - 21, 2013

I am pleased to announce that JJ2VLY (Miho, also WS2M) and JQ2GYU (Yutaka, also WS2Y) will be active from RST (Radio Space of TINIAN) in Tinian Island (OC-086) again between October 17 - 21, 2013 as NH0J.

http://k3el.wordpress.com/dx/raivavae-austral-islands/

TX5RV – Raivavae – Austral Islands
Don, VE7DS and Dave, K3EL are planning a mini-dxpedition to Raivavae, (FO/A, Austral Islands, IOTA OC-114) from 30 October to 6 November 2013. The Austral Islands are currently 44th on the Club Log “most wanted” list, very high for a fly-in destination, with a particularly low percentage of Club Log users having contacts on 10 or 12 m. Callsign will be TX5RV.
This is not intended to be a full-on dxpedition (we are travelling with our XYLs, hence we’ll be spending some time away from the radios), but there will be significant on-the-air time for approximately one week, running two medium-power stations with vertical antennas on the beach. For more info, check out the links on the right.

http://qrz.com/db/9N2YY

I will be visiting Nepal and I will activate 9N2YY on October 2-6, 2013.
On October 2-3 I will be in Kathmandu, on Oct. 3-5 in Pokhara and on Oct. 5-6 again in Kathmandu. During daytime I will have other activities in both places but during the afternoons, evenings and early mornings (local time) I try to on bands as much as I can. I will be focusing especially to the short openings to North America, around 12-14 UTC to East Coast and around 23-02 UTC to West Coast. Europe should be much easier as there is forecasted rather good propagation from early mornig to late afternoon (UTC).
My plan is to operate SSB on bands 18-28 MHz. According to the propagation forecasts the best bands should be 18-24 MHz . In order to have a reasonable signal at least on one band, I am planning to have a 2 element wire beam for 21 MHz. For the other bands I will have dipoles and I try to have two or three antennas up all the time in order to have possibility for fast band changes according to the band conditions.
I'm planning to use the following frequencies: 18,150MHz, 21,295MHz, 24,950MHz and 28,495MHz. Depending of other traffic, I may shift up or down a bit. Normally I will listen 5-10kHz up.
QSO checking will be on this page using Club Log search service. At the moment I am not aware of the access to Internet during my trip and therefore I cannot promise how often the logs will be uploaded during the trip. But I will try to do it every day.
QSLs either directy to my home address: Pekka Ahlqvist, Vapaalanpolku 8B, 01650 Vantaa, Finland or via SRAL QSL bureau. I'm also using LotW.

http://www.ybdxc.net/2013/10/herm-island-eu-114-october-4-92013.html

http://martellotowergroup.com/gp0pkt/

The Plan

The operators will be arriving on Guernsey around 14:00 on Friday the 4th of October by fast ferry from Weymouth.

We will be on Herm shortly before sunset and will spend the evening setting up the three stations indoors, the aerials will be erected first thing on Saturday morning.

Operation will continue until the afternoon on Tuesday the 8th October when the stations will be taken down as late as possible ready for departure from Herm on the morning of the 9th.

http://qrz.com/db/A52YY

I will be visiting the Kingdom of Bhutan and I will activate A52YY on October 6-10, 2013. On October 6-8 I will be in Thimphu, on Oct. 8-9 in Punakha and on Oct. 9-10 in Paro. During daytime I will be traveling quite a bit but during the afternoons, evenings and early mornings (local time) I try to on bands as much as I can. I will be focusing especially to the short openings to North America, around 12-14 UTC to East Coast and around 23-02 UTC to West Coast. Europe should be much easier as there is forecasted rather good propagation from early mornig to late afternoon (UTC).
My plan is to operate SSB on bands 7-28 MHz. According to the propagation forecasts the best bands should be 18-24 MHz . In order to have a reasonable signal at least on one band, I am planning to have a 2 element wire beam for 21 MHz. For the other bands I will have dipoles and I try to have two or three antennas up all the time in order to have possibility for fast band changes according to the band conditions. Propagation forecasts are not good for 7MHz, but let's see.
I'm planning to use the following frequencies: 7,090 or 7,150MHz, 14,295MHz,18,150MHz, 21,295MHz, 24,950MHz and 28,495MHz. Depending of other traffic, I may shift up or down a bit. Normally I will listen 5-10kHz up.
QSO checking will be on this page using ClubLog search service. At the moment I am not aware of the access to Internet during my trip and therefore cannot promise how often the logs can be uploaded during the trip. But I will try to do it every day.
QSLs either directy to my home address: Pekka Ahlqvist, Vapaalanpolku 8B, 01650 Vantaa, Finland or via SRAL QSL bureau. I'm also using LotW.

Freight logistics on track

Hi everyone

It's only a few weeks to go. There are many logistics involved with this DXpedition as I need to organise not only the radio equipment but also all aspects of life support. Red Island is totally uninhabited and so everything from food, water, medical, generator, fuel, shelter, etc also needs to be arranged.

Much of the equipment has arrived in Bamaga in far north Queensland including the amplifier, amp power supply and generator. There are just a couple more boxes to express freight up there.

I've arranged with the two air lines I'm flying with to take extra baggage, in particular the Spiderbeam poles for the 20m and 15m vertical dipoles.

http://www.ybdxc.net/2013/10/id9y-salina-island-eu-017.html

http://www.calabriadxteam.it/salina/

Dx Pedition Salina Island 3/6 Oct. 2013

Why is this mini-peditions right?

The goal is to operate from an IOTA island without having to go too far from home and without spending too much. Salina island is very close and easy to reach!

Those who, like me, have already operated from a IOTA know that it doesn't matter if Salina is low in the most-wanted list; we are sure that the pile-ups will be there and the fun will be assured.

Just like the big Dxpeditions, we have created a dedicated website for this next activity of ours, without any pretension but with great desire to make things right. The period chosen is the low season, when the "hordes" of tourists have left the island to ourselves.

For some it will be an ON AIR "baptism" from a IOTA: the beginning of a harmony that will lead us to further adventures ...

Topic: 8898 Message: 8898

http://www.ybdxc.net/2013/10/zm90dx-celebrating-90-years-of-dx-in-zl.html

http://www.zm90dx.com/

1923 and 1924 marked the zenith of long distance communication records culminating on the 18th of October 1924. Between 0615 to 0730 UTC on 80 meters with the First Trans-World contact between Frank Bell (A sheep farmer) Z4AA (ZL4AA) in Shag Valley NZ and Cecil Goyder (A 18 yr. Student) at Mill Hill School using the callsign G2SZ in London.

New Zealand Dxers are proud of the many ZL DXing milestones over the years. The Kiwi DX Group an informal group of ZL Dxers and contesters are commemorating this event and many other ZL firsts, which occurred during this period.

Join us in celebrating 90 years of DX in ZL. The Special Callsign ZM90DX will be in use between October 1, 2013 to October 31, 2014.

As we we get closer to the 1st of October we'll be adding more information to this site. Use the links at the bottom of the page to follow us on Twitter or Facebook and keep up to date.

Om Djoko yth,

Kira-kira ß¡šª tunggu sampai tgl 20 bulan ini??? ..

Untuk gambar dan data

Soalnya saya mau buat QSL p.waigeo..

Mungkin dalam QSL tidak hanya callsign saya sendiri..

Namun YC9WIC/P , YD9RQX/P dan mungkin ada yg lain,

Tapi ß¡šª tidak callsign sebanyak itu om Djoko..

Tnx om Djoko..

http://www.asahi-net.or.jp/~yy7a-ysd/P29VNX-2013.htm

Lissenung Island near Kavieng, Re-arranged plan, as of Oct 1, 2013

Callsign: P29VNX

QTH: Lissenung Island, Bismark Archipelago, Papua New Guinea IOTA OC-008,

Schedule: 2013/12/1 – 12/6

Band: IOTA Freq on 30m – 10m (QSY a little up or down when QRM appear)

Mode: CW/SSB/RTTY (only CW during the first half)

Transceiver: TBD

Antenna: 1/4 wave vertical (almost full-sized) with elevated radials for each Band.

QSL info: via JA1NLX SASE ($2.00) or OQRS (Direct ($3.00) or Buro) Do not send IRC.

Do not send your QSL via Buro. I am no longer member of JARL.. I will send you QSL via Buro from GlobalQSL only if you request OQRS Buro.

Others: LoTW and Online Log will be available when I return home.

OM Joni,
Saya belum sortir utk IOTA award, setahu saya kita harus kirim QSL cardnya ya, atau khusus IOTA Marathon ya ?
Tapi apakah LoTW bisa laku ?

Om Hendro ,,

Dari 1 jan 2012 s/d hari ini sudah dapat berapa no IOTA..

Nanti jan 2014 kita kirim aplikasi IOTA Marathon.

Tidak perlu QSL..

Kira-kira siapa dari yb land akan dapat activator ya??

Kayaknya YB3MM dan YB8XM pasti dapat..

Om Djoko

Saya coba usahakan minta foto dari teman yg high resolusi berkaitan dengan Raja Ampat.

Mungkin foto Wayag..

Tunggu batch selanjutnya takut kelamaan om..

Tnx om

20 hari lagi ya OM :D, apa ikut batch selanjutnya?
OM Joni intinya untuk satu qsl card dengan 3 call sign mix bisa saja.
hanya ada keterbatasan informasi yang bisa di taruh.

apakah disiapkan dahulu foto bacground dan lain -lainnya.
supaya sebagian sudah ada datanya. tinggal nanti di edit.

tnx 73

Dear OM Taufan,

Seinget saya kemarin rencananya mau buat YB0AI/8
saya sudah kumpulkan gambar gambar untuk OM Taufan.
Tetapi tidak masalah kalau mau diganti YB0AI/9 OC 275
Bisa OM mohon datanya dapat di kirimkan ke saya.
Terimakasih

73

http://www.rsgbiota.org/marathon/

ANNOUNCING THE IOTA 50TH ANNIVERSARY MARATHON, 1 JANUARY 2012 - 31 DECEMBER 2013
The year 2014 marks the 50th anniversary of the launch of the Islands On The Air (IOTA) Programme by British SWL Geoff Watts, BRS-3129. As a build-up to our celebrations on this occasion, the RSGB IOTA Manager and Committee announce an exciting activity period in which all licensed amateurs world-wide are invited to participate.
For a two-year period during 2012 and 2013, IOTA chasers are encouraged to contact as many different IOTA groups as possible, and IOTA activators to play their part by operating from as many groups as possible, with special emphasis on the less-frequently activated ones. The points system adopted rewards 'Activators' with higher scores for activating the rarer IOTA groups. Certificates and awards will be available to both 'Chasers' and 'Activators' to reflect attainment of graduated bands of performance together with attractive prizes for top scorers.
The challenge provides a level playing field for everyone, whether they are complete newcomers to IOTA or are holders of the prestigious IOTA 1000 Islands Trophy, because everyone starts with a clean slate on 1 January 2012.
We hope that all our readers will consider ways in which they can support this event. We would like to see work starting now to schedule activity from as many IOTA groups as possible throughout the 24 months. Let us target 500 groups initially in the hope and expectation of being able to raise this higher as the Marathon progresses.

http://www.arrl.org/logbook-of-the-world

Introduction

What is Logbook of The World?
Logbook of The World (LoTW) is a tool brought to you by the ARRL and sponsored by Yaesu, used to confirm ham radio contacts and use the confirmations as credit toward awards.

How does it work?
Logbook of The World uses double blind comparison, so users can't see what other users have uploaded unless there is a matched QSO. All files uploaded to LoTW are electronically signed by verified users. Logbook of The World maintains the integrity of the QSO verification process that has long been the hallmark of ARRL awards. When properly configured, LoTW can accommodate a variety of operating situations, such as DXpeditions, previously held call signs and QSL managers.

https://lotw.arrl.org/lotw/faq

Logbook of the World - FAQ

http://www.arrl.org/instructions

Use the following instructions to set up your LOTW account, brought to you by ARRL.

ANNOUNCING THE IOTA 50TH ANNIVERSARY MARATHON, 1 JANUARY 2012 - 31 DECEMBER 2013
The year 2014 marks the 50th anniversary of the launch of the Islands On The Air (IOTA) Programme by British SWL Geoff Watts, BRS-3129. As a build-up to our celebrations on this occasion, the RSGB IOTA Manager and Committee announce an exciting activity period in which all licensed amateurs world-wide are invited to participate.
For a two-year period during 2012 and 2013, IOTA chasers are encouraged to contact as many different IOTA groups as possible, and IOTA activators to play their part by operating from as many groups as possible, with special emphasis on the less-frequently activated ones. The points system adopted rewards 'Activators' with higher scores for activating the rarer IOTA groups. Certificates and awards will be available to both 'Chasers' and 'Activators' to reflect attainment of graduated bands of performance together with attractive prizes for top scorers.
The challenge provides a level playing field for everyone, whether they are complete newcomers to IOTA or are holders of the prestigious IOTA 1000 Islands Trophy, because everyone starts with a clean slate on 1 January 2012.
We hope that all our readers will consider ways in which they can support this event. We would like to see work starting now to schedule activity from as many IOTA groups as possible throughout the 24 months. Let us target 500 groups initially in the hope and expectation of being able to raise this higher as the Marathon progresses.

Ooo ini thoooo orangnya???
Salam kenal ya..
Dan
Selamat ya om..

Walaupun level paling rendah,,
Tapi mantap la,,

Kalo chaser maaa banyak dan gampang,, tinggal nunggui di stn, kadang kalo ga di dgr.. Pake Ngomel-ngomellagi

Tapi Activator yg susah ini..
Sudah 1 munggu ga mandi,
Malah kadang kena omel lagi ya om

Thanks Budi untuk info ini,
saya rasa banyak YB Land dxers yang akan qualify.

Waktu saya bincang2 sama Adhi YB3MM, saya sarankan untuk apply activator award dan dihitung2 pointnya sudah cukup dia untuk DIAMOND level yg tertinggi,
PAPA FOXTROT OM Adhi,
Semua aktivitas IOTA selama 2 tahun bisa digabung termasuk kalau kita anggota dxpedtion, dan minimum kita make 100 QSO sudah dapat point untuk DXPedition tsb.

Belum lagi point dari aktivitas di rumah, home QTH yg juga qualify, memang Pulau Jawa OC-021 sudah banyak yang claimed jadi pointnya rendah tapi 143, 88, 34, 146, 150, 151, 22, semua ada pointnya, tergantung brp persen yang sudah claimed dan juga brpa qso kita buat dari 1 Jan 2012- 31 Des 2013, masih banyak waktu.....

OM Budi juga qualify waktu ke Breueh dan Ke Kimaam, plus dari Jawa, so Congrats to all YB Land DXers....sebagai ACTIVATOR. Minimum sudah silver level karena new IOTA.

Nah sebagai IOTA CHASER, juga mudah, kontak IOTA sebanyak2nya dari 2012-2013 TIDAK PERLU QSL dan stn yang sama bisa dikontak 3x kalau band berbeda, untuk max 3 points dari IOTA tsb. Lalu jumlah semua, saya pake EXCEL spreadsheet saja, minimum 100 points sudah dapat award, kalau setiap IOTA kita kontak 3x cuma 35 pulau sudah dapat award, next level 250 points.

Namun sampai detik ini RSGB di website mrk belum secara mendetail memberitahu bgmn cari mengklaim award ini apa ada application khusus, mungkin nanti bulan Desember, karena baru bisa apply paling cepat 1 January 2014. Nah mari rekan2 DXers dari YB Land rame2 apply sebagai Chasers dan sebagai ACTIVATORS.

73, Steve

8922. United States Government Shutdown: FCC Stops Issuing New Ham Licenses

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-02 19:13:58 UTC
From: Yb land Dx club
Topic: 8922 Message: 8922

http://www.dxcoffee.com/eng/2013/10/02/fcc-stops-issuing/

Well, it’s official – the US government has come to a grinding halt and the Federal Communications Commission has not been spared from the results of the ongoing budget battle between the republican controlled house and a senate firmly in the hands of the democrats. The Gettysburg office of the FCC which is responsible for the issuing of licenses in the amateur service is closed until further notice. If you visit the fcc.gov website you’ll be greeted with the following message:
“We regret the disruption, but during the Federal Government-wide shutdown, the FCC is limited to performing duties that are immediately necessary for the safety of life or the protection of property. FCC online systems will not be available until further notice.”
Thus new license grants and license renewals are not being processed, as well as applications for vanity callsigns or modifications to existing licenses through the Universal Licensing System. This affects not only amateur radio license processing but extends across the various commercial services also dependent on ULS to take care of day to day business.
According to the FCC’s own documentation entitled “Plan for Orderly Shutdown Due to Laps of Congressional Appropriations,” dated September 27 of last month, only a minimal employee structure would to be maintained. The FCC Chairwoman and two commissioners are expected to remain at their posts, as well as three inspectors general. Up to 16 employees were to remain on staff for the protection of life and property. Of a handful of other employees mentioned, eight individuals were to remain on duty to conduct interference detection. Only one senior management official in the Wireless Telecommunications Bureau, which also oversees the amateur radio service, was scheduled to remain on duty for the duration of the shutdown.

Oceania DX Contest

The Oceania DX contest has been around since the mid 1930s and was known previously as the VK/ZL Contest. Activity has increased in recent years due to a huge promotional effort by the joint Australian and New Zealand Contest Committee.

Contest Dates/Times:

PH - The first full weekend in October each year from 0800 UTC Saturday to 0800 UTC Sunday
CW - The second full weekend in October each year from 0800 UTC Saturday to 0800 UTC Sunday

Log deadline for PH and CW logs - 31st October in the year of the contest
Send logs to:
PH@...
CW@oceaniadxcontest.com

Please see the rules for full log submission info

2013 Contest
The 2013 Oceania DX Contests will be held over the following weekends:

PHONE Contest:
08:00 UTC Saturday 5 October to 08:00 UTC Sunday 6 October 2013

CW Contest:
08:00 UTC Saturday 12 October to 08:00 UTC Sunday 13 October 2013

Log deadline: 31 October 2013

Rules

The OCDX Contest is a qualifying event for the World Radiosport Team Championship contest 2014!

8935. YBDXC on www.clublog.org

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-03 09:52:27 UTC
From: Yb land Dx club
Topic: 2113 Message: 8935

Dear All,

One of the most interesting ways to use Club Log is to join your clubs, so that you can participate in your own leagues against friends. Also, if you are interested in joining in the HF or LF challenges organised by CDXC, then you can join these contests in Club Log and have your score automatically calculated by Club Log.

Note: members must add themselves to this club. Instruct them to click 'Settings' and then go to the 'Clubs' tab to join. This method allows users to opt-out (by default) of leagues and DXpedition charts. The opt-in principle is how Club Log is intended to work.

PS: Only YBDXC registered member who got the number membership will be approved.

http://www.clublog.org/edituser.php goes to settings, goes to clubs, thick YBDXC, goes to join clubs

8936. Code Of Conduct

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-03 09:53:25 UTC
From: Yb land Dx club
Topic: 8826 Message: 8936

http://www.ybdxc.net/2012/01/dx-code_4277.html

http://www.dx-code.org/

DX Code Of Conduct

I will listen, and listen, and then listen again before calling.
I will only call if I can copy the DX station properly.
I will not trust the DX cluster and will be sure of the DX station's call sign before calling.
I will not interfere with the DX station nor anyone calling and will never tune up on the DX frequency or in the QSX slot.
I will wait for the DX station to end a contact before I call.
I will always send my full call sign.
I will call and then listen for a reasonable interval. I will not call continuously.
I will not transmit when the DX operator calls another call sign, not mine.
I will not transmit when the DX operator queries a call sign not like mine.
I will not transmit when the DX station requests geographic areas other than mine.
When the DX operator calls me, I will not repeat my call sign unless I think he has copied it incorrectly.
I will be thankful if and when I do make a contact.
I will respect my fellow hams and conduct myself so as to earn their respect.

#1 I will listen, and listen and then listen again before calling.
  This seems so obvious but it is the most vital thing to do. Careful listening rather than rushing to transmit will get the DX into your log. You must listen to find out whether the DX is working split and if so, where is he listening? Then you need to listen to the calling stations in order to determine what the DX station is doing. For example, he may be working gradually up or down the pile-up frequency range – and you need to find the best spot to call. And it may be time to ask yourself: “Do I really need to work this bit of DX, right now? Can I wait a while for the pile-up to subside?”

#2 I will only call if I can copy the DX station properly.
  You also need to listen carefully to determine how well you can hear the DX station to be sure you will hear his reply to your call and to avoid causing interference by transmitting at the wrong time. It is extremely frustrating for a DX station to return a call to a station that is unable to hear him, thereby causing incessant QRM.

#3 I will not trust the Cluster and will be sure of the DX station’s callsign before calling.
  Cluster spots often show the wrong call sign. Before you log a station, you should hear the station’s callsign on the air – don’t trust spotting networks. The DX operator should send his call sign at regular intervals. Unfortunately, not all operators do this!

#4 I will not interfere with the DX station or anyone calling and will never tune up on the DX frequency or in the QSX slot.
  Sadly, this covers a multitude of operators, employing poor operating practices. We are

frequently afflicted with “Policemen,” people who repeatedly jump in to tell callers that “the DX is listening up” – often adding a gratuitous insult. The rule is quite simple: never, ever transmit on the DX frequency for any purpose whatsoever.

#5 I will wait for the DX station to end a contact before calling.
If you transmit before a QSO is over, you are likely to interfere with the exchange of information, lengthening the QSO and slowing the process. It may seem clever to “nip in” as the previous contact is ending but many DX stations don’t like it, as such operating may break the pattern of the operator, which is what helps everyone to know when to transmit.

#6 I will always send my full call sign.
This is essential for CW and SSB, because incomplete calls lead to an extra transmission, slowing the operator’s progress with the pileup. If the operator is responding to partial call signs, it may appear that you should call with only several letters. Generally, this is not the case. Always use your full call sign.

#7 I will call and then listen for a reasonable interval. I will not call continuously.
Continuous calling is selfish and arrogant. With a computer or memory keyer, it is easy to send continuously. Unfortunately, it prevents you from listening and knowing what is taking place. In addition, it raises the QRM floor greatly, making life difficult for the DX station and everyone else.

#8 I will not transmit when the DX operator calls another callsign, not mine.
Perhaps this is intuitively obvious, but it is a common occurrence. If it is clear that the station is not calling you, do not transmit.

#9 I will not transmit when the DX Operator queries a call sign, not like mine.
In life outside amateur radio it would simply be considered rude to answer when someone else is asked a question! How do you know if the station is calling you? Perhaps the DX operator has a partial version of your call. Is it me? “The timing is right!” Yes, the timing may seem right, but it may also be “right” for many other stations. If the DX is actually calling you and hears nothing, he will call you again. Then you can call. Only one letter from your call sign is NOT enough, however. Calling when not being addressed raises the floor level of QRM and slows progress dramatically.

#10 I will not transmit when the DX operator requests geographic areas other than mine.
You must recognise and accept that when an operator is calling for a specific geographic area (e.g. NA for North America, AS for Asia), you must not call until the operator’s instructions change. Even if his choice appears incorrect, you must follow his instructions. The DX operator is in control. Here’s an important point: If a DX operator is working, some area, perhaps North America , and he fails to say so between QSOs, do not begin calling immediately. Call only when it is clear that the operator’s instructions have changed. To do otherwise is impolite and simply slows the process.

#11 When the DX operator calls me, I will not repeat my callsign unless I think he has copied it incorrectly.
If you repeat your call sign, the DX station may think that he has your call sign wrong. He might then listen very carefully – again – thus slowing the process. A DX operator will generally log what he has if you say nothing further.

#12 I will be thankful if and when I do make a contact.
There should certainly be a pride of accomplishment when you get a QSO with a guy in a far-away entity. But before you start basking in the glow of accomplishment, think about

the help you received from your partners, perhaps Mr. Icom, Mr. Alpha, and Mr. Force 12. If your ego still feels a need to take ALL the credit, try again. But this time turn off your amplifier and connect your rig barefoot to a dipole. If you get through the pile up this time, then YOU, as the operator, can take more of the credit.

You should also acknowledge that you would not have had the contact without the skill of the operator at the other end who undoubtedly made sacrifices to be there for you. So be thankful for all this help you received.

#13 I will respect my fellow hams and conduct myself so as to earn their respect.

Respect is about behaving well toward others. DXing is very competitive. If you operate otherwise, you may acquire a bad reputation. DXing will be the most fun for everyone if we all behave with politeness, mutual respect and even a bit of humility!

DXpeditioners' Code of Conduct

This DXpeditioners' Code is to help maximize the fun for all participants. As the DX operator, you play a critical role in pileups: you are "in charge". Dealing with an unruly pileup of discourteous operators who have forgotten about ethical behavior is NOT fun. So it makes sense to plan and train ahead of time on how best to deal with the situation.

Good operators at the DX end and courteous behavior at the other end of the QSO can greatly increase the total number of QSOs logged. It has been demonstrated that pileups can be kept reasonably under control if the DX operator follows certain 'rules'. Luckily, some top operators have given us the benefit of their experience. Please peruse these suggestions.

It is also important that you tell the thousands of hams who want a QSO that you expect them to operate ethically in accordance with the DX Code of Conduct. If your DXpedition has a website or just a page at QRZ.com, please consider posting a notice on your website.

As a starter, consider posting our mascot with a link to this site. You may be as creative as you like. You might consider posting the Code itself on your website, just copy and paste . Whatever suits you. For further assistance, click here. For an example of how this might look, click here.

We also hope that you will tell us that you have linked to us so and we can publish your DXpedition and website at this site. More important, we hope that this initiative will play a positive role in making sure that you enjoy your trip.

NOTE: This page is organized as a Table of Contents. Click on each topic to go to a section of the document that explains it further. Some sections have links to a third page with even more details and links to various resources we think may help. Enjoy!

Do your Homework
Keep the DX community informed
Check TX frequency AND the RX range before starting up
You are the Boss and You are in Charge
Announce Your Callsign Frequently
Use Split Operation
Establish and Maintain a Rhythm
Work and log dupes, it's quicker
Give QSY/QRT information before leaving the pile-up
Establish a "Friendship" with the Pileup

Avoid working by numbers, continents are OK
Repeat corrected callsigns so everyone is sure of being safely logged
Be a role model

#1 Do your homework
Edison famously said, "Genius is one percent inspiration and ninety-nine percent perspiration. In DXpeditioning, success is ninety percent preparation.

Before traveling, read "DXpeditioning Basics ” by N7NG.This freely available publication is a must read for every DXpeditioner. Another good resource is "DX-peditioning Behind the Scenes" by Neville Cheadle, G3NUG & Steve Telenius-Lowe, G4JVG. You can order directly from the author by clicking on the title.

Study the propagation before you travel. There are three important population centers in the world: Europe, North America and Asia . From wherever you are, two are likely to be easy. The third one is the most difficult to work from your destination location so it becomes your “target area.” Make sure that you work the target area any time any band is open to that area.

Practice your QSO technique. Pick out the weaker stations. Provide training to your less-experienced operators in the finer points of both SSB and CW operating.

#2 Keep the DX community informed
The DX community appreciates a well organized website, some of which are works of art. If your operation is smaller and you do not plan to have a "full service" website, at least set up a QRZ.com page that states your location, dates of operation, and QSL information. Even with a complete website, a QRZ.com page with a link to your main website makes you easier to find.

#3 Check TX frequency AND the RX range before starting up
Always check for a clear TX frequency and find a clear RX range before starting up on a band. As a DXpeditioner, you have powerful tools to control the frequencies you use. If you have previously announced your frequencies, try to stick with them. However, conditions might demand a change. You may have to select your pileup RX place in a spot other than the busiest part of the band.

#4 You are the Boss and You are in Charge
In order to maintain control of the pileup you must operate in such a manner as to make control possible. It is easy to lose control of a pileup, and if you do, it may be your fault. Maintain good QSO mechanics. Use the same general pattern for every QSO. Select a callsign from the pile and stay with it until a satisfactory QSO results. If it is not possible to finish a QSO, solicit QSOs again. NEVER select another callsign without soliciting QSOs – QRZ, CQ, etc.

Issue clear instructions to the pileup and stick to them – always. For example, if you catch only part of someone’s call and give the partial out, do not work anyone else until you have completed with that station. If you call “NO EU,” DO NOT work any European callers. Ignore rude callers. Breaking your own rules just creates chaos. Stay in charge, but never shout to nor lecture the crowd.

#5 Announce Your Callsign Frequently, like (almost) every QSO
You should give you callsign often enough so that no one has to ask. If you don't give

your call often enough, some callers will just log whatever callsign was last spotted on a DXcluster (right or wrong) and some will ask for your call. That wastes time, interrupts your flow, and energizes the ever present frequency cops. Once per QSO is not too often.

If you are blessed with a real long callsign such as SV9/ON4ZZZZ/P, that's a lot to mention after every QSO so just be alert. If you hear someone asking “QRZ” or “What’s the DX?” on your TX frequency, you have waited too long.

#6 Use Split Operation

Assuming that you have gone to some relatively rare entity, you can start out by assuming that you will be dealing with a pileup. Don't wait until you have a large number of callers. Start out by operating split immediately. As soon as you are spotted on a DXcluster, the whole world will descend on you and you might as well be ready.

#7 Establish and Maintain a Rhythm

Standardize your transmitted messages as much as possible. For instance send a QSL or TU message at the end of every QSO and maintain a consistent pattern to help callers synchronize with you. That reduces the amount of out-of-turn calling. This is a well established technique for controlling a pileup. It gives the callers solid guidance in determining when and when not to call.

#8 Work and log dupes, it’s quicker

Work and log dupes: it is quicker than telling the duplicate callers that they are dupes, and it may be that they were unsure of a previous QSO. Use your website to announce your policy on duplicates, for example “Please work us only once on each band/mode slot to give others a chance for a new one.”

#9 Give QSY/QRT information before leaving the pileup

When you are about to leave the pileup, say what you are doing. Announce if you will QSY to another band/mode, perhaps giving out your new TX frequency. If you are going QRT for a while, give out your QSL information and website address. Don’t say, “QRX 5” unless you definitely are going to come back within 5 minutes as this just extends the band pollution unnecessarily.

if you don’t know how long you will be, it is better to say, “QRT,” but then come back on later when you are ready. When you get tired, slow down and take extra care over accuracy. If you start making too many mistakes, take a break and maybe a short sleep, whatever suits your body’s natural rhythm.

#10 Establish a “Friendship” with the Pileup

This is called the conversational style of pileup operating. This is perhaps one step beyond being friendly and not lecturing. It helps control the nature of the situation. Rather than have a group of antagonistic hounds, you put the callers at ease, and in the end give them confidence that you are fully interested in making a QSO with each of them. This style of operating is NOT a substitute for poor operating procedure, however.

Also remember the many operators who are not regular CW operators. They want a QSO too but may be able to copy code at, say, 20 wpm. DXpedition operators are sometimes whizzing along at 40 wpm. So keep an ear out for the guy who is calling at 20 wpm and respond to him at a speed he can copy easily. You will make another grateful friend.

Also remember that many operators have 100 watts and wire antennas. After the big guns all have their QSOs, work these guys because they are the backbone of the amateur radio

community.

#11 Avoid working by numbers, continents are OK

When possible, try to avoid subdividing a pileup by numbers. Depending on propagation, try working a whole continent or several continents, or NOT working a particular continent. At times only working by numbers will work, however. Whatever method you choose, be sure to inform the pileup after every QSO.

Don't break your own rule by working your pals in NA if you are asking for "Eu."

#12 Repeat corrected callsigns so everyone is sure of being correctly logged

A valid QSO is when both stations have copied content and have logged it correctly. It is unrealistic to think that you will copy 100% of all callsigns the first time. On CW do not send a “question mark,” as in “ABC?” when returning to a partial callsign. For some obscure reason many (undisciplined) pileup callers take a 'question mark' as the sign to start transmitting again, although the partial callsign does not resemble their callsign.

So when you respond to a call with a partial as “ABC 5nn” and W5ABC responds, “W5ABC W5ABC 5nn TU,” it is proper that you respond “W5ABC QSL TU” That way W5ABC knows he is in the log and does not have to call again later to make sure.

If you made a mistake with someone’s call, he may keep calling you. Repeat his call or work them again, using “TU”, “QSL”, “CFM” or “You’re in the log” to let them know for sure that they are safely logged. This is even more important if you do not have an online log with daily updates.

#13 Be a role model

Standardize your transmitted messages as much as possible. For instance send a QSL or TU message at the end of every QSO and maintain a consistent pattern to help callers synchronize with you. That reduces the amount of out-of-turn calling. This is a well established technique for controlling a pileup. It gives the callers solid guidance in determining when and when not to call.

Conclusion

A number of people contributed to this document. It is thus a compendium of the work of others, here presented in a format that hopefully has included the best of what experienced DXpeditioners have had to say about this topic.

In the end, if DXpeditioners are better prepared, insist on good operating behavior from those calling them, and if those at the other end adhere to the DX Code of Conduct, everyone will have more fun. And that’s what it’s about.

Contesters' Code of Conduct

• The primary aim of a contest QSO is to exchange only the essential QSO information (normally callsigns, reports and contest-specific information such as zones number, state or serial number) as efficiently (meaning quickly and yet accurately) as possible. In most contests, anything further (greetings, QTH or station details etc.) is superfluous, slows down the QSO rate and reduces the achievable score

• If you hear a contest in progress and want to join in, look up the contest rules to find out what information to
send and whether you are eligible to participate. Check out the contest calendar and links to contest websites at http://www.hornucopia.com/contestcal/weeklycont.php

• Listen carefully before calling a contest station, ensuring that you have their callsign correct and haven’t already worked them. There are good logging programs that will help eliminate duplicate QSOs that waste valuable time.

• Consciously avoid causing interference, for example by transmitting an over modulated signal or CQing on a
frequency that is already in use Remember, listen first and listen hard and try calling "QRL?" before operating.
Don’t operate ‘split’ unless it is absolutely necessary.

• Call a contest station that is CQing at just the right instant, giving your full callsign once. That is usually enough. Most stations leave only a few brief seconds between their CQ calls so it is important to synchronize your call with their listening periods. Good stations get a rhythm going and it will help if you get in tune with that rhythm.

• Stand by for a moment if they go back to someone else. You shouldn’t have to wait very long. If they are really busy, make a note of their frequency and spend a few minutes hunting for other stations to work, then come back for another call.

• If they send your correct callsign plus a report and contest information, respond with just a report and contest information. However, if they send your callsign incorrectly, hesitate briefly just in case they are working someone else, but if you are certain they are working you, respond by sending just your full callsign again, once or twice but with no report until they get your callsign correctly.

• Do your level best to log their callsign and exchange information accurately, and to ensure they have all your
information correct (e.g. - repeating the essential information if conditions are marginal). Sometimes several
repeats are needed to complete the QSO but this is necessary to claim the points and avoid penalties.

• Having met the primary aim, you will both be grateful for the efficient QSO and points. It is polite for the CQ station to send “Thank you“ or “TU” to confirm the QSO has been logged. This reduces unnecessary duplicate QSOs due to not knowing whether the QSO was complete, and is the cue to move on to the next QSO.

• Remain courteous at all times, even when you are stressed or tired. If another station encroaches onto the
frequency you are using, use your filters, turn your antenna, ask them politely to move a little HF or LF as
appropriate and/or shift your frequency a little to reduce mutual interference, or take this as an opportunity to go searching for new QSOs on the same or another band.

• Respect other amateurs who are not in the contest, for instance by obeying ‘contest-preferred' frequencies and avoiding frequencies used by beacons, nets, DXpeditions and other modes. Keep the WARC bands a contest-free safe haven for those who do not enjoy contests.

• If you are using a club or another amateur’s station for the contest, be a good guest, for example by being
careful with the equipment, tidying up afterwards and not annoying other people in the house.

• Play fair. For example, if you are using DX Cluster to find new multipliers, spot multipliers for other contestants too.

• Comply fully with the rules of the contest both in letter and in spirit. Don’t even bend them.

• Take as much pride in your station and operating techniques as in the contest certificates and plaques hanging on your shack wall. Learn to take advantage of the propagation and make the effort to listen for weak callers.

Most of all, be polite, efficient and friendly and stick to the rules to earn the respect of your fellow amateurs.

The Code of Conduct for Using the DXcluster

• The clue is in the name. Only ‘spot’ genuine DX, ie relatively rare or exotic calls on that band, mode and time.

• ‘Spot’ DX stations that are ‘lonely’ but don’t ‘spot’ those who have been found the "proper" way, by operators who actually listen for DX. Give them a chance to get their QSO because the mob will decend on them as soon as they are spotted.

• Dont 'spot' stations that are already very busy or struggling to control their pile-ups – give them a break! Real DXers will probably be in the pile-up, if not in the log already. Repeatedly spotting’ huge pile-ups is showing off and merely encourages yet more QRM from those who are too lazy or incompetent to find DX for themselves.

• Avoid ‘spotting’ stations that have just been ‘spotted’ by someone else, unless you have useful additional information to pass on. Definitely don’t ‘spot’ a station that has just been ‘spotted’ by a million others, no matter how excited you are.

• It is impolite to ‘self-spot’ (‘spot’ your own callsign) unless you are desperately trying to start activity on an open but quiet band – and even then it is preferable to ‘spot’ a real DX station with a comment to the effect that the band is open.

• Never ‘self-spot’ in a contest; that is definitely cheating. Posting the ‘spot’ under a friend’s callsign or a fake call doesn’t make it any more ethical.

• Please do not ‘spot’ the exact QSX frequency for DX stations operating split – it just makes the pile-up on that frequency even more difficult for them to handle. It is also unnecessary; “Up” or “Down” is reminder enough because real DXers will of course listen first!

• Get the DX call and frequency right, double-check the information before ‘spotting’ and treblecheck
after ‘spotting’. Correct your mistakes promptly and apologetically, and learn the lesson.

• Respect the DX station’s wishes regarding ‘spotting’ if they indicate (whether on the air or on their QRZ page or website) that they do, or do not, want to be ‘spotted’.

• Use your own call (remembering that your IP address is logged automatically) and be polite.

• Never insult anyone via DXcluster; it is only a hobby – and we know your IP address.

• Do not post pseudo-spots begging for QSOs, QSYs, new modes or whatever. DXcluster is not e-mail. Assume the DX is either not monitoring the cluster, or is too busy to respond.

• Do not post lame ‘non-spots’ saying you cannot hear someone. Nobody but you really cares. (Telling us that you cannot hear the DX on your 18 element 160 metre yagi at 600 feet is fine though because we will all be laughing at you for playing ‘chequebook radio’.)

• Do not post brag spots (“Worked with 3mW!”, “Yipeee!!”, “Easy on my 24 ele quad” and “Thanks for DXCC#678”).

• Do not create and ‘spot’ fake callsigns just to test your software; ‘spot’ the station TE1ST as the DXcluster network doesn’t circulate spots with that call. (Definitely avoid ‘spotting’ fake calls starting with exotic prefixes (such as P5) as that is guaranteed to excite those who have DXcluster alarms set for their last few DXCC countries.)

• Do not try to make, complete or arrange DX QSOs via DXcluster. It is unsporting, cheating even.

• Do post helpful comments eg IOTA reference, QSL information etc.

• Configure the DXcluster filters appropriately. If you get annoyed at VHF spots, ANN/ALL announcements or beacon spots, just cut out the QRM using the DXcluster filtering facilities.

• Hint: while you may enjoy the challenge of mastering the DXcluster’s somewhat obscure and limited filtering commands, software such as VE7CC’s CC User and logging programs such as Logger32 make spot filtering much easier and more flexible. Another excellent program is DX Monitor at http://ve3sun.com/

http://www.dxuniversity.com

Best Practices for DXpedition Operating

"The nature of a DXpedition pileup mirrors the skill of the DXpedition operator" - OH2BH. A carefully managed pileup will run with little disruption to the band and lots of fun for the DXers. Here are some suggestions that will help you make the most of the pileups. (Click the link for more information.)

1. Check transmit and receive frequencies before starting.
2. Use split operation from the beginning.
3. Maintain a rhythm of regular transmissions – no long silences.
4. Do not use excessive speed on CW. Slow down when signals are weak.
5. Reduce speed further on CW to pass information to the pileup.
6. Sign our call sign at least every minute.
7. Issue calling instructions after every QSO, for example 'UP5 EU' on CW or 'NA UP 5-10' on SSB.
8. Minimize Pileup Width: Suggest Max 5-8 kHz CW and 10-15 kHz SSB.
9. Move receive frequency in a generally regular pattern.
10. Repeat corrected call signs so everyone is confident of being correctly logged.
11. Work and log dupes, it’s quicker.
12. Don't leave the pile-up hanging. Keep the callers informed about QRT/QSY, etc.
13. Maintain a moderate, but “in-charge” attitude.

Best Practices for Courteous and Efficient DXing

1.Know the DX callsign and the location of the pileup by listening carefully to the DX station and the pileup before calling.
2.Beware of erroneous spots: Copy the DX station’s call sign yourself.
3.Be careful never to transmit on the DX frequency – learn how to use your radio properly.
4.Never interfere with an existing exchange of information.
5.Always send your full callsign.
6.Call once and then listen. Then call again, if appropriate. Try not to call during an existing QSO.
7.Respond only if the DX operator calls you. One letter or number of your call is NOT enough reason to call.
8.If the DX operator has sent your call correctly, do not repeat it unless required by licensing regulations.
9.Do not call if the DX operator asks for other geographic areas.
10. To encourage the most courteous and efficient operation, operate in the way that you would expect others to operate.

SB DX @ ARL $ARLD040
ARLD040 DX news

ZCZC AE40
QST de W1AW
DX Bulletin 40 ARLD040
From ARRL Headquarters
Newington CT October 3, 2013
To all radio amateurs SB DX ARL ARLD040
ARLD040 DX news This week's bulletin was made possible with information provided by
K5JP, NC1L, QRZ DX, the OPDX Bulletin, 425 DX News, The Daily DX,
DXNL, Contest Corral from QST and the ARRL Contest Calendar and
WA7BNM web sites. Thanks to all. NEPAL, 9N. Pekka, OH2YY is QRV as 9N2YY until October 5.
Activity
is during his free time during the evening and night hours on 17, 15
and 12 meters. QSL to home call. In addition, Fred, DL8BF is QRV
as 9N7BF until October 12. Activity is on 40, 20, 15 and 10 meters
using QRP power. QSL to home call.

DX: QSL via Bureau? Check First!

Fred Laun, K3ZO, who manages the NCDXA/ARRL Third Call Area Incoming QSL Bureau, advises operators who routinely send cards "via the bureau" to first check the DX station's QRZ.com or personal websites first to find out if the DX station replies to cards sent via the bureau.
Fred Laun, K3ZO
"Each month our bureau receives hundreds of cards for rare DX stations and DXpeditions who...state that they will not answer bureau cards," he says. "We recognize that one reason people use the bureau is that they don't have to check QRZ.com or another online lookup service before sending off the card."
Laun says his bureau spends many hours each month redirecting such cards to QSL managers or to the station's own bureau, "and even after our efforts," he adds, "almost all of these cards will not be answered anyway."
The bottom line: "If an operator says he/she will not answer bureau cards, he/she in all likelihood means it," Laun says. "That means that there is no cheap way to get around the [DX station's QSLing] instructions. He further notes that some operators have informed the bureau that they don't want to get bureau QSL cards. His bureau sends most of those unwanted cards to Tom Roscoe, K8CX, for use on his Ham Gallerywebsite, while it provides others to schools for classroom use. -- Thanks to The Daily DX

8948. Shutdown Upends Ham Radio Buffs' Trip Marki ng Massacre

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-05 01:57:04 UTC
From: Yb land Dx club
Topic: 8948 Message: 8948

http://www.bloomberg.com/news/2013-10-04/shutdown-upends-ham-radio-buffs-trip-marking-massacre.html

Shutdown Upends Ham Radio Buffs' Trip Marking Massacre
For anyone questioning the reach of the federal government shutdown, consider Wake Island.

Not much more than military-plane refueling and classified operations occur on the unincorporated U.S. territory, a coral atoll located between Hawaii and Guam, about 6,700 miles (10,780 kilometers) from the legislative standoff in Washington.
That was about to change this week with the arrival of a dozen ham-radio operators who thought they'd won approval for a two-week commemoration of the 70th anniversary of the World War II massacre of almost 100 U.S. civilian contractors on Wake Island by the Japanese on Oct. 7, 1943.
Instead, after months of preparation, the trip is on ice because of a paperwork delay the group attributes to the partial federal shutdown, which started Oct. 1 as Republicans and Democrats failed to agree on a stopgap spending measure.
"They made it sound like it was just unfortunate timing," said Craig Thompson, 61, one of the expedition's leaders. "At the level that it was at, they were focused on what they had to do to shut down government, to prepare their budgets and deal with all of the other changes that were going on."
The operation was of special interest to tens of thousands of ham operators inside and outside the U.S. The hobbyists collect contacts with all countries and islands in a practice known as DXing. Because Wake Island hasn't had a major radio expedition since 1998, there's great demand for its confirmation of a contact there.
Missing Signature
All the paperwork was in place, except for final travel orders that needed one last Pentagon signature, said Thompson, an electronics company owner from central Illinois who is a veteran of radio expeditions to other remote locales, including Midway Island and Swains Island in thePacific Ocean.
"Due to the U.S. Government shutdown, the Wake Island K9W Forgotten 98's Commemorative DXpedition is now on hold pending a revised schedule," a notice posted on the group's websitesays in a reference that includes its special call sign.
The U.S. Air Force manages Wake and access is restricted. The group was to fly commercial on Oct. 2 to Honolulu, where they would have then boarded a military flight today to Wake. The decision to cancel was made late on Oct. 1 after determining the group probably wouldn't get final approval in time to catch the second flight, flown once every two weeks.
Anniversary Date
"They believed in the commemoration of these 98 people," Thompson said of the military. "Unfortunately, we are going to lose the significance of the Oct. 7 date, because that was actually when it happened."
Wake Island was annexed by the U.S. in 1899 for a cable station for trans-Pacific communications, according to the Central Intelligence Agency's World Factbook. An air and naval base was built during 1940 and 1941, and in December 1941, just after the attack on Pearl Harbor, the island was captured by the Japanese and held until the end of the war. Some of the contractor prisoners of war killed on the island have yet to be identified and

were interred in a military cemetery in Honolulu, Thompson said. Publicity about the expedition has already caused international attention and some people have brought forward DNA samples in hopes of repatriating the remains of missing family members, he said.
Since 1974, the island's airstrip has been used by the U.S. military, as well as for emergency landings. There are about 150 military personnel and civilian contractors on the island charged with maintaining the airfield and communications facilities, according to the Factbook.
Trip Budget
Sometimes those workers are ham operators, although one person isn't able to make the tens of thousands of contacts the expedition was planning during its around-the-clock operation.
The trip's budget is about $140,000, Thompson said, with operators investing a minimum of $9,000 of their own money. Costs include reimbursing the government for the Boeing DC-8 flight from Honolulu to Wake.
"This was actually revenue neutral to the government," Thompson said. "All it would have done was make their flight more efficient. We were filling seats that wouldn't have been filled."

8949. EQUIPMENT FOR DXPEDITIONING CHECK-LIST

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-06 06:15:51 UTC
From: Yb land Dx club
Topic: 8949 Message: 8949
Attachments: 1 described; binary payloads are missing from this source WARC

http://www.rsgbiota.org/info/directory/equipment-en.pdf

RSGB IOTA DIRECTORY

ANNEX I - EQUIPMENT FOR DXPEDITIONING CHECK-LIST

ALL DXpeditions are different and an Arctic island expedition’s check-list will obviously be different from one to a tropical atoll. Likewise the inventory of equipment of a two-day single-operator DXpedition from a hotel will clearly be very different in both scope and size from that of a one-month operation by a team of 20 on an uninhabited island. A DXpedition entirely under canvas would obviously also re- quire tents and other camping equipment; these items are not considered here, nor - other than for sun protection - are clothes or toiletries.
If flying to the DXpedition location you will be limited by weight allowances; a general principle here is that there is no need to take anything that you know you can source locally at the DXpedition location. An obvious example is fuel for generators.
This is not an exhaustive list, but it is hoped that it cov- ers most of the essentials and that it will prove useful for all intending IOTA DXpeditioners. A more detailed list, the mas- ter inventory for the 9M0C AS-051 Spratly Islands DXpedition, was published in DXpeditioning Behind the Scenes (RadioActive Publications, 2000).
Thanks to the following DXpeditioners for their input to this list: Falk Weinhold, DK7YY; Paul O’Kane, EI5DI; John Dunnington, G3LZQ; Neville Cheadle, G3NUG; Neil Ackerley, G3RIR; Richard Limebear, G3RWL; Roger Western, G3SXW; Nick Totterdell, G4FAL; Michael Wells, G7VJR; Ian White, GM3SEK; Bob Beebe, GU4YOX; Eric Scace, K3NA; Max Cotton, M0GHQ; Tim Beaumont, M0URX; Bob Grimmick, N6OX.

SB DX @ WW < KB8NW $OPDX.1131.1
Ohio/Penn DX Special Bulletin No. 1131.1

The Ohio/Penn DX PacketCluster
DX Special Bulletin No. 1131.1
BID: $OPDX.1131.1
October 6, 2013
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, WA4DAN and W0GJ for the following DX information.

**** NOTE FROM EDITOR: These items would have been included into today's bulletin, but I was on the road early this morning heading back to Ohio (arrived 5:00 PM EDST) from Tennessee.

CY0, SABLE ISLAND (Update). OPDX received the following from the team on Sunday [edited]: "As of 0000z on October 6th, the CY0P DXpedition team has 18,203 contacts in the log including 900 to Japan where CY0 is in the Top 20. Not sure on the departure date as it depends on the weather and the condition of the beach landing. We are scheduled for a Tuesday flight but schedules mean nothing when dealing with the weather and landing conditions! Right now Parks Canada advises the landing area has too much loose sand. We have been experiencing strong winds but nothing out of the ordinary for Sable. One of the fiberglass antenna masts broke in the strong winds but we were able to make repairs and it is operational again. We will keep operating until the last possible hour. Will keep you posted..... Murray Gary Rick CY0P Team"

NCDXF PRESS RELEASE (W7OO Contribution Challenge) [edited]: "The Northern California DX Foundation is pleased to announce the establishment of the W7OO Contribution Challenge.
Long-time DXer Bill Everett, W7OO, has issued a challenge to the world-wide DX community to contribute to NCDXF: Bill will match contributions received by NCDXF from October 15th to the end of December 2013.
This is a terrific opportunity to make your contribution count. If your employer has a matching contribution program your gift of $50 will result in $200 to NCDXF! There are many DXpeditions coming on the air over the next year, so please take this unique opportunity to have your dollars count and make it possible for NCDXF to support additional DX expeditions.
As a reminder, for those contributors who file United States income tax returns, contributions to NCDXF are tax-deductible as NCDXF is a Section 501(c)(3) entity with the IRS.
For over 50 years, NCDXF has funded major DXpeditions to many Most

Wanted countries. The credit for these large grants goes to the NCDXF contributors who make DX like this possible. Have you contributed yet?
<www.ncdxf.org>
Glenn Johnson, W0GJ
Vice President, NCDXF"

8952. Scandinavian Activity Contest 2013

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-07 03:25:55 UTC
From: Yb land Dx club
Topic: 8680 Message: 8952

http://www.ybdxc.net/2013/10/scandinavian-activity-contest-2013.html

http://www.sactest.net/blog/rules/

Rules

Rules for all participants

1. Aim of the contest

The aims of the contest are to promote amateur radio activity within Scandinavia as well as to encourage amateur radio communications between Scandinavian and non-Scandinavian amateur radio stations. Scandinavian stations will try to work as many non-Scandinavian stations as possible and vice versa.

Scandinavian stations are defined by prefixes as follows:

Svalbard and Bear Island JW
Jan Mayen JX
Norway LA – LB – LG – LJ – LN
Finland OF – OG – OH – OI
Aland Islands OFØ – OGØ – OHØ
Market Reef OJØ
Greenland OX – XP
Faroe Islands OW – OY
Denmark 5P – 5Q – OU – OV – OZ
Sweden 7S – 8S – SA – SB – SC – SD – SE – SF – SG – SH – SI – SJ – SK – SL – SM
Iceland TF

All other legal prefixes according to the ITU definition of Scandinavian prefixes are good for the contest and multipliers as well.

2. Eligible entrants

Radio amateurs all over the world are invited to participate.

3. Periods

CW: 3rd full weekend of September each year.
SSB: 2nd full weekend of October each year.

Starts 12:00:00 UTC Saturday and ends 11:59:59 UTC Sunday.

Subject: SAC SSB coming up!

Dear YL/OM,

The CW log deadline of the Scandinavian Activity Contest (SAC) has just passed, and a record number of 1320 logs were submitted from around the world. The claimed scores are available at http://www.sactest.net. The final results, logs, and log checking reports will soon be publicly available.

We'd now like to kindly remind you of SAC SSB this weekend, from 12:00 UTC on Saturday to 11:59 UTC on Sunday. Despite heavy aurora, more than 350 Scandinavian stations filled the bands during the 2012 event, and this year we expect an extensive turnout along with improved band conditions.

In the "Scandinavian Cup," you can expect a very tight 3rd-place battle between Denmark and Norway. They are less than 20,000 claimed points away from each other after the CW leg, and are thus both mobilizing nationwide to provide more QSO points on SSB than the other!

* Full rules: http://www.sactest.net/blog/rules/
* Propagation planning for the challenging Arctic region:
http://www.sactest.net/blog/propagation/
* Announce your upcoming SAC SSB activity:
http://www.sactest.net/blog/announce_form/

**** Please forward this reminder to your local/national contest club e-mail reflector if you can. Thanks!

73

Subject: Extended Offer: Free Gift for Logbook of the World Users

There has never been a better time to join ARRL. Enjoy NEW benefits and get a free gift!
Join Now>
As an ARRL Logbook of the World (LoTW) user, you've demonstrated a special commitment to being an active ham—operating your radio to contact hams in far away and nearby places. Maybe you also enjoy the competitive spirit of Amateur Radio contesting and award hunting. Your participation in LoTW contributes to everyone's enjoyment of radio sport.

Take the next step. Join ARRL and get ARRL's 2012 Periodicals on DVD. There's no better way to enjoy Amateur Radio to the fullest than by becoming an ARRL Member, today! ARRL memberships have funded the development of LoTW – and your membership will fund future enhancements to LoTW as well as the addition of new contests and awards. Your ARRL membership entitles you to several benefits. You may choose to receive ham radio's most popular magazine, QST—delivered to your mailbox each month. Each issue is filled with articles devoted entirely to Amateur Radio: the latest news, projects, trusted product reviews, radiosport and events, and more! Members have access to members-only features on the ARRL web site – www.arrl.org – including access to decades of QST via ARRL's online digital archive. And there's so much more! Join Now>

NEW ARRL Membership Benefits: Digital Edition of QST! All ARRL members now have access to the digital edition of QST. You can read QSTon nearly any device, including desktop or laptop computer, smartphone, tablet, and e-book reader. There's even a dedicated app for Apple iOS devices--iPad, iPhone and iPod touch. Enjoy enhanced content, convenient access, and a more interactive experience. Exclusively for ARRL members! Join Now>

Membership in ARRL for international and Canadian hams is $39 (digital QST only). Delivery of monthly QST via mail is $62 for international members and $49 for Canadians. Join Now>

JOIN ARRL
To join ARRL, please use the links in this message to visit ARRL's secure online membership form.

Hello,

The following person would like to join the YBDXC_News group:
Email address: w5bos <w5bos@...>

Comment from user:
I am very interested in contacting islands of Indonesia and maybe this
group has info on activities.

Thanks, Lanny W5BOS

Wah, seru ini ya - QRV di sebatik.
Biar masyarakat dunia juga tahu ada wilayah NKRI di pulau itu - takutnya dicaplok dan kalah di pengadilan lagi seperti Sipadan & Ligitan.

Katanya ada rumah yg ruang tamunya di wilayah NKRI tapi dapurnya masuk wilayah Malaysia.

Good luck

SB DX @ WW < KB8NW $OPDX.1132
Ohio/Penn DX Bulletin No. 1132

The Ohio/Penn DX PacketCluster
DX Bulletin No. 1132
BID: $OPDX.1132
October 14, 2013
Editor Tedd Mirgliotta, KB8NW
Provided by BARF80.ORG (Cleveland, Ohio)

Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network, K1XN & GoList, NJ1Q & W1AW, W2GB, NG3K & ADXO, WA3RHW, W3UR & The Daily DX, N4AA & QRZ DX, W4DN, WA4DAN, W5AJ, KY7M, K8GI, K8MR, K8YSE, W8GEX & 60m News, AT International, CO8ZZ, DK8JB & The DX News Letter, DL1SBF, DxCoffee.com, DX-World.Net, ES1CW, F5NQL, F6AJA & Les Nouvelles DX, F8ATS, G3SWH, HA0HW, I1JQJ/IK1ADH & 425 DX News, I2MQP & DX Italia News, IK8YFU, IW3SQY, JA1UII, Mediterraneo Dx Club, OH2HAN, OK6DJ, OZ6OM & 50 MHz DX News, Pete's DX-Newsdesk, PS7AB, RN1CW, RSGB IOTA Web Site, Sixitalia Weekly, VA3RJ & ICPO, the VHF-DX-Portal (MMMonVHF), VK7BC, YB3MM, YB5NOF and YF1AR for the following DX information.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 6th-October, through Sunday, 13th-October there were 221 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3V, 3W, 4J, 4L, 4O, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5X, 5Z, 6W, 7P, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, CY0, D2, DL, DU, E5/s, E7, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FK, FM, FO, FO/a, FP, FR, FS, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J6, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH9, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, PA, PJ2, PJ4, PJ5, PY, PZ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, TA, TF, TG, TI, TJ, TK, TL, TN, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V6, V7, V8, VE, VK, VP2E, VP6, VP8, VP8/h, VP9, VR, VU, XE, XW, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZD7, ZL, ZP, ZS, ZS8

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5X, UGANDA. Eric, SM1TDE, is currently active as 5X8A from Entebbe. He showed up on the air on October 11th. Activity has been on 40/30/20/17/15

meters CW. However, Eric will be QRT for for 2 days (Monday and Tuesday), but he hopes to be active again between Wednesday and Friday, mainly in the mornings and evenings. He will go QRT after this. QSL via his home callsign. Look for Eric to post more updates and pictures on his Blog page at: http://sm1tde.bloggspace.se

7P, LESOTHO. Gert, ZS6AYU, will once again be active as 7P8GF from Roma between October 23-26th (tentative). Activity will be holiday style on 40-10 meters, CW only and using just 100 watts into a vertical. QSL via ZS6AYU (see QRZ.com).

9A, CROATIA. Operators Tomi/HA4DX and Laci/HA0HW will be active as 9A/homecall and homecall/mm on their way to Croatia between October 18-21st. They will do some work on the yacht before winter and do some sailing for the last time this year. QSLs via the HA Bureau.

9L, SIERRA LEONE (Update). Operators David/N4WDT and Jerry/K4ZIN will be active as 9L1JT from here between October 15-20th. Activity will be on 160-10 meters with a focus on the 30/17/12 meters and lower bands. They will have two stations on the air at least 12 or more hours a day. QSL via LoTW or via their home callsigns.

9L, SIERRA LEONE. Zbig, SP5BTB, will once again be active as 9L1BTB from Freetown for the UN between October 25th and November 10th. Activity this time will only be 20 and 15 meters using a sloper for 20m and a DL special collinear Delta Loop (ON6WG/F5VIF model) for 15 meters. He did not mention what modes he will use, but he does operate CW, SSB and RTTY. QSL via his home callsign direct.

9Y4, TRINDADE AND TOBAGO. Chris, 9Y4D (ex-9Y4NZ), will be active during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (20m)/Assisted/Low-Power entry. QSL via 9Y4D (see QRZ.com).

A7, QATAR. Members of the Qatar Amateur Radio Society are heading for the beach again for a Multi-Op entry in the CQWW DX SSB Contest (October 26-27th) as A71BX. Operators mentioned are Saif/A71AM, Ali/A71BX, Abdulla/A71CV, Khalid/A71CO, Mohammad/A71EL, Faisal/9K2RR, Dave/K5GN and Daniel/K1TO. The Field-Day style set-up will begin the weekend before the contest, so look for them from then until sunrise, after the contest is when it all comes down. Activity on the 30/17/12m bands are not planned - the objective is the contest. QSL via EA7FTR. NO BUREAU QSLS.

AFRICAN TOUR (Update). Wim, ON6DX (ex-ON4CIT), will once again return to Togo (Grid Square JJ06rf) on November 18th and will be active as 5V7TH. Activity will be on 40-6 meters, including the 30/17/12 meter bands, using CW, SSB and RTTY. He plans to be on in the evening on 40 and 30 meters. See Web site at: http://dxpedition.be/5V7TH.html
Wim also mentions that he will travel during the day to Benin to collect his TY1 callsign papers which are supposed to be ready. During that same day, he will try to search for a nice QTH in Grand Popo (Benin) for his TY1 DXpedition and move from Togo to Grand Popo, Benin, when everything is sorted out. So, he now expects to be active between November 20th and

December 3rd. Activity will also be on 40-6 meters, including the 30/17/12 meter bands, using CW, SSB and RTTY. He plans to be on in the evening on 40 and 30 meters. See Web site at: http://dxpedition.be/Benin.html QSL both callsigns via his home callsign, direct (2 USDs/EU and 3 USDs/US), by the Bureau, LoTW (uploaded year later) or by the ClubLog's OQRS.

ARRL NEWS (Updating ARRL.NET Forwarding Service). On October 15, 2013, the ARRL will be switching providers for the ARRL.NET E-mail forwarding service. The change will take place at 8:00am Eastern Time. There should be no interruption in the forwarding of messaging during this transition. If you find that delivery of messages to you has been disrupted, please E-mail <itstaff@...>..... Thank You, ARRL HQ Staff

C8, MOZAMBIQUE (Just a Reminder!). An international team of operators will be active as C82DX from Xai Xai (WW Loc KG64) between October 15-22nd. Operators' list has been updated and includes Bill/K1MM, Doug/N1DG, Tom/N4XP, Kevin/K6TD, Charlie/NF4A, Ray/N9JA, Charles/W6OAT, Bruce/W6OSP, Tjerk/ZS6P (C91TJL), Pierre/ZS6PJH and Christian/ZS6RI. Activity will be on 160-10 meters using CW, SSB and RTTY. Suggested frequencies are available in OPDX.1114. QSL via the OQRS by ClubLog (Highly Recommended/Preferred Method) to receive a QSL either direct and by the Bureau. To QSL direct via the mail, send it to: C82DX, Box 333, Bethlehem, GA 30620 USA [Please do not send IRCs. See details on their Web page]. They will not confirm QSOs via the eQSL system. The C82DX Web page is at: http://c82dx.com

CASTLES NEWS.....
October 20th - Ivo, ON7IVO, will be active as ON7IVO/P from V12 Bunkery Castle (WCA ON-01932, BCA AN-208). Activity will be on 40 meters SSB. QSL via his home callsign, by the Bureau or direct.

October 26th - Operators Susanne/ON2SL, Roger/ON4AHQ, Andre/ON4DTO and Erwin ON5BWE will be active as ON5BWE/P from Ordingen Castle (WCA ON-01134, BCA LB-103). Activity will be on 80 and 40 meters only SSB. QSL via ON5BWE, by the Bureau or direct.

CY0, SABLE ISLAND (Update). The CY0P team is now QRT as 1830z, October 9th. They were expected to depart the island that day around 2100z. The team reported on October 8th, at 0100z [excerpts]: "The CY0P DXpedition team reports 24,414 contacts in the log as of 0100z on October 8th. The team reported excellent band conditions with very strong signals. The weather forecast is not looking good for a Tuesday departure..... Needless to say the team is exhausted. There are three operators and three stations so 12-14 hour days at the radio have been the norm." QSL via VE1RGB. For more details and updates, see: http://www.cy0dxpedition.com

ED9, CEUTA AND MELILLA. Operators Jorge/EA7HZ, Julio/EA7JB, David/EA7JW, Cris/EA7RU and Jorge/EA9LZ will be active as ED9Z from Ceuta during the CQWW DX SSB Contest (October 26-27th) as a Multi-? entry. The group will be using all Spiderbeam antennas. QSL via EA5KB and LoTW.

HB0, LIECHTENSTEIN. Laci, HA7JTR, will be active as HB0/HA7JTR from Masescha (1240m ASL) between October 24-29th. Activity will be holiday style on 80-10 meters using 100 watts into a 4 band DunaX Gp for 40-10m, and Inverted Vee for 80m. Laci will also take part in the CQWW DX SSB Contest (October 26-27th). QSL direct via his address on QRZ.com.

HI, DOMINICAN REPUBLIC. Jim, K8MR, will be active as HI/K8MR from Punta Cana between November 15-25th. He plans to be in the CQWW DX CW Contest (November 23-24th) as a Single-Op/All-Band/QRP entry. Jim informs OPDX that he will be taking his Elecraft KX3 and some wire and will modestly be operating outside the contest [to keep his wife happy]. He states, "Probably whatever operating I do outside the contest will be focused on the WARC bands." QSL via K8MR.

HK0/S, SAN ANDRES ISLAND (Update). Members of the "DX Friends" will activate San Andres Island (NA-033) between November 1-10th. The current list of operators mentioned are Alberto/EA1SA, Toni/EA5RM (Team Leader), Roberto/EA2RY, Manolo/EA7AJR, Jose/EA7KW, Fabrizio/IN3ZNR, Alain/F6ENO, Tony/F8ATS, Faber/HK6F, Bernard/F9IE, Roberto/HK3CW and Valery/RG8K. Activity will be on 160-6 meters using CW, SSB and RTTY. Suggested frequencies are:
CW - 1824, 3524, 7004, 10104, 14024, 18074, 21024, 24894 and 28024 kHz
SSB - 1845, 3780, 7065/7160, 14195, 18145, 21295, 24945 and 28494 kHz
RTTY - 7035, 10140, 14080, 18100, 21080, 24921 and 28080 kHz
6m - 50105/CW and 50115/SSB
They will have at least 4 stations at the same time on different bands and modes. Equipment is an Elecraft K3 and 3 Icom IC-7000. Antennas are Hexbeams, SpiderBeam, Verticals (160/80/40/30m) and Yagi for 6 meters. QSL via EA5RM direct (see Web page). You can use the OQRS (see Web page) for direct and Bureau cards. More details should be forthcoming, especially their callsign. Visit their Web page at:
http://www.dxfriends.com/SanAndres2013

IOTA NEWS.....
AF-018. Simone, IV3NVN, will be active as IH9/IV3NVN from Pantelleria Island (IIA TP-001, WLOTA 0041) before and after the following contests. During the contests, look for him to sign IH9B. The contests that are scheduled are:
CQWW DX SSB Contest (October 26-27th) as a SOSB on 80m
CQWW DX CW Contest (November 23-24th) as a SOSB on 80m
2014 CQWW WPX CW Contest (May 24-25th) as a SOSB 40m
QSL via his home callsign by the Bureau.

AF-045. Luc, F5RAV, has cancelled his trip to N□gor Island and will stay on the mainland of Senegal through October 17th.

EU-034. Simo, OH2HAN, will be active as ES0HAM from Estonian Hiiumaa Island between October 17-22nd. Activity will be on 80-10 meters, and the mode will be mainly RTTY. He will participate in the JARTS RTTY Contest (October 19-20th), and is happy to share the Estonia multiplier as much as possible. Outside of the contest some SSB, too. QSL via OH2HAN, by the Bureau or

direct with SASE.

OC-108. Members of the YB Land DX Club will be active as YE5R from Anambas Island between November 10-20th. Activity will be on 80/40/30/20/17/15/12/10 meters using CW, SSB and RTTY. The operators mentioned are Yana/YB1AR, Hendra/YB1HK, Imam/YB4IR, Anton/YB5QZ, Aled/YB6CA, Fir/YB6ODD, Ady/YB6VK, Ronny/YB7GRN, Masri/YC2WWW, Wirzamrisal/YC5WIR, Agus/YE5TA, Erizal/YE5YE, Tara/YE6YE, Budi/YF1AR and Teuku/YG5TZ. QSL via YB4IR. For more information and updates, visit the following Web pages:
http://www.ybdxc.net/2013/10/ye5r-anambas-island-oc-108.html
http://qrz.com/db/YE5R

OC-109/ (Postponed/Update) John, YB5NOF, informs OPDX that the reason
OC-122/ for the postponement of OC-109 and OC-122, is that his wife had
OC-209/ a stroke on August 23rd, and was in the hospital. He did mention
OC-210. that they will try to activate Tambelan (OC-122) and Siantan Island (OC-108) some time between April and May of 2014. Exact days and time will depend on transport and weather. However, John did say he will activate Sangihe Island (OC-210) and Talaud Island (OC-209), as well as some small islands around there at the end of January 2014. Stay tuned for updates! These operations will count towards the Nusantara Indonesian Island Award: http://www.nusantaraaward.com
http://www.facebook.com/nusantaraaward

OC-111. Ralph, H44RK (YJ0RK), is planning to activate Emae Island, Shepherd Islands, sometime soon. Watch his FaceBook page for updates at: https://www.facebook.com/ralph.kluge?fref=ts

OC-239. Operators Joni/YB9WZJ and Lucky/YD9RQX have postponed their operation to Waigeo Island.

OC-255. Just a reminder that Craig, VK5CE, will be active as VK5CE/4 from the totally uninhabited and very rare Red Island between October 16-21st. If like his Flinders Island operation, Craig's activities will be on 80-10 meters, with most of the operations being on 40/20/15m, using SSB and PSK. QSL via his home call-sign. For more details and updates, watch Craig's Blog page at:
http://oc255.blogspot.com.au

OC-262. Bimbo, YB3MM, will be active as YB3MM/4 from Sebesi Island between October 19-21st. Activity will be on the HF bands. QSL via IZ8CCW.

OC-295. (New IOTA!) Operators Budi/YF1AR and Fan/YB0AI will be active as homecall/7 from (never been activated) Sebatik Island between October 23-28th. Activity will include the CQWW DX SSB Contest (October 26-27th). Activity will be on 40-10 meters using mainly SSB as well as CW and the Digital modes. QSL YF1AR/7 via N2OO and YB0AI/7 via his home callsign (see QRZ.com). For more details about the island and the operation, see:

http://www.yf1ar.com/2013/09/oc-295-sebatik-island-new-iota-for-yb.html
http://id.wikipedia.org/wiki/Daftar_pulau_terluar_Indonesia

SA-047. Members of the CM DX Group will be active as PR5C from Mel Island (DIB-PR-01) during the CQWW DX SSB Contest (October 26-27th) as a Multi-Op entry. A 9 member team will be on the island between October 25-30th. Operators mentioned are Joe/PY5XH, Evan/PU5SVE, Jose/PY5JAP, Art/PY5VC, Martins/PU5UAI, Fabio/PY5FAB, Cesar/PY5RCB, Jose/PU5IKE, Alex/PP5ALE and Evans/PY5PS. Activity will be on 160-6 meters using CW, SSB and the Digital modes. QSL via PU5VE, by the Bureau, LoTW and eQSL. For more informations, see: http://www.pr5c.qsl.br

J3, GRENADA. Mark, N2MD, is returning to Grenada (NA-024, WLOTA 0718) and will be signing J3/N2MD between October 23-28th. This year is the 30th anniversary of the U.S. intervention and rescue of U.S. medical students in Grenada (1983) during which Mark operated as KA2ORK/J37. He will be joined by Arnal, N9ACC, who will sign J3/N9ACC. Arnal is a U.S. Navy officer (retired) who was also involved in the 1983 mission. Plans are to operate both fixed and mobile. Operations will be on 80-6 meters (SSB) and 2 meter (FM); band conditions and time permitting. Activity will be holiday style but mostly evening hours. QSL via LoTW only.

J3, GRENADA. JA operators Takayuki/JA1MZL, Yutaka/JJ1LIB, Nao/JN1RVS, Masayuki/JN3NFQ and Isao/JH1ROJ will be active as J34J between November 20-29th. Their activity will include the CQWW DX CW Contest (November 23-24th). QSL via JA1HGY.

JD1, OGASAWARA (Update). Take, JA1UII, informs OPDX that he will be active as JD1BON from Chichijima Island (AS-031) between November 1-4th. Activity will be on 80-10 meters with 200 watts using CW, SSB and RTTY. QSL via his home callsign, by the JARL Bureau or direct [see QRZ.com] (w/SASE+2 USDs or 1 IRC).

KG4, GUANTANAMO BAY (Update). By the time you read this, Al, W6HGF, will be active as KG4HF, from Guantanamo Bay (NA-015) between October 11-25th. Al states, "I will focus on RTTY and digital modes, then CW." Operations will be on 160-10 meters and on 6 meters if it opens. QSL Direct to W6HGF. He mentions, "This is not a vacation, I plan to operate until I fall asleep. I will be operating with Bill, KG4WV." They will be on the air for the JOTA to put the local Boy Scouts on the radio. They will complete the antenna repairs from damage by hurricane Sandy and a few minor repair items to the shack. QSL via their home callsigns. For more details and updates, see the Web site at: http://www.qsl.net/w6hgf/KG4HF.html

MOST WANTED DX SURVEY DEADLINE (Just a Reminder!). Carl Smith, N4AA, Editor of The DX Magazine and QRZ DX, wants to remind DXers that the "2013 DX Magazine MOST WANTED Survey" is coming to a close and the deadline is October 15th. This survey is considered to be the most useful and popular tool for many DXers, DX clubs and DXpeditioners when in making decisions to fund and planning upcoming DXpeditions. Look for results to appear in the January/February issue of The DX Magazine. The

survey can be found online at: http://www.dxpub.com/survey/survey2013.html

NH2, GUAM (OC-026). Joel, KG6DX, will be active as NH2DX in the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (15m)/High-Power entry. QSL via NH2DX, CBA or QRZ.com address. NO Bureau QSLs.

NH7, HAWAII. Operators Jim/N6TJ and Oliver/W6NV will be active as NH7A from KH6LC's QTH during the CQWW DX SSB Contest (October 26-27th) as a Multi-Op-2 entry. QSL via F5VHJ.

P3, CYPRUS (Press Release). Lee, KY7M, sent out the following press release on October 8th: "The Voodoo Contest Group is leaving behind 20 years of West African CQWW CW contest operations this year to see new places. They will operate from the Cyprus QTH of Voodude 5B4AGN using the callsign P3F in the Multi-Two category. In addition to 5B4AGN, operators will include Roger/G3SXW, John/G4IRN, Ned/AA7A, and Lee/KY7M. The visiting Voodudes may operate before and after the contest as 5B/home-call or 5B4AJX. QSLs for P3F and 5B4AJX are via M0URX."

P4, ARUBA. Robert, W5AJ, will once again be active as P40P for the CQWW DX SSB Contest (October 26-27th). His operating class is TBD. This is his 12th contesting trip to Aruba. Outside of the contest (before), Robert will be on the air, possibly on 40 meters. QSL via LoTW (Please) or direct to W5AJ. NO BUREAU.

PJ2, CURACAO. Andy, W9NJY, will once again be active as PJ2/W9NJY from Curacao (SA-099, WLOTA LH-0942) between November 19-25th. He is actually there as a team member to help put the Caribbean Contesting Consortium's (CCC) Signal Point Station PJ2T on the air for the CQWW DX CW Contest (November 23-24th). His activity outside of the contest will be mainly on CW on 160-10 meters. QSL PJ2/W9NJY via WD9DZV or LoTW. QSL PJ2T via LoTW or W3HNK.

PJ2, CURACAO. Andy, DK5ON, will once again be active as PJ2/DK5ON from Curacao (SA-099, WLOTA 0942) between March 12-29th (2014). Activity will be on 80-6 meters including the 17/12 meter bands using CW, SSB, RTTY and PSK. QSL via his home callsign (see QRZ.com). NO eQSL.

PJ7, SINT MAARTEN (Reminder). Philip, WA1ZAM, will be active as PJ7PL, a week before the CQWW DX SSB Contest (October 26-27th) and a week after. He will be a Single-Op entry during the contest. Outside of the contest, he will try some RTTY. QSL WA1ZAM.

PJ7, ST. MAARTEN (Update). Operators Dennis/K2SX, Les/W2LK and Andy/K2LE will be active as homecall/PJ7 from Dawn Beach on the eastern side of St. Maarten (NA-105, WLOTA 0711) between November 19-26th. QSLs should go to their home calligns. Activity will include this year's CQWW DX CW Contest (November 23-24th) using the special callsign PJ7W. QSLs for the contest operation should go to W2LK.

II8LH/9 was activity this past weekend from Max, IT9AKC, from the Capo Peloro Lighthouse (JM78TG), Reference Numbers ARLHS ITA-031 and SI-001 WAIL. QSL via HB9FHZ (USKA Bureau), direct to IK8YFU, eQSL or LoTW. For more info, see: http://www.calabriadxteam.it

QSLS FOR ZC4LI, 5B4AHA, ZD8LII AND G0LII. Phil, G3SWH, announced:
"I am pleased to advise that I have managed to obtain copies of Steve's (G0LII) logs from his widow and should be able to confirm any outstanding QSOs. All logs have been previously uploaded to LoTW. There will be log searches available shortly at: http://www.g3swh.org.uk
I understand that Steve's widow has already returned to their sender any unanswered QSL requests at the time of his death. Anyone in that situation should re-apply to me. Please note that as Steve was not a member of the RSGB, I am unable to process any bureau requests what so ever....."

QSL RECEIVED VIA LoTW: DK2OY, G3XVR, G8NEO, ID9Y, OH1TD, OM3DX, PY0F/PP1CZ, SP6NXG, SU9AF and TO7Y

QSLS RECEIVED VIA MAIL: 5W0TH, CU5AQ, D2QR, EJ0PL, HV0A, P29NO, TF4M and VE3FUJ

QSLS RECEIVED VIA THE BUREAU: 5B/R2DX, 6V7S, 7O6T, 9U0VB, D2QMN, D3AA, E40VB, EA8/RW3DO, EF8M, FM/R5GA, HC2/UA4WHX, JT7WFF, R60SKV, R1150VN, R1941MB, RI0NZ, SU9AF, UE75VV, V26AO and V26DZ

S7, SEYCHELLES. By the time you read this, Andrea, IZ1MHY (MDXC #055), will be active as S79MHY from Praslin Island (AF-024), Seychelles, until October 17th. Activity will be on 160-10 meters using CW, SSB and the Digital modes. QSL via his home callsign. For more information, an online log search and etc..., visit the Web site at: http://www.mdxc.org/s79mhy

ST, SUDAN (JOTA Op). Members of the "Boy Scouts of Sudan" (ST2BSS) will participate and operate from the Khartoum Sea Scout Amateur Radio Club (ST2KKS) for the 56th Jamboree On The Air (JOTA) activities. Operations are expected to be on all bands and modes. QSL via ST2M. For more details, see QRZ.com.

T30, WEST KIRIBATI (Update). Operators Ted/JF1CCH and Kazu/JA1FUF will be active as T30TS and T30NK from West Kiribati between November 28th and December 4th. Activity will be on the HF bands (all mostly 40-10m) and possibly 6m, using CW, SSB, RTTY and PSK. Ted will operate mainly on CW and SSB, while Kazu will operate mainly RTTY and PSK. They will use 100 watts into a dipole. QSL via their home callsign, direct, by the Bureau and eQSL. NO LoTW.

T48, CUBA. Members of the "Las Tunas Contest Crew", T48K, will be active once again during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single or a Multi-2 entry from "La Herradura" on the north coast of the Las Tunas Province. Operators mentioned are Doug/CO8DM, Alex/CO8KA, Raúl/CO8ZZ, Ernesto/CO8GJ, Carlos/CO8CML, Alex/CM8AKY and Jose/CM2XN. They are going to use a two element vertical and slopers very close to the salt water. The QSL Manager is Erhard, DK1WI.

TM1, FRANCE. Members of the F6KOP team will enter the next CQWW DX SSB Contest as TM1A and as a Multi-Multi category, from its facilities of Provins City (100 km SE of Paris). Well known DXpeditioner/Contester, Frank, F4AJQ, will lead the team of operators: YL Sophie/F4DHQ, Olivier/F4FLF, Yann/F1NGP, Silvain/F4ERS, Jimi/F4DLM, Benoît/F1JHB, Johan/F4GTD, Thierry/F4BDG, Antoine/F5RAB, Christian/F6AXN, Alain/F5JTV, Maurice/F5NQL, Damien/F4EZF, Joël/F6JMT, Thierry/F4TTR and may be Jean-Luc/F1ULQ and Florent/F4EJL. Some of the above operators have been active in the past during contests and DXpeditions which include 5V, J5, XT2, FY, 3V, 5X8, 5H, PJ4, IS0 and many other DXpeditions to French IOTAs. QSL via F6KOP through the French REF Bureau (and please only this one).

V3, BELIZE. By the time you read this, Dick, AD7AF, should be active as V31RL from Placencia until October 30th. Activity will be on 80-10 meters using CW and SSB. He will try to focus on working JA and EU stations. His

operations will also include the CQWW DX SSB Contest (October 26-27th). QSL via AD7AF. Log will be uploaded to LoTW after his return.

V3, BELIZE. Marc, V31MA, will be active with the special callsign V3A during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/All-Band/Low-Power entry. QSL via M0OXO. QSOs are regularly uploaded to LoTW, eQSL and ClubLog.org.

VP2V, BRITISH VIGRIN ISLANDS. Art, N3DXX, will once again be active as VP2V/homecall from Virgin Gorda (Tortola) between November 19-29th. Activity will include the CQWW DX CW Contest (November 23-24th) as a Single-Op/All-Band entry. QSL via NR6M.

VP5, TURKS AND CAICOS ISLANDS. Operators Frank/WA2VYA and Tony/K4QE will be active as VP5T during the upcoming CQWW DX SSB Contest (October 26-27th) from Providenciales (NA-002). QSL via WA3RHW, direct or by the W3 Bureau, (not the VP5 bureau) and LoTW. Frank will sign VP5/WA2VYA outside of the contest between October 22-29th, and will be active on CW, with an emphasis on 160/80/10 meters, and the 30/17/12 meter bands, and possibly some RTTY or SSB. QSL via WA2VYA, direct or by the Bureau. No return postage is required; Frank would like to receive your QSL card. Tony will sign VP5/K4QE outside of the contest between October 22-29th, primarily on SSB, with an emphasis on the 17/12 meter bands. QSL via LoTW.

VP8, FALKLAND ISLANDS. Peter, M1AYI, is expected to be active as VP8DNY from the Falkland Islands between October 20th and November 19th. Activity will be on the HF bands using SSB. QSL via his home callsign by the RSGB Bureau.

VP8, FALKLAND ISLANDS. Mick, G1EUZ (ZD8RAF), will once again be active as VP8BTU from the Falkland Islands between November 25th and May 25th, 2014. Activity will be on the HF bands. QSL via his home callsign. Cards will not be sent out until he returns home. Also, log will be uploaded to LoTW on his return home.

XR0, JUAN FERNANDEZ ISLAND (Press Release - XR0ZR Countdown). The following was sent out on October 8th [edited]: "There are now less than 30 days to our departure. The Team will start from Italy, of the 6th of November, and we plan to be active on the late evening of November 8th (GMT). We will leave from Santiago, aboard two twin-engine Cessna and after about two hours, of adventurous flight, we land on the Juan Fernandez airport. Arrived on island, we reach our location, in about two hours, aboard two boats, as there are no road links. In all, if the weather conditions will be tolerant, and it will allow us to meet our destination. Compatibly to the location, we believe to be able to install 3 beams looking on the sea, two loops, one for 30 and one for 40 meters, other than the usual vertical for 80 and inverted L for 160. Will also be installing a beverage of about 200 meters on the beach facing the sea. We should have sporadic access to the Internet, and then try to send the logs to ClubLog, once a day. If for any reason this is not possible, do not panic, know that we will do so as soon as possible, and in any

case the logs will be saved in 3 backup copies.
As always, we ask you not to make dupes QSOs, in order to give the
opportunity for everyone to contact us in various bands and modes.
You can follow XR0ZR Team on the following media links at:
Website : http://www.juanfernandez2013.com
FaceBook : https://www.facebook.com/groups/xr0zr/
Twitter : @xr0zr
I'm sure we'll all have fun together, and that we will have fun.
73, Fabri ☐ IW3SQY"

XT2/XT26, BURKINA FASO. Operators David/OK6DJ and Petr/OK1FCJ will be active as XT26DJ and XT2FCJ between November 17-26th. Activity will be on 160-10 meters including the 30/17/12 meters using CW and SSB. They also will be in the CQWW DX CW Contest (November 23-24th) as XT2FCJ. Their set up will be Elecraft K3 and Kenwood TS-480 into a Spiderbeam antenna (20/15/10m - including the WARC), a vertical (40-10m), 80m dipole and LW for 160m. QSL via OK6DJ for both callsign. QSL methods are: the ClubLog OQRS (for LoTW - confirmed every day), direct (minimum 2 USDs or new IRC (accepted IRC that expire in 2017; QSO confirmed to LoTW every day), OQRS by the Bureau, LoTW and eQSL (confirmed 6 months) and paper QSL via the Bureau (confirmed 12 months).

XV2, VIETNAM. Toshitaka, JA3NHL, will once again be active as XV2NHL from Ho Chi Minh City between November 2-8th. Activity will be on 160-6 meters using CW, SSB and RTTY. QSL via JA3NHL.

YE2, INDONESIA. Members of the ORARI Semarang Contesting Team will be activating YE2C for the first time during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single entry. Operators mentioned Agus/YC2BYC, Bobby/YC2SBG, Pur/YC2FNT, YL Sri/YB2BSE, Edi/YC2PWL, Bamband/YB2ERL, Jon/YB2ECG and Adi/YD2PST. QSL via LoTW (PLEASE). For more info on the YE2C station, see: http://ye2c.wordpress.com

Z21, ZIMBABWE. Mirek, SP5IXI/VK6DXI, will be active as Z21DXI from Bulawayo starting October 14th for 2-4 weeks. He states that this is a business trip. His activities will limited after his working hours. Operations will be on 160-6 meters using only 100 watts and simple wire antennas. Mirek has operated from Zimbabwe before: February 4-12th and December 6-17th of 2010. QSL via SP5UAF, by the Bureau or direct. Online log will be available at: http://www.sp5ixi.dxing.pl/z21dxi

SEBATIK DX-PEDITION 23-28 OKTOBER
2013 http://www.yf1ar.com/2013/09/oc-295-sebatik-island-new-iota-for-yb.html.
Pulau Sebatik, salah satu pulau terluar Indonesia berdasarkan PerPres No. 78 Tahun 2005, terbagi 2 bagian, sebagian wilayah Indonesia dan Malaysia.
Pulau Sebatik (bagian Indonesia) termasuk dalam wilayah administratif Kecamatan Sebatik, yaitu kecamatan paling timur di Kabupaten Nunukan, Propinsi Kalimantan Utara.

Sebagaimana tampil di qrz.com, 9M4SEB pernah mengadakan DX-pedition pada 2006 dari sisi wilayah Malaysia, dengan QSL-ing “9M4SEB Sebatik Isl OC-295 Sabah Malaysia”.
Oleh sebab itu saya melihat DX-pedition yang akan dilakukan YF1AR/7 dan YB0AI/7, berfungsi strategis sebagai counter-claim atas penguasaan Sebatik oleh Malaysia, DX-pedition langsung di garis terdepan NKRI, sehingga boleh dibilang merupakan DX-pedition paling patriotik hingga saat ini.
Berkaca dari pengalaman pahit bangsa Indonesia dalam kasus lepasnya pulau Sipadan-Ligitan karena ketiadaan bukti de-facto dibandingkan bukti-bukti yang dimiliki Malaysia.

DX-pedition di pulau terluar bernilai patriotik jika QSL-ing dengan segala keluarannya mampu memberikan bukti kepada dunia sebagai klaim de-facto penguasaan Indonesia atas pulau terluar yang dijadikan stasiun DX-pedition.
Oleh sebab itu pencantuman “nama stasiun Indonesia” dan “nama otorita Indonesia yang berkuasa di pulau terluar” tersebut sungguh teramat bernilai.

Salam terbaik.
de YC2UA (mengapresiasi kegiatan DX-pedition, khususnya pulau-pulau terluar NKRI).

73,
Budi

                           Edited by  I1JQJ & IK1ADH
                         Direttore Responsabile  I2VGW

3D2    - Andrey, 3D2RA and Stan, 3D2GC/p went QRT from Rotuma  earlier  than
         planned, and have been active as 3D2RA/p and 3D2GC from Fiji  since
         5 October. According to their  original  plans,  they  will  remain
         there until 13 October (Andrey) and  15  October  (Stan).  QSL  via
         home calls. Further information on http://3d2gc.com/.
6W     - Mark, AA1AC will operate as  6W/AA1AC  on  8-14  December  from  Le
         Calao's rental shack in Sonome, Senegal. QSL via home call,  direct
         or bureau. [TNX AA1AC]
9L     - David, N4WDT and Jerry, K4ZIN will be active as 9L1JT  from  Sierra
         Leone on 15-22 October. They plan to be QRV on 160-10 metres,  with
         a focus on 30, 17 and 12m and on the low bands. They will have  two
         stations on the air at least 12 hours a day. QSL  via  N4WDT.  [TNX
         NG3K]
DU     - James, KJ6YAP will be active  as  DV1/KJ6YAP  from  Masbate  Island
         (OC-244) between 28 October and 24 November.  QSL  via  home  call,
         direct or bureau. [TNX rsgbiota.org]
E6     - Sasi/JA1KJW (E6AK), Mat/JA1JQY (E6AY) and  Kuni/JA8VE  (E6AA)  will
         be active from Niue (OC-040) on 3-9  November.  They  will  operate
         CW, SSB and digital modes on 80-10  metres.  QSL  via  home  calls.
         [TNX NG3K]
EI     - Olivier, ON4EI  will  be  active  again  as  EI8GQB  from  Fethard,
         Ireland (EU-115) on 20-30 October using an hybrid wind-solar  power
         system from his caravan. He will participate in the CQ  WW  DX  SSB
         Contest as EI1A. QSL for both  callsigns  via  PA3249.  Follow  his
         activity and antenna experimentation on www.qrz.com/db/EI8GQB. [TNX
         ON4EI]
HB0    - Laci, HA7JTR will be active as  HB0/HA7JTR  from  Liechtenstein  on
```

24-29 October. Main activity will be during the CQ WW DX SSB Contest. He will run 100 watts to a GP for 40-10 metres and an Inverted Vee for 80 metres. QSL via home call. [TNX HA0HW]

HB9 - HB9S, the amateur radio station of the World Scout Bureau, will be on the air from Geneva during the Jamboree On The Air annual event (http://scout.org/en/information_events/events/jota_joti) on 19-20 October. The 56th JOTA in 2013 will be the last one for HB9S, as The WSB (the HQ of the World Organization of the Scout Movement) intends to move out of Geneva next year. QSL via HB9AOF.

I - IT9ATF, IT9NPR, IT9PPG and IT9RDG will participate in the CQ WW SSB Contest as IF9A from Favignana Island (EU-054) in the Multi-Single category. QSL via IT9ATF. [TNX NG3K]

J3 - Mark, N2MD and Arnal, N9ACC will be active holiday style as J3/N2MD and J3/N9ACC from Grenada (NA-024) on 23-30 October. They will be QRV on 80-6 metres SSB. QSL via LoTW only. [TNX The Daily DX]

J3 - J34J is the callsign to be used on 20-29 November from Grenada by a group of Japanese operators [425DXN 1164]. They plan to be active on 160-10 metres CW, SSB and digital modes, and to participate in the CQ WW CW Contest. QSL via JA1HGY (OQRS to be activated on Club Log) and LoTW. [TNX NG3K]

KG4 - Bill, W4WV (KG4WV) and Al, W6HGF (KG4HF) will be active from Guantanamo Bay (NA-015) on 11-25 October [425DXN 1170]. KG4HF (www.qsl.net/w6hgf/KG4HF.html) will focus on RTTY and other digital modes, with some CW when time permits. He will be QRV on 160-10 metres, plus 6 metres if the band is open. "This is not a vacation", he says. "I plan to operate until I fall asleep". QSL KG4HF via LoTW or direct to W6HGF (logserach on Club Log). QSL KG4WV via W4WV, direct or bureau.

KH0 - Miho, JJ2VLY and Yutaka, JQ2GYU will be active as NH0J from Tinian Island, Mariana Islands (OC-086) on 17-21 October. They will operate CW, SSB and RTTY on 80-10 metres. Miho will participate in the JARTS WW RTTY Contest (http://jarts.jp/rules2013.html) on 19-20 October. QSL via JJ2VLY, direct or bureau. [TNX NG3K]

KH2 - Yuji, JF2WGN will be active as AH2EA from Guam (OC-026) on 17-21 October. All of the QSOs will be confirmed via the bureau, direct cards should be sent to JF2WGN not later than 31 January 2014.

LY - The Lietuvos Radijo Megeju Draugija, the Lithuanian Amateur Radio Society, was establihed on 2 October 1938. Celebrating this 75th anniversary, special callsign LY75RMD will be used until 31 October. QSL via the bureau.

P2 - Akira, JA1NLX (www.asahi-net.or.jp/~yy7a-ysd/P29VNX-2013.htm) has rescheduled his trip to Lissenung Island, Bismarck Archipelago (OC-008), and now he plans to be active as P29VNX on 1-6 December. He will operate CW, SSB and RTTY on 30-10 metres. QSL via JA1NLX (direct only) and LoTW. An OQRS for direct and bureau cards will be available at Club Log (bureau cards will be sent through Global QSL).

PY - A team from Brazil (PP5ALE, PU5IKE, PU5SVE, PU5UAI, PY5FAB, PY5JAP, PY5PS, PY5RCB, PY5VC and PY5XH) will be active as PR5C

from Ilha do Mel (SA-047) on 25-30 October, including an entry in the CQ WW SSB Contest. QSL via PU5SVE, LoTW and eQSL. Further information at www.pr5c.qsl.br

PY0F - Miguel, PY3MM will be active from Fernando de Noronha(SA-003) on 18-28 October. Main activity will be during the CQ WW DX SSB Contest as PR0F on 40 metres, while outside the contest he will operate mainly CW as PY0F/PY3MM. QSL via PP5VB. [TNX NG3K]

T8 - Kunio, JO1AEC will be active as T88EC from Palau on 15-23 October. He will be QRV on 40-10 metres CW, RTTY and JT65. QSl via JO1AEC, direct or bureau. [TNX The Daily DX]

TK - Mek, SP7VC will be active as TK/SP7VC from Corsica (EU-014) on 22-28 October. He will be QRV on 160-6 metres SSB and FSK441 via meteor scatter on 6m. He will also participate in the CQ WW DX SSB Contest. QSL via home call and LoTW. [TNX NG3K]

UA - Special station R100MFF will be active from 15 October to 15 December in remembrance of Mikhail F. Feofanov (1913-1994, callsigns U4AA and UA4AA). QSL via UA4AM. Further information on this "legendary radio operator", as well as an OQRS for bureau cards and details on the relevant award, can be found at www.cqr4a.ru/r100mff/ [TNX DXNL]

V2 - Kei, KG2A will be active as V25A from Antigua (NA-100) from 21 November to 1 December. He will operate CW and SSB on 160-10 metres, and will participate in the CQ WW DX CW Contest. QSL direct to KG2A. [TNX NG3K]

V3 - Dick, AD7AF will be active again as V31RL from Placencia, Belize on 11-30 October. He will operate CW and SSB on 80-10 metres, with activity during the CQ WW DX SSB Contest. QSL via home call, direct or bureau, and LoTW. Logsearch on Club Log. [TNX The Daily DX]

VP5 - Frank, WA2VYA, and Tony, K4QE will be active from Providenciales, Caicos Islands (NA-002) on 22-29 October, including an entry in the CQ WW DX SSB Contest as VP5T (QSL via WA3RHW, direct or bureau, and LoTW). Outside the contest VP5/WA2VYA will operate CW, and possibly some RTTY or SSB, with an emphasis on 160, 80, 30, 17, 12 and 10 metres (QSL via WA2VYA, direct - no return postage is required- or bureau), while VP5/K4QE will be operate mainly SSB, with an emphasis on 17 and 12 metres (QSL via LoTW). [TNX WA3RHW]

VP8 - Peter, M1AYI expects to be active as VP8DNY from the Falkland Islands (SA-002) between 20 October and 19 November. He will operate SSB on the HF bands. QSL via bureau to M1AYI. [TNX VK7BC]

W - Members of the Jackson County Amateur Radio Association (www.jcmsara.com) will be active as K5R from Round Island (NA-082) and lighthouse on 18-20 October. They will be QRV on 80-10 metres CW, SSB and RTTY/PSK31. QSL via AE5JG. [TNX OPDX Bulletin]

W - "Assuming the National Park Service reopens the island in time", Benjamin, KK6FUT will be on Santa Cruz Island (NA-144) on 19-20 October with a Boy Scout Troop for the Jamboree On The Air. Plan is to operate QRP (50W or less) on 20, 15 and maybe 40 metres SSB. QSL via KK6FUT, direct or bureau.

XT - David, OK6DJ and Petr, OK1FCJ will be active as XT26DJ and XT2FCJ from Burkina Faso on 17-26 November. They will be QRV on 160-10 metres. Look for XT2FCJ to participate in the CQ WW DX CW Contest. QSL for both callsigns via OK6DJ. Logsearch and QSLling policy at www.qrz.com/db/XT26DJ

YB - Adhi, YB3MM has plans to operate as YB3MM/p from Bawean Island (OC-197) this weekend. He expects to be active on 40, 20 and 15 metres SSB and CW, but "nothing is certain until he is actually on the island and operating", W2FB says.

YB - Budi, YF1AR (www.yf1ar.com) will be active as YF1AR/0 from Payung Besar, Seribu Islands (OC-177) on 12-15 October. He will operate mainly SSB running 100 watts into a vertical dipole for 20, 15 and 10 metres, and a GP for 40 metres. QSL via N2OO. [TNX YF1AR]

YB - Look for YB8VM/p, YB8XM/p, YC8VDT/p, YC8VFB/p, YD8VKF/p, YD8VRA/p, YD8VRS/p and YD8VSR/p to be QRV from Saparua Island (OC-070) on 12-15 October. [TNX JN6RZM]

YB - Budi, YF1AR (www.yf1ar.com) and Fan, YB0AI will be active as YF1AR/7 (QSL via N2OO) and YB0AI/7 (QSL via home call) from Sebatik Island (OC-295) on 23-28 October, including activity during the CQ WW DX SSB Contest. They will be QRV on 40-10 metres mainly SSB. This will be the first operation from the Indonesian side of Sebatik, and it will count as a new one for the Nusantara Award (the Indoensian Islands Award: www.nusantaraaward.com) [TNX YF1AR]

YB - The YE5R expedition to the Anambas Islands (OC-108) [425DXN 1167] has been postponed to sometime between 10 and 20 November (possibly 14-19 November). A large team (YB1AR, YB1HK, YB4IR, YB5QZ, YB6CA, YB6ODD, YB6VK, YB7GRN, YC2WWW, YC5WIR, YE5TA, YE5YE, YE6YE, YF1AR and YG5TZ) is expected to participate in the expedition. QSL via YB4IR. Logsearch and OQRS on Club Log. [TNX W2FB]

ANTARCTICA ---> Massimo, IW0HEU will be working at the Mario Zucchelli Station, Antarctica after mid-October until at least 31 January 2014. He plans to be QRV as IA0MZ in his spare time, typically between 17.30-18.30 UTC around 14333 kHz. QSL via IW0EFA, bureau preferred. [TNX I1HYW]

NCDXF CONTRIBUTION CHALLENGE ---> The Northern California DX Foundation (www.ncdxf.org) is pleased to announce the establishment of the W7OO Contribution Challenge. Long-time DXer Bill Everett, W7OO, has issued a challenge to the worldwide DX community to contribute to NCDXF: Bill will match contributions received by NCDXF from October 15 to the end of December 2013. [TNX W0GJ]

QSL JY9FC ---> Boris, E73Y reports that the QSL cards for Jovica, JY9FC have arrived from the printer. All of the direct requests received so far (by mail and through Club Log's OQRS) were processed on 5 October.

QSL ZC4LI ---> Phil, G3SWH has managed to obtain copies of the late Steve Hodgson's logs (ZC4LI, 5B4AHA, ZD8LII and G0LII) from his widow and should be able to confirm any outstanding QSOs. All logs have been previously uploaded to LoTW, and there will be log searches available shortly at www.g3swh.org.uk. "I understand that Steve's widow has already returned to their sender any unanswered QSL requests at the time of his death", Phil says. "Anyone in that situation should re-apply to me". Steve was not a member of the RSGB, and Phil is unable to process any bureau requests whatsoever.

+ SILENT KEYS + Robert W. Ford, who operated from Tibet as AC4RF on 1948-50, passed away on 20 September at 90 years of age. "His fascinating autobiography, 'Wind Between the Worlds', published in 1957 and available as a free Internet Archive (http://archive.org/) download, describes his time and travails in Tibet and how his radio work nearly cost him his life". [TNX ARRL]
Other recently reported Silent keys include Ulrich Mauer (DK9UMA), Robert B Block (K6LX), Richard N. Olson (K9BWI), Billy W. Putnam (W3EL) and Les Himing (ZL3BG), as well as Raleigh "Lee" Shaklee (W6BH), one of the co-founders of the Northern California DX Foundation, and Panos Gkekas (SY2ALT), eighteen-year-old son of Vangelis, SV2BFN.

QSLs received direct or through managers: 3DA0TM, 5W0TH, 9A/OM5AW (EU-136), 9G5TT, 9H3MMM, 9M4SLL, A35UD, A52SV, A71CM, A71CT, C31CT, CP4BT, CQ9D (AF-046), CU5AQ, D2QR, EJ0PL (EU-006), ES1QD, F9IE/VK/p (OC-136), FO/UT6UD, FR4NT, GM3VLB/p (EU-123), GX5M (EU-120), H40IOTA, H44AJ (OC-285), H44IOTA, HB0Y/PD5AX, HH2/PA5M, HH5/KC0W, HK1X, HK1XX, HP1RIP, HQ3W (NA-160), HQ8D (NA-223), HQ8S (NA-035), HV0A, JG8NQJ/JD1 (OC-073), JY5HX, K4N, K6VVA/KL7 (NA-050), K8GI/4 (NA-058), KG4RX,KG4TO,KL7NWR (NA-064), MD0CCE, MU0FAL, N4OW (NA-141), NE1RD/1 (NA-148), OH0/OH2FNZ, P29NO, PX8Z (SA-060), S79NU, SV2ASP/A, SZ7SER, T2YY, T6SM, TF4M, TI2CF, TT8/US3EZ, TZ6BB, V31LJ, V5/DF2UU, V63DDD (OC-010), V85TL, VE2CSI, VK5CE/p (OC-261), VP2ETE, VP2V/W9DR, VP5H, VP9/AA1AC, VP9I, XF3/IZ2LSC (NA-045), XV1X, YB1AR, YB3MM/6 (OC-245), YB3MM/7 (OC-166), YB3MM/p (OC-217), YB3MM/p (OC-237), YC9MLL (OC-151), YV5EED, YW5X (SA-054), ZB2JK.

Dear Budi Santoso (YF1AR/3),

Thank you for submitting your log for the 2013 IOTA Contest. We are pleased to announce that the Provisional Results, subject to appeal, are now available.

REPORT:
This year we received 2836 logs, including checklogs, which is yet another record entry. Of the 655,000 QSOs we were able to adjudicate 71.2% as valid with 4.8% being disallowed. We have received photographs from 275 stations and the majority of entrants have entered their location using Google maps.

The maps and photographs are integrated into the results page and we hope that they will be of interest. We also give you the opportunity to enter/edit your location on Google maps using your UBN key and you can email any IOTA contest related photographs, one per entry, to the contest manager at iotacontest@....

Many thanks for taking part in IOTA 2013. Certificates will be sent to leading scorers in each category and a list of trophy winners will be published on the website in due course.

APPEALS:
Should you have any queries/disagreements about our adjudication please let us know by October 27th. We hope to finalise the results by November 4th 2013.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 6th-October, through Sunday, 13th-October there were 221 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3V, 3W, 4J, 4L, 4O, 4S, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5U, 5V, 5W, 5X, 5Z, 6W, 7P, 7Q, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9M2, 9M6, 9N, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C3, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, CY0, D2, DL, DU, E5/s, E7, EA, EA6, EA8, EA9, EI, EK, EP, ER, ES, ET, EU, EX, EY, EZ, F, FG, FH, FK, FM, FO, FO/a, FP, FR, FS, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HH, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J6, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KH9, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, PA, PJ2, PJ4, PJ5, PY, PZ, S5, S7, SM, SP, ST, SU, SV, SV5, SV9, T7, T8, TA, TF, TG, TI, TJ, TK, TL, TN, TR, TT, TU, TZ, UA, UA2, UA9, UK, UN, UR, V3, V4, V5, V6, V7, V8, VE, VK, VP2E, VP6, VP8, VP8/h, VP9, VR, VU, XE, XW, XX9, YA, YB, YI, YJ, YK, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZD7, ZL, ZP, ZS, ZS8

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

5X, UGANDA. Eric, SM1TDE, is currently active as 5X8A from Entebbe. He showed up on the air on October 11th. Activity has been on 40/30/20/17/15 meters CW. However, Eric will be QRT for for 2 days (Monday and Tuesday), but he hopes to be active again between Wednesday and Friday, mainly in the mornings and evenings. He will go QRT after this. QSL via his home callsign. Look for Eric to post more updates and pictures on his Blog page at: http://sm1tde.bloggspace.se

7P, LESOTHO. Gert, ZS6AYU, will once again be active as 7P8GF from Roma between October 23-26th (tentative). Activity will be holiday style on 40-10 meters, CW only and using just 100 watts into a vertical. QSL via ZS6AYU (see QRZ.com).

9A, CROATIA. Operators Tomi/HA4DX and Laci/HA0HW will be active as 9A/homecall and homecall/mm on their way to Croatia between October 18-21st. They will do some work on the yacht before winter and do some sailing for the last time this year. QSLs via the HA Bureau.

9L, SIERRA LEONE (Update). Operators David/N4WDT and Jerry/K4ZIN will be active as 9L1JT from here between October 15-20th. Activity will be on 160-10 meters with a focus on the 30/17/12 meters and lower bands. They will have two stations on the air at least 12 or more hours a day. QSL via LoTW or via their home callsigns.

9L, SIERRA LEONE. Zbig, SP5BTB, will once again be active as 9L1BTB from Freetown for the UN between October 25th and November 10th. Activity this time will only be 20 and 15 meters using a sloper for 20m and a DL special collinear Delta Loop (ON6WG/F5VIF model) for 15 meters. He did not mention what modes he will use, but he does operate CW, SSB and RTTY. QSL via his home callsign direct.

9Y4, TRINDADE AND TOBAGO. Chris, 9Y4D (ex-9Y4NZ), will be active during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (20m)/Assisted/Low-Power entry. QSL via 9Y4D (see QRZ.com).

A7, QATAR. Members of the Qatar Amateur Radio Society are heading for the beach again for a Multi-Op entry in the CQWW DX SSB Contest (October 26-27th) as A71BX. Operators mentioned are Saif/A71AM, Ali/A71BX, Abdulla/A71CV, Khalid/A71CO, Mohammad/A71EL, Faisal/9K2RR, Dave/K5GN and Daniel/K1TO. The Field-Day style set-up will begin the weekend before the contest, so look for them from then until sunrise, after the contest is when it all comes down. Activity on the 30/17/12m bands are not planned - the objective is the contest. QSL via EA7FTR. NO BUREAU QSLS.

AFRICAN TOUR (Update). Wim, ON6DX (ex-ON4CIT), will once again return to Togo (Grid Square JJ06rf) on November 18th and will be active as 5V7TH. Activity will be on 40-6 meters, including the 30/17/12 meter bands, using CW, SSB and RTTY. He plans to be on in the evening on 40 and 30 meters. See Web site at: http://dxpedition.be/5V7TH.html

Wim also mentions that he will travel during the day to Benin to collect his TY1 callsign papers which are supposed to be ready. During that same day, he will try to search for a nice QTH in Grand Popo (Benin) for his TY1 DXpedition and move from Togo to Grand Popo, Benin, when everything

is sorted out. So, he now expects to be active between November 20th and December 3rd. Activity will also be on 40-6 meters, including the 30/17/12 meter bands, using CW, SSB and RTTY. He plans to be on in the evening on 40 and 30 meters. See Web site at: http://dxpedition.be/Benin.html
QSL both callsigns via his home callsign, direct (2 USDs/EU and 3 USDs/US), by the Bureau, LoTW (uploaded year later) or by the ClubLog's OQRS.

ARRL NEWS (Updating ARRL.NET Forwarding Service). On October 15, 2013, the ARRL will be switching providers for the ARRL.NET E-mail forwarding service. The change will take place at 8:00am Eastern Time. There should be no interruption in the forwarding of messaging during this transition. If you find that delivery of messages to you has been disrupted, please E-mail <itstaff@...>..... Thank You, ARRL HQ Staff

C8, MOZAMBIQUE (Just a Reminder!). An international team of operators will be active as C82DX from Xai Xai (WW Loc KG64) between October 15-22nd. Operators' list has been updated and includes Bill/K1MM, Doug/N1DG, Tom/N4XP, Kevin/K6TD, Charlie/NF4A, Ray/N9JA, Charles/W6OAT, Bruce/W6OSP, Tjerk/ZS6P (C91TJL), Pierre/ZS6PJH and Christian/ZS6RI. Activity will be on 160-10 meters using CW, SSB and RTTY. Suggested frequencies are available in OPDX.1114. QSL via the OQRS by ClubLog (Highly Recommended/Preferred Method) to receive a QSL either direct and by the Bureau. To QSL direct via the mail, send it to: C82DX, Box 333, Bethlehem, GA 30620 USA [Please do not send IRCs. See details on their Web page]. They will not confirm QSOs via the eQSL system. The C82DX Web page is at:
http://c82dx.com

CASTLES NEWS.....
October 20th - Ivo, ON7IVO, will be active as ON7IVO/P from V12 Bunkery Castle (WCA ON-01932, BCA AN-208). Activity will be on 40 meters SSB. QSL via his home callsign, by the Bureau or direct.

October 26th - Operators Susanne/ON2SL, Roger/ON4AHQ, Andre/ON4DTO and Erwin ON5BWE will be active as ON5BWE/P from Ordingen Castle (WCA ON-01134, BCA LB-103). Activity will be on 80 and 40 meters only SSB. QSL via ON5BWE, by the Bureau or direct.

CY0, SABLE ISLAND (Update). The CY0P team is now QRT as 1830z, October 9th. They were expected to depart the island that day around 2100z. The team reported on October 8th, at 0100z [excerpts]: "The CY0P DXpedition team reports 24,414 contacts in the log as of 0100z on October 8th. The team reported excellent band conditions with very strong signals. The weather forecast is not looking good for a Tuesday departure..... Needless to say the team is exhausted. There are three operators and three stations so 12-14 hour days at the radio have been the norm." QSL via VE1RGB. For more details and updates, see: http://www.cy0dxpedition.com

ED9, CEUTA AND MELILLA. Operators Jorge/EA7HZ, Julio/EA7JB, David/EA7JW, Cris/EA7RU and Jorge/EA9LZ will be active as ED9Z from Ceuta during the CQWW DX SSB Contest (October 26-27th) as a Multi-? entry. The group will

be using all Spiderbeam antennas. QSL via EA5KB and LoTW.

HB0, LIECHTENSTEIN. Laci, HA7JTR, will be active as HB0/HA7JTR from Masescha (1240m ASL) between October 24-29th. Activity will be holiday style on 80-10 meters using 100 watts into a 4 band DunaX Gp for 40-10m, and Inverted Vee for 80m. Laci will also take part in the CQWW DX SSB Contest (October 26-27th). QSL direct via his address on QRZ.com.

HI, DOMINICAN REPUBLIC. Jim, K8MR, will be active as HI/K8MR from Punta Cana between November 15-25th. He plans to be in the CQWW DX CW Contest (November 23-24th) as a Single-Op/All-Band/QRP entry. Jim informs OPDX that he will be taking his Elecraft KX3 and some wire and will modestly be operating outside the contest [to keep his wife happy]. He states, "Probably whatever operating I do outside the contest will be focused on the WARC bands." QSL via K8MR.

HK0/S, SAN ANDRES ISLAND (Update). Members of the "DX Friends" will activate San Andres Island (NA-033) between November 1-10th. The current list of operators mentioned are Alberto/EA1SA, Toni/EA5RM (Team Leader), Roberto/EA2RY, Manolo/EA7AJR, Jose/EA7KW, Fabrizio/IN3ZNR, Alain/F6ENO, Tony/F8ATS, Faber/HK6F, Bernard/F9IE, Roberto/HK3CW and Valery/RG8K. Activity will be on 160-6 meters using CW, SSB and RTTY. Suggested frequencies are:

```
  CW  - 1824, 3524, 7004, 10104, 14024, 18074, 21024, 24894 and 28024 kHz
  SSB  - 1845, 3780, 7065/7160, 14195, 18145, 21295, 24945 and 28494 kHz
  RTTY - 7035, 10140, 14080, 18100, 21080, 24921 and 28080 kHz
  6m  -  50105/CW and 50115/SSB
```

They will have at least 4 stations at the same time on different bands and modes. Equipment is an Elecraft K3 and 3 Icom IC-7000. Antennas are Hexbeams, SpiderBeam, Verticals (160/80/40/30m) and Yagi for 6 meters. QSL via EA5RM direct (see Web page). You can use the OQRS (see Web page) for direct and Bureau cards. More details should be forthcoming, especially their callsign. Visit their Web page at:

http://www.dxfriends.com/SanAndres2013

IOTA NEWS.....

AF-018. Simone, IV3NVN, will be active as IH9/IV3NVN from Pantelleria Island (IIA TP-001, WLOTA 0041) before and after the following contests. During the contests, look for him to sign IH9B. The contests that are scheduled are:

CQWW DX SSB Contest (October 26-27th) as a SOSB on 80m
CQWW DX CW Contest (November 23-24th) as a SOSB on 80m
2014 CQWW WPX CW Contest (May 24-25th) as a SOSB 40m

QSL via his home callsign by the Bureau.

AF-045. Luc, F5RAV, has cancelled his trip to N’gor Island and will stay on the mainland of Senegal through October 17th.

EU-034. Simo, OH2HAN, will be active as ES0HAM from Estonian Hiiumaa Island between October 17-22nd. Activity will be on 80-10 meters, and the mode will be mainly RTTY. He will participate in the JARTS RTTY Contest (October 19-20th), and is happy to

share the Estonia multiplier as much as possible. Outside of the contest some SSB, too. QSL via OH2HAN, by the Bureau or direct with SASE.

OC-108. Members of the YB Land DX Club will be active as YE5R from Anambas Island between November 10-20th. Activity will be on 80/40/30/20/17/15/12/10 meters using CW, SSB and RTTY. The operators mentioned are Yana/YB1AR, Hendra/YB1HK, Imam/YB4IR, Anton/YB5QZ, Aled/YB6CA, Fir/YB6ODD, Ady/YB6VK, Ronny/YB7GRN, Masri/YC2WWW, Wirzamrisal/YC5WIR, Agus/YE5TA, Erizal/YE5YE, Tara/YE6YE, Budi/YF1AR and Teuku/YG5TZ. QSL via YB4IR. For more information and updates, visit the following Web pages:
http://www.ybdxc.net/2013/10/ye5r-anambas-island-oc-108.html
http://qrz.com/db/YE5R

OC-109/ (Postponed/Update) John, YB5NOF, informs OPDX that the reason
OC-122/ for the postponement of OC-109 and OC-122, is that his wife had
OC-209/ a stroke on August 23rd, and was in the hospital. He did mention
OC-210. that they will try to activate Tambelan (OC-122) and Siantan Island (OC-108) some time between April and May of 2014. Exact days and time will depend on transport and weather. However, John did say he will activate Sangihe Island (OC-210) and Talaud Island (OC-209), as well as some small islands around there at the end of January 2014. Stay tuned for updates! These operations will count towards the Nusantara Indonesian Island Award: http://www.nusantaraaward.com
http://www.facebook.com/nusantaraaward

OC-111. Ralph, H44RK (YJ0RK), is planning to activate Emae Island, Shepherd Islands, sometime soon. Watch his FaceBook page for updates at: https://www.facebook.com/ralph.kluge?fref=ts

OC-239. Operators Joni/YB9WZJ and Lucky/YD9RQX have postponed their operation to Waigeo Island.

OC-255. Just a reminder that Craig, VK5CE, will be active as VK5CE/4 from the totally uninhabited and very rare Red Island between October 16-21st. If like his Flinders Island operation, Craig's activities will be on 80-10 meters, with most of the operations being on 40/20/15m, using SSB and PSK. QSL via his home call-sign. For more details and updates, watch Craig's Blog page at:
http://oc255.blogspot.com.au

OC-262. Bimbo, YB3MM, will be active as YB3MM/4 from Sebesi Island between October 19-21st. Activity will be on the HF bands. QSL via IZ8CCW.

OC-295. (New IOTA!) Operators Budi/YF1AR and Fan/YB0AI will be active as homecall/7 from (never been activated) Sebatik Island between October 23-28th. Activity will include the CQWW DX SSB Contest (October 26-27th). Activity will be on 40-10 meters using mainly SSB as well as CW and the Digital modes. QSL YF1AR/7

via N2OO and YB0AI/7 via his home callsign (see QRZ.com).
For more details about the island and the operation, see:
http://www.yf1ar.com/2013/09/oc-295-sebatik-island-new-iota-for-yb.html
http://id.wikipedia.org/wiki/Daftar_pulau_terluar_Indonesia

SA-047. Members of the CM DX Group will be active as PR5C from Mel Island (DIB-PR-01) during the CQWW DX SSB Contest (October 26-27th) as a Multi-Op entry. A 9 member team will be on the island between October 25-30th. Operators mentioned are Joe/PY5XH, Evan/PU5SVE, Jose/PY5JAP, Art/PY5VC, Martins/PU5UAI, Fabio/PY5FAB, Cesar/PY5RCB, Jose/PU5IKE, Alex/PP5ALE and Evans/PY5PS. Activity will be on 160-6 meters using CW, SSB and the Digital modes. QSL via PU5VE, by the Bureau, LoTW and eQSL. For more informations, see: http://www.pr5c.qsl.br

J3, GRENADA. Mark, N2MD, is returning to Grenada (NA-024, WLOTA 0718) and will be signing J3/N2MD between October 23-28th. This year is the 30th anniversary of the U.S. intervention and rescue of U.S. medical students in Grenada (1983) during which Mark operated as KA2ORK/J37. He will be joined by Arnal, N9ACC, who will sign J3/N9ACC. Arnal is a U.S. Navy officer (retired) who was also involved in the 1983 mission. Plans are to operate both fixed and mobile. Operations will be on 80-6 meters (SSB) and 2 meter (FM); band conditions and time permitting. Activity will be holiday style but mostly evening hours. QSL via LoTW only.

J3, GRENADA. JA operators Takayuki/JA1MZL, Yutaka/JJ1LIB, Nao/JN1RVS, Masayuki/JN3NFQ and Isao/JH1ROJ will be active as J34J between November 20-29th. Their activity will include the CQWW DX CW Contest (November 23-24th). QSL via JA1HGY.

JD1, OGASAWARA (Update). Take, JA1UII, informs OPDX that he will be active as JD1BON from Chichijima Island (AS-031) between November 1-4th. Activity will be on 80-10 meters with 200 watts using CW, SSB and RTTY. QSL via his home callsign, by the JARL Bureau or direct [see QRZ.com] (w/SASE+2 USDs or 1 IRC).

KG4, GUANTANAMO BAY (Update). By the time you read this, Al, W6HGF, will be active as KG4HF, from Guantanamo Bay (NA-015) between October 11-25th. Al states, "I will focus on RTTY and digital modes, then CW." Operations will be on 160-10 meters and on 6 meters if it opens. QSL Direct to W6HGF. He mentions, "This is not a vacation, I plan to operate until I fall asleep. I will be operating with Bill, KG4WV." They will be on the air for the JOTA to put the local Boy Scouts on the radio. They will complete the antenna repairs from damage by hurricane Sandy and a few minor repair items to the shack. QSL via their home callsigns. For more details and updates, see the Web site at: http://www.qsl.net/w6hgf/KG4HF.html

MOST WANTED DX SURVEY DEADLINE (Just a Reminder!). Carl Smith, N4AA, Editor of The DX Magazine and QRZ DX, wants to remind DXers that the "2013 DX Magazine MOST WANTED Survey" is coming to a close and the deadline is October 15th. This survey is considered to be the most useful and popular tool for many DXers, DX clubs and DXpeditioners when in

making decisions to fund and planning upcoming DXpeditions. Look for results to appear in the January/February issue of The DX Magazine. The survey can be found online at: http://www.dxpub.com/survey/survey2013.html

NH2, GUAM (OC-026). Joel, KG6DX, will be active as NH2DX in the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (15m)/High-Power entry. QSL via NH2DX, CBA or QRZ.com address. NO Bureau QSLs.

NH7, HAWAII. Operators Jim/N6TJ and Oliver/W6NV will be active as NH7A from KH6LC's QTH during the CQWW DX SSB Contest (October 26-27th) as a Multi-Op-2 entry. QSL via F5VHJ.

P3, CYPRUS (Press Release). Lee, KY7M, sent out the following press release on October 8th: "The Voodoo Contest Group is leaving behind 20 years of West African CQWW CW contest operations this year to see new places. They will operate from the Cyprus QTH of Voodude 5B4AGN using the callsign P3F in the Multi-Two category. In addition to 5B4AGN, operators will include Roger/G3SXW, John/G4IRN, Ned/AA7A, and Lee/KY7M. The visiting Voodudes may operate before and after the contest as 5B/home-call or 5B4AJX. QSLs for P3F and 5B4AJX are via M0URX."

P4, ARUBA. Robert, W5AJ, will once again be active as P40P for the CQWW DX SSB Contest (October 26-27th). His operating class is TBD. This is his 12th contesting trip to Aruba. Outside of the contest (before), Robert will be on the air, possibly on 40 meters. QSL via LoTW (Please) or direct to W5AJ. NO BUREAU.

PJ2, CURACAO. Andy, W9NJY, will once again be active as PJ2/W9NJY from Curacao (SA-099, WLOTA LH-0942) between November 19-25th. He is actually there as a team member to help put the Caribbean Contesting Consortium's (CCC) Signal Point Station PJ2T on the air for the CQWW DX CW Contest (November 23-24th). His activity outside of the contest will be mainly on CW on 160-10 meters. QSL PJ2/W9NJY via WD9DZV or LoTW. QSL PJ2T via LoTW or W3HNK.

PJ2, CURACAO. Andy, DK5ON, will once again be active as PJ2/DK5ON from Curacao (SA-099, WLOTA 0942) between March 12-29th (2014). Activity will be on 80-6 meters including the 17/12 meter bands using CW, SSB, RTTY and PSK. QSL via his home callsign (see QRZ.com). NO eQSL.

PJ7, SINT MAARTEN (Reminder). Philip, WA1ZAM, will be active as PJ7PL, a week before the CQWW DX SSB Contest (October 26-27th) and a week after. He will be a Single-Op entry during the contest. Outside of the contest, he will try some RTTY. QSL WA1ZAM.

PJ7, ST. MAARTEN (Update). Operators Dennis/K2SX, Les/W2LK and Andy/K2LE will be active as homecall/PJ7 from Dawn Beach on the eastern side of St. Maarten (NA-105, WLOTA 0711) between November 19-26th. QSLs should go to their home calligns. Activity will include this year's CQWW DX CW Contest (November 23-24th) using the special callsign PJ7W. QSLs for the contest operation should go to W2LK.

(e) eQSL only (d) direct only (B) Bureau only (L) LoTW only
(*) NO QSL-SERVICE FROM SEPTEMBER 2013 to APRIL 2014

II8LH/9 was activity this past weekend from Max, IT9AKC, from the Capo Peloro Lighthouse (JM78TG), Reference Numbers ARLHS ITA-031 and SI-001 WAIL. QSL via HB9FHZ (USKA Bureau), direct to IK8YFU, eQSL or LoTW. For more info, see: http://www.calabriadxteam.it

QSLS FOR ZC4LI, 5B4AHA, ZD8LII AND G0LII. Phil, G3SWH, announced:
"I am pleased to advise that I have managed to obtain copies of Steve's (G0LII) logs from his widow and should be able to confirm any outstanding QSOs. All logs have been previously uploaded to LoTW. There will be log searches available shortly at: http://www.g3swh.org.uk
I understand that Steve's widow has already returned to their sender any unanswered QSL requests at the time of his death. Anyone in that situation should re-apply to me. Please note that as Steve was not a member of the RSGB, I am unable to process any bureau requests what

so ever....."

QSL RECEIVED VIA LoTW: DK2OY, G3XVR, G8NEO, ID9Y, OH1TD, OM3DX, PY0F/PP1CZ, SP6NXG, SU9AF and TO7Y

QSLS RECEIVED VIA MAIL: 5W0TH, CU5AQ, D2QR, EJ0PL, HV0A, P29NO, TF4M and VE3FUJ

QSLS RECEIVED VIA THE BUREAU: 5B/R2DX, 6V7S, 7O6T, 9U0VB, D2QMN, D3AA, E40VB, EA8/RW3DO, EF8M, FM/R5GA, HC2/UA4WHX, JT7WFF, R60SKV, R1150VN, R1941MB, RI0NZ, SU9AF, UE75VV, V26AO and V26DZ

S7, SEYCHELLES. By the time you read this, Andrea, IZ1MHY (MDXC #055), will be active as S79MHY from Praslin Island (AF-024), Seychelles, until October 17th. Activity will be on 160-10 meters using CW, SSB and the Digital modes. QSL via his home callsign. For more information, an online log search and etc..., visit the Web site at: http://www.mdxc.org/s79mhy

ST, SUDAN (JOTA Op). Members of the "Boy Scouts of Sudan" (ST2BSS) will participate and operate from the Khartoum Sea Scout Amateur Radio Club (ST2KKS) for the 56th Jamboree On The Air (JOTA) activities. Operations are expected to be on all bands and modes. QSL via ST2M. For more details, see QRZ.com.

T30, WEST KIRIBATI (Update). Operators Ted/JF1CCH and Kazu/JA1FUF will be active as T30TS and T30NK from West Kiribati between November 28th and December 4th. Activity will be on the HF bands (all mostly 40-10m) and possibly 6m, using CW, SSB, RTTY and PSK. Ted will operate mainly on CW and SSB, while Kazu will operate mainly RTTY and PSK. They will use 100 watts into a dipole. QSL via their home callsign, direct, by the Bureau and eQSL. NO LoTW.

T48, CUBA. Members of the "Las Tunas Contest Crew", T48K, will be active once again during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single or a Multi-2 entry from "La Herradura" on the north coast of the Las Tunas Province. Operators mentioned are Doug/CO8DM, Alex/CO8KA, Raúl/CO8ZZ, Ernesto/CO8GJ, Carlos/CO8CML, Alex/CM8AKY and Jose/CM2XN. They are going to use a two element vertical and slopers very close to the salt water. The QSL Manager is Erhard, DK1WI.

TM1, FRANCE. Members of the F6KOP team will enter the next CQWW DX SSB Contest as TM1A and as a Multi-Multi category, from its facilities of Provins City (100 km SE of Paris). Well known DXpeditioner/Contester, Frank, F4AJQ, will lead the team of operators: YL Sophie/F4DHQ, Olivier/F4FLF, Yann/F1NGP, Silvain/F4ERS, Jimi/F4DLM, Benoît/F1JHB, Johan/F4GTD, Thierry/F4BDG, Antoine/F5RAB, Christian/F6AXN, Alain/F5JTV, Maurice/F5NQL, Damien/F4EZF, Joël/F6JMT, Thierry/F4TTR and may be Jean-Luc/F1ULQ and Florent/F4EJL. Some of the above operators have been active in the past during contests and DXpeditions which include 5V, J5, XT2, FY, 3V, 5X8, 5H, PJ4, IS0 and many other DXpeditions to French IOTAs. QSL via F6KOP through the French REF Bureau (and please only this one).

V3, BELIZE. By the time you read this, Dick, AD7AF, should be active as V31RL from Placencia until October 30th. Activity will be on 80-10 meters using CW and SSB. He will try to focus on working JA and EU stations. His operations will also include the CQWW DX SSB Contest (October 26-27th). QSL via AD7AF. Log will be uploaded to LoTW after his return.

V3, BELIZE. Marc, V31MA, will be active with the special callsign V3A during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/All-Band/Low-Power entry. QSL via M0OXO. QSOs are regularly uploaded to LoTW, eQSL and ClubLog.org.

VP2V, BRITISH VIGRIN ISLANDS. Art, N3DXX, will once again be active as VP2V/homecall from Virgin Gorda (Tortola) between November 19-29th. Activity will include the CQWW DX CW Contest (November 23-24th) as a Single-Op/All-Band entry. QSL via NR6M.

VP5, TURKS AND CAICOS ISLANDS. Operators Frank/WA2VYA and Tony/K4QE will be active as VP5T during the upcoming CQWW DX SSB Contest (October 26-27th) from Providenciales (NA-002). QSL via WA3RHW, direct or by the W3 Bureau, (not the VP5 bureau) and LoTW. Frank will sign VP5/WA2VYA outside of the contest between October 22-29th, and will be active on CW, with an emphasis on 160/80/10 meters, and the 30/17/12 meter bands, and possibly some RTTY or SSB. QSL via WA2VYA, direct or by the Bureau. No return postage is required; Frank would like to receive your QSL card. Tony will sign VP5/K4QE outside of the contest between October 22-29th, primarily on SSB, with an emphasis on the 17/12 meter bands. QSL via LoTW.

VP8, FALKLAND ISLANDS. Peter, M1AYI, is expected to be active as VP8DNY from the Falkland Islands between October 20th and November 19th. Activity will be on the HF bands using SSB. QSL via his home callsign by the RSGB Bureau.

VP8, FALKLAND ISLANDS. Mick, G1EUZ (ZD8RAF), will once again be active as VP8BTU from the Falkland Islands between November 25th and May 25th, 2014. Activity will be on the HF bands. QSL via his home callsign. Cards will not be sent out until he returns home. Also, log will be uploaded to LoTW on his return home.

XR0, JUAN FERNANDEZ ISLAND (Press Release - XR0ZR Countdown). The following was sent out on October 8th [edited]: "There are now less than 30 days to our departure. The Team will start from Italy, of the 6th of November, and we plan to be active on the late evening of November 8th (GMT).

We will leave from Santiago, aboard two twin-engine Cessna and after about two hours, of adventurous flight, we land on the Juan Fernandez airport. Arrived on island, we reach our location, in about two hours, aboard two boats, as there are no road links. In all, if the weather conditions will be tolerant, and it will allow us to meet our destination.

Compatibly to the location, we believe to be able to install 3 beams looking on the sea, two loops, one for 30 and one for 40 meters, other than the usual vertical for 80 and inverted L for 160. Will also be installing a beverage of about 200 meters on the beach facing the sea.

We should have sporadic access to the Internet, and then try to send the logs to ClubLog, once a day. If for any reason this is not possible,

do not panic, know that we will do so as soon as possible, and in any case the logs will be saved in 3 backup copies.
As always, we ask you not to make dupes QSOs, in order to give the opportunity for everyone to contact us in various bands and modes.
You can follow XR0ZR Team on the following media links at:

Website : http://www.juanfernandez2013.com
FaceBook : https://www.facebook.com/groups/xr0zr/
Twitter : @xr0zr

I'm sure we'll all have fun together, and that we will have fun.
73, Fabri – IW3SQY"

XT2/XT26, BURKINA FASO. Operators David/OK6DJ and Petr/OK1FCJ will be active as XT26DJ and XT2FCJ between November 17-26th. Activity will be on 160-10 meters including the 30/17/12 meters using CW and SSB. They also will be in the CQWW DX CW Contest (November 23-24th) as XT2FCJ. Their set up will be Elecraft K3 and Kenwood TS-480 into a Spiderbeam antenna (20/15/10m - including the WARC), a vertical (40-10m), 80m dipole and LW for 160m. QSL via OK6DJ for both callsign. QSL methods are: the ClubLog OQRS (for LoTW - confirmed every day), direct (minimum 2 USDs or new IRC (accepted IRC that expire in 2017; QSO confirmed to LoTW every day), OQRS by the Bureau, LoTW and eQSL (confirmed 6 months) and paper QSL via the Bureau (confirmed 12 months).

XV2, VIETNAM. Toshitaka, JA3NHL, will once again be active as XV2NHL from Ho Chi Minh City between November 2-8th. Activity will be on 160-6 meters using CW, SSB and RTTY. QSL via JA3NHL.

YE2, INDONESIA. Members of the ORARI Semarang Contesting Team will be activating YE2C for the first time during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single entry. Operators mentioned Agus/YC2BYC, Bobby/YC2SBG, Pur/YC2FNT, YL Sri/YB2BSE, Edi/YC2PWL, Bamband/YB2ERL, Jon/YB2ECG and Adi/YD2PST. QSL via LoTW (PLEASE). For more info on the YE2C station, see: http://ye2c.wordpress.com

Z21, ZIMBABWE. Mirek, SP5IXI/VK6DXI, will be active as Z21DXI from Bulawayo starting October 14th for 2-4 weeks. He states that this is a business trip. His activities will limited after his working hours. Operations will be on 160-6 meters using only 100 watts and simple wire antennas. Mirek has operated from Zimbabwe before: February 4-12th and December 6-17th of 2010. QSL via SP5UAF, by the Bureau or direct. Online log will be available at: http://www.sp5ixi.dxing.pl/z21dxi

Melanjutkan sedikit dari topik asal nya, ternyata kemaren YB8TK kirim minta konfirmasi contact dgn saya di 15m di CW mode, saya malah bingung belum pernah contact di CW cuma di SSB doang di 15m, itu pun pas ngasih tau salah contact dgn ZS8Z nya ...sesudah itu belum pernah contact lagi

Ya terpaksa saya reject permintaan konfirmasi kontak nya hehehe

Dear All,

ada sepenggal cerita menarik dari OC177 kemarin Oct 12-15
ZS8Z masuk pada frekuensi saya di 10M band, padahal saya lagi tuning periksa kabel coaxcial antenna
YF1AR pakai vertical, ZS8Z pakai dipole, rejeki nomplok, real report RS 57 hihihihih

QSO: 28000 PH 2013-10-14 0951 YF1AR 59 ZS8Z 59

OM Hen,

Saya ngga kenal beliau dan belum pernah contact.
Nanti saya kirim email ke beliau di sangka spam mail hehe

YB8TK salah contact, ciontact Volker nya ZS3Y, pas di panggil lagi sama ZS3Y suruh contact sama ZS8Z ngga jawab YB8TK nya.
Di cluster YB8TK bilang thank you for big signal, padahal belon contact sama ZS8Z nya ... ngga dengerin dulu sih, main panggil aja hehe

OM Busan,
Sepenggal tapi keberuntungan, sayapun worked dg ZS8Z juga secara kebetulan di 10M.
Waktu itu sedang monitor beberapa station radio sedang ragchewing, saya baca FB/email.
Setelah ragchewwing selesai, gak lama salahsatunya CQing dan ternyata ZS8Z langsung saya masuk kalo gak salah saya no. 2 tapi masih simplex dan berikutnya pileup padat rame dan langsung split.

Kalo semalam sedang monitor C82DX di 21.285, kecil signalnya tapi saya monitor terus.
Mendadak gak permisi lagi ada ZS1TMJ langsung CQing, kebetulan saya perlu ZS1 jadi langsung saya panggil sambil agak grogi karna takut dimarahin karna itu frekwensi TXnya C82DX, buru2 aja sebelum ada yg teriakin, cabut. HI

73,
hen-yc0qr

Judul: Re: Bls: Bls: Bls: Re: Re: [YBDXC_News] ZS8Z

Dear All,

ada sepenggal cerita menarik dari OC177 kemarin Oct 12-15
ZS8Z masuk pada frekuensi saya di 10M band, padahal saya lagi tuning periksa kabel coaxcial antenna
YF1AR pakai vertical, ZS8Z pakai dipole, rejeki nomplok, real report RS 57 hihihihih

QSO: 28000 PH 2013-10-14 0951 YF1AR 59 ZS8Z 59

73,
Budi
YF1AR

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Om Hendro ,

Apa kabar ??

Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,

Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop.

Tapi tetap aja bermasalah,
Saya jadi berpikir mungkin karna prangkonya ,
karna saya suka tempel prangko lebih dari 1 di amplop.

Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..
Jadi surat kita kadang tidak sampai, karna ada yg sabotase hehehehe

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Kabar baik OM Joni,
Jadi utk pengalaman juga tentang urusan perposan & perperangkoan kita nih.

Dulu saya bawa amplop isi QSL/SAE/GS ke kantor pos dan tanya berapa perangkonya dan saya bilang minta "kalo bisa" minta aneka perangko - maksudnya biar yg terima senang.
Tapi akibatnya biaya perangkonya jadi lebih, beberapa kali saya kirim dari Cikini, Ps.Baru dg permintaan yg sama pasti biaya perangkonya lebih dari 10.000.

Karena kalo saya kirim isinya gak lebih dari 20 gram, maka sekarang tempel sendiri dg sebelumnya stock perangko aneka nominal. JA = 4500, NA = 8000, EU = 7500, AF = 5500.
Tapi sayang nominal perangko tdk lengkap lagi di kantor pos.

Hahahaha, alhamdulillah di kantor pos sini koq masih tarif lama.
Tadi saya kirim 2 amplop ke ZS6 - saya tanya berapa - maksudnya juga biar sekalian ditimbang.
Beratnya sekitar 13gr/amplop - kepala kantor posnya (kantor pos kecil) bilang : "Masih tetap ... Rp 5.500,-"

Asal di kantor pos pusat gak dicekal aja, tapi disini sih langsung dicap.
Semoga selamat sampai di tujuan.

Hahahaha, alhamdulillah di kantor pos sini koq masih tarif lama.
Tadi saya kirim 2 amplop ke ZS6 - saya tanya berapa - maksudnya juga biar sekalian ditimbang.
Beratnya sekitar 13gr/amplop - kepala kantor posnya (kantor pos kecil) bilang : "Masih tetap ... Rp 5.500,-"

Asal di kantor pos pusat gak dicekal aja, tapi disini sih langsung dicap.
Semoga selamat sampai di tujuan.

Kabar baik OM Joni,
Jadi utk pengalaman juga tentang urusan perposan & perperangkoan kita nih.

Dulu saya bawa amplop isi QSL/SAE/GS ke kantor pos dan tanya berapa perangkonya dan saya bilang minta "kalo bisa" minta aneka perangko - maksudnya biar yg terima senang.
Tapi akibatnya biaya perangkonya jadi lebih, beberapa kali saya kirim dari Cikini, Ps.Baru dg permintaan yg sama pasti biaya perangkonya lebih dari 10.000.

Karena kalo saya kirim isinya gak lebih dari 20 gram, maka sekarang tempel sendiri dg sebelumnya stock perangko aneka nominal. JA = 4500, NA = 8000, EU = 7500, AF = 5500.
Tapi sayang nominal perangko tdk lengkap lagi di kantor pos.

Om Hendro ,Apa kabar ?? Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop. Tapi tetap aja bermasalah,Saya jadi berpikir mungkin karna prangkonya ,karna saya suka tempel prangko lebih dari 1 di amplop. Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..Jadi surat kita kadang tidak sampai, karna ada yg sabotase heheheheDe yb9wzjDe yb9wzj

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?

Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Om Hendro,,

Saya ƷiašªŠ beli prangko lewat www.e-fila.com.

Kantor pos sini sekarang tidak lanyani benda filateli lagi.
Seperti SHP , SS , MS , FS , dll.

Kebetulan suka koleksi prangko. Hehehehe

Nominal prangko baru rata-rata 2,500.

Hahahaha, alhamdulillah di kantor pos sini koq masih tarif lama.
Tadi saya kirim 2 amplop ke ZS6 - saya tanya berapa - maksudnya juga biar sekalian ditimbang.
Beratnya sekitar 13gr/amplop - kepala kantor posnya (kantor pos kecil) bilang : "Masih tetap ... Rp 5.500,-"

Asal di kantor pos pusat gak dicekal aja, tapi disini sih langsung dicap.
Semoga selamat sampai di tujuan.

Kabar baik OM Joni,
Jadi utk pengalaman juga tentang urusan perposan & perperangkoan kita nih.

Dulu saya bawa amplop isi QSL/SAE/GS ke kantor pos dan tanya berapa perangkonya dan saya bilang minta "kalo bisa" minta aneka perangko - maksudnya biar yg terima senang.
Tapi akibatnya biaya perangkonya jadi lebih, beberapa kali saya kirim dari Cikini, Ps.Baru dg permintaan yg sama pasti biaya perangkonya lebih dari 10.000.

Karena kalo saya kirim isinya gak lebih dari 20 gram, maka sekarang tempel sendiri dg sebelumnya stock perangko aneka nominal. JA = 4500, NA = 8000, EU = 7500, AF = 5500.
Tapi sayang nominal perangko tdk lengkap lagi di kantor pos.

Om Hendro ,Apa kabar ?? Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop. Tapi tetap aja bermasalah,Saya jadi berpikir mungkin karna prangkonya ,karna saya suka tempel prangko lebih dari 1 di amplop. Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..Jadi surat kita kadang tidak sampai, karna ada yg sabotase heheheheDe yb9wzjDe yb9wzj

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Om Hendro ,

Apa kabar ??

Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,

Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop.

Tapi tetap aja bermasalah,
Saya jadi berpikir mungkin karna prangkonya ,
karna saya suka tempel prangko lebih dari 1 di amplop.

Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..
Jadi surat kita kadang tidak sampai, karna ada yg sabotase hehehehe

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

OM Yongki,
Jadi yg pos keliling itu lengkap ya ?
Suka lihat ajah di dekat pasar cempaka putih, nominal terkecil berapa ya ?
Rp 1000, Rp 1500 masih ada gak ya ?

Stock IRC ex JA banyak di pasar baru - kayaknya udah gak laku karna expired 31/12/2013.

Om Hendro ,

Apa kabar ??

Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,

Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop.

Tapi tetap aja bermasalah,
Saya jadi berpikir mungkin karna prangkonya ,
karna saya suka tempel prangko lebih dari 1 di amplop.

Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..
Jadi surat kita kadang tidak sampai, karna ada yg sabotase hehehehe

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Om Hendro ,

Apa kabar ??

Saya kalo kirim QSL tidak pernah tulis callsign sendiri atau tujuan di amplop ,

Pesan saya buat dx stasiun juga demikian, jangan cantumkan callsign pada amplop.

Tapi tetap aja bermasalah,
Saya jadi berpikir mungkin karna prangkonya ,
karna saya suka tempel prangko lebih dari 1 di amplop.

Sekarang prangko Indonesia mungkin jarang ditemukan lagi dalam surat menyurat kecuali AR..
Jadi surat kita kadang tidak sampai, karna ada yg sabotase hehehehe

OM Joni & OM Onny,
Apakah ada ditulis callsign atau ID amateur radio lainnya (logo) di amplop ?
Saya terima dari JA amplopnya bekas dibuka di bagian belakangnya, padahal amplop jenis itu kalo coba dibuka setelah di lem- akan robek2.

Walaupun dalam negeri, baiknya juga gak ada ID amateur radio (ingat pesan Bang Napi : kejahatan karna ada kesempatan). HI

Hatur nuhun Kang Hendra,
Ini jelas sekali tulisannya, yg sebelumnya kekecilan utk mata tua saya.

Kalo sempat saya print ya, kasih ke Kepala Kantor Pos sini.
Kuatirnya surat2/QSL yg dikirim jadi gak sampai ke tujuan kalo oleh Kantor Pos Besar dianggap kurang perangkonya.

salam & thanks

OM Yongki,
Jadi yg pos keliling itu lengkap ya ?
Suka lihat ajah di dekat pasar cempaka putih, nominal terkecil berapa ya ?
Rp 1000, Rp 1500 masih ada gak ya ?
?
Stock IRC ex JA banyak di pasar baru - kayaknya udah gak laku karna expired 31/12/2013.

http://www.ybdxc.net/2013/10/benin-dxpedition-2013.html

http://dxpedition.be/Benin.html

News (10 oktober/2013) :
Plans are; shortly after i arrive in Togo 19/nov/2013, i go to Benin by taxi+guide to collect my TY1 callsign papers, wich seems to be ready. One problem is that the ATRPT did not want to give the license and callsign papers to my African contact person. I have to go myself.
Could be they need some extra information or $
I found a nice QTH in Benin to put up my antenna's and shack.
When everthing is sorted out (callsign,license), i start with my TY dxpedition, and move from myr Togo qth to a new qth in Benin to start my TY dx-pedition.

if everthing is going according my plans, i will be in Benin from 21 november untill 3 december on 40/30/20/17/15/12/10/6 ssb/cw/rtty

Operator: Wim, ON6DX

On the air very soon

Hi everyone

I'm hot, tired, dehydrated (despite drinking many litres of water), sweaty and dirty.....
but the campsite is now up and it's just gone sunset here.

I'll be 14260 by 0915 UTC. I'm just running 100w tonight to run the generator in

9098. Bls: [YBDXC_News] Perang ko

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-17 05:23:20 UTC
From: hendro s.joedho
Topic: 9014 Message: 9098

OM Tommy,
Saya nukar Rp dg IRC Japon juga 4500, maksudnya beli IRC Japon dan ada 2 australia @ Rp 4.500,-/lbr.
Kalo IRC Japon dihargai Rp 4.500,- berarti tarip pos lama dong ya khan memang ke JA utk berat sampai 20gram = Rp 4.500,-
Tapi EU dapat Rp 8000 dan USA Rp 9000.-

Kalo gak salah penggunaan IRC khan utk pengganti perangko, jadi ketika kita akan mengirimkan surat ke Jepang utk pengganti perangkonya kita serahkan IRC Japon, kalo kirim ke USA/NA kita serahkan IRC USA dsb.
Tapi sepertinya gak begitu ya ? Bisa seperti pengganti cek.

Saya klaim DUF Award ke REF-Perancis, persyaratannya dilampiri IRC beberapa lembar.
Kebetulan yang tersedia dan termurah di Pasar Baru IRC Japon ya itulah yg saya lampirkan dan gak bermasalah.

Yon Yctwo Uniformalfa
SEBATIK DX-PEDITION 23-28 OKTOBER
2013 http://www.yf1ar.com/2013/09/oc-295-sebatik-island-new-iota-for-yb.html.
Pulau Sebatik, salah satu pulau terluar Indonesia berdasarkan PerPres No. 78 Tahun 2005, terbagi 2 bagian, sebagian wilayah Indonesia dan Malaysia.
Pulau Sebatik (bagian Indonesia) termasuk dalam wilayah administratif Kecamatan Sebatik, yaitu kecamatan paling timur di Kabupaten Nunukan, Propinsi Kalimantan Utara.

Sebagaimana tampil di qrz.com, 9M4SEB pernah mengadakan DX-pedition pada 2006 dari sisi wilayah Malaysia, dengan QSL-ing “9M4SEB Sebatik Isl OC-295 Sabah Malaysia”.

Oleh sebab itu saya melihat DX-pedition yang akan dilakukan YF1AR/7 dan YB0AI/7, berfungsi strategis sebagai counter-claim atas penguasaan Sebatik oleh Malaysia, DX-pedition langsung di garis terdepan NKRI, sehingga boleh dibilang merupakan DX-pedition paling patriotik hingga saat ini.

Berkaca dari pengalaman pahit bangsa Indonesia dalam kasus lepasnya pulau Sipadan-Ligitan karena ketiadaan bukti de-facto dibandingkan bukti-bukti yang dimiliki Malaysia.

DX-pedition di pulau terluar bernilai patriotik jika QSL-ing dengan segala keluarannya mampu memberikan bukti kepada dunia sebagai klaim de-facto penguasaan Indonesia atas pulau terluar yang dijadikan stasiun DX-pedition.
Oleh sebab itu pencantuman “nama stasiun Indonesia” dan “nama otorita Indonesia yang berkuasa di pulau terluar” tersebut sungguh teramat bernilai.

Salam terbaik.
de YC2UA (mengapresiasi kegiatan DX-pedition, khususnya pulau-pulau terluar NKRI).

         via IZ4DPV (direct or bureau),  LoTW  and  eQSL.  Watch  the  video
         teaser on YouTube! (http://youtu.be/gIHsOidudCY) [TNX IK1HJS]
E5_sc  - Al, K7AR will be active as E51AAR from  Rarotonga  (OC-013),  South
         Cook Islands on 21-26 October. He plans  to  operate  mainly  RTTY,
         but will also be active during the CQ WW DX SSB  Contest.  QSL  via
         K7AR, direct or bureau, and LoTW. Logserach on Club Log.  [TNX  The
         Daily DX]
ES    - Simo, OH2HAN will be active as ES0HAM from Hiiumaa Island  (EU-034)
         on 17-22 October. He will operate mainly RTTY on 80-10 metres,  and
         will participate in the JARTS WW  RTTY  Contest.  QSL  via  OH2HAN,
         bureau or direct.
FS    - Randy N0TG, Ron AA4VK and Jeff N1SNB will be active as  FS/homecall
         from St. Martin (NA-105) on 24-31 October.  They  will  participate
         in the CQ WW DX SSB Contest as  FS/N1SNB.  QSL  all  callsigns  via
         AA4VK. [TNX NG3K]
KH0    - OH6RX and OH7WV will be active as  AH0K  from  Saipan  (OC-086)  on
         22-29 October and again on 20-27 November.  They  will  participate
         in the CQ WW DX SSB and CW contests as Multi-Two entrants.  Outside
```

the contests, they will focus on 160-40 metres. QSL via OH6GDX. [TNX The Daily DX]

PA - Ben, DO1BEN (www.do1ben.de) and Barbara, DO1IQ will be active as PD/DO1BEN and PD/DO1IQ from Texel Island (EU-038) on 21-27 October. They will RTTY, PSK31 and SSB on 40, 20 and 10 metres. QSL via home calls, bureau preferred.

PJ6 - Look for PJ6/KB1ZOJ, PJ6/K4UEE, PJ6/N4GRN, PJ6/K5AC and PJ6/W6IZT to be active from Saba (NA-145) on 23-29 October. They will participate in the CQ WW DX SSB Contest as PJ6A. [TNX The Daily DX]

SV5 - Rich, M5RIC will be active as SW5CC from the island of Rhodes (EU-001) on 23-31 October. He will operate SSB and RTTY on 30-10 metres, and will participate in the CQ WW DX SSB Contest as a single-op single band entry. QSL via M5RIC (direct).

T8 - Tom, JN2AMD will be active as T88AZ from Palau (OC-009) on 25-28 October, including participation in the CQ WW DX SSB Contest. He will operate SSB, CW and RTTY on 80-10 metres. QSL via JN2AMD, direct or bureau. [TNX The Daily DX]

TU - Chris F4WBN (ex TL0A) as TU5AX, Paul F6EXV as TU5XV and Jan DJ8NK as TU5NK will be active from Cote d'Ivoire on 17-30 November. They will operate SSB, CW and RTTY on 160-6 metres. QSL via home calls, direct or bureau (OQRS on Club Log). This will be a "solidarity radio operation": in an effort to "revive the Abidjan Radio Club", they will donate their equipment to TU2CI and train local operators to use it. The team will also assist local operators "who have strongly suffered from the civil war that hit the country some time ago". [TNX F4WBN and F6EXV]

VP9 - Markus, DJ4EL will be active as VP9/DJ4EL from Bermuda on 19-31 October. He will be QRV holiday style on 40-10 metres SSB. QSL via home call. [TNX DX World]

VP9 - N1SV will participate in the CQ WW SSB Contest as VP9I (QSL via WW3S) from Bermuda (NA-005). Before the contest, starting on 23 October, he will be QRV as VP9/N1SV (QSL via home call). [TNX NG3K]

XW - Champ, E21EIC will be active as XW0YJY from Laos on 25-29 October, inclduing an entry in the CQ WW DX SSB Contest. Before and after the contest he will operate CW on 80-10 metres. QSL via E21EIC and LoTW; logsearch and OQRS on Club Log. [TNX NG3K]

YB - Adhi, YB3MM (www.yb3mm.com) will be active as YB3MM/4 from Sebesi Island (OC-262) on 19-21 October. This IOTA group was activated only once, back in 2003. Adhi will operate SSB and CW on 20 and 15 metres. QSL information on qrz.com.

YB - The YB9Y expedition to Bras Island (OC-276, new one) [425DXN 1166] is now expected to start around 12 UTC on 21 October and finish around 00 UTC on the 28th. Plans are to be QRV on 160-6 metres CW, SSB and RTTY with several stations. QSL via YB1GJS, direct or bureau (OQRS on Club Log). Further information can be found at www.yb9y.com [TNX PD9DX]

Z2 - Mirek, SP5IXI (VK6DXI) has been active as Z21DXI from Bulawayo, Zimbabwe since 14 October. He should remain there until late October at least. This is a business trip, and he is QRV in his spare time using 100 watts and simple wire antennas. QSL via

SP5UAF, direct or bureau. Logsearch at www.sp5ixi.dxing.pl/z21dxi/

425 DX NEWS MAGAZINE ---> The September 2013 issue is now available for download at www.425dxn.org/monthly/index.html. [TNX IZ3EBA]

AMSTERDAM 2014 ---> "Since the early planning days of this DXpedition, we have been accumulating and storing equipment at our staging site in Atlanta, Georgia. On October 15 our packing and organizing was completed, equipment was placed on pallets, loaded into our sea container, and began its journey to New Zealand where it will be loaded aboard our ship". See the pictures on the FT5ZM's website (www.amsterdamdx.org).

BANGLADESH 2013 ---> The Mediterraneo DX Club's team in Bangladesh (S21ZBC and S21ZBB) [425DXN 1170] will operate from the Bangladesh Scouts' Headquarters, and would like to organize skeds with other Scout groups on 20-21 November. If interested, please contact IK7JTF (rborace[@]gmail.com).

HAM RADIO 2013 LECTURES ---> The lectures held at Ham Radio 2013 (Friedrichshafen) are now available on DokuFunk (the Documentary Archive for the History of Radio Communication and Electronic Media):

OH2BH Changing Times in DX Hunt (keynote speech)

OH6KN & OH8GLV Technology Innovations Helping DXers
W1TP The ENIGMA and other Historic Cipher Machines. Introduction to the Enigma
G7GCT Small Cipher Machines
DK7ZB Development of Broadcasting in Germany 1923-2013 (In German)
G3SVL 100 Years of the RSGB and its International Partners

The Powerpoint slides with synchronized audio are at www.dokufunk.org/talk [TNX OE1WHC]

WAG & JOTA ---> The Jamboree on the Air is an annual event in which half a million Scouts and Guides all over the world make contact with each other by means of amateur radio. The 56th edition will take place on 19-20 October. Specific "contest-free frequencies" have been agreed with the organizers of the Worked All Germany Contest in order to avoid interference between the two events. Complete information can be found at www.darc.de/referate/dx/contest/wag/en/.

KOSOVO ---> "CQWW SSB will bring several Kosovar stations active from this new state recognized today by 105 United Nations member states and qualifying as separate country multiplier in the CQWW Contest. Among the activity, Z68BH will be operated by Martti, OH2BH, using the new antennas of Driton, Z61DX, with great support of Igor, UA2FZ.
During the most recent European DX Contest (WAEDC) many non-EU station had

difficulty with their contest logging programs on Z6 prefix. A new CTY.dat file can be loaded at www.country-files.com. QSL Z68BH via OH2BH". [TNX OH2BH]

OC-239 ---> The 16-22 October expedition by YB9WZJ and YD9RQX to Waigeo Island [425DXN 1170] has been postponed, "maybe till 2014". [TNX W2FB]

WRTC 2014 ---> WRTC2014, Inc., host of the 2014 World Radiosport Team Championship (www.wrtc2014.org), has announced the fifty five teams that will be invited to compete in New England next July. Team Leaders were selected for each qualifying region based on 3 years of qualifying scores. The Team Leaders were given the choice to select any operator as a Team Mate to complete their team.

**

On Saturday, October 19, 2013 7:53 PM, ramon anquilan <anquilan@yahoo.com>
wrote:

Jim,
ORARI is having a contest right now and there are YB stations all over 40
meters.
Even our emergency calling frequency at 7.095 MHz is not spared. Another
frequency
is 7.125MHz used between DX7CA in Cebu and the HERO team embedded in Bohol.

Admittedly, the 40 meter DU side was used from 7:00AM to 5:00PM for
JOTA/JOTI but we
have resumed emergency communications use of 7.095MHz plus minus.

While I have no doubt IARU R3 has disseminated our need to clear 7.095MHz
plus minus
to all traffic except HERO activity, I am requesting that ORARI cascade the
information
to its members.

To reiterate, PARA is still conducting HERO using 7.095MHz as its calling
frequency.
A little more understanding from our R3 neighbors is all we are requesting.

Thank you

Ramon J. Anquilan, DU1UGZ

Vice COO, PARA

Subject: [R3-dcom] Emergency Communications in two disasters

Emergency Communications in two disasters

When a fierce cyclone came ashore in India, and a devastating earthquake struck the Philippines, it was radio amateurs who provided vital communications.

As Cyclone Phailin headed towards India's Bay of Bengal authorities quickly evacuated dangerous areas. The Amateur Radio Society of India was set to go with trained radio amateurs.

That monster storm in the very same region 14 years ago killed 10,000 people.
This time, with the early evacuation of many thousands, the death toll was about 21.

Jayu Bhide VU2JAU asked that 7145 kHz be kept clear as Dilip VU2DPI, Mithilesh
VU3BHI and Sameer VU2AOR worked around the clock, passing essential messages and doing what they could to help.

Then an earthquake two days later saw activation of the Ham Emergency Radio Operators by the Philippine Amateur Radio Association.

Ramon Anquilan DU1UGZ said as crews were about to clean up the debris left by Typhoon Santi, the 7.2 magnitude earthquake occurred in the Bohol Province
causing numerous casualties and damage. He asked that 7095 kHz be kept clear for emergency traffic.

Messages over HF, on 2-metres and via Echolink included that many buildings had been damaged, bridges collapsed, power outages, schools closed, weather reports and aftershocks.

When disaster strikes, often the emergency communications provided by radio amateurs supplements and supports those engaged in relief and rescue work.

-Jim Linton VK3PC, Chairman IARU Region 3 Disaster Communications Committee.

DXCC COUNTRY/ENTITY REPORT: According to the AR-Cluster Network for the week of Sunday, 13th/October, through Sunday, 20th/October there were 234 countries active. Countries available: 3A, 3B8, 3B9, 3D2, 3DA, 3V, 3W, 4J, 4L, 4O, 4S, 4U1I, 4X, 5A, 5B, 5H, 5N, 5R, 5T, 5W, 5X, 5Z, 6W, 6Y, 7P, 7X, 8P, 8R, 9A, 9G, 9H, 9J, 9K, 9L, 9M2, 9M6, 9N, 9V, 9X, 9Y, A4, A5, A6, A7, A9, AP, BV, BY, C2, C3, C5, C6, C9, CE, CE9, CM, CN, CP, CT, CT3, CU, CX, D2, D4, DL, DU, E5/s, E6, E7, EA, EA6, EA8, EA9, EI, EK, EL, EP, ER, ES, EU, EX, EY, EZ, F, FG, FH, FJ, FK, FM, FO, FO/a, FP, FR, FS, FW, FY, G, GD, GI, GJ, GM, GU, GW, H4, HA, HB, HB0, HC, HI, HK, HL, HP, HR, HS, HV, HZ, I, IS, J2, J6, J8, JA, JD/o, JT, JW, JY, K, KG4, KH0, KH2, KH6, KL, KP2, KP4, LA, LU, LX, LY, LZ, OA, OD, OE, OH, OH0, OK, OM, ON, OX, OY, OZ, P2, P4, PA, PJ2, PJ4, PJ5, PJ7, PY, PZ, S5, S7, SM, SP, ST, SU, SV, SV/a, SV5, SV9, T5, T7, T8, TA, TF, TG, TI, TJ, TK, TN, TR, TT, TU, TY, UA, UA2, UA9, UK, UN, UR, V2, V3, V4, V5, V6, V7, V8, VE, VK, VK9L, VP2E, VP2V, VP5, VP6, VP8, VP8/h, VP9, VR, VU, XE, XX9, YA, YB, YI, YJ, YL, YN, YO, YS, YU, YV, Z2, Z3, Z8, ZA, ZB, ZC4, ZD7, ZD8, ZD9, ZF, ZL, ZP, ZS, ZS8

* PLEASE NOTE: The report "could" contain "Pirate/SLIM" operations or more likely a "BUSTED CALLSIGN". As always, you never know - "Work First Worry Later" (WFWL).

3B8, MAURITIUS. Serge, UU5WW, will be active as 3B8/UU5WW from Mauritius Island between November 17-30th. Activity will be holiday style, mostly CW on the HF bands and an entry in the CQWW DX CW Contest (November 23-24th). QSL via K2PF (OQRS preferred). A Web site with more details

will be available soon.

3D2, FIJI. John, N7CQQ, is expected to be active as 3D2QQ from Fiji during the CQWW DX SSB Contest (October 26-27th) before he participates in the upcoming T33A Banaba Island DXpedition. QSL 3D2QQ via N7CQQ (see QRZ.com).

4K, AZERBAIJAN. Alim, 4K6FO, will be active during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/?/Low-Power entry. QSL via LoTW and eQSL. Also, he welcomes paper QSLs (see 4K6FO on QRZ.com).

4U0WFP, ITALY. Station 4U0WFP is an amateur radio station located at the "World Food Programme Headquarters" in Rome, Italy. Currently the operators are Robert/S53R and Dane/S53T. Activity this past week was on 21023 kHz around 1325z. Give them a call and learn about what World Food Programme <www.wfp.org> does to fight the hunger worldwide! QSL via info on QRZ.com.

6V, SENEGAL. Vladimir "Vlad", RK4FF, will once again be active as 6V7S from Le Calao in Ngaparou between October 22nd and November 27th. Activity will probably be on 80/40/20/15/10 meters using CW, SSB and RTTY. QSL via RK4FF. Log is available on ClubLog. Check out QRZ.com for some pictures.

8P, BARBADOS. Tom, W2SC, will be active as 8P5A during the CQWW DX SSB Contest (October 26-27th) as Single-Op/All-Band entry. QSL via LoTW or direct to NN1N.

8P, BARBADOS. Dean, 8P6SH, will be active as 8P2K during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (10m) entry. QSL via KU9C.

AH0, MARIANA ISLANDS. Operators Kuniyoshi/7L1FPU (W1FPU), Moto/JE1NDE (W1NDE), Naoyuki/JK1FNL (NA8O), Matthew/K0BBC and Hiroyuki/JG7PSJ (KW2X) will be active as AH0BT during the CQWW DX SSB Contest (October 26-27th) as a Multi-2 entry. QSL via 7L1FPU, direct, by the Bureau or LoTW.

B9, CHINA (ZONE 23). Dale, BA4TB, and a team of others will be active as B9/BY9GA from Zone 23 (Gansu) between October 20-28th. Activity will include the CQWW DX SSB Contest (October 26-27th). Also, look for BJ9TA to be active on 6m and up (EME included) during same dates. QSL via their operator's instruction.

C6, BAHAMAS. Operator Tim/N4UM (C6ARU), Mike/K4RUM (C6AUM) and Bob/N4BP (C6AKQ) will be operating from Freeport between November 19th and December 10th. Look for C6AUM and C6AKQ to be active mainly on CW and on 160-10 meters including the 30/17/12 meter bands. C6ARU will be mainly on the Digital modes (some JT65 and JT9) on 30/17/12 meters bands. During the CQWW DX CW Contest (November 23-24th), look for C6AUM to be active as a Single-Band 40m entry, and C6AKQ to be Single-Band 80m entry. For the ARRL 160 Contest (December 6-8th), the trio will be a Multi-Single entry as C6AKQ. QSL via operator's QRZ.com address.

C8, MOZAMBIQUE (Update). The international team of operators active as C82DX from Xai Xai (WW Loc KG64) are expected to go QRT on October 22nd. Activity continues on 160-10 meters using CW, SSB and RTTY. Suggested frequencies are available in OPDX.1114. John, K6MM, reported on Saturday: "Saturday, 19-October @ 1415 UTC....25 New photos posted (see PHOTOS link).....Power pole caught fire last night causing 3-hour delay.....Low band Qs continue to be difficult due to high noise and very windy conditions.....Continuing to emphasize 160m and 80m each night.....Will operate more RTTY today.....Over 14,000 QSOs in Log now....Check PROPAGATION page to create your own personalized prediction charts.....Send questions or comments to <webaron@...>. Also, from QRZ DX, on October 20th, Tom, N4XP, reported that they lost power (Whole City) for about 5 hours and they were down to 2 radios with no amps. Power did return about 1100 local time. QSL via the OQRS by ClubLog (Highly Recommended/Preferred Method) to receive a QSL either direct and by the Bureau. To QSL direct via the mail, send it to: C82DX, Box 333, Bethlehem, GA 30620 USA [Please do not send IRCs. See details on their Web page]. They will not confirm QSOs via the eQSL system. The C82DX Web page is at: http://c82dx.com

D4, CAPE VERDE. John, G4IRN, will be active as D44TWQ from Boa Vista, Cape Verde (AF-086), between November 5-12th. Activity will be holiday style (primarily a windsurfing holiday) on the 30/17/12 meters and on CW only using a K2 and KPA500 into dipoles. QSL via his home callsign, by the Bureau and direct. An OQRS will be available on ClubLog and he will use LoTW. For more details, see: http://g4irn.com/cap-verde-2013

E2, THAILAND. Dej, E21YDP, will be active during the CQWW DX SSB Contest (October 26-27th) as a Single-Op/Single-Band (15m)/Low-Power entry. QSL via E21YDP.

EF8, CANARY ISLANDS. Juan, EA8RM, will be active as EF8U from the Las Palmas Contest station during the CQWW DX SSB (October 26-27th) and the CQWW DX CW Contests (November 26-27th) as a Single-Op/All-Band entry. QSL via LoTW.

ED8, CANARY ISLANDS. Manuel, EA8DO, will be active as ED8W during the CQWW DX SSB Contest (October 26-27th) Single-Op/Single-Band (20m)/High-Power entry. QSL via EA8DO.

ED9, CEUTA AND MELILLA (Cancelled!). A group of operators that were expected to be active as ED9Z as a Multi-Op from Ceuta have announced that they have cancelled their CQWW DX SSB Contest operation due to some serious personal issues.

FJ, ST. BARTHELEMY (Also PJ7). Pete, VE3IKV/VA3RA, will be active as FJ/VA3RA from St. Barts during the CQWW DX CW Contest (November 23-24th) as a Single-Op/Single-Band (10m) entry. Outside of the contest (before and after) look for him to be active on CW, SSB and 6 meters, as well as 10m and 6m mobile around the island. The Grid Square on St. Barts is FK87. He will be on the island between November 21-25th. QSL via VE3IKV. He also mentions that he will travel to Sint Maarten and be active as PJ7/VA3RA between November 25-28th. Activity will also be on 10 and 6 meters. Also QSL via VE3IKV.

FK/TX5, NEW CALEDONIA. Freddy, F5IRO, will once again be active as FK/F5IRO from Plum, New Caledonia (OC-032, DIFO FK-001, WLOTA 1280, DDFM 988), starting sometime at the end of October until February 2014. Activity will be on 80-10 meters using mostly CW and some PSK, with a Elecraft K3 and dipoles and long wire antennas. Freddy will team up with Michel, FK8IK, in Noumea using the special callsign TX5W for the CQWW DX CW Contest (November 23-24th). Sometime after the contest, Freddy and Michel are looking into possibly activating some FK IOTAs. Look for details to be posted on QRZ.com and Freddy's Blog page at: http://j28ro.blogspot.com QSL both FK/F5IRO and TX5W via F5IRO, direct or by the Bureau. Logs will be uploaded to ClubLog and LoTW sometime in March 2014.

FO, FRENCH POLYNESIA. Heinz, DF1YP, is now active as FO/DL1YP from Moorea Island (OC-046) until November 6th. Activity has been mainly 20 meters on SSB. QSL via his home callsign.

FT5Z, AMSTERDAM ISLAND. Stan, SQ8X, posted the following on October 17th, on the FT5ZM Web page <http://www.amsterdamdx.org> [edited]: "Since the early planning days of this DXpedition, we have been accumulating and storing equipment at our staging site in Atlanta, Georgia. On October 15th, our packing and organizing was completed, equipment was placed on pallets, loaded into our sea container, and began its journey to New Zealand where it will be loaded aboard our ship." The photos will tell the story at: http://www.amsterdamdx.org/our-equipment-has-been-shipped

G3/GB4, ENGLAND (Special Event). The Royal Air Force station at Henlow, in Bedfordshire, UK, - G3ELV and the RAF Signals Museum, will be open for business under the Permanent Special Event callsign GB4SMH effective November 1st, 2013. Normal operating times will be 10:00 UKT to 16:00 UKT on each Tuesday and on the first Saturday of each month. QSL via Bureau.

GJ, JERSEY. Members of the Jersey Contest Group will be active as GJ2A from Jersey Island (EU-013) during the CQWW DX SSB Contest (October 26-27th) as Multi-Single entry. QSL via LoTW, or direct to GJ3DVC.

HK0/S, SAN ANDRES ISLAND (Update to OPDX.1132/Callsign). Members of the "DX Friends" will activate San Andres Island (NA-033) as HK0R between November 1-10th. Activity will be on 160-6 meters using CW, SSB and RTTY. Suggested frequencies are listed in OPDX.1132. QSL via EA5RM direct (see Web page). You can use the OQRS (see Web page) for direct and Bureau cards. Visit their Web page at: http://www.dxfriends.com/SanAndres2013

HS4, THAILAND. Operators Obby/HS4SSP, Ray/HS4RAY, Yut/HS4ESF and HS4SCM will be active as HS4SSP during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single/Low-Power entry. QSL via HS4RAY.

IOTA NEWS.....
AS-043. Operators Suehiro/JI1PLF, Mitsuo/JA1UNS, Hisashi/7N1GMK, Takeo/7L4PVR and Kazuhiko/7N4VPS will be active as homecall/1 from Hachijo Island in the JA1 South Izu Group, between October 18-21st. Activity will be on 160-6 meters using CW, SSB and RTTY. QSL via their home callsigns, direct or by the Bureau.

OC-262. (Update) Adhi, YB3MM, will be active as YB3MM/4 from Sebesi Island between October 19-21st. Activity will be on 20-15 meters using CW and SSB. QSL preferred OQRS (ClubLog) or direct (see QRZ.com). For more details and updates, see: http://www.yb3mm.com

OC-276. (Update) Members of the "ORDA PAPUA DXPEDITION TEAM" will activate for the first time Mapia Island as YB9Y. However, it was reported [edited], "Due to weather reasons, which the team received from the captain of the vessel Papua Lima, there is now a delayed departure from the original schedule. It can be confirmed that the team departure will be on the evening of October 20th, from Jakarta and will arrive in Bras Island ☐ Mapia Island on the morning of October 22nd, and plan to start activity on the 22nd October at 09:00 UTC." The YB9Y operation will be active until October 28th. Activity will be on 160-6 meters using CW, SSB and the Digital modes. QSL via YB1GJS, direct or by the Bureau. A OQRS will be used on ClubLog. For more details and updates, see: http://yb9y.com

OC-295. (Small Correction to OPDX.1132). John, 9M6XRO, tells OPDX: "Sebatik Island is actually NOT a new IOTA activation. We members of the Borneo Amateur Radio Club first activated it as 9M4SEB in 2006. In 2010, 9M6DXX/P and 9M6XRO/P also operated from Sebatik. The IOTA website shows 22% of claimants with OC-295 from these operations. The confusion arises because Sebatik Island is a split sovereignty island - the northern part belongs to Malaysia and the south to Indonesia. This will actually be the first operation from the YB side. It will also be a chance for me to work OC-295 :-)".

J3, GRENADA (Update). Operators Clarence/WX7E, Ron/WJ7R, Mike/W7RIS, Mike/W7MJJ, Terence/KS5Z and possibly two more operators are planning to be active as J3A from Grenada (NA-024, WLOTA 0718) during the CQWW DX SSB Contest (October 26-27th) as a Multi-2 entry. QSL via WA1S, direct, by the Bureau or LoTW. The team is still waiting for their own personal callsign to use outside of the contest. Clarence, WX7E, informs OPDX that they will be arriving on Wednesday evening, October 23rd, which gives them two days to get everything ready. They will be staying for three days after the contest to look around the island. The team will work 160-10 meters during the contest. Activity before the contest on Thursday and Friday will probably be on CW - most likely on 40, 20, 15 and 10 meters (NO 30/17/12m). QSL via LoTW.

J3, GRENADA (Just A Reminder). Mark, N2MD, is returning to Grenada (NA-024, WLOTA 0718) and will be signing J3/N2MD between October 23-28th. This year is the 30th anniversary of the U.S. intervention and rescue of U.S. medical students in Grenada (1983) during which Mark operated as KA2ORK/J37. He will be joined by Arnal, N9ACC, who will sign J3/N9ACC. Arnal is a U.S. Navy officer (retired) who was also involved in the 1983 mission. Plans are to operate both fixed and mobile. Operations will be on 80-6 meters (SSB) and 2 meter (FM); band conditions and time permitting. Activity

will be holiday style but mostly evening hours. QSL via LoTW only.

PG200, THE NETHERLANDS. Fred, PA0FAW, will be operating as PG200NL, to celebrate "200 years of The Netherlands", between November 2-29th. His operations will be mainly on CW, but with some Digital modes and SSB only upon availability of a good QTH. Fred is an ISWL Member and can be worked, or heard by ISWL members for the Monitor award. QSL to PA0FAW, by the Bureau, direct, or via eQSL.cc. SWL reports are very welcome.

PJ6, SABA. Operators Jeff/KB1ZOJ, Bob/K4UEE, John/K5AC, George/N4GRN and Gregg/W6IZT will be active as PJ6A from Saba Island (NA-145, WFF PAFF-027, WLOTA 2043) during the CQWW DX SSB Contest (October 26-27th) as a Multi-Single entry. QSL PJ6A via N4NX. The team will be there October 23-29th, and is expected to be active outside of the contest as PJ6/homecall, possibly on CW and RTTY. Listen for QSL instructions by the operators.

PRESS RELEASE (Friedrichshafen, Germany). Wolf Harranth, OE1WHC, from the Amateur Radio Section of ORF (Austrian Broadcasting Corporation) and the Documentary Archives Radio Communications/QSL Collection, has informed OPDX that the following 2013 Friedrichshafen Ham Radio Lectures (listed below) are available at: http://www.dokufunk.org/talk
The Ham Radio Lectures (Powerpoint slides with synchronized audio) are:
* Martti Laine, OH2BH: Changing Times in DX Hunt (Keynote speech)
* Veijo Kontas, OH6KN and Juho Juopperi, OH8GLV: Technology Innovations in Helping DXers
* Tom Perera, W1TP: The ENIGMA and other Historic Cipher Machines. Introduction to the Enigma.
* John Alexander, G7GCT: Small Cipher Machines
* Martin Steyer, DK7ZB: Development of Broadcasting in Germany 1923-2013 (In German)
* Chris Ducking, G3SVL: 100 Years of the RSGB and its International Partners

S2, BANGLADESH (Project 2013 by MDXC - Press Release). The Mediterraneo DX Club (MDXC) announced on Wednesday, October 16th, that they will be [edited] "organizing some skeds from the Headquarter of Bangladesh Scouts, where they☐ll operate, with others Scouts groups in the World. This is a good opportunity for Bangladesh Scouts to listen and contact others Scouts on the air. The team's idea is to offer these special skeds on 20 meters on November 20th and 21st around 1300 UTC. Scout Groups interested can write an E-mail to their Pilot station IK7JTF. More updates will be forthcoming soon." Just a reminder that this DXpedition will take place between November 16-26th, using two callsigns - S21ZBC from the start of the DXpedition (November 16-22nd), and then they'll shift to the other callsign S21ZBB, starting from November 23rd for the CQWW CW Contest weekend and the remaining days until they leave the country. For any further news and updates, please visit the official Web site of Bangladesh 2013 adventure at: http://www.mdxc.org/bangladesh2013

T33, BANABA ISLAND (Update). The T33A DXpedition to Banaba Island (OC-018), is fastly approaching and is expected to be active between November 5-18th.

It was reported on the T33A Blog Page this past week on October 17th [edited]: "Reported by co-team leader Jay, W2IJ, - Our container just departed Suva, Fiji, at 14 knots now on the way by sea to Tarawa. Our advance team will arrive in Tarawa Oct. 31st to attend to picking up local provisions and getting our container unsealed and through customs, and loaded onto our boat in preparation for a Nov. 3rd departure to Banaba Island." It was also mentioned on October 12th, that the T33A main sponsor is Elecraft, who is supplying six K3 Transceivers and five KPA-500 Amplifiers. The team appreciates the generosity of all their T33A corporate sponsors and individual donors. See their sponsors page to view those who have generously made donations, go to: http://www.t33a.com/sponsors.html
It was also announced this past week, the T33A team will be using DXA interface for their operation. DXA is an innovative Web site that allows DXers to view the status and activities of a DXpedition in near-real-time. Within a few minutes after making a contact with the DXpedition, the DXer is able to see a graphical listing of their contact. The DXA Web page for the T33A operation is located at: http://dxa2.org/t33a
The T33A DXpedition's Blog page is at: http://banaba2013.wordpress.com
For more details about the DXpedition, visit the T33A Web page at: http://www.t33a.com/index.htm

T8, PALAU. Satomi "Tom", JN2AMD, will be active as T88AZ from Palau Island (OC-009) between October 25-28th. Activity will include the CQWW DX SSB Contest (October 26-27th). Outside of the contest, operations will be on 80-10 meters using CW, SSB and RTTY. His equipment is a TS-570S with an Ameritron ALS-600 amp (500w) into a yagi, dipole and vertical. QSL via JN2AMD, direct or by the JARL Bureau.

TC0, TURKEY. Operators Mustafa/TA2TX, Nick/LZ1NK, Llian/LZ1CNN, Krasi/LZ2UW, Nasko/LZ3YY, Christo/LZ3FN, Nick/LZ3ND and Vesselin/LZ5VK will be active as TC0A from an island in Asiatic Turkey, in the Canakkale/Balikesir/Izmir Province IOTA Group (AS-099), during the CQWW DX CW Contest (November 23-24th) as a Multi-2 entry. QSL via TA2TX or LZ1NK. The team will be there between November 19-25th. Outside the contest, look for the operators to be on CW and SSB signing TA0/homecall. QSL via their home callsign. For possible updates, see: http://tc3a.alle.bg

TG0, GUATEMALA. Operators Edgar/TG9AXF, Mario/TG9ADQ and Dani/TG9AMD will be active as TG0AA from Monterrico during the CQWW DX SSB Contest (October 26-27th). See QRZ.com for QSL info. ADDED NOTE: Monterrico, Guatemala, is situated on the Pacific coast of Guatemala. Known for its volcanic black sand beaches and annual influx of sea turtles. A few turtle conservation organizations operate in the Monterrico area because the long stretch of beach serves as a breeding ground for 4 species of sea turtles."

TU, COTE D'LVOIRE. Operators Chris/F4WBN (ex-TL0A), Paul/F6EXV and Jan/DJ8NK will be active as TU5AX, TU5XV and TU5NK, respectively, for a solidarity radio operation which will take place between November 17-30th. Activity will be on SSB, CW and RTTY, with operations on 160-6 meters (including 60m). QSL via their home callsigns, by the Bureau, direct or the OQRS on Clublog. Jan informs OPDX, "The 3 operators will

support the club station TU2CI and will leave equipment behind (radios and antennas), install it and train the local operators to use it, in order to revive the Abidjan radio club, and assist some local hams who have strongly suffered from the civil war that hit the country sometime ago."

V4, ST. KITTS (NA-104). Andy, N2NT, will once again be active as V47NT from the QTH of V47KP between November 17-26th. Activity will include the CQWW DX CW Contest (November 23-24th) signing as V47T and as a Single-Op/All-Band/High-Power entry. QSL via W2RQ.

VP9, BERMUDA. By the time you read this, Markus, DJ4EL, will be active as VP9/DJ4EL from Bermuda (NA-005) until October 31st. Activity will be holiday style on 40-10 meters on SSB using wire antennas. QSL via his home callsign.

XQ7, CHILE. Esteban, XQ7UP, will be active from the rare Coyhaique (Patagonia) Province of Chile, between October 21-28th. Activity will be mainly 20, 15 and 10 meters, but he will also try to work 30 meters PSK31. Other activity will be on SSB and PSK31. Participation also in the CQWW DX SSB Contest (October 26-27th). Also, this activity is good for the Antarctic Challenge. QSL via XQ7UP.

XW, LAOS. Champ, E21EIC, will once again be active as XW0YJY from Vientiane between October 25-29th. Activity will include the CQWW DX SSB Contest (October 26-27th) as a Single-Op/All-Band/Lower-Power entry. Operations before and after will be CW on 80-10 meters. QSL via E21EIC or OQRS (ClubLog) and LoTW. No eQSL.

Z6, REPUBLIC OF KOSOVO (Z68BH - IN THE CQWW CONTEST). Martti, OH2BH, sent out the following press release on October 18th: "CQWW SSB will bring several Kosovar stations active from this new state recognized today by 105 United Nations member states and qualifying as separate country multiplier in the CQWW Contest.
Among the activity, Z68BH will be operated by Martti, OH2BH, using the new antennas of Driton, Z61DX, with great support of Igor, UA2FZ.
http://ant-depot.com/en.html
During the most recent European DX Contest (WAEDC) many non-EU stations had difficulty with their contest logging programs on Z6 prefix. A new CTY.dat file can be loaded at: http://www.country-files.com
QSL Z68BH via OH2BH."

participants among the Team members. The Teams represent over 30 countries and a wide range of personal backgrounds. While the focus will be on the competition, we are looking forward to hosting the teams as they share and spread the international goodwill of the ham radio community in the Team Village during WRTC Week.☐

There are some interesting stories hidden within the team pairings. There are two teams with family members; K1ZM chose his son KK6ZM and KU1CW chose his cousin EA5GTQ. There will be a YL (female) team with DL1QQ selecting DL8DYL as her partner. E77DX declined his Team Leader spot to become the Team Mate of OE3DIA. This enabled 9A5K to gain entry as a Team Leader. ES5TV-ES2RR and 5B4WN-5B4AFM will be operating together in their third consecutive WRTC.

There are four sponsored teams yet to be announced. A Team Sponsor donation earns the right to select a team. Contact Doug, K1DG, for details about the Team Sponsor program.

Questions regarding WRTC2014 team selection should be submitted by e-mail to teamleader@....

About WRTC2014

The World Radiosport Team Championship (WRTC) is held every four years and consists of 50+ two-person teams of amateur radio operators from around the world competing in a test of operating skill. Unlike most on-the-air competitions, all stations are required to use identical antennas from the same geographic region, eliminating all variables except operating ability. Previous WRTCs have been held in Seattle (1990), San Francisco (1996), Slovenia (2000), Finland (2002), Brazil (2006), and Russia (2010). More information is available at www.wrtc2014.org or contact WRTC Chairman Doug Grant, K1DG, via e-mail at k1dg@....

Dear kawan2 YBDXC hari Sabtu nanti tgl: 26 Oct 2013 mulai jam 00:00 UTC / 07:00 WIB ada kontes terakbar di dunia ... CQWW DX Contest...

Jangan lupa yah.. Kita ikut meramaikan event tersebut.. Dan banyak station-station dari entities yg jarang qrv, biasanya bermunculan di contest tsb.

Saya sendiri rencananya mau berpartisipasi saja di Single Opr Single Band 40m High Power...

OM Joni,
Semoga dia sering2 muncul jadi kesempatan kita bisa lebih terbuka.
Jadi malam ini semoga kedua DX itu jadi new entities buat DXCC saya Bermuda-VP9/DJ4EL dan Uruguay CX3AN.

OM Joy,
Setelah kita selesai ngobrol itu dan OM Joy logging - ternyata dia muncul lagi dan masih panggil ke South East Asia, any station from YB ....
Sayang yg masuk malahan dari Afrika dan dia putar lagi arah antennanya ke AF.

CX3AN ini sedang coba antenna yg baru dan sepertinya hilangnya dia bukan karena propagasi, mungkin masih dikutak-katik antenanya, kalo bolak balik manjat tower bisa.....
Mungkin ada yang harus diikat karet gelang supaya kuat atau harus dilem pake lem korea yg banyak dijual asongan Rp 5000/tube di jakarta. HI

OM Joy,
1. Lem koreanya gimana cara simpannya supaya gak cepat kering, ada yg saran simpan di kulkas.
Keselnya pas mau dipake - kering.
2. FT-Onenya cakep tanpa kompressor malahan lebih clear. Kompresornya sewakan aja ke tk tambal ban.
3. Saya juga kaget, waktu OM Har-YB0MWM masuk.. xixixixi

Ya mudah2an, sebelum saya berangkat ke kantor, makasih OM Hen.
tadi di 40M CW juga bagus signalnya kelihatannya si YOYOK YB0ECT at the keyer,
Rame YB IOTA Festival tahun ini luar biasa,
Yang langganan QST nanti bulan Desember silahkan lihat artikel ttg YB IOTA.

OM Steve,
Yang bule londo OM Derk-PA9DX seperti di 15M, tapi yg di 10M saya gak tahu ya, siapa operatornya.

hen

Pada Selasa, 22 Oktober 2013 20:16, Stephan Busono <sbusono@...> menulis:

Finally YB9Y org bule londo yang at the mike worked, dia terima NA EU JA semua up 5-15
Good luck.
new one for YB IOTA

15m / cw malam ini
Aku panggil dari 1345-1415, ga nyantol blas
Seng budheg operatornya apa aku harus pake 7,5kW?

O, mungkin sudah ganti op tadi di 20M SSB saya denger bule londo, karna dia
jawab PA stn dengan vifj negen,
kalau di 40M CW saya tahu itu ketukan si Yoyok YB0ECT,
17M Cw juga terdengar sayup2
15 SSB gak kopi
lumayan sudah 2, satu ssb satu cw ya sudah cukup kalau ada kesempatan lagi
ya dikejar lagi.

Ya Om Hen, masukin saja ke Kulkas.. Tapi yg pintu bawah supaya ga beku n awet.. Cuma pas mau digunakan dikeluarkan dari kulkas dan didiamkan dulu bbrp menit supaya kembali ke suhu temperatur yg sesuai suhu ruang kerja om.. daya lekatnya akan tetap baik.

Ya tar kompressor FT-One saya sumbangkan saja ke si abang yg tambal ban didepan gang dekat rumah saya..:) radionya mesti diperbaiki terutama LSB nya dah ngaco. Sepertinya LO nya atau kristalnya dah loyo..tapi penampilan nya keren, yaitu gagah dan serem.. Hehehe..

Kalo MWM dah ga PeDe kalo DX cuma pake cepek Watt.. Minimal gopek watt baru rasanya gagah kalee.. Hehehe..

Lusa saya dah berangkat ke Grobogan tuk ikut tim kontes YE2R. Mudah mudahan bisa jumpa dengan rekan2 YBDXC.. Berat juga nih tuk menyanggupi perintah dari para petinggi YE2R tuk memecahkan rekor 2012. Belum lawan2 kita yg semangat nya luar biasa !! Lagi pula ada satu tim yg sedang beroperasi dari suatu pulau terpencil dimana dah pasti noise levelnya sangat rendah dan mereka sedang dicari cari para DXers..Wah untung saja ada pecel kangkung sama swikee DAN host kami Om Hans YB2DX dan Om Seno YB2LSR yg sangat baik dan murah hati. Sy yakin semangat dan motivasi para operator YE2R tetap tinggi n siap tempur!! Mohon doanya yaaa Om Hen dan rekan2 YBDXC..

Salam,
JOY/YB0NSI.

Heheheheh,

Ini Operator importnya yg murah hati,
Jauh2 pake pesawat, bawain aparatus radio, ongkosnya cuman pecel dan swieke.
Untung ga bilang wani piro,
Heheheheh

Bro Joy, jadwalnya pesawat nanti tulung di info ke aku ya,

Xie,
Seno

9148. YB9Y

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-23 01:18:27 UTC
From: sbusono@...
Topic: 9137 Message: 9148

Wow, tim YB9Y pagi ini muncul tap baru terdengar di 20 dan 40m. Malam ini tiba2 saya lihat banyak posting. Saya buru2 pulang dan kaget mendengar signal yg kuat dan CW op yg kelas satu dan W2FB berhasil qso di 10, 15, 17 m. Saya sdh telat untuk 12 m.

Kalau prestasi ini diteruskan YB9Y pasti akan melejit scorenya utk YB land dalam CQWW. Apalagi didukung linear dalam kontest dan monoband antenna.

Papa Foxtrot.

9152. Re: [YBDXC_News] YB9Y

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-23 02:07:18 UTC
From: Jo, YC0LOW
Topic: 9137 Message: 9152

Yth OM Steve dkk,
Saya belum lihat ada posting ttg YB9Y pada 40m dan LOW bands lainnya. Di rumah pun belum ada antena RX - apalagi TX.

Tentang kinerjanya dalam moda CW, saya kira memang ada beberapa operator pribuminya yang berkelas. Dervin, PD9DX, operator tamu dari Belanda, tidak mahir. Ito, WK1S ditugasi main di moda digital

Tnx es 73 de Jo, YC0LOW

2013/10/23 <sbusono@...>

Om Seno,

Ga perlu kuatir.. Asal pecel kangkung ama Swikee nya ngalir teruuuus, YE2R akan berjalan kenceng terus juga!! Hehehehe..ini ak dah mulain latihan di 10M, my favourite Band..maklum dah lama jarang DX n ikut kontes karna waktunya sempit n telinga dah agak butek dengerin yg sayup2.. Sore ini n besok pagi masih ada waktu latihan lagi.. :)

Salam,
Joy/YB0NSI..

iPhone is Cool !

9154. RE: [YBDXC_News] YB9Y

Yahoo group: YBDXC_News (2013-05 — 2013-12)
Date: 2013-10-23 02:24:46 UTC
From: Anton Iriawan
Topic: 9137 Message: 9154

PF Steve, signal YB9Y kemarin sore masuk ke pku tidak begitu kuat SSB 5/5 di 20m, kecuali malam di 40m CW

signal bisa 599. Nil di 15m dan WARC band, pagi ini terdengar di 10m CW hawer2 dan QRM di pku kuat sekali,

rest of the band nihil, hanya bisa dengar dari station lawan, barangkali antenna beaming to North.

73

Anton - YB5QZ

From: YBDXC_News@yahoogroups.com [mailto:YBDXC_News@yahoogroups.com] On Behalf Of sbusono@...
Sent: 23 Oktober 2013 8:18
To: YBDXC_News@yahoogroups.com
Subject: [YBDXC_News] YB9Y

Wow, tim YB9Y pagi ini muncul tap baru terdengar di 20 dan 40m. Malam ini tiba2 saya lihat banyak posting. Saya buru2 pulang dan kaget mendengar signal yg kuat dan CW op yg kelas satu dan W2FB berhasil qso di 10, 15, 17 m. Saya sdh telat untuk 12 m.

Kalau prestasi ini diteruskan YB9Y pasti akan melejit scorenya utk YB land dalam CQWW. Apalagi didukung linear dalam kontest dan monoband antenna.

Papa Foxtrot.
steve, w2fb

From: djoko.yc1tj@...
Topic: 9137 Message: 9157

OM Jo, sejak semalam sudah bekerja di 40m band, moda cw, signal cukup kuat.
Semula simplex kemudian split karena terganggu phone mode.
Saya berhasil contat, setelah beberapa kali mencoba cari qsx freqnya.

Kemarin hampir semua moda cw, hanya di 20m ssb.

Di 80m sempat terdengar agak kecil OM Jo jadi saya ngak dapet contact.

Tnx

73
Djoko

Yth OM Steve dkk,
Saya belum lihat ada posting ttg YB9Y pada 40m dan LOW bands lainnya. Di
rumah pun belum ada antena RX - apalagi TX.

Tentang kinerjanya dalam moda CW, saya kira memang ada beberapa operator
pribuminya yang berkelas. Dervin, PD9DX, operator tamu dari Belanda, tidak
mahir. Ito, WK1S ditugasi main di moda digital

Tnx es 73 de Jo, YC0LOW

Om Anton,
Alhamdulillah sehat om, DXCC berkat semangat dari Om Anton, Om Steve, juga
temen2 YBDXC nambah dikit-dikit sesuai kondisi.

Om Jo,
Pagi ini saya dengar mereka di 40M CW sepertinya Yoyok yg ngetuk. Saya mengharap juga ada kesempatan di 80M. Not sure mereka pake antenna apa di 80m. Kalau 160 sih nggak mungkin deh sampe sini. Dulu waktu saya di CA pernah dapat XV Vietnam di 160m tapi kami operate dari puncak gunung Wilson (Mt Wilson) dan noise level rendah, beverage yg panjang utk receive. Sangat berbeda dgn situasi sekarang yg hanya city lot dengan inverted V.

Steve

OM Joy,
Mudah2an selamat sampai grobogan dan bisa sukses dalam kontes besok sesuai target yg diharapkan.
Pecel kangkung, juga pake daun ubi, kembang turi - muantappp..!!
TGengkleng gak ada ya, harus ke solo - kecuali OM Seno bawa kesana ??

73 es GL
hen-yc0qr

Pada Rabu, 23 Oktober 2013 5:07, Tarunodjojo <yc0nsi@...> menulis:

Ya Om Hen, masukin saja ke Kulkas.. Tapi yg pintu bawah supaya ga beku n awet.. Cuma pas mau digunakan dikeluarkan dari kulkas dan didiamkan dulu bbrp menit supaya kembali ke suhu temperatur yg sesuai suhu ruang kerja om.. daya lekatnya akan tetap baik.

Ya tar kompressor FT-One saya sumbangkan saja ke si abang yg tambal ban didepan gang dekat rumah saya..:) radionya mesti diperbaiki terutama LSB nya dah ngaco. Sepertinya LO nya atau kristalnya dah loyo..tapi penampilan nya keren, yaitu gagah dan serem.. Hehehe..

Kalo MWM dah ga PeDe kalo DX cuma pake cepek Watt.. Minimal gopek watt baru rasanya gagah kalee.. Hehehe..

Lusa saya dah berangkat ke Grobogan tuk ikut tim kontes YE2R. Mudah mudahan bisa jumpa dengan rekan2 YBDXC.. Berat juga nih tuk menyanggupi perintah dari para petinggi YE2R tuk memecahkan rekor 2012. Belum lawan2 kita yg semangat nya luar biasa !! Lagi pula ada satu tim yg sedang beroperasi dari suatu pulau terpencil dimana dah pasti noise levelnya sangat rendah dan mereka sedang dicari cari para DXers..Wah untung saja ada pecel kangkung sama swikee DAN host kami Om Hans YB2DX dan Om Seno YB2LSR yg sangat baik dan murah hati. Sy yakin semangat dan motivasi para operator YE2R tetap tinggi n siap tempur!! Mohon doanya yaaa Om Hen dan rekan2 YBDXC..

Salam,
JOY/YB0NSI.

Siap Koko Joy,

Pagi Swie ke kuah,
Siang Swie ke goreng
Malam pecel

Heheheheh

Om Seno,

Ga perlu kuatir.. Asal pecel kangkung ama Swikee nya ngalir teruuuus, YE2R akan berjalan kenceng terus juga!! Hehehehe..ini ak dah mulain latihan di 10M, my favourite Band..maklum dah lama jarang DX n ikut kontes karna waktunya sempit n telinga dah agak butek dengerin yg sayup2.. Sore ini n besok pagi masih ada waktu latihan lagi.. :)

Salam,
Joy/YB0NSI..

iPhone is Cool !
